Forward-Looking Statements

This Annual Report on Form 10-K contains statements reflecting our views about our future performance that constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 (Reform Act). Statements that constitute forward-looking statements within the meaning of the Reform Act are generally identified through the inclusion of words such as “aim,” “anticipate,” “believe,” “drive,” “estimate,” “expect,” “expressed confidence,” “forecast,” “future,” “goal,” “guidance,” “intend,” “may,” “objective,” “outlook,” “plan,” “position,” “potential,” “project,” “seek,” “should,” “strategy,” “target,” “will” or similar statements or variations of such words and other similar expressions. All statements addressing our future operating performance, and statements addressing events and developments that we expect or anticipate will occur in the future, are forward-looking statements within the meaning of the Reform Act. These forward-looking statements are based on currently available information, operating plans and projections about future events and trends. They inherently involve risks and uncertainties that could cause actual results to differ materially from those predicted in any such forward-looking statement. These risks and uncertainties include, but are not limited to, those described in “Item 1A. Risk Factors” and “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations – Our Business – Our Business Risks.” Investors are cautioned not to place undue reliance on any such forward-looking statements, which speak only as of the date they are made. We undertake no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise. The discussion of risks in this report is by no means all-inclusive but is designed to highlight what we believe are important factors to consider when evaluating our future performance.

PART I

Item 1. Business.

When used in this report, the terms “we,” “us,” “our,” “PepsiCo” and the “Company” mean PepsiCo, Inc. and its consolidated subsidiaries, collectively. Certain terms used in this Annual Report on Form 10-K are defined in the Glossary included in Item 7. of this report.

Company Overview

We were incorporated in Delaware in 1919 and reincorporated in North Carolina in 1986. We are a leading global food and beverage company with a complementary portfolio of brands, including Frito-Lay, Gatorade, Pepsi-Cola, Quaker and Tropicana. Through our operations, authorized bottlers, contract manufacturers and other third parties, we make, market, distribute and sell a wide variety of convenient beverages, foods and snacks, serving customers and consumers in more than 200 countries and territories.

Our Operations

We are organized into seven reportable segments (also referred to as divisions), as follows:

- 1) Frito-Lay North America (FLNA), which includes our branded food and snack businesses in the United States and Canada;
- 2) Quaker Foods North America (QFNA), which includes our cereal, rice, pasta and other branded food businesses in the United States and Canada;
- 3) PepsiCo Beverages North America (PBNA), which includes our beverage businesses in the United States and Canada;
- 4) Latin America (LatAm), which includes all of our beverage, food and snack businesses in Latin America;
- 5) Europe, which includes all of our beverage, food and snack businesses in Europe;
- 6) Africa, Middle East and South Asia (AMESA), which includes all of our beverage, food and snack businesses in Africa, the Middle East and South Asia; and

- 7) Asia Pacific, Australia and New Zealand and China Region (APAC), which includes all of our beverage, food and snack businesses in Asia Pacific, Australia and New Zealand, and China region.

Frito-Lay North America

Either independently or in conjunction with third parties, FLNA makes, markets, distributes and sells branded snack foods. These foods include branded dips, Cheetos cheese-flavored snacks, Doritos tortilla chips, Fritos corn chips, Lay's potato chips, Ruffles potato chips and Tostitos tortilla chips. FLNA's branded products are sold to independent distributors and retailers. In addition, FLNA's joint venture with Strauss Group makes, markets, distributes and sells Sabra refrigerated dips and spreads.

Quaker Foods North America

Either independently or in conjunction with third parties, QFNA makes, markets, distributes and sells cereals, rice, pasta and other branded products. QFNA's products include Aunt Jemima mixes and syrups, Cap'n Crunch cereal, Life cereal, Quaker Chewy granola bars, Quaker grits, Quaker oatmeal, Quaker rice cakes, Quaker simply granola and Rice-A-Roni side dishes. QFNA's branded products are sold to independent distributors and retailers.

PepsiCo Beverages North America

Either independently or in conjunction with third parties, PBNA makes, markets and sells beverage concentrates, fountain syrups and finished goods under various beverage brands including Aquafina, Diet Mountain Dew, Diet Pepsi, Gatorade, Mountain Dew, Pepsi, Propel and Tropicana. PBNA operates its own bottling plants and distribution facilities and sells branded finished goods directly to independent distributors and retailers. PBNA also sells concentrate and finished goods for our brands to authorized and independent bottlers, who in turn sell our branded finished goods to independent distributors and retailers in certain markets. PBNA also, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink tea and coffee products through joint ventures with Unilever (under the Lipton brand name) and Starbucks, respectively. Further, PBNA manufactures and distributes certain brands licensed from Keurig Dr Pepper Inc., including Crush, Dr Pepper and Schweppes, and certain juice brands licensed from Dole Food Company, Inc. (Dole) and Ocean Spray Cranberries, Inc. (Ocean Spray). In 2020, we acquired Rockstar Energy Beverages (Rockstar), an energy drink maker with whom we had a distribution agreement prior to the acquisition. See Note 14 to our consolidated financial statements for further information about our acquisition of Rockstar.

Latin America

Either independently or in conjunction with third parties, LatAm makes, markets, distributes and sells a number of snack food brands including Cheetos, Doritos, Emperador, Lay's, Marias Gamesa, Rosquinhas Mabel, Ruffles, Sabritas, Saladitas and Tostitos, as well as many Quaker-branded cereals and snacks. LatAm also, either independently or in conjunction with third parties, makes, markets, distributes and sells beverage concentrates, fountain syrups and finished goods under various beverage brands including 7UP, Gatorade, H2oh!, Manzanita Sol, Mirinda, Pepsi, Pepsi Black, San Carlos and Toddy. These branded products are sold to authorized and independent bottlers, independent distributors and retailers. LatAm also, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink tea products through an international joint venture with Unilever (under the Lipton brand name).

Europe

Either independently or in conjunction with third parties, Europe makes, markets, distributes and sells a number of snack food brands including Cheetos, Chipita, Doritos, Lay's, Ruffles and Walkers, as well as many Quaker-branded cereals and snacks, through consolidated businesses, as well as through noncontrolled affiliates. Europe also, either independently or in conjunction with third parties, makes, markets, distributes and sells beverage concentrates, fountain syrups and finished goods under various beverage brands including 7UP, Diet Pepsi, Lubimy Sad, Mirinda, Pepsi, Pepsi Max and Tropicana. These branded products are sold to authorized and independent bottlers, independent distributors and retailers. In certain markets, however, Europe operates its own bottling plants and distribution facilities. Europe also, as part of its beverage business, manufactures and distributes SodaStream sparkling water makers and related products. Further, Europe makes, markets, distributes and sells a number of dairy products including Agusha, Chudo and Domik v Derevne. Europe also, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink tea products through an international joint venture with Unilever (under the Lipton brand name).

Africa, Middle East and South Asia

Either independently or in conjunction with third parties, AMESA makes, markets, distributes and sells a number of snack food brands including Chipsey, Doritos, Kurkure, Lay's, Sasko, Spekko and White Star, as well as many Quaker-branded cereals and snacks, through consolidated businesses, as well as through noncontrolled affiliates. AMESA also makes, markets, distributes and sells beverage concentrates, fountain syrups and finished goods under various beverage brands including 7UP, Aquafina, Mirinda, Mountain Dew and Pepsi. These branded products are sold to authorized and independent bottlers, independent distributors and retailers. In certain markets, however, AMESA operates its own bottling plants and distribution facilities. AMESA also, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink tea products through an international joint venture with Unilever (under the Lipton brand name). In 2020, we acquired Pioneer Food Group Ltd. (Pioneer Foods), a food and beverage company in South Africa with exports to countries across the globe. See Note 14 to our consolidated financial statements for further information about our acquisition of Pioneer Foods.

Asia Pacific, Australia and New Zealand and China Region

Either independently or in conjunction with third parties, APAC makes, markets, distributes and sells a number of snack food brands including BaiCaoWei, Cheetos, Doritos, Lay's and Smith's, as well as many Quaker-branded cereals and snacks, through consolidated businesses, as well as through noncontrolled affiliates. APAC also makes, markets, distributes and sells beverage concentrates, fountain syrups and finished goods under various beverage brands including 7UP, Aquafina, Mirinda, Mountain Dew and Pepsi. These branded products are sold to authorized and independent bottlers, independent distributors and retailers. APAC also, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink tea products through an international joint venture with Unilever (under the Lipton brand name). Further, APAC licenses the Tropicana brand for use in China on co-branded juice products in connection with a strategic alliance with Tingyi (Cayman Islands) Holding Corp. (Tingyi). In 2020, we acquired all of the outstanding shares of Hangzhou Haomusi Food Co., Ltd. (Be & Cheery), one of the largest online snacks companies in China. See Note 14 to our consolidated financial statements for further information about our acquisition of Be & Cheery.

COVID-19

The novel coronavirus (COVID-19) pandemic in 2020 resulted in challenging operating environments and affected almost all of the more than 200 countries and territories in which our products are made, manufactured, distributed or sold, including as a result of travel bans and restrictions, quarantines, curfews, restrictions on public gatherings, shelter in place and safer-at-home orders, business shutdowns

and closures. We expect that the COVID-19 pandemic will continue to impact our business operations, including our employees, customers, consumers, bottlers, contract manufacturers, distributors, joint venture partners, suppliers and other third parties with which we do business. The extent to which the COVID-19 pandemic will impact our future business operations and financial results remains uncertain and will continue to depend on numerous evolving factors outside our control.

See “Item 1A. Risk Factors” for discussion of the risks and uncertainties associated with the COVID-19 pandemic. Also, see “Our Business Risks” in Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations and Note 1 to our consolidated financial statements for further information related to the impact of COVID-19 on our 2020 financial results.

Our Distribution Network

Our products are primarily brought to market through direct-store-delivery (DSD), customer warehouse and distributor networks and are also sold directly to consumers through e-commerce platforms and retailers. The distribution system used depends on customer needs, product characteristics and local trade practices.

Direct-Store-Delivery

We, our independent bottlers and our distributors operate DSD systems that deliver beverages, foods and snacks directly to retail stores where the products are merchandised by our employees or our independent bottlers. DSD enables us to merchandise with maximum visibility and appeal. DSD is especially well-suited to products that are restocked often and respond to in-store promotion and merchandising.

Customer Warehouse

Some of our products are delivered from our manufacturing plants and distribution centers, both company and third-party operated, to customer warehouses. These less costly systems generally work best for products that are less fragile and perishable, and have lower turnover.

Distributor Networks

We distribute many of our products through third-party distributors. Third-party distributors are particularly effective when greater distribution reach can be achieved by including a wide range of products on the delivery vehicles. For example, our foodservice and vending business distributes beverages, foods and snacks to restaurants, businesses, schools and stadiums through third-party foodservice and vending distributors and operators.

E-commerce

Our products are also available and sold directly to consumers on a growing number of company-owned and third-party e-commerce websites and mobile commerce applications.

Ingredients and Other Supplies

The principal ingredients we use in our beverage, food and snack products are apple, orange and pineapple juice and other juice concentrates, aspartame, corn, corn sweeteners, flavorings, flour, grapefruit, oranges and other fruits, oats, potatoes, raw milk, rice, seasonings, sucralose, sugar, vegetable and essential oils, and wheat. We also use water in the manufacturing of our products. Our key packaging materials include plastic resins, including polyethylene terephthalate (PET) and polypropylene resins used for plastic beverage bottles and film packaging used for snack foods, aluminum, glass, closures, cardboard and paperboard cartons. In addition, we continue to integrate recyclability into our product development process and support the increased use of recycled content, including recycled PET, in our packaging. Fuel, electricity and natural gas are also important commodities for our businesses due to their use in our and our business partners’ facilities and the vehicles delivering our products. We employ specialists to secure

adequate supplies of many of these items and have not experienced any significant continuous shortages that would prevent us from meeting our requirements. Many of these ingredients, raw materials and commodities are purchased in the open market. The prices we pay for such items are subject to fluctuation, and we manage this risk through the use of fixed-price contracts and purchase orders, pricing agreements and derivative instruments, including swaps and futures. In addition, risk to our supply of certain raw materials is mitigated through purchases from multiple geographies and suppliers. When prices increase, we may or may not pass on such increases to our customers. In addition, we continue to make investments to improve the sustainability and resources of our agricultural supply chain, including the development of our initiative to advance sustainable farming practices by our suppliers and expanding it further globally. See Note 9 to our consolidated financial statements for further information on how we manage our exposure to commodity prices.

We also maintain voluntary supply chain finance agreements with several participating global financial institutions, pursuant to which our suppliers, at their sole discretion, may elect to sell their accounts receivable with PepsiCo to such global financial institutions. These agreements have not had a material impact on our business or financial results. See “Our Financial Results – Our Liquidity and Capital Resources” in Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations for further information.

Our Brands and Intellectual Property Rights

We own numerous valuable trademarks which are essential to our worldwide businesses, including Agusha, Amp Energy, Aquafina, Aquafina Flavorsplash, Arto Lifewtr, Aunt Jemima, BaiCaoWei, Bare, Bokomo, Bolt24, bubly, Cap’n Crunch, Ceres, Cheetos, Chester’s, Chipita, Chipsy, Chokis, Chudo, Cracker Jack, Crunchy, Diet Mountain Dew, Diet Mug, Diet Pepsi, Diet 7UP (outside the United States), Domik v Derevne, Doritos, Driftwell, Duyvis, Elma Chips, Emperador, Evolve, Frito-Lay, Fritos, Fruktovy Sad, G2, Gamesa, Gatorade, Grandma’s, H2oh!, Health Warrior, Imunele, Izze, J-7 Tonus, Kas, KeVita, Kurkure, Lay’s, Life, Lifewtr, Liquifruit, Lubimy, Manzanita Sol, Marias Gamesa, Matutano, Mirinda, Miss Vickie’s, Moirs, Mother’s, Mountain Dew, Mountain Dew Code Red, Mountain Dew Game Fuel, Mountain Dew Ice, Mountain Dew Kickstart, Mountain Dew Zero Sugar, Mug, Munchies, Muscle Milk, Naked, Near East, Off the Eaten Path, O.N.E., Paso de los Toros, Pasta Roni, Pearl Milling Company, Pepsi, Pepsi Black, Pepsi Max, Pepsi Zero Sugar, PopCorners, Pronutro, Propel, Quaker, Quaker Chewy, Rice-A-Roni, Rockstar Energy, Rold Gold, Rosquinhas Mabel, Ruffles, Sabritas, Safari, Sakata, Saladitas, San Carlos, Sandora, Santitas, Sasko, 7UP (outside the United States), 7UP Free (outside the United States), Sierra Mist, Sierra Mist Zero Sugar, Simba, Smartfood, Smith’s, Snack a Jacks, SoBe, SodaStream, Sonric’s, Spekko, Stacy’s, Sting, Stubborn Soda, SunChips, Toddy, Toddynho, Tostitos, Trop 50, Tropicana, Tropicana Pure Premium, Tropicana Twister, V Water, Vesely Molochnik, Walkers, Weetbix, White Star, Ya and Yachak. We also hold long-term licenses to use valuable trademarks in connection with our products in certain markets, including Dole and Ocean Spray. We also distribute Bang Energy drinks and various Keurig Dr Pepper Inc. brands, including Dr Pepper in certain markets, Crush and Schweppes. Joint ventures in which we have an ownership interest either own or have the right to use certain trademarks, such as Lipton, Sabra and Starbucks. Trademarks remain valid so long as they are used properly for identification purposes, and we emphasize correct use of our trademarks. We have authorized, through licensing arrangements, the use of many of our trademarks in such contexts as snack food joint ventures and beverage bottling appointments. In addition, we license the use of our trademarks on merchandise that is sold at retail, which enhances brand awareness.

We either own or have licenses to use a number of patents which relate to certain of our products, their packaging, the processes for their production and the design and operation of various equipment used in our businesses. Some of these patents are licensed to others.

Seasonality

Our businesses are affected by seasonal variations. Our beverage, food and snack sales are generally highest in the third quarter due to seasonal and holiday-related patterns and generally lowest in the first quarter. However, taken as a whole, seasonality has not had a material impact on our consolidated financial results.

Our Customers

Our customers include wholesale and other distributors, foodservice customers, grocery stores, drug stores, convenience stores, discount/dollar stores, mass merchandisers, membership stores, hard discounters, e-commerce retailers and authorized independent bottlers, among others. We normally grant our independent bottlers exclusive contracts to sell and manufacture certain beverage products bearing our trademarks within a specific geographic area. These arrangements provide us with the right to charge our independent bottlers for concentrate, finished goods and Aquafina royalties and specify the manufacturing process required for product quality. We also grant distribution rights to our independent bottlers for certain beverage products bearing our trademarks for specified geographic areas.

We rely on and provide financial incentives to our customers to assist in the distribution and promotion of our products to the consumer. For our independent distributors and retailers, these incentives include volume-based rebates, product placement fees, promotions and displays. For our independent bottlers, these incentives are referred to as bottler funding and are negotiated annually with each bottler to support a variety of trade and consumer programs, such as consumer incentives, advertising support, new product support, and vending and cooler equipment placement. Consumer incentives include pricing discounts and promotions, and other promotional offers. Advertising support is directed at advertising programs and supporting independent bottler media. New product support includes targeted consumer and retailer incentives and direct marketplace support, such as point-of-purchase materials, product placement fees, media and advertising. Vending and cooler equipment placement programs support the acquisition and placement of vending machines and cooler equipment. The nature and type of programs vary annually.

Changes to the retail landscape, including increased consolidation of retail ownership, the rapid growth of sales through e-commerce websites and mobile commerce applications, including through subscription services and other direct-to-consumer businesses, the integration of physical and digital operations among retailers, as well as the international expansion of hard discounters, and the current economic environment, including in light of the COVID-19 pandemic, continue to increase the importance of major customers. In 2020, sales to Walmart Inc. (Walmart) and its affiliates, including Sam's Club (Sam's), represented approximately 14% of our consolidated net revenue, with sales reported across all of our divisions, including concentrate sales to our independent bottlers, which were used in finished goods sold by them to Walmart. The loss of this customer would have a material adverse effect on our FLNA, QFNA and PBNA divisions.

See "Off-Balance-Sheet Arrangements" in "Our Financial Results – Our Liquidity and Capital Resources" in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for further information on our independent bottlers.

Our Competition

Our beverage, food and snack products are in highly competitive categories and markets and compete against products of international beverage, food and snack companies that, like us, operate in multiple geographies, as well as regional, local and private label manufacturers and economy brands and other competitors, including smaller companies developing and selling micro brands directly to consumers through e-commerce platforms or through retailers focused on locally-sourced products. In many countries in which our products are sold, including the United States, The Coca-Cola Company is our primary beverage competitor. Other beverage, food and snack competitors include, but are not limited to,

Campbell Soup Company, Conagra Brands, Inc., Kellogg Company, Keurig Dr Pepper Inc., The Kraft Heinz Company, Link Snacks, Inc., Mondelez International, Inc., Monster Beverage Corporation, Nestlé S.A., Red Bull GmbH and Utz Brands, Inc.

Many of our food and snack products hold significant leadership positions in the food and snack industry in the United States and worldwide. In 2020, we and The Coca-Cola Company represented approximately 22% and 20%, respectively, of the U.S. liquid refreshment beverage category by estimated retail sales in measured channels, according to Information Resources, Inc. However, The Coca-Cola Company has significant carbonated soft drink (CSD) share advantage in many markets outside the United States.

Our beverage, food and snack products compete primarily on the basis of brand recognition and loyalty, taste, price, value, quality, product variety, innovation, distribution, advertising, marketing and promotional activity (including digital), packaging, convenience, service and the ability to anticipate and effectively respond to consumer preferences and trends, including increased consumer focus on health and wellness and the continued acceleration of e-commerce and other methods of distributing and purchasing products. Success in this competitive environment is dependent on effective promotion of existing products, effective introduction of new products and reformulations of existing products, increased efficiency in production techniques, effective incorporation of technology and digital tools across all areas of our business, the effectiveness of our advertising campaigns, marketing programs, product packaging and pricing, new vending and dispensing equipment and brand and trademark development and protection. We believe that the strength of our brands, innovation and marketing, coupled with the quality of our products and flexibility of our distribution network, allows us to compete effectively.

Research and Development

We engage in a variety of research and development activities and invest in innovation globally with the goal of meeting the needs of our customers and consumers and accelerating growth. These activities principally involve: innovations focused on creating consumer preferred products to grow and transform our portfolio through development of new technologies, ingredients, flavors and substrates; development and improvement of our manufacturing processes including reductions in cost and environmental footprint; implementing product improvements to our global portfolio that reduce added sugars, sodium or saturated fat; offering more products with functional ingredients and positive nutrition including whole grains, fruit, vegetables, dairy, protein, fiber, micronutrients and hydration; development of packaging technology and new package designs, including reducing the amount of plastic in our packaging and developing recyclable and sustainable packaging; development of marketing, merchandising and dispensing equipment; further expanding our beyond the bottle portfolio including innovation for our SodaStream business; investments in technology and digitalization including data analytics to enhance our consumer insights and research; continuing to strengthen our omnichannel capabilities, particularly in e-commerce; and efforts focused on reducing our impact on the environment including reducing water use in our operations and our agricultural practices.

Our research centers are located around the world, including in Brazil, China, India, Ireland, Mexico, Russia, South Africa, the United Kingdom and the United States, and leverage consumer insights, food science and engineering to meet our strategy to continually innovate our portfolio of convenient foods and beverages.

Regulatory Matters

The conduct of our businesses, including the production, storage, distribution, sale, display, advertising, marketing, labeling, content, quality, safety, transportation, packaging, disposal, recycling and use of our products, as well as our employment and occupational health and safety practices and protection of personal information, are subject to various laws and regulations administered by federal, state and local governmental agencies in the United States, as well as to laws and regulations administered by

government entities and agencies in the more than 200 other countries and territories in which our products are made, manufactured, distributed or sold. It is our policy to abide by the laws and regulations around the world that apply to our businesses.

The U.S. laws and regulations that we are subject to include, but are not limited to: the Federal Food, Drug and Cosmetic Act and various state laws governing food safety; the Food Safety Modernization Act; the Occupational Safety and Health Act and various state laws and regulations governing workplace health and safety; various federal, state and local environmental protection laws, as discussed below; the Federal Motor Carrier Safety Act; the Federal Trade Commission Act; the Lanham Act; various federal and state laws and regulations governing competition and trade practices; various federal and state laws and regulations governing our employment practices, including those related to equal employment opportunity, such as the Equal Employment Opportunity Act and the National Labor Relations Act and those related to overtime compensation, such as the Fair Labor Standards Act; data privacy and personal data protection laws and regulations, including the California Consumer Privacy Act of 2018; customs and foreign trade laws and regulations, including laws regarding the import or export of our products or ingredients used in our products and tariffs; laws regulating the sale of certain of our products in schools; laws regulating our supply chain, including the 2010 California Transparency in Supply Chains Act and laws relating to the payment of taxes. We are also required to comply with the Foreign Corrupt Practices Act and the Trade Sanctions Reform and Export Enhancement Act. We are also subject to various state and local statutes and regulations, including state consumer protection laws such as Proposition 65 in California, which requires that a specific warning appear on any product that contains a substance listed by the State of California as having been found to cause cancer or birth defects, unless the amount of such substance in the product is below a safe harbor level.

We are subject to numerous similar and other laws and regulations outside the United States, including but not limited to laws and regulations governing food safety, international trade and tariffs, supply chain, including the U.K. Modern Slavery Act, occupational health and safety, competition, anti-corruption and data privacy, including the European Union General Data Protection Regulation. In many jurisdictions, compliance with competition laws is of special importance to us due to our competitive position in those jurisdictions, as is compliance with anti-corruption laws, including the U.K. Bribery Act. We rely on legal and operational compliance programs, as well as in-house and outside counsel and other experts, to guide our businesses in complying with the laws and regulations around the world that apply to our businesses.

In addition, certain jurisdictions have either imposed, or are considering imposing, new or increased taxes on the manufacture, distribution or sale of our products, ingredients or substances contained in, or attributes of, our products or commodities used in the production of our products. These taxes vary in scope and form: some apply to all beverages, including non-caloric beverages, while others apply only to beverages with a caloric sweetener (e.g., sugar). Similarly, some measures apply a single tax rate per ounce/liter on beverages containing over a certain level of added sugar (or other sweetener) while others apply a graduated tax rate depending upon the amount of added sugar (or other sweetener) in the beverage and some apply a flat tax rate on beverages containing a particular substance or ingredient, regardless of the level of such substance or ingredient.

In addition, certain jurisdictions have either imposed, or are considering imposing, product labeling or warning requirements or other limitations on the marketing or sale of certain of our products as a result of ingredients or substances contained in such products or the audience to whom products are marketed. These types of provisions have required that we highlight perceived concerns about a product, warn consumers to avoid consumption of certain ingredients or substances present in our products, restrict the age of consumers to whom products are marketed or sold or limit the location in which our products may be available. It is possible that similar or more restrictive requirements may be proposed or enacted in the future.

In addition, certain jurisdictions have either imposed or are considering imposing regulations designed to increase recycling rates or encourage waste reduction. These regulations vary in scope and form from deposit return systems designed to incentivize the return of beverage containers, to extended producer responsibility policies and even bans on the use of some types of single-use plastics. It is possible that similar or more restrictive requirements may be proposed or enacted in the future.

We are also subject to national and local environmental laws in the United States and in foreign countries in which we do business, including laws related to water consumption and treatment, wastewater discharge and air emissions. In the United States, our facilities must comply with the Clean Air Act, the Clean Water Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Resource Conservation and Recovery Act and other federal and state laws regarding handling, storage, release and disposal of wastes generated onsite and sent to third-party owned and operated offsite licensed facilities and our facilities outside the United States must comply with similar laws and regulations. In addition, continuing concern over climate change may result in new or increased legal and regulatory requirements (in or outside of the United States) to reduce or mitigate the potential effects of greenhouse gases, or to limit or impose additional costs on commercial water use due to local water scarcity concerns. Our policy is to abide by all applicable environmental laws and regulations, and we have internal programs in place with respect to our global environmental compliance. We have made, and plan to continue making, necessary expenditures for compliance with applicable environmental laws and regulations. While these expenditures have not had a material impact on our business, financial condition or results of operations to date, changes in environmental compliance requirements, and any expenditures necessary to comply with such requirements, could adversely affect our financial performance. In addition, we and our subsidiaries are subject to environmental remediation obligations arising in the normal course of business, as well as remediation and related indemnification obligations in connection with certain historical activities and contractual obligations, including those of businesses acquired by us or our subsidiaries. While these environmental remediation and indemnification obligations cannot be predicted with certainty, such obligations have not had, and are not expected to have, a material impact on our capital expenditures, earnings or competitive position.

Human Capital

PepsiCo believes that human capital management, including attracting, developing and retaining a high quality workforce, is critical to our long-term success. Our Board and its Committees provide oversight on a broad range of human capital management topics, including corporate culture, diversity and inclusion, pay equity, health and safety, training and development and compensation and benefits.

We employed approximately 291,000 people worldwide as of December 26, 2020, including approximately 120,000 people within the United States. We are party to numerous collective bargaining agreements and believe that relations with our employees are generally good.

Protecting the safety, health, and well-being of our associates around the world is PepsiCo’s top priority. We strive to achieve an injury-free work environment. We also continue to invest in emerging technologies to protect our employees from injuries, including leveraging fleet telematics and distracted driving technology, resulting in reductions in road traffic accidents, and deploying wearable ergonomic risk reduction devices. In addition, throughout the COVID-19 pandemic, we have remained focused on the health and safety of our associates, especially our frontline associates who continue to make, move and sell our products during this critical time, including by implementing new safety protocols in our facilities, providing personal protective equipment and enabling testing.

We believe that our culture of diversity and inclusion is a competitive advantage that fuels innovation, enhances our ability to attract and retain talent and strengthens our reputation. We continually strive to

improve the attraction, retention, and advancement of diverse associates to ensure we sustain a high-caliber pipeline of talent that also represents the communities we serve. As of December 26, 2020, our global workforce was approximately 25% female, while management roles were approximately 41% female. As of December 26, 2020, approximately 43% of our U.S. workforce was comprised of racially/ethnically diverse individuals, of which approximately 30% of our U.S. associates in managerial roles were racially/ethnically diverse individuals. Direct reports of our Chief Executive Officer include 7 executives globally who are racially/ethnically diverse and/or female.

We are also committed to the continued growth and development of our associates. PepsiCo supports and develops its associates through a variety of global training and development programs that build and strengthen employees' leadership and professional skills, including career development plans, mentoring programs and in-house learning opportunities, such as PEP U Degreed, our internal global online learning resource. In 2020, PepsiCo employees completed over 875,000 hours of training.

Available Information

We are required to file annual, quarterly and current reports, proxy statements and other information with the U.S. Securities and Exchange Commission (SEC). The SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC at <http://www.sec.gov>.

Our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, proxy statements and amendments to those documents filed or furnished pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (Exchange Act), are also available free of charge on our Internet site at <http://www.pepsico.com> as soon as reasonably practicable after such reports are electronically filed with or furnished to the SEC.

Investors should note that we currently announce material information to our investors and others using filings with the SEC, press releases, public conference calls, webcasts or our corporate website (www.pepsico.com), including news and announcements regarding our financial performance, key personnel, our brands and our business strategy. Information that we post on our corporate website could be deemed material to investors. We encourage investors, the media, our customers, consumers, business partners and others interested in us to review the information we post on these channels. We may from time to time update the list of channels we will use to communicate information that could be deemed material and will post information about any such change on www.pepsico.com. The information on our website is not, and shall not be deemed to be, a part hereof or incorporated into this or any of our other filings with the SEC.

Item 1A. Risk Factors.

The following risks, some of which have occurred and any of which may occur in the future, can have a material adverse effect on our business or financial performance, which in turn can affect the price of our publicly traded securities. These are not the only risks we face. There may be other risks we are not currently aware of or that we currently deem not to be material but may become material in the future.

COVID-19 Risks

The impact of COVID-19 continues to create considerable uncertainty for our business.

Our global operations continue to expose us to risks associated with the COVID-19 pandemic. Authorities around the world have implemented numerous measures to try to reduce the spread of the virus and such measures have impacted and continue to impact us, our business partners and consumers. While some of these measures have been lifted or eased in certain jurisdictions, other jurisdictions have seen a resurgence of COVID-19 cases resulting in reinstitution or expansion of such measures.

We have seen and could continue to see changes in consumer demand as a result of COVID-19, including the inability of consumers to purchase our products due to illness, quarantine or other restrictions, store closures, or financial hardship. We also continue to see shifts in product and channel preferences, particularly an increase in demand in the e-commerce channel, which has impacted and could continue to impact our sales and profitability. Reduced demand for our products or changes in consumer purchasing patterns, as well as continued economic uncertainty, can adversely affect our customers' financial condition, which can result in bankruptcy filings and/or an inability to pay for our products. In addition, we may also continue to experience business disruptions as a result of COVID-19, resulting from temporary closures of our facilities or facilities of our business partners or the inability of a significant portion of our or our business partners' workforce to work because of illness, quarantine, or travel or other governmental restrictions. Any sustained interruption in our or our business partners' operations, distribution network or supply chain or any significant continuous shortage of raw materials or other supplies, including personal protective equipment or sanitization products, can negatively impact our business. We have also incurred, and expect to continue to incur, increased employee and operating costs as a result of COVID-19, such as costs related to expanded benefits and frontline incentives, the provision of personal protective equipment and increased sanitation, allowances for credit losses, upfront payment reserves and inventory write-offs, which have negatively impacted and may continue to negatively impact our profitability. In addition, the increase in certain of our employees working remotely has resulted in increased demand on our information technology infrastructure, which can be subject to failure, disruption or unavailability, and increased vulnerability to cyberattacks and other cyber incidents. Also, continued economic uncertainty associated with the COVID-19 pandemic has resulted in volatility in the global capital and credit markets which can impair our ability to access these markets on terms commercially acceptable to us, or at all.

The impact of COVID-19 has heightened, or in some cases manifested, certain of the other risks discussed herein. The extent of the impact of the COVID-19 pandemic on our business remains uncertain and will continue to depend on numerous evolving factors that we are not able to accurately predict and which will vary by jurisdiction and market, including the duration and scope of the pandemic, the development and availability of effective treatments and vaccines, global economic conditions during and after the pandemic, governmental actions that have been taken, or may be taken in the future, in response to the pandemic, and changes in consumer behavior in response to the pandemic, some of which may be more than just temporary.

Business Risks

Reduction in future demand for our products would adversely affect our business.

Demand for our products depends in part on our ability to anticipate and effectively respond to shifts in consumer trends and preferences, including the types of products our consumers want and how they browse for, purchase and consume them. Consumer preferences continuously evolve due to a variety of factors, including: changes in consumer demographics, consumption patterns and channel preferences (including continued rapid increases in the e-commerce and online-to-offline channels); pricing; product quality; concerns or perceptions regarding packaging and its environmental impact (such as single-use and other plastic packaging); and concerns or perceptions regarding the nutrition profile and health effects of, or location of origin of, ingredients or substances in our products. Concerns with any of the foregoing could lead consumers to reduce or publicly boycott the purchase or consumption of our products. Consumer preferences are also influenced by perception of our brand image or the brand images of our products, the success of our advertising and marketing campaigns, our ability to engage with our consumers in the manner they prefer, including through the use of digital media, and the perception of our use, and the use of social media. These and other factors have reduced in the past and could continue to reduce consumers' willingness to purchase certain of our products. Any inability on our part to anticipate

or react to changes in consumer preferences and trends, or make the right strategic investments to do so, including investments in data analytics to understand consumer trends, can lead to reduced demand for our products, lead to inventory write-offs or erode our competitive and financial position, thereby adversely affecting our business. In addition, our business operations are subject to disruption by natural disasters or other events beyond our control that could negatively impact product availability and decrease demand for our products if our crisis management plans do not effectively resolve these issues.

Damage to our reputation or brand image can adversely affect our business.

Maintaining a positive reputation globally is critical to selling our products. Our reputation or brand image has in the past been, and could in the future be, adversely impacted by a variety of factors, including: any failure by us or our business partners to maintain high ethical, social, business and environmental practices, including with respect to human rights, child labor laws and workplace conditions and employee health and safety; any failure to achieve our sustainability goals, including with respect to the nutrition profile of our products, packaging, water use and our impact on the environment; any failure to address health concerns about our products or particular ingredients in our products, including concerns regarding whether certain of our products contribute to obesity; our research and development efforts; any product quality or safety issues, including the recall of any of our products; any failure to comply with laws and regulations; consumer perception of our advertising campaigns, sponsorship arrangements, marketing programs and use of social media; or any failure to effectively respond to negative or inaccurate comments about us on social media or otherwise regarding any of the foregoing. Damage to our reputation or brand image has in the past and could in the future decrease demand for our products, thereby adversely affecting our business.

Issues or concerns with respect to product quality and safety can adversely affect our business.

Product quality or safety issues, including alleged mislabeling, misbranding, spoilage, undeclared allergens, adulteration or contamination, whether as a result of failure to comply with food safety laws or otherwise, have in the past and could in the future reduce consumer confidence and demand for our products, cause production and delivery disruptions, require product recalls and result in increased costs (including payment of fines and/or judgments) and damage our reputation, all of which can adversely affect our business. Failure to maintain adequate oversight over product quality or safety can result in product recalls, litigation, government investigations or inquiries or civil or criminal proceedings, all of which may result in fines, penalties, damages or criminal liability. Our business can also be adversely affected if consumers lose confidence in product quality, safety and integrity generally, even if such loss of confidence is unrelated to products in our portfolio.

Any inability to compete effectively can adversely affect our business.

Our products compete against products of international beverage, food and snack companies that, like us, operate in multiple geographies, as well as regional, local and private label and economy brand manufacturers and other competitors, including smaller companies developing and selling micro brands directly to consumers through e-commerce platforms or through retailers focused on locally sourced products. In many countries in which our products are sold, including the United States, The Coca-Cola Company is our primary beverage competitor. Our products compete primarily on the basis of brand recognition and loyalty, taste, price, value, quality, product variety, innovation, distribution, advertising, marketing and promotional activity, packaging, convenience, service and the ability to anticipate and effectively respond to consumer preferences and trends. Our business can be adversely affected if we are unable to effectively promote or develop our existing products or introduce new products, if our competitors spend more aggressively than we do or if we are otherwise unable to effectively respond to pricing pressure or compete effectively, and we may be unable to grow or maintain sales or category share or we may need to increase capital, marketing or other expenditures.

Failure to attract, develop and maintain a highly skilled and diverse workforce can have an adverse effect on our business.

Our business requires that we attract, develop and maintain a highly skilled and diverse workforce. Our employees are highly sought after by our competitors and other companies and our continued ability to compete effectively depends on our ability to attract, retain, develop and motivate highly skilled personnel for all areas of our organization. Any unplanned turnover or unsuccessful implementation of our succession plans to backfill current leadership positions, including the Chief Executive Officer, or failure to attract, develop and maintain a highly skilled and diverse workforce, including with key capabilities such as e-commerce and digital marketing and data analytic skills, can deplete our institutional knowledge base, erode our competitive advantage or result in increased costs due to increased competition for employees, higher employee turnover or increased employee benefit costs. In addition, failure to attract, retain and develop associates from underrepresented communities can damage our business results and our reputation. Any of the foregoing can adversely affect our business.

Water scarcity can adversely affect our business.

We and our business partners use water in the manufacturing and sourcing of our products. Lack of available water of acceptable quality, increasing focus by governmental and non-governmental organizations, investors, customers and consumers on water scarcity and increasing pressure to conserve and replenish water in areas of scarcity and stress may lead to: supply chain disruption; adverse effects on our operations or the operations of our business partners; higher compliance costs; capital expenditures (including investments in the development of technologies to enhance water efficiency and reduce consumption); higher production costs, including less favorable pricing for water; the interruption or cessation of operations at, or relocation of, our facilities or the facilities of our business partners; failure to achieve our sustainability goals relating to water use; perception of our failure to act responsibly with respect to water use or to effectively respond to legal or regulatory requirements concerning water scarcity; or damage to our reputation, any of which can adversely affect our business.

Changes in the retail landscape or in sales to any key customer can adversely affect our business.

The retail landscape continues to evolve, including rapid growth in e-commerce channels and hard discounters. Our business will be adversely affected if we are unable to maintain and develop successful relationships with e-commerce retailers and hard discounters, while also maintaining relationships with our key customers operating in traditional retail channels (many of whom are also focused on increasing their e-commerce sales). Our business can be adversely affected if e-commerce channels and hard discounters take significant additional market share away from traditional retailers or we fail to find ways to create more powerful digital tools and capabilities for our retail customers to enable them to grow their businesses. In addition, our business can be adversely affected if we are unable to profitably expand our own direct-to-consumer e-commerce capabilities. The retail industry is also impacted by increased consolidation of ownership and purchasing power, particularly in North America, Europe and Latin America, resulting in large retailers or buying groups with increased purchasing power, impacting our ability to compete in these areas. Consolidation also adversely impacts our smaller customers' ability to compete effectively, resulting in an inability on their part to pay for our products or reduced or canceled orders of our products. Further, we must maintain mutually beneficial relationships with our key customers, including Walmart, to compete effectively. Any inability to resolve a significant dispute with any of our key customers, a change in the business condition (financial or otherwise) of any of our key customers, even if unrelated to us, a significant reduction in sales to any key customer, or the loss of any of our key customers can adversely affect our business.

Disruption of our supply chain may adversely affect our business.

Many of the raw materials and supplies used in the production of our products are sourced from countries experiencing civil unrest, political instability or unfavorable economic conditions. Some raw materials and supplies, including packaging materials such as recycled PET, are available only from a limited number of suppliers or from a sole supplier or are in short supply when seasonal demand is at its peak. There can be no assurance that we will be able to maintain favorable arrangements and relationships with suppliers or that our contingency plans will be effective to prevent disruptions that may arise from shortages or discontinuation of any raw materials and other supplies that we use in the manufacture, production and distribution of our products. The raw materials and other supplies, including agricultural commodities and fuel, that we use for the manufacturing, production and distribution of our products are subject to price volatility and fluctuations in availability caused by many factors, including changes in supply and demand, weather conditions (including potential effects of climate change), fire, natural disasters, disease or pests (including the impact of greening disease on the citrus industry), agricultural uncertainty, health epidemics or pandemics or other contagious outbreaks, governmental incentives and controls (including import/export restrictions, such as new or increased tariffs, sanctions, quotas or trade barriers), political uncertainties, acts of terrorism, governmental instability or currency exchange rates. Many of our raw materials and supplies are purchased in the open market. The prices we pay for such items are subject to fluctuation. If price changes result in unexpected or significant increases in the costs of any raw materials or other supplies, we may be unwilling or unable to increase our product prices or unable to effectively hedge against price increases to offset these increased costs without suffering reduced volume, revenue, margins and operating results.

Political and social conditions can adversely affect our business.

Political and social conditions in the markets in which our products are sold have been and could continue to be difficult to predict, resulting in adverse effects on our business. The results of elections, referendums or other political conditions (including government shutdowns) in these markets, including the United Kingdom's withdrawal from the European Union, have in the past and could continue to impact how existing laws, regulations and government programs or policies are implemented or result in uncertainty as to how such laws, regulations, programs or policies may change, including with respect to tariffs, sanctions, environmental and climate change regulations, taxes, benefit programs, the movement of goods, services and people between countries, relationships between countries, customer or consumer perception of a particular country or its government and other matters, and has resulted in and could continue to result in exchange rate fluctuation, volatility in global stock markets and global economic uncertainty or adversely affect demand for our products, any of which can adversely affect our business. In addition, political and social conditions in certain cities throughout the U.S. as well as globally have resulted in demonstrations and protests, including in connection with political elections and civil rights and liberties. Our operations, including the distribution of our products and the ingredients or other raw materials used in the production of our products, may be disrupted if such events persist for a prolonged period of time, including due to actions taken by governmental authorities in affected cities and regions, which can adversely affect our business.

Our business can be adversely affected if we are unable to grow in developing and emerging markets.

Our success depends in part on our ability to grow our business in developing and emerging markets, including Mexico, Russia, the Middle East, Brazil, China, South Africa and India. There can be no assurance that our products will be accepted or be successful in any particular developing or emerging market, due to competition, price, cultural differences, consumer preferences, method of distribution or otherwise. Our business in these markets has been and could continue in the future to be impacted by economic, political and social conditions; acts of war, terrorist acts, and civil unrest, including demonstrations and protests; competition; tariffs, sanctions or other regulations restricting contact with

certain countries in these markets; foreign ownership restrictions; nationalization of our assets or the assets of our business partners; government-mandated closure, or threatened closure, of our operations or the operations of our business partners; restrictions on the import or export of our products or ingredients or substances used in our products; highly inflationary economies; devaluation or fluctuation or demonetization of currency; regulations on the transfer of funds to and from foreign countries, currency controls or other currency exchange restrictions, which result in significant cash balances in foreign countries, from time to time, or can significantly affect our ability to effectively manage our operations in certain of these markets and can result in the deconsolidation of such businesses; the lack of well-established or reliable legal systems; increased costs of doing business due to compliance with complex foreign and U.S. laws and regulations that apply to our international operations, including the Foreign Corrupt Practices Act, the U.K. Bribery Act and the Trade Sanctions Reform and Export Enhancement Act; and adverse consequences, such as the assessment of fines or penalties, for any failure to comply with laws and regulations. Our business can be adversely affected if we are unable to expand our business in developing and emerging markets, effectively operate, or manage the risks associated with operating, in these markets, or achieve the return on capital we expect from our investments in these markets.

Changes in economic conditions can adversely impact our business.

Many of the jurisdictions in which our products are sold have experienced and could continue to experience uncertain or unfavorable economic conditions, such as recessions or economic slowdowns, which have and could continue to result in adverse changes in interest rates, tax laws or tax rates; volatile commodity markets; highly inflationary economies, devaluation, fluctuation or demonetization; contraction in the availability of credit; demonetization, austerity or stimulus measures; the effects of any default by or deterioration in the creditworthiness of the countries in which our products are sold; or a decrease in the fair value of pension or post-retirement assets that could increase future employee benefit costs and/or funding requirements of our pension or post-retirement plans. In addition, we cannot predict how current or future economic conditions will affect our business partners, including financial institutions with whom we do business, and any negative impact on any of the foregoing may also have an adverse impact on our business.

Future cyber incidents and other disruptions to our information systems can adversely affect our business.

We depend on information systems and technology, including public websites and cloud-based services, for many activities important to our business, including communications within our company, interfacing with customers and consumers; ordering and managing inventory; managing and operating our facilities; protecting confidential information; maintaining accurate financial records and complying with regulatory, financial reporting, legal and tax requirements. Our business has in the past and could in the future be negatively affected by system shutdowns, degraded systems performance, systems disruptions or security incidents. These disruptions or incidents may be caused by cyberattacks and other cyber incidents, network or power outages, software, equipment or telecommunications failures, the unintentional or malicious actions of employees or contractors, natural disasters, fires or other catastrophic events. Cyberattacks and other cyber incidents are occurring more frequently, are constantly evolving in nature, are becoming more sophisticated and are being carried out by groups and individuals with a wide range of expertise and motives. Cyberattacks and cyber incidents take many forms including cyber extortion, denial of service, social engineering, introduction of viruses or malware, exploiting vulnerabilities in hardware, software or other infrastructure, hacking, website defacement or theft of passwords and other credentials, unauthorized use of computing resources for digital currency mining and business email compromise. As with other global companies, we are regularly subject to cyberattacks and other cyber incidents, including many of the types of attacks and incidents described above. If we do not allocate and effectively manage the resources necessary to continue to build and maintain our information technology infrastructure, or if

we fail to timely identify or appropriately respond to cyberattacks or other cyber incidents, our business can be adversely affected, resulting in transaction errors, processing inefficiencies, data loss, legal claims or proceedings, regulatory penalties, and the loss of sales and customers.

Similar risks exist with respect to third-party providers, including cloud-based service providers, that we rely upon for aspects of our information technology support services and administrative functions, including payroll processing, health and benefit plan administration and certain finance and accounting functions, and the systems managed, hosted, provided and/or used by such third parties and their vendors. The need to coordinate with various third-party service providers, including with respect to timely notification and access to personnel and information concerning an incident, may complicate our efforts to resolve issues that arise. As a result, we are subject to the risk that the activities associated with our third-party service providers can adversely affect our business even if the attack or breach does not directly impact our systems or information.

Although the cyber incidents and other systems disruptions that we have experienced to date have not had a material effect on our business, such incidents or disruptions could have a material adverse effect on us in the future. While we devote significant resources to network security, disaster recovery, employee training and other security measures to protect our systems and data, there are no assurances that such measures will protect us against all cyber incidents or systems disruptions. In addition, while we currently maintain insurance coverage that, subject to its terms and conditions, is intended to address costs associated with certain aspects of cyber incidents and information systems failures, this insurance coverage may not, depending on the specific facts and circumstances surrounding an incident, cover all losses or all types of claims that arise from an incident, or the damage to our reputation or brands that may result from an incident.

Failure to successfully complete or manage strategic transactions can adversely affect our business.

We regularly review our portfolio of businesses and evaluate potential acquisitions, joint ventures, distribution agreements, divestitures, refranchisings and other strategic transactions. The success of these transactions is dependent upon, among other things, our ability to realize the full extent of the expected returns, benefits, cost savings or synergies as a result of a transaction, within the anticipated time frame, or at all; receipt of necessary consents, clearances and approvals; and diversion of management's attention from day-to-day operations. Risks associated with strategic transactions include integrating manufacturing, distribution, sales, accounting, financial reporting and administrative support activities and information technology systems with our company; operating through new business models or in new categories or territories; motivating, recruiting and retaining executives and key employees; conforming controls (including internal control over financial reporting and disclosure controls and procedures) and policies (including with respect to environmental compliance, health and safety compliance and compliance with anti-bribery laws); retaining existing customers and consumers and attracting new customers and consumers; managing tax costs or inefficiencies; maintaining good relations with divested or refranchised businesses in our supply or sales chain; managing the impact of business decisions or other actions or omissions of our joint venture partners that may have different interests than we do; and other unanticipated problems or liabilities, such as contingent liabilities and litigation. Strategic transactions that are not successfully completed or managed effectively, or our failure to effectively manage the risks associated with such transactions, have in the past and could continue to result in adverse effects on our business.

Our reliance on third-party service providers can have an adverse effect on our business.

We rely on third-party service providers, including cloud data service providers, for certain areas of our business, including payroll processing, health and benefit plan administration and certain finance and accounting functions. Failure by these third parties to meet their contractual, regulatory and other obligations to us, or our failure to adequately monitor their performance, has in the past and could

continue to result in our inability to achieve the expected cost savings or efficiencies and result in additional costs to correct errors made by such service providers. Depending on the function involved, such errors can also lead to business disruption, systems performance degradation, processing inefficiencies or other systems disruptions, the loss of or damage to intellectual property or sensitive data through security breaches or otherwise, incorrect or adverse effects on financial reporting, litigation or remediation costs, damage to our reputation or have a negative impact on employee morale, all of which can adversely affect our business.

In addition, we continue on our multi-year business transformation initiative to migrate certain of our systems, including our financial processing systems, to enterprise-wide systems solutions. If we do not allocate and effectively manage the resources necessary to build and sustain the proper information technology infrastructure, or if we fail to achieve the expected benefits from this initiative, our business could be adversely affected.

Climate change or measures to address climate change can negatively affect our business or damage our reputation.

Climate change may have a negative effect on agricultural productivity which may result in decreased availability or less favorable pricing for certain commodities that are necessary for our products, such as potatoes, sugar cane, corn, wheat, rice, oats, oranges and other fruits (and fruit-derived oils). In addition, climate change may also increase the frequency or severity of natural disasters and other extreme weather conditions, which could impair our production capabilities, disrupt our supply chain or impact demand for our products. Also, concern over climate change may result in new or increased legal and regulatory requirements to reduce or mitigate the effects of climate change, which could result in significant increased costs and require additional investments in facilities and equipment. As a result, the effects of climate change can negatively affect our business and operations. In addition, any failure to achieve our goals with respect to reducing our impact on the environment or perception of a failure to act responsibly with respect to the environment or to effectively respond to regulatory requirements concerning climate change can lead to adverse publicity, resulting in an adverse effect on our business or damage to our reputation.

Strikes or work stoppages can cause our business to suffer.

Many of our employees are covered by collective bargaining agreements, and other employees may seek to be covered by collective bargaining agreements. Strikes or work stoppages or other business interruptions can occur if we are unable to renew, or enter into new, collective bargaining agreements on satisfactory terms and can impair manufacturing and distribution of our products, lead to a loss of sales, increase our costs or otherwise affect our ability to fully implement future operational changes to enhance our efficiency or to adapt to changing business needs or strategy, all of which can adversely affect our business.

Financial Risks

Failure to realize benefits from our productivity initiatives can adversely affect our financial performance.

Our future growth depends, in part, on our ability to continue to reduce costs and improve efficiencies, including implementing shared business service organizational models. We continue to identify and implement productivity initiatives that we believe will position our business for long-term sustainable growth by allowing us to achieve a lower cost structure, improve decision-making and operate more efficiently. Some of these measures result in unintended consequences, such as business disruptions, distraction of management and employees, reduced morale and productivity, unexpected employee attrition, an inability to attract or retain key personnel and negative publicity. If we are unable to successfully implement our productivity initiatives as planned or do not achieve expected savings as a

result of these initiatives, we may not realize all or any of the anticipated benefits, resulting in adverse effects on our financial performance.

A deterioration in our estimates and underlying assumptions regarding the future performance of our business can result in an impairment charge that can adversely affect our results of operations.

We conduct impairment tests on our goodwill and other indefinite-lived intangible assets annually or more frequently if circumstances indicate that impairment may have occurred. In addition, amortizable intangible assets, property, plant and equipment and other long-lived assets are evaluated for impairment upon a significant change in the operating or macroeconomic environment. A deterioration in our underlying assumptions regarding the impact of competitive operating conditions, macroeconomic conditions or other factors used to estimate the future performance of any of our reporting units or assets, including any deterioration in the weighted-average cost of capital based on market data available at the time, can result in an impairment, which can adversely affect our results of operations.

Fluctuations in exchange rates impact our financial performance.

Because our consolidated financial statements are presented in U.S. dollars, the financial statements of our subsidiaries outside the United States, where the functional currency is other than the U.S. dollar, are translated into U.S. dollars. Given our global operations, we also pay for the ingredients, raw materials and commodities used in our business in numerous currencies. Fluctuations in exchange rates, including as a result of currency controls or other currency exchange restrictions have had, and could continue to have, an adverse impact on our financial performance.

Our borrowing costs and access to capital and credit markets can be adversely affected by a downgrade or potential downgrade of our credit ratings.

Rating agencies routinely evaluate us and their ratings are based on a number of factors, including our cash generating capability, levels of indebtedness, policies with respect to shareholder distributions and our financial strength generally, as well as factors beyond our control, such as the state of the economy and our industry. We expect to maintain Tier 1 commercial paper access, which we believe will facilitate appropriate financial flexibility and ready access to global credit markets at favorable interest rates. Any downgrade or announcement that we are under review for a potential downgrade of our credit ratings, especially any downgrade to below investment grade, can increase our future borrowing costs, impair our ability to access capital and credit markets on terms commercially acceptable to us or at all, result in a reduction in our liquidity, or impair our ability to access the commercial paper market with the same flexibility that we have experienced historically (and therefore require us to rely more heavily on more expensive types of debt financing), all of which can adversely affect our financial performance.

Legal, Tax and Regulatory Risks

Taxes aimed at our products can adversely affect our business or financial performance.

Certain jurisdictions in which our products are sold have either imposed, or are considering imposing, new or increased taxes on the manufacture, distribution or sale of certain of our products, particularly our beverages, as a result of the ingredients or substances contained in our products. These taxes vary in scope and form: some apply to all beverages, including non-caloric beverages, while others apply only to beverages with a caloric sweetener (e.g., sugar). Similarly, some measures apply a single tax rate per ounce/liter on beverages containing over a certain amount of added sugar (or other sweetener), some apply a graduated tax rate depending upon the amount of added sugar (or other sweetener) in the beverage and others apply a flat tax rate on beverages containing any amount of added sugar (or other sweetener). For example, Poland enacted a graduated tax on all sweetened beverages, effective January 1, 2021, at a rate of PLN 0.5 (USD 0.12) per liter for drinks with a sugar (or other sweetener) content of up to 5g per 100ml and an additional PLN 0.05 (USD 0.01) for each gram of sugar (or other sweetener) over 5g. These tax measures, whatever their scope or form, have in the past and could continue to increase the cost of certain

of our products, reduce overall consumption of our products or lead to negative publicity, resulting in an adverse effect on our business and financial performance.

Limitations on the marketing or sale of our products can adversely affect our business and financial performance.

Certain jurisdictions in which our products are sold have either imposed, or are considering imposing, limitations on the marketing or sale of our products as a result of ingredients or substances in our products. These limitations require that we highlight perceived concerns about a product, warn consumers to avoid consumption of certain ingredients or substances present in our products, restrict the age of consumers to whom products are marketed or sold or limit the location in which our products may be available. For example, Mexico has imposed a stop-sign labeling scheme to signal the presence of non-caloric sweeteners and caffeine in pre-packaged foods and non-alcoholic beverages. Certain jurisdictions have imposed or are considering imposing color-coded labeling requirements where colors such as red, yellow and green are used to indicate various levels of a particular ingredient, such as sugar, sodium or saturated fat, in products. The imposition or proposed imposition of additional limitations on the marketing or sale of our products has in the past and could continue to reduce overall consumption of our products, lead to negative publicity or leave consumers with the perception that our products do not meet their health and wellness needs, resulting in an adverse effect on our business and financial performance.

Laws and regulations related to the use or disposal of plastics or other packaging can adversely affect our business and financial performance.

Certain of our products are sold in plastic or other packaging designed to be recyclable. However, not all packaging is recycled, whether due to lack of infrastructure or otherwise, and certain of our packaging is not currently recyclable. Packaging waste that displays one or more of our brands has in the past resulted in and could continue to result in negative publicity or reduced consumer demand for our products, adversely affecting our financial performance. Many jurisdictions in which our products are sold have imposed or are considering imposing regulations or policies intended to encourage the use of sustainable packaging, waste reduction or increased recycling rates or to restrict the sale of products utilizing certain packaging. These regulations vary in form and scope and include taxes to incentivize behavior, restrictions on certain products and materials, requirements for bottle caps to be tethered to bottles, bans on the use of single-use plastics, extended producer responsibility policies and requirements to charge deposit fees. For example, the European Union has imposed a minimum recycled content requirement for beverage bottles packaging and similar legislation is under consideration in several states in the United States. These laws and regulations have in the past and could continue to increase the cost of our products, impact demand for our products, result in negative publicity and require us and our business partners, including our independent bottlers, to increase our capital expenditures to invest in minimizing the amount of plastic or other materials used in our packaging or to develop alternative packaging, all of which can adversely affect our business and financial performance.

Failure to comply with personal data protection and privacy laws can adversely affect our business.

We are subject to a variety of continuously evolving and developing laws and regulations in numerous jurisdictions regarding personal data protection and privacy laws. These laws and regulations may be interpreted and applied differently from country to country or, within the United States, from state to state, and can create inconsistent or conflicting requirements. Our efforts to comply with these laws and regulations, including with respect to data from residents of the European Union who are covered by the General Data Protection Regulation or residents of the state of California who are covered by the California Consumer Privacy Act, impose significant costs and challenges that are likely to continue to increase over time. Failure to comply with these laws and regulations can result in litigation, claims, legal or regulatory proceedings, inquiries or investigations or damage to our reputation, all of which can adversely affect our business.

Increases in income tax rates, changes in income tax laws or disagreements with tax authorities can adversely affect our financial performance.

Increases in income tax rates or other changes in tax laws, including changes in how existing tax laws are interpreted or enforced, can adversely affect our financial performance. For example, economic and political conditions in countries where we are subject to taxes, including the United States, have in the past and could continue to result in significant changes in tax legislation or regulation, including as a result of any changes enacted during the new U.S. presidential administration. The increasingly complex global tax environment has in the past and could continue to increase tax uncertainty, resulting in higher compliance costs and adverse effects on our financial performance. We are also subject to regular reviews, examinations and audits by numerous taxing authorities with respect to income and non-income based taxes. Economic and political pressures to increase tax revenues in jurisdictions in which we operate, or the adoption of new or reformed tax legislation or regulation, may make resolving tax disputes more difficult and the final resolution of tax audits and any related litigation can differ from our historical provisions and accruals, resulting in an adverse effect on our financial performance.

If we are unable to adequately protect our intellectual property rights, or if we are found to infringe on the intellectual property rights of others, our business can be adversely affected.

We possess intellectual property rights that are important to our business, including ingredient formulas, trademarks, copyrights, patents, business processes and other trade secrets. The laws of various jurisdictions in which we operate have differing levels of protection of intellectual property. Our competitive position and the value of our products and brands can be reduced and our business adversely affected if we fail to obtain or adequately protect our intellectual property, including our ingredient formulas, or if there is a change in law that limits or removes the current legal protections afforded our intellectual property. Also, if, in the course of developing new products or improving the quality of existing products, we are found to have infringed on the intellectual property rights of others, directly or indirectly, such finding can damage our reputation and limit our ability to introduce new products or improve the quality of existing products, resulting in an adverse effect on our business.

Failure to comply with laws and regulations applicable to our business can adversely affect our business.

The conduct of our business is subject to numerous laws and regulations relating to the production, storage, distribution, sale, display, advertising, marketing, labeling, content (including whether a product contains genetically engineered ingredients), quality, safety, transportation, traceability, packaging, disposal, recycling and use of our products, employment and occupational health and safety, environmental matters (including pesticide use) and data privacy and protection. In addition, in many jurisdictions, compliance with competition laws is of special importance to us due to our competitive position, as is compliance with anti-corruption laws. The imposition of new laws, changes in laws or regulatory requirements or changing interpretations thereof, and differing or competing regulations and standards across the markets where our products are made, manufactured, distributed or sold, have in the past and could continue to result in higher compliance costs, capital expenditures and higher production costs, resulting in adverse effects on our business. In addition, if one jurisdiction imposes or proposes to impose new laws or regulations that impact the manufacture, distribution or sale of our products, other jurisdictions can often follow. Failure to comply with such laws or regulations can subject us to criminal or civil enforcement actions, including fines, injunctions, product recalls, penalties, disgorgement of profits or activity restrictions, all of which can adversely affect our business.

Potential liabilities and costs from litigation, claims, legal or regulatory proceedings, inquiries or investigations can have an adverse impact on our business.

We and our subsidiaries are party to a variety of litigation, claims, legal or regulatory proceedings, inquiries and investigations, including but not limited to matters related to our advertising, marketing or commercial practices, product labels, claims and ingredients, intellectual property rights, environmental, privacy, employment, tax and insurance matters and matters relating to our compliance with applicable laws and regulations. These matters are inherently uncertain and there is no guarantee that we will be successful in defending ourselves or that our assessment of the materiality of these matters and the likely outcome or potential losses and established reserves will be consistent with the ultimate outcome of such matters. Responding to these matters, even those that are ultimately non-meritorious, requires us to incur significant expense and devote significant resources, and may generate adverse publicity that damages our reputation or brand image. Any of the foregoing can adversely affect our business.

Item 1B. Unresolved Staff Comments.

We have received no written comments regarding our periodic or current reports from the staff of the SEC that were issued 180 days or more preceding the end of our 2020 year and that remain unresolved.

Item 2. Properties.

Our principal executive office located in Purchase, New York and our facilities located in Plano, Texas, all of which we own, are our most significant corporate properties.

In connection with making, marketing, distributing and selling our products, each division utilizes manufacturing, processing, bottling and production plants, warehouses, distribution centers, storage facilities, offices, including division headquarters, research and development facilities and other facilities, all of which are either owned or leased.

Significant properties by division are as follows:

	Property Type	Location	Owned/ Leased

(a) The land on which these plants are located is leased.

Most of our plants are owned or leased on a long-term basis. In addition to company-owned or leased properties described above, we also utilize a highly distributed network of plants, warehouses and distribution centers that are owned or leased by our contract manufacturers, co-packers, strategic alliances or joint ventures in which we have an equity interest. We believe that our properties generally are in good operating condition and, taken as a whole, are suitable, adequate and of sufficient capacity for our current operations.

Item 3. Legal Proceedings.

We and our subsidiaries are party to a variety of litigation, claims, legal or regulatory proceedings, inquiries and investigations. While the results of such litigation, claims, legal or regulatory proceedings, inquiries and investigations cannot be predicted with certainty, management believes that the final outcome of the foregoing will not have a material adverse effect on our financial condition, results of operations or cash flows. See also “Item 1. Business – Regulatory Matters” and “Item 1A. Risk Factors.”

Item 4. Mine Safety Disclosures.

Not applicable.

OUR BUSINESS

Executive Overview

PepsiCo is a leading global food and beverage company with a complementary portfolio of brands, including Frito-Lay, Gatorade, Pepsi-Cola, Quaker and Tropicana. Through our operations, authorized bottlers, contract manufacturers and other third parties, we make, market, distribute and sell a wide variety of convenient beverages, foods and snacks, serving customers and consumers in more than 200 countries and territories

Everything we do is driven by an approach we call Winning with Purpose. Winning with Purpose is our guide for achieving accelerated, sustainable growth that includes our mission, to Create More Smiles with Every Sip and Every Bite; our vision, to Be the Global Leader in Convenient Foods and Beverages by Winning with Purpose; and The PepsiCo Way, seven behaviors that define our shared culture.

This approach proved prescient and powerful in 2020 as we faced a worsening climate crisis, renewed calls for racial equality, and the first global pandemic in a century. Life in communities around the world was transformed, and our business was tested like never before. First and foremost, we had to protect the health of our associates, so that we could continue to serve our consumers, customers and communities. At the same time, we had to secure our supply chain; ensure continuity in manufacturing, distribution and sales; further strengthen our e-commerce and digital capabilities; reimagine our marketing; deliver positive outcomes for people, our shareholders and the planet; and much more.

These challenges were in addition to the structural issues facing our Company, including: shifting consumer preferences and behaviors; a highly competitive operating environment; a rapidly changing retail landscape, including the growth in e-commerce; continued macroeconomic and political volatility; and an evolving regulatory landscape.

To meet this once in a generation moment and ensure our Company’s long-term success, we will continue to focus on becoming Faster, Stronger, and Better:

- We will become Faster by sustaining or improving growth and market share in our high return foods and snacks businesses in North America; improving the profitability of our PBNA business and capturing our fair share of category growth; accelerating our growth and presence in international snacks and food while investing wisely in beverages to balance between growth and returns; and making the necessary investments in our manufacturing capacity, go-to-market systems and digital initiatives, such as improving our presence and scale in our e-commerce business.

- We will become Stronger by renewing our focus on driving holistic cost management throughout our organization to support our investments in advantaged capabilities, such as a highly agile and flexible end-to-end value chain; more precision around revenue management; and investing in data analytics that can provide more granularity around consumer insights. We also plan to continue investing to further expand global business services into new capabilities, which will enable better insight and support for our businesses at a lower cost. And we will remain focused on diversifying our workforce and reinforcing The PepsiCo Way, where we emphasize that employees act like owners to get things done quickly.
- We will become Better by further integrating purpose into our business strategy and brands by becoming planet positive, strengthening our roots in our communities, and advancing social justice. This includes supporting practices and technologies that improve farmer livelihoods and agricultural resiliency; using precious resources such as water more efficiently; accelerating our efforts to reduce greenhouse gas emissions throughout our value chain; driving progress toward a world where plastics need never become waste; advancing respect for human rights; and investing to promote shared prosperity in local communities where we live and work.

We believe these priorities will position our Company for long-term sustainable growth.

See also “Item 1A. Risk Factors” for further information about risks and uncertainties that the Company faces.

Our Operations

See “Item 1. Business” for information on our divisions and a description of our distribution network, ingredients and other supplies, brands and intellectual property rights, seasonality, customers, competition and human capital. In addition, see Note 1 to our consolidated financial statements for financial information about our divisions and geographic areas.

Other Relationships

Certain members of our Board of Directors also serve on the boards of certain vendors and customers. These Board members do not participate in our vendor selection and negotiations nor in our customer negotiations. Our transactions with these vendors and customers are in the normal course of business and are consistent with terms negotiated with other vendors and customers. In addition, certain of our employees serve on the boards of Pepsi Bottling Ventures LLC and other affiliated companies of PepsiCo and do not receive incremental compensation for such services.

Our Business Risks

COVID-19

Our global operations continue to expose us to risks associated with the COVID-19 pandemic, which continues to result in challenging operating environments and has affected almost all of the more than 200 countries and territories in which our products are made, manufactured, distributed or sold. Travel bans and restrictions, quarantines, curfews, restrictions on public gatherings, shelter in place and safer-at-home orders, business shutdowns and closures continue in many of these markets. These measures have impacted and will continue to impact us, our customers (including foodservice customers), consumers, employees, bottlers, contract manufacturers, distributors, joint venture partners, suppliers and other third parties with whom we do business, which may result in changes in demand for our products, increases in operating costs (whether as a result of changes to our supply chain or increases in employee costs, including expanded benefits and frontline incentives, costs associated with the provision of personal protective equipment and increased sanitation, or otherwise), or adverse impacts to our supply chain through reduced availability of air or other commercial transport, port closures or border restrictions, any

of which can impact our ability to make, manufacture, distribute and sell our products. In addition, measures that impact our ability to access our offices (several of which remain closed), plants, warehouses, distribution centers or other facilities, or that impact the ability of our customers (including our foodservice customers), consumers, bottlers, contract manufacturers, distributors, joint venture partners, suppliers and other third parties to do the same, may continue to impact the availability or productivity of our and their employees, many of whom are not able to perform their job functions remotely.

Public concern regarding the risk of contracting COVID-19 has impacted and may continue to impact demand from consumers, including due to consumers not leaving their homes or leaving their homes less often than they did prior to the start of the pandemic or otherwise shopping for and consuming food and beverage products in a different manner than they historically have or because some of our consumers have lower discretionary income due to unemployment or reduced or limited work as a result of measures taken in response to the pandemic. Even as governmental restrictions are relaxed and economies gradually, partially, or fully reopen in certain of these jurisdictions and markets, the ongoing economic impacts and health concerns associated with the pandemic may continue to affect consumer behavior, spending levels and shopping and consumption preferences. In addition, as a result of COVID-19, certain jurisdictions, such as certain states in Mexico, have enacted or are considering enacting new or expanded product labeling or warning requirements or limitations on the marketing or sale of certain of our products as a result of ingredients or substances contained in such products. Changes in consumer purchasing and consumption patterns may increase demand for our products in one quarter, resulting in decreased demand for our products in subsequent quarters, or in a lower-margin sales channel resulting in potentially reduced profit from sales of our products. We continue to see shifts in product and channel preferences as markets move through varying stages of restrictions and re-opening at different times, including changes in at-home consumption, in immediate consumption and away-from-home channels, such as convenience and gas and foodservice. In addition, we continue to see a rapid increase in demand in the e-commerce and online-to-offline channels and any failure to capitalize on this demand could adversely affect our ability to maintain and grow sales or category share and erode our competitive position.

Any reduced demand for our products or change in consumer purchasing and consumption patterns, as well as continued economic uncertainty, can adversely affect our customers' and business partners' financial condition, which can result in bankruptcy filings and/or an inability to pay for our products, reduced or canceled orders of our products, continued or additional closing of restaurants, stores, entertainment or sports complexes, schools or other venues in which our products are sold, or reduced capacity at any of the foregoing, or our business partners' inability to supply us with ingredients or other items necessary for us to make, manufacture, distribute or sell our products. Such adverse changes in our customers' or business partners' financial condition have also resulted and may continue to result in our recording additional charges for our inability to recover or collect any accounts receivable, owned or leased assets, including certain foodservice and vending and other equipment, or prepaid expenses. In addition, continued economic uncertainty associated with the COVID-19 pandemic has resulted in volatility in the global capital and credit markets which can impair our ability to access these markets on terms commercially acceptable to us, or at all.

While we have developed and implemented and continue to develop and implement health and safety protocols, business continuity plans and crisis management protocols in an effort to mitigate the negative impact of COVID-19 to our employees and our business, the extent of the impact of the pandemic on our business and financial results will continue to depend on numerous evolving factors that we are not able to accurately predict and which will vary by jurisdiction and market, including the duration and scope of the pandemic, the development and availability of effective treatments and vaccines, global economic conditions during and after the pandemic, governmental actions that have been taken, or may be taken in

the future, in response to the pandemic and changes in consumer behavior in response to the pandemic, some of which may be more than just temporary.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act)

The CARES Act was enacted on March 27, 2020 in the United States. The CARES Act and related notices include several significant provisions, such as delaying certain payroll tax payments, mandatory transition tax payments under the Tax Cuts and Jobs Act (TCJ Act) and estimated income tax payments. The CARES Act did not have a material impact on our financial results in 2020, including on our annual estimated effective tax rate or on our liquidity. We will continue to monitor and assess the impact similar legislation in other countries may have on our business and financial results.

Refer to the COVID-19 discussion above and Note 5 to our consolidated financial statements for further information.

Risks Associated with International Operations

We are subject to risks in the normal course of business. During the periods presented in this report, certain jurisdictions in which our products are made, manufactured, distributed or sold operated in a challenging environment, experiencing unstable economic, political and social conditions, civil unrest, natural disasters, debt and credit issues and currency controls or fluctuations. We continue to monitor the economic, operating and political environment in these markets closely and to identify actions to potentially mitigate any unfavorable impacts on our future results.

Imposition of Taxes and Regulations on our Products

Certain jurisdictions in which our products are made, manufactured, distributed or sold have either imposed, or are considering imposing, new or increased taxes or regulations on the manufacture, distribution or sale of our products or their packaging, ingredients or substances contained in, or attributes of, our products or their packaging, commodities used in the production of our products or their packaging or the recyclability or recoverability of our packaging. These taxes and regulations vary in scope and form. For example, some taxes apply to all beverages, including non-caloric beverages, while others apply only to beverages with a caloric sweetener (e.g., sugar). In addition, some regulations apply to all products using certain types of packaging (e.g., plastic), while others are designed to increase the sustainability of packaging, encourage waste reduction and increased recycling rates or facilitate the waste management process or restrict the sale of products in certain packaging.

We sell a wide variety of beverages, foods and snacks in more than 200 countries and territories and the profile of the products we sell, the amount of revenue attributable to such products and the type of packaging used vary by jurisdiction. Because of this, we cannot predict the scope or form potential taxes, regulations or other limitations on our products or their packaging may take, and therefore cannot predict the impact of such taxes, regulations or limitations on our financial results. In addition, taxes, regulations and limitations may impact us and our competitors differently. We continue to monitor existing and proposed taxes and regulations in the jurisdictions in which our products are made, manufactured, distributed and sold and to consider actions we may take to potentially mitigate the unfavorable impact, if any, of such taxes, regulations or limitations, including advocating alternative measures with respect to the imposition, form and scope of any such taxes, regulations or limitations.

Tax Cuts and Jobs Act

During the fourth quarter of 2017, the TCJ Act was enacted in the United States. The related provisional measurement period allowed by the SEC ended in the fourth quarter of 2018. While our accounting for the recorded impact of the TCJ Act was deemed to be complete, additional guidance issued by the IRS impacted our recorded amounts after December 29, 2018. For further information, see “Our Liquidity and

Capital Resources,” “Our Critical Accounting Policies” and Note 5 to our consolidated financial statements.

Other Tax Matters

On May 19, 2019, a public referendum held in Switzerland passed the Federal Act on Tax Reform and AHV Financing (TRAF), effective January 1, 2020. The enactment of certain provisions of the TRAF resulted in adjustments to our deferred taxes. During 2020, we recorded a net tax benefit of \$72 million related to the adoption of the TRAF in the Swiss Canton of Bern. During 2019, we recorded net tax expense of \$24 million related to the impact of the TRAF. See “Our Critical Accounting Policies” and Note 5 to our consolidated financial statements for further information.

Retail Landscape

Our industry continues to be affected by disruption of the retail landscape, including the rapid growth in sales through e-commerce websites and mobile commerce applications, including through subscription services, the integration of physical and digital operations among retailers and the international expansion of hard discounters. We have seen and expect to continue to see a further shift to e-commerce, online-to-offline, and other online purchasing by consumers, including as a result of the COVID-19 pandemic. We continue to monitor changes in the retail landscape and seek to identify actions we may take to build our global e-commerce and digital capabilities, such as expanding our direct-to-consumer business, and distribute our products effectively through all existing and emerging channels of trade and potentially mitigate any unfavorable impacts on our future results.

See also “Item 1A. Risk Factors,” “Executive Overview” above and “Market Risks” below for more information about these risks and the actions we have taken to address key challenges.

Risk Management Framework

The achievement of our strategic and operating objectives involves taking risks and that those risks may evolve over time. To identify, assess, prioritize, address, manage, monitor and communicate these risks across the Company’s operations, we leverage an integrated risk management framework. This framework includes the following:

- PepsiCo’s Board of Directors has oversight responsibility for PepsiCo’s integrated risk management framework. One of the Board’s primary responsibilities is overseeing and interacting with senior management with respect to key aspects of the Company’s business, including risk assessment and risk mitigation of the Company’s top risks. The Board receives updates on key risks throughout the year, including risks related to cybersecurity. During 2020, in addition to COVID-19 discussions as part of risk updates to the Board and the relevant Committees, the Board was provided with updates on COVID-19’s impact to our business, financial condition and operations through memos, teleconferences or other appropriate means of communication. In addition, the Board has tasked designated Committees of the Board with oversight of certain categories of risk management, and the Committees report to the Board regularly on these matters.
 - The Audit Committee of the Board reviews and assesses the guidelines and policies governing PepsiCo’s risk management and oversight processes, and assists the Board’s oversight of financial, compliance and employee safety risks facing PepsiCo;
 - The Compensation Committee of the Board reviews PepsiCo’s employee compensation policies and practices to assess whether such policies and practices could lead to unnecessary risk-taking behavior;

- The Nominating and Corporate Governance Committee assists the Board in its oversight of the Company's governance structure and other corporate governance matters, including succession planning; and
- The Sustainability, Diversity and Public Policy Committee of the Board assists the Board in its oversight of PepsiCo's policies, programs and related risks that concern key sustainability, diversity and inclusion, and public policy matters.
- The PepsiCo Risk Committee (PRC), which is comprised of a cross-functional, geographically diverse, senior management group, including PepsiCo's Chairman of the Board and Chief Executive Officer, meets regularly to identify, assess, prioritize and address top strategic, financial, operating, compliance, safety, reputational and other risks. The PRC is also responsible for reporting progress on our risk mitigation efforts to the Board;
- Division and key country risk committees, comprised of cross-functional senior management teams, meet regularly to identify, assess, prioritize and address division and country-specific business risks;
- PepsiCo's Risk Management Office, which manages the overall risk management process, provides ongoing guidance, tools and analytical support to the PRC and the division and key country risk committees, identifies and assesses potential risks and facilitates ongoing communication between the parties, as well as with PepsiCo's Board of Directors, the Audit Committee of the Board and other Committees of the Board;
- PepsiCo's Corporate Audit Department evaluates the ongoing effectiveness of our key internal controls through periodic audit and review procedures; and
- PepsiCo's Compliance & Ethics and Law Departments lead and coordinate our compliance policies and practices.

Market Risks

We are exposed to market risks arising from adverse changes in:

- commodity prices, affecting the cost of our raw materials and energy;
- foreign exchange rates and currency restrictions; and
- interest rates.

In the normal course of business, we manage commodity price, foreign exchange and interest rate risks through a variety of strategies, including productivity initiatives, global purchasing programs and hedging. Ongoing productivity initiatives involve the identification and effective implementation of meaningful cost-saving opportunities or efficiencies, including the use of derivatives. Our global purchasing programs include fixed-price contracts and purchase orders and pricing agreements. See "Item 1A. Risk Factors" for further discussion of our market risks, and see "Our Liquidity and Capital Resources" for further information on our non-cancelable purchasing commitments.

The fair value of our derivatives fluctuates based on market rates and prices. The sensitivity of our derivatives to these market fluctuations is discussed below. See Note 9 to our consolidated financial statements for further discussion of these derivatives and our hedging policies. See "Our Critical Accounting Policies" for a discussion of the exposure of our pension and retiree medical plan assets and liabilities to risks related to market fluctuations.

Inflationary, deflationary and recessionary conditions impacting these market risks also impact the demand for and pricing of our products. See "Item 1A. Risk Factors" for further discussion.

Commodity Prices

Our commodity derivatives had a total notional value of \$1.1 billion as of December 26, 2020 and December 28, 2019. At the end of 2020, the potential change in fair value of commodity derivative instruments, assuming a 10% decrease in the underlying commodity price, would have decreased our net unrealized gains in 2020 by \$121 million, which would generally be offset by a reduction in the cost of the underlying commodity purchases.

Foreign Exchange

Our operations outside of the United States generated 42% of our consolidated net revenue in 2020, with Mexico, Russia, Canada, the United Kingdom, China and South Africa, collectively, comprising approximately 21% of our consolidated net revenue in 2020. As a result, we are exposed to foreign exchange risks in the international markets in which our products are made, manufactured, distributed or sold. Additionally, we are exposed to foreign exchange risk from net investments in foreign subsidiaries, foreign currency purchases, foreign currency assets and liabilities created in the normal course of business. During 2020, unfavorable foreign exchange reduced net revenue growth by 2 percentage points, primarily due to declines in the Mexican peso, Russian ruble and Brazilian real. Currency declines against the U.S. dollar which are not offset could adversely impact our future financial results.

In addition, volatile economic, political and social conditions and civil unrest in certain markets in which our products are made, manufactured, distributed or sold, including in Argentina, Brazil, China, Mexico, the Middle East, Russia and Turkey, and currency controls or fluctuations in certain of these international markets, continue to, and the threat or imposition of new or increased tariffs or sanctions or other impositions in or related to these international markets may, result in challenging operating environments. We also continue to monitor the economic and political developments related to the United Kingdom's withdrawal from the European Union (Brexit), including the effects of the post-Brexit trade deal entered into between the United Kingdom and the European Union in December 2020, as well as the economic, operating and political environment in Russia and the potential impact for the Europe segment and our other businesses.

Our foreign currency derivatives had a total notional value of \$1.9 billion as of December 26, 2020 and December 28, 2019. At the end of 2020, we estimate that an unfavorable 10% change in the underlying exchange rates would have increased our net unrealized losses in 2020 by \$175 million, which would be significantly offset by an inverse change in the fair value of the underlying exposure.

The total notional amount of our debt instruments designated as net investment hedges was \$2.7 billion as of December 26, 2020 and \$2.5 billion as of December 28, 2019.

Interest Rates

Our interest rate derivatives had a total notional value of \$3.0 billion as of December 26, 2020 and \$5.0 billion as of December 28, 2019. Assuming year-end 2020 investment levels and variable rate debt, a 1-percentage-point increase in interest rates would have decreased our net interest expense in 2020 by \$80 million due to higher cash and cash equivalents and short-term investments levels, as compared with our variable rate debt.

OUR FINANCIAL RESULTS

Results of Operations — Consolidated Review

Volume

Physical or unit volume is one of the key metrics management uses internally to make operating and strategic decisions, including the preparation of our annual operating plan and the evaluation of our business performance. We believe volume provides additional information to facilitate the comparison of

our historical operating performance and underlying trends, and provides additional transparency on how we evaluate our business because it measures demand for our products at the consumer level.

Beverage volume includes volume of concentrate sold to independent bottlers and volume of finished products bearing company-owned or licensed trademarks and allied brand products and joint venture trademarks sold by company-owned bottling operations, including by our noncontrolled affiliates. Concentrate volume sold to independent bottlers is reported in concentrate shipments and equivalents (CSE), whereas finished beverage product volume is reported in bottler case sales (BCS). Both CSE and BCS convert all beverage volume to an 8-ounce-case metric. Typically, CSE and BCS are not equal in any given period due to seasonality, timing of product launches, product mix, bottler inventory practices and other factors. While our net revenue is not entirely based on BCS volume due to the independent bottlers in our supply chain, we believe that BCS is a better measure of the consumption of our beverage products. PBNA, LatAm, Europe, AMESA and APAC, either independently or in conjunction with third parties, make, market, distribute and sell ready-to-drink tea products through a joint venture with Unilever (under the Lipton brand name), and PBNA, either independently or in conjunction with third parties, makes, markets, distributes and sells ready-to-drink coffee products through a joint venture with Starbucks. In addition, APAC licenses the Tropicana brand for use in China on co-branded juice products in connection with a strategic alliance with Tingyi.

Food and snack volume includes volume sold by our subsidiaries and noncontrolled affiliates of snack products bearing company-owned or licensed trademarks. Internationally, we measure food and snack product volume in kilograms, while in North America we measure food and snack product volume in pounds. FLNA makes, markets, distributes and sells Sabra refrigerated dips and spreads through a joint venture with Strauss Group.

Consolidated Net Revenue and Operating Profit

	2020	2019	Change
Net revenue	\$ 70,372	\$ 67,161	5 %
Operating profit	\$ 10,080	\$ 10,291	(2)%
Operating profit margin	14.3 %	15.3 %	(1.0)

See “Results of Operations – Division Review” for a tabular presentation and discussion of key drivers of net revenue.

Operating profit decreased 2% and operating profit margin declined 1.0 percentage point. Operating profit performance was primarily driven by certain operating cost increases, partially offset by net revenue growth and productivity savings.

The charges taken as a result of the COVID-19 pandemic negatively impacted operating profit performance by 7 percentage points. See Note 1 to our consolidated financial statements for further information. Additionally, higher inventory fair value adjustments and merger and integration charges included in “Items Affecting Comparability” and unfavorable foreign exchange each negatively impacted operating profit performance by 2 percentage points.

Results of Operations — Division Review

See “Non-GAAP Measures” and “Items Affecting Comparability” for a discussion of items to consider when evaluating our results and related information regarding measures not in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

In the discussions of net revenue and operating profit below, “effective net pricing” reflects the year-over-year impact of discrete pricing actions, sales incentive activities and mix resulting from selling varying products in different package sizes and in different countries, and “net pricing” reflects the year-over-year combined impact of list price changes, weight changes per package, discounts and allowances. Additionally, “acquisitions and divestitures” reflect all mergers and acquisitions activity, including the impact of acquisitions, divestitures and changes in ownership or control in consolidated subsidiaries and nonconsolidated equity investees.

Net Revenue and Organic Revenue Growth

Organic revenue growth is a non-GAAP financial measure. For further information on this measure, see “Non-GAAP Measures.”

(b) Excludes the impact of acquisitions and divestitures. In certain instances, the impact of organic volume growth on net revenue growth differs from the unit volume growth disclosed in the following divisional discussions due to product mix, nonconsolidated joint venture volume, and, for our beverage businesses, temporary timing differences between BCS and CSE. Our net revenue excludes nonconsolidated joint venture volume, and, for our franchise-owned beverage businesses, is based on CSE.

Operating Profit, Operating Profit Adjusted for Items Affecting Comparability and Operating Profit Growth Adjusted for Items Affecting Comparability on a Constant Currency Basis

Operating profit adjusted for items affecting comparability and operating profit growth adjusted for items affecting comparability on a constant currency basis are both non-GAAP financial measures. For further information on these measures see “Non-GAAP Measures” and “Items Affecting Comparability.”

FLNA

Net revenue grew 7% and unit volume grew 3%. The net revenue growth was driven by effective net pricing and organic volume growth. The unit volume growth primarily reflects double-digit growth in variety packs and dips, and high-single-digit growth in trademark Tostitos and Ruffles, partially offset by a double-digit decline in nuts and seeds.

Operating profit increased 2%, primarily reflecting the net revenue growth and productivity savings, partially offset by certain operating cost increases. Additionally, the charges taken as a result of the COVID-19 pandemic reduced operating profit growth by 4 percentage points.

QFNA

Net revenue and unit volume each increased 10%. The net revenue growth reflects organic volume growth and favorable pricing, partially offset by unfavorable mix. The unit volume growth was driven by double-digit growth in oatmeal and pancake syrup and mix and high-single-digit growth in ready-to-eat cereals. The COVID-19 pandemic drove an increase in consumer demand, which had a positive impact on both net revenue and unit volume growth.

Operating profit grew 23%, reflecting the net revenue growth and productivity savings, partially offset by certain operating cost increases. Additionally, the charges taken as a result of the COVID-19 pandemic reduced operating profit growth by 3 percentage points.

PBNA

Net revenue increased 4%, primarily driven by effective net pricing, partially offset by a decrease in organic volume. Unit volume decreased 1%, driven by a 5% decrease in CSD volume, largely offset by a 4% increase in non-carbonated beverage (NCB) volume. The NCB volume increase primarily reflected a high-single-digit increase in Gatorade sports drinks, a double-digit increase in our energy portfolio, primarily due to acquisitions, and a low-single-digit increase in our overall water portfolio, partially offset by a mid-single-digit decrease in our juice and juice drinks portfolio. In addition, acquisitions contributed 2 percentage points to net revenue growth.

Operating profit decreased 11%, reflecting certain operating cost increases, including incremental information technology costs, a 14-percentage-point impact of the charges taken as a result of the COVID-19 pandemic and the organic volume decrease. These impacts were partially offset by the effective net pricing, productivity savings, lower advertising and marketing expenses, and a 4-percentage-point impact of lower commodity costs. Prior-year gains associated with sales of assets negatively impacted operating profit performance by 2 percentage points. Additionally, impairment charges associated with a coconut water brand negatively impacted operating profit performance by 2 percentage points. Acquisitions positively contributed 4 percentage points to operating profit performance.

In the fourth quarter of 2020, we received notice of termination without cause from Vital Pharmaceuticals, Inc., which would end our distribution rights of Bang Energy drinks, effective October 24, 2023.

LatAm

Net revenue decreased 8%, primarily reflecting an 11-percentage-point impact of unfavorable foreign exchange, partially offset by effective net pricing.

Snacks unit volume grew slightly, primarily reflecting low-single-digit growth in Brazil, partially offset by a slight decline in Mexico.

Beverage unit volume declined 1%, primarily reflecting a high-single-digit decline in Argentina, a mid-single-digit decline in Honduras and a low-single-digit decline in Guatemala, partially offset by double-digit growth in Brazil, low-single-digit growth in Mexico and mid-single-digit growth in Chile. The COVID-19 pandemic contributed to a decrease in consumer demand, which had a negative impact on beverage unit volume performance.

Operating profit decreased 10%, primarily reflecting certain operating cost increases and a 9-percentage-point impact of higher commodity costs due to transaction-related foreign exchange. These impacts were partially offset by productivity savings and the effective net pricing. Additionally, unfavorable foreign exchange and certain charges taken as a result of the COVID-19 pandemic negatively impacted operating profit performance by 11 percentage points and 8 percentage points, respectively.

Europe

Net revenue increased 2%, reflecting organic volume growth, partially offset by a 4-percentage-point impact of unfavorable foreign exchange.

Snacks unit volume grew 4%, primarily reflecting double-digit growth in Turkey, high-single-digit growth in the United Kingdom and France and mid-single-digit growth in the Netherlands, partially offset by a low-single-digit decline in Spain. Additionally, Russia and Poland each experienced low-single-digit growth.

Beverage unit volume grew 11%, primarily reflecting double-digit growth in Germany and France, partially offset by a mid-single-digit decline in Poland and a low-single-digit decline in Turkey. Additionally, Russia experienced low-single-digit growth and the United Kingdom experienced mid-single-digit growth.

Operating profit increased 2%, primarily reflecting the organic volume growth, productivity savings, a 4-percentage-point impact of lower restructuring and impairment charges, a 3-percentage-point impact of the prior-year inventory fair value adjustments and merger and integration charges primarily associated with our acquisition of SodaStream International Ltd. (SodaStream) and a 2-percentage-point impact of a gain on an asset sale. These impacts were partially offset by certain operating cost increases and a 2-percentage-point impact of higher commodity costs due to transaction-related foreign exchange. Additionally, the charges taken as a result of the COVID-19 pandemic and unfavorable foreign exchange reduced operating profit growth by 6 percentage points and 4 percentage points, respectively.

AMESA

Net revenue increased 25%, primarily reflecting a 28-percentage-point impact of the Pioneer Foods acquisition, partially offset by a 3-percentage-point impact of the prior-year refranchising of a portion of our beverage business in India. Net revenue was also negatively impacted by the COVID-19 pandemic.

Snacks unit volume grew 199%, primarily reflecting a 195-percentage-point impact of the Pioneer Foods acquisition, double-digit growth in Pakistan and mid-single-digit growth in the Middle East. Additionally, India and South Africa (excluding our Pioneer Foods acquisition) each experienced low-single-digit growth.

Beverage unit volume declined 5%, primarily reflecting a double-digit decline in India and a high-single-digit decline in Pakistan, partially offset by slight growth in the Middle East and low-single-digit growth in Nigeria. Our Pioneer Foods acquisition positively contributed 2 percentage points to beverage unit volume performance. The COVID-19 pandemic contributed to a decrease in consumer demand, which had a negative impact on beverage unit volume performance.

Operating profit decreased 11%, primarily reflecting certain operating cost increases, partially offset by productivity savings, lower advertising and marketing expenses and a 3-percentage-point impact of lower commodity costs. The inventory fair value adjustments and merger and integration charges associated with our Pioneer Foods acquisition negatively impacted operating profit performance by 24 percentage points and were partially offset by Pioneer Foods' 9-percentage-point positive contribution to operating profit performance. Additionally, the charges taken as a result of the COVID-19 pandemic negatively impacted operating profit performance by 5 percentage points.

APAC

Net revenue increased 18%, primarily reflecting a 10-percentage-point impact of our Be & Cheery acquisition, organic volume growth and effective net pricing.

Snacks unit volume grew 17%, primarily reflecting a 10-percentage-point impact of our Be & Cheery acquisition and double-digit growth in Indonesia, partially offset by a low-single-digit decline in Thailand. Additionally, China (excluding our Be & Cheery acquisition) and Australia each experienced mid-single-digit growth and Taiwan experienced low-single-digit growth.

Beverage unit volume grew 1%, primarily reflecting high-single-digit growth in China, partially offset by a double-digit decline in the Philippines, a mid-single-digit decline in Vietnam and a low-single-digit decline in Thailand. The COVID-19 pandemic contributed to a decrease in consumer demand, which had a negative impact on beverage unit volume growth.

Operating profit increased 24%, primarily reflecting the net revenue growth, productivity savings and a 10-percentage-point impact of lower restructuring and impairment charges, partially offset by certain operating cost increases and higher advertising and marketing expenses.

Other Consolidated Results

	2020	2019	Change
Other pension and retiree medical benefits income/(expense)	\$ 117	\$ (44)	\$ 161
Net interest expense and other	\$ (1,128)	\$ (935)	\$ (193)
Annual tax rate	20.9 %	21.0 %	
Net income attributable to PepsiCo ^(a)	\$ 7,120	\$ 7,314	(3)%
Net income attributable to PepsiCo per common share – diluted ^(a)	\$ 5.12	\$ 5.20	(2)%

(a) The charges taken as a result of the COVID-19 pandemic negatively impacted both net income attributable to PepsiCo performance and net income attributable to PepsiCo per common share performance by 8 percentage points. See Note 1 to our consolidated financial statements for further information.

Other pension and retiree medical benefits income increased \$161 million, primarily reflecting the recognition of fixed income gains on plan assets, the impact of discretionary plan contributions and higher prior-year settlement losses, partially offset by the decrease in discount rates.

Net interest expense and other increased \$193 million, primarily due to higher average debt balances, lower interest rates on cash, as well as lower gains on the market value of investments used to economically hedge a portion of our deferred compensation liability. These impacts were partially offset by lower interest rates on debt and higher average cash balances.

The reported tax rate decreased 0.1 percentage points, primarily reflecting the net tax benefits related to the TRAF, partially offset by an increase in reserves for uncertain tax positions in foreign jurisdictions.

Non-GAAP Measures

Certain financial measures contained in this Form 10-K adjust for the impact of specified items and are not in accordance with U.S. GAAP. We use non-GAAP financial measures internally to make operating and strategic decisions, including the preparation of our annual operating plan, evaluation of our overall business performance and as a factor in determining compensation for certain employees. We believe presenting non-GAAP financial measures in this Form 10-K provides additional information to facilitate comparison of our historical operating results and trends in our underlying operating results and provides additional transparency on how we evaluate our business. We also believe presenting these measures in this Form 10-K allows investors to view our performance using the same measures that we use in evaluating our financial and business performance and trends.

We consider quantitative and qualitative factors in assessing whether to adjust for the impact of items that may be significant or that could affect an understanding of our ongoing financial and business performance or trends. Examples of items for which we may make adjustments include: amounts related to mark-to-market gains or losses (non-cash); charges related to restructuring plans; amounts associated with mergers, acquisitions, divestitures and other structural changes; pension and retiree medical related items; charges or adjustments related to the enactment of new laws, rules or regulations, such as significant tax law changes; amounts related to the resolution of tax positions; tax benefits related to reorganizations of our operations; debt redemptions, cash tender or exchange offers; asset impairments (non-cash); and remeasurements of net monetary assets. See below and “Items Affecting Comparability” for a description of adjustments to our U.S. GAAP financial measures in this Form 10-K.

Non-GAAP information should be considered as supplemental in nature and is not meant to be considered in isolation or as a substitute for the related financial information prepared in accordance with U.S. GAAP. In addition, our non-GAAP financial measures may not be the same as or comparable to similar non-GAAP measures presented by other companies.

The following non-GAAP financial measures contained in this Form 10-K are discussed below:

Cost of sales, gross profit, selling, general and administrative expenses, other pension and retiree medical benefits income/expense, provision for income taxes, net income attributable to noncontrolling interests and net income attributable to PepsiCo, each adjusted for items affecting comparability, operating profit and net income attributable to PepsiCo per common share – diluted, each adjusted for items affecting comparability, and the corresponding constant currency growth rates

These measures exclude the net impact of mark-to-market gains and losses on centrally managed commodity derivatives that do not qualify for hedge accounting, restructuring and impairment charges related to our 2019 Multi-Year Productivity Plan (2019 Productivity Plan) and our 2014 Multi-Year Productivity Plan (2014 Productivity Plan), inventory fair value adjustments and merger and integration charges associated with our acquisitions, pension-related settlement charges and net tax related to the TCJ Act (see “Items Affecting Comparability” for a detailed description of each of these items). We also evaluate performance on operating profit, adjusted for items affecting comparability, and net income attributable to PepsiCo per common share – diluted, adjusted for items affecting comparability, each on a constant currency basis, which measure our financial results assuming constant foreign currency exchange rates used for translation based on the rates in effect for the comparable prior-year period. In order to compute our constant currency results, we multiply or divide, as appropriate, our current-year U.S. dollar results by the current-year average foreign exchange rates and then multiply or divide, as appropriate, those amounts by the prior-year average foreign exchange rates. We believe these measures provide useful information in evaluating the results of our business because they exclude items that we believe are not indicative of our ongoing performance.

Organic revenue growth

We define organic revenue growth as net revenue growth adjusted for the impact of foreign exchange translation, as well as the impact from acquisitions, divestitures and other structural changes. We believe organic revenue growth provides useful information in evaluating the results of our business because it excludes items that we believe are not indicative of ongoing performance or that we believe impact comparability with the prior year.

See “Net Revenue and Organic Revenue Growth” in “Results of Operations – Division Review” for further information.

Free cash flow

We define free cash flow as net cash provided by operating activities less capital spending, plus sales of property, plant and equipment. Since net capital spending is essential to our product innovation initiatives and maintaining our operational capabilities, we believe that it is a recurring and necessary use of cash. As such, we believe investors should also consider net capital spending when evaluating our cash from operating activities. Free cash flow is used by us primarily for acquisitions and financing activities, including debt repayments, dividends and share repurchases. Free cash flow is not a measure of cash available for discretionary expenditures since we have certain non-discretionary obligations such as debt service that are not deducted from the measure.

See “Free Cash Flow” in “Our Liquidity and Capital Resources” for further information.

Return on invested capital (ROIC) and net ROIC, excluding items affecting comparability

We define ROIC as net income attributable to PepsiCo plus interest expense after-tax divided by the sum of quarterly average debt obligations and quarterly average common shareholders' equity. Although ROIC is a common financial metric, numerous methods exist for calculating ROIC. Accordingly, the method used by management to calculate ROIC may differ from the methods other companies use to calculate their ROIC.

We believe this metric serves as a measure of how well we use our capital to generate returns. In addition, we use net ROIC, excluding items affecting comparability, to compare our performance over various reporting periods on a consistent basis because it removes from our operating results the impact of items that we believe are not indicative of our ongoing performance and reflects how management evaluates our operating results and trends. We define net ROIC, excluding items affecting comparability, as ROIC, adjusted for quarterly average cash, cash equivalents and short-term investments, after-tax interest income and items affecting comparability. We believe the calculation of ROIC and net ROIC, excluding items affecting comparability, provides useful information to investors and is an additional relevant comparison of our performance to consider when evaluating our capital allocation efficiency.

See "Return on Invested Capital" in "Our Liquidity and Capital Resources" for further information.

Mark-to-Market Net Impact

We centrally manage commodity derivatives on behalf of our divisions. These commodity derivatives include agricultural products, energy and metals. Commodity derivatives that do not qualify for hedge accounting treatment are marked to market each period with the resulting gains and losses recorded in corporate unallocated expenses as either cost of sales or selling, general and administrative expenses, depending on the underlying commodity. These gains and losses are subsequently reflected in division results when the divisions recognize the cost of the underlying commodity in operating profit. Therefore, the divisions realize the economic effects of the derivative without experiencing any resulting mark-to-market volatility, which remains in corporate unallocated expenses.

Restructuring and Impairment Charges

2019 Multi-Year Productivity Plan

The 2019 Productivity Plan, publicly announced on February 15, 2019, will leverage new technology and business models to further simplify, harmonize and automate processes; re-engineer our go-to-market and information systems, including deploying the right automation for each market; and simplify our organization and optimize our manufacturing and supply chain footprint. In connection with this plan, we expect to incur pre-tax charges of approximately \$2.5 billion, including cash expenditures of approximately \$1.6 billion. Plan to date through December 26, 2020, we have incurred pre-tax charges of \$797 million, including cash expenditures of \$518 million. In our 2021 financial results, we expect to incur pre-tax charges of approximately \$500 million, including cash expenditures of approximately \$400 million, with the balance to be reflected in our 2022 and 2023 financial results. These charges will be funded primarily through cash from operations. We expect to incur the majority of the remaining pre-tax charges and cash expenditures in our 2021 and 2022 results.

2014 Multi-Year Productivity Plan

The 2014 Productivity Plan was completed in 2019. The total plan pre-tax charges and cash expenditures approximated the previously disclosed plan estimates of \$1.3 billion and \$960 million, respectively.

See Note 3 to our consolidated financial statements for further information related to our 2019 and 2014 Productivity Plans. We regularly evaluate productivity initiatives beyond the productivity plans and other initiatives discussed above and in Note 3 to our consolidated financial statements.

Inventory Fair Value Adjustments and Merger and Integration Charges

In 2020, we recorded inventory fair value adjustments and merger and integration charges related to our acquisitions of BFY Brands, Inc. (BFY Brands), Rockstar, Pioneer Foods and Be & Cheery. Inventory fair value adjustments and merger and integration charges include fair value adjustments to the acquired

inventory included in the acquisition-date balance sheets and closing costs, employee-related costs, contract termination costs, changes in the fair value of contingent consideration and other integration costs. Merger and integration charges also include liabilities to support socioeconomic programs in South Africa, which are irrevocable conditions of our acquisition of Pioneer Foods.

In 2019, we recorded inventory fair value adjustments and merger and integration charges primarily related to SodaStream's acquired inventory included in acquisition-date balance sheet, as well as merger and integration charges, including employee-related costs.

See Note 14 to our consolidated financial statements for further information.

Pension-Related Settlement Charges

In 2020, we recorded a pension settlement charge related to lump sum distributions exceeding the total of annual service and interest cost.

In 2019, we recorded pension settlement charges related to the purchase of a group annuity contract and one-time lump sum payments to certain former employees who had vested benefits.

See Note 7 to our consolidated financial statements for further information.

Net Tax Related to the TCJ Act

During the fourth quarter of 2017, the TCJ Act was enacted in the United States. We recognized net tax benefits in 2019 related to the TCJ Act.

See Note 5 to our consolidated financial statements for further information.

Our Liquidity and Capital Resources

We believe that our cash generating capability and financial condition, together with our revolving credit facilities, working capital lines and other available methods of debt financing, such as commercial paper borrowings and long-term debt financing, will be adequate to meet our operating, investing and financing needs, including with respect to our net capital spending plans. Our primary sources of cash available to fund cash outflows, such as our anticipated dividend payments, debt repayments, payments for acquisitions, including the contingent consideration related to Rockstar, and the transition tax liability under the TCJ Act, include cash from operations, proceeds obtained from issuances of commercial paper and long-term debt and cash and cash equivalents. See “Item 1A. Risk Factors,” “Our Business Risks” and Note 8 to our consolidated financial statements for further information.

Our sources and uses of cash were not materially adversely impacted by COVID-19 in 2020 and, to date, we have not identified any material liquidity deficiencies as a result of the COVID-19 pandemic. Based on the information currently available to us, we do not expect the impact of COVID-19 to have a material impact on our liquidity. We will continue to monitor and assess the impact COVID-19 may have on our business and financial results. See Note 1 to our consolidated financial statements for further information. The CARES Act and related notices include several significant provisions, such as delaying certain payroll tax payments, mandatory transition tax payments under the TCJ Act and estimated income tax payments. The CARES Act did not have a material impact on our financial results in 2020, including on our annual estimated effective tax rate or on our liquidity. We will continue to monitor and assess the impact similar legislation in other countries may have on our business and financial results. See “Item 1A. Risk Factors” and “Our Business Risks” for further information related to the COVID-19 pandemic.

As of December 26, 2020, cash, cash equivalents and short-term investments in our consolidated subsidiaries subject to currency controls or currency exchange restrictions were not material.

The TCJ Act imposed a mandatory one-time transition tax on undistributed international earnings, including \$18.9 billion held in our consolidated subsidiaries outside the United States as of December 30, 2017. As of December 26, 2020, our mandatory transition tax liability was \$3.2 billion, which must be paid through 2026 under the provisions of the TCJ Act; we currently expect to pay approximately \$309 million of this liability in 2021. See “Credit Facilities and Long-Term Contractual Commitments.” Any additional guidance issued by the IRS may impact our recorded amounts for this transition tax liability. See Note 5 to our consolidated financial statements for further discussion of the TCJ Act.

As part of our evolving market practices, we work with our suppliers to optimize our terms and conditions, which include the extension of payment terms. Our current payment terms with a majority of our suppliers generally range from 60 to 90 days, which we deem to be commercially reasonable. We will continue to monitor economic conditions and market practice working with our suppliers to adjust as necessary. We also maintain voluntary supply chain finance agreements with several participating global financial institutions. Under these agreements, our suppliers, at their sole discretion, may elect to sell their accounts receivable with PepsiCo to these participating global financial institutions. Supplier participation in these financing arrangements is voluntary. Our suppliers negotiate their financing agreements directly with the respective global financial institutions and we are not a party to these agreements. These financing arrangements allow participating suppliers to leverage PepsiCo’s creditworthiness in establishing credit spreads and associated costs, which generally provides our suppliers with more favorable terms than they would be able to secure on their own. Neither PepsiCo nor any of its subsidiaries provide any guarantees to any third party in connection with these financing arrangements. We have no economic interest in our suppliers’ decision to participate in these agreements. Our obligations to our suppliers, including amounts due and scheduled payment terms, are not impacted. All outstanding amounts related to suppliers participating in such financing arrangements are recorded within

accounts payable and other current liabilities in our consolidated balance sheet. We have been informed by the participating financial institutions that as of December 26, 2020 and December 28, 2019, \$1.2 billion and \$1.1 billion, respectively, of our accounts payable to suppliers who participate in these financing arrangements are outstanding. These supply chain finance arrangements did not have a material impact on our liquidity or capital resources in the periods presented and we do not expect such arrangements to have a material impact on our liquidity or capital resources for the foreseeable future.

Furthermore, our cash provided from operating activities is somewhat impacted by seasonality. Working capital needs are impacted by weekly sales, which are generally highest in the third quarter due to seasonal and holiday-related sales patterns and generally lowest in the first quarter. On a continuing basis, we consider various transactions to increase shareholder value and enhance our business results, including acquisitions, divestitures, joint ventures, dividends, share repurchases, productivity and other efficiency initiatives and other structural changes. These transactions may result in future cash proceeds or payments.

The table below summarizes our cash activity:

	2020	2019
Net cash provided by operating activities	\$ 10,613	\$ 9,649
Net cash used for investing activities	\$ (11,619)	\$ (6,437)
Net cash provided by/(used for) financing activities	\$ 3,819	\$ (8,489)

Operating Activities

In 2020, net cash provided by operating activities was \$10.6 billion, compared to \$9.6 billion in the prior year. The increase in operating cash flow primarily reflects lower net cash tax payments and lower pre-tax pension and retiree medical plan contributions in the current year.

Investing Activities

In 2020, net cash used for investing activities was \$11.6 billion, primarily reflecting net cash paid in connection with our acquisitions of Rockstar of \$3.85 billion, Pioneer Foods of \$1.2 billion and Be & Cheery of \$0.7 billion, net capital spending of \$4.2 billion, as well as purchases of short-term investments with maturities greater than three months of \$1.1 billion.

In 2019, net cash used for investing activities was \$6.4 billion, primarily reflecting \$4.1 billion of net capital spending, as well as \$1.9 billion of the remaining cash paid in connection with our acquisition of SodaStream.

See Note 1 to our consolidated financial statements for further discussion of capital spending by division; see Note 9 to our consolidated financial statements for further discussion of our investments in debt securities; and see Note 14 to our consolidated financial statements for further discussion of our acquisitions.

We regularly review our plans with respect to net capital spending, including in light of the ongoing uncertainty caused by the COVID-19 pandemic on our business, and believe that we have sufficient liquidity to meet our net capital spending needs.

Financing Activities

In 2020, net cash provided by financing activities was \$3.8 billion, primarily reflecting proceeds from issuances of long-term debt of \$13.8 billion, partially offset by the return of operating cash flow to our shareholders through dividend payments and share repurchases of \$7.5 billion, payments of long-term debt borrowings of \$1.8 billion and debt redemptions of \$1.1 billion.

In 2019, net cash used for financing activities was \$8.5 billion, primarily reflecting the return of operating cash flow to our shareholders through dividend payments and share repurchases of \$8.3 billion, payments of long-term debt borrowings of \$4.0 billion and debt redemptions of \$1.0 billion, partially offset by proceeds from issuances of long-term debt of \$4.6 billion.

See Note 8 to our consolidated financial statements for further discussion of debt obligations.

We annually review our capital structure with our Board of Directors, including our dividend policy and share repurchase activity. On February 13, 2018, we announced the 2018 share repurchase program providing for the repurchase of up to \$15.0 billion of PepsiCo common stock which commenced on July 1, 2018 and will expire on June 30, 2021. In addition, on February 11, 2021, we announced a 5% increase in our annualized dividend to \$4.30 per share from \$4.09 per share, effective with the dividend expected to be paid in June 2021. We expect to return a total of approximately \$5.9 billion to shareholders in 2021, comprised of dividends of approximately \$5.8 billion and share repurchases of approximately \$100 million. We have recently completed our share repurchase activity and do not expect to repurchase any additional shares for the balance of 2021.

Free Cash Flow

The table below reconciles net cash provided by operating activities, as reflected in our cash flow statement, to our free cash flow. Free cash flow is a non-GAAP financial measure. For further information on free cash flow see “Non-GAAP Measures.”

	2020	2019	Change
Net cash provided by operating activities, GAAP measure	\$ 10,613	\$ 9,649	10 %
Capital spending	(4,240)	(4,232)	
Sales of property, plant and equipment	55	170	
Free cash flow, non-GAAP measure	<u>\$ 6,428</u>	<u>\$ 5,587</u>	15 %

We use free cash flow primarily for acquisitions and financing activities, including debt repayments, dividends and share repurchases. We expect to continue to return free cash flow to our shareholders through dividends and share repurchases while maintaining Tier 1 commercial paper access, which we believe will facilitate appropriate financial flexibility and ready access to global capital and credit markets at favorable interest rates. However, see “Item 1A. Risk Factors” and “Our Business Risks” for certain factors that may impact our credit ratings or our operating cash flows.

Any downgrade of our credit ratings by a credit rating agency, especially any downgrade to below investment grade, whether or not as a result of our actions or factors which are beyond our control, could increase our future borrowing costs and impair our ability to access capital and credit markets on terms commercially acceptable to us, or at all. In addition, any downgrade of our current short-term credit ratings could impair our ability to access the commercial paper market with the same flexibility that we have experienced historically, and therefore require us to rely more heavily on more expensive types of debt financing. See “Item 1A. Risk Factors,” “Our Business Risks” and Note 8 to our consolidated financial statements for further discussion.

Credit Facilities and Long-Term Contractual Commitments

See Note 8 to our consolidated financial statements for a description of our credit facilities.

The following table summarizes our long-term contractual commitments by period:

	Payments Due by Period ^(a)

Total contractual commitments	\$ 66,321	\$ 3,448	\$ 11,920	\$ 10,395	\$ 40,558

(a) Based on year-end foreign exchange rates.

(b) Excludes \$3,358 million related to current maturities of debt, \$40 million related to the fair value adjustments for debt acquired in acquisitions and interest rate swaps and payments of \$260 million related to unamortized net discounts.

(c) Primarily reflects building leases. See Note 13 to our consolidated financial statements for further information on operating leases.

(d) Reflects our transition tax liability as of December 26, 2020, which must be paid through 2026 under the provisions of the TCJ Act.

(e) Reflects contingent consideration related to estimated future tax benefits associated with our acquisition of Rockstar. Also reflects commitments to support socioeconomic programs in South Africa, which are irrevocable conditions of our acquisition of Pioneer Foods. See Note 9 and Note 14 to our consolidated financial statements for further information.

(f) Interest payments on floating-rate debt are estimated using interest rates effective as of December 26, 2020. Includes accrued interest of \$352 million as of December 26, 2020.

(g) Reflects non-cancelable commitments, primarily for the purchase of commodities and outsourcing services in the normal course of business and does not include purchases that we are likely to make based on our plans but are not obligated to incur.

(h) Reflects non-cancelable commitments, primarily for sports marketing in the normal course of business.

(i) Reflects our commitment to incur capital expenditures and/or business-related costs associated with our acquisition of Pioneer Foods. See Note 14 to our consolidated financial statements for further information.

Reserves for uncertain tax positions are excluded from the table above as we are unable to reasonably predict the ultimate amount or timing of any such settlements. Bottler funding to independent bottlers is not reflected in the table above as it is negotiated on an annual basis. Accrued liabilities for pension and retiree medical plans are not reflected in the table above. See Note 7 to our consolidated financial statements for further information regarding our pension and retiree medical obligations.

Off-Balance-Sheet Arrangements

We do not have guarantees or other off-balance-sheet financing arrangements, including variable interest entities, that we believe could have a material impact on our financial condition or liquidity.

We coordinate, on an aggregate basis, the contract negotiations of raw material requirements, including sweeteners, aluminum cans and plastic bottles and closures for us and certain of our independent bottlers. Once we have negotiated the contracts, the bottlers order and take delivery directly from the supplier and pay the suppliers directly. Consequently, transactions between our independent bottlers and suppliers are not reflected in our consolidated financial statements. As the contracting party, we could be liable to these suppliers in the event of any nonpayment by our independent bottlers, but we consider this exposure to be remote.

Return on Invested Capital

ROIC is a non-GAAP financial measure. For further information on ROIC, see “Non-GAAP Measures.”

OUR CRITICAL ACCOUNTING POLICIES

An appreciation of our critical accounting policies is necessary to understand our financial results. These policies may require management to make difficult and subjective judgments regarding uncertainties, including those related to the COVID-19 pandemic, and as a result, such estimates may significantly impact our financial results. The precision of these estimates and the likelihood of future changes depend on a number of underlying variables and a range of possible outcomes. We applied our critical accounting policies and estimation methods consistently in all material respects and for all periods presented. We have discussed our critical accounting policies with our Audit Committee.

Our critical accounting policies are:

- revenue recognition;
- goodwill and other intangible assets;
- income tax expense and accruals; and
- pension and retiree medical plans.

Revenue Recognition

We recognize revenue when our performance obligation is satisfied. Our primary performance obligation (the distribution and sales of beverage products and food and snack products) is satisfied upon the shipment or delivery of products to our customers, which is also when control is transferred. The transfer of control of products to our customers is typically based on written sales terms that do not allow for a right of return. However, our policy for DSD, including certain chilled products, is to remove and replace damaged and out-of-date products from store shelves to ensure that consumers receive the product quality and freshness they expect. Similarly, our policy for certain warehouse-distributed products is to replace damaged and out-of-date products. As a result, we record reserves, based on estimates, for anticipated damaged and out-of-date products. We recorded \$20 million of reserves for product returns in 2020 as a result of the COVID-19 pandemic. See Note 1 to our consolidated financial statements for further information.

Our products are sold for cash or on credit terms. Our credit terms, which are established in accordance with local and industry practices, typically require payment within 30 days of delivery in the United States, and generally within 30 to 90 days internationally, and may allow discounts for early payment. There were no material changes in credit terms as a result of the COVID-19 pandemic.

We estimate and reserve for our expected credit loss exposure based on our experience with past due accounts and collectibility, write-off history, the aging of accounts receivable, our analysis of customer data, and forward-looking information (including the expected impact of the global economic uncertainty related to the COVID-19 pandemic), leveraging estimates of creditworthiness and projections of default and recovery rates for certain of our customers (including foodservice and vending businesses). We recorded an allowance for expected credit losses of \$56 million in 2020 as a result of the COVID-19 pandemic. See Note 1 to our consolidated financial statements for further information.

Our policy is to provide customers with product when needed. In fact, our commitment to freshness and product dating serves to regulate the quantity of product shipped or delivered. In addition, DSD products are placed on the shelf by our employees with customer shelf space and storerooms limiting the quantity of product. For product delivered through other distribution networks, we monitor customer inventory levels.

As discussed in “Our Customers” in “Item 1. Business,” we offer sales incentives and discounts through various programs to customers and consumers. Total marketplace spending includes sales incentives, discounts, advertising and other marketing activities. Sales incentives and discounts are primarily accounted for as a reduction of revenue and include payments to customers for performing activities on our behalf, such as payments for in-store displays, payments to gain distribution of new products, payments for shelf space and discounts to promote lower retail prices. Sales incentives and discounts also include support provided to our independent bottlers through funding of advertising and other marketing activities.

A number of our sales incentives, such as bottler funding to independent bottlers and customer volume rebates, are based on annual targets, and accruals are established during the year, as products are delivered, for the expected payout, which may occur after year end once reconciled and settled. These accruals are based on contract terms and our historical experience with similar programs and require management judgment with respect to estimating customer and consumer participation and performance levels. Differences between estimated expense and actual incentive costs are normally insignificant and are recognized in earnings in the period such differences are determined. In addition, certain advertising and marketing costs are also based on annual targets and recognized during the year as incurred.

See Note 2 to our consolidated financial statements for further information on our revenue recognition and related policies, including total marketplace spending.

Goodwill and Other Intangible Assets

We sell products under a number of brand names, many of which were developed by us. Brand development costs are expensed as incurred. We also purchase brands and other intangible assets in acquisitions. In a business combination, the consideration is first assigned to identifiable assets and liabilities, including brands and other intangible assets, based on estimated fair values, with any excess recorded as goodwill. Determining fair value requires significant estimates and assumptions, including those related to the COVID-19 pandemic, based on an evaluation of a number of factors, such as marketplace participants, product life cycles, market share, consumer awareness, brand history and future expansion expectations, amount and timing of future cash flows and the discount rate applied to the cash flows.

We believe that a brand has an indefinite life if it has a history of strong revenue and cash flow performance and we have the intent and ability to support the brand with marketplace spending for the foreseeable future. If these indefinite-lived brand criteria are not met, brands are amortized over their expected useful lives, which generally range from 20 to 40 years. Determining the expected life of a brand requires management judgment and is based on an evaluation of a number of factors, including market share, consumer awareness, brand history, future expansion expectations and regulatory restrictions, as well as the macroeconomic environment of the countries in which the brand is sold.

In connection with previous acquisitions, we reacquired certain franchise rights which provided the exclusive and perpetual rights to manufacture and/or distribute beverages for sale in specified territories. In determining the useful life of these franchise rights, many factors were considered, including the pre-existing perpetual bottling arrangements, the indefinite period expected for these franchise rights to contribute to our future cash flows, as well as the lack of any factors that would limit the useful life of these franchise rights to us, including legal, regulatory, contractual, competitive, economic or other factors. Therefore, certain of these franchise rights are considered as indefinite-lived. Franchise rights that are not considered indefinite-lived are amortized over the remaining contractual period of the contract in which the right was granted.

Indefinite-lived intangible assets and goodwill are not amortized and, as a result, are assessed for impairment at least annually, using either a qualitative or quantitative approach. We perform this annual assessment during our third quarter, or more frequently if circumstances indicate that the carrying value may not be recoverable. Where we use the qualitative assessment, first we determine if, based on qualitative factors, it is more likely than not that an impairment exists. Factors considered include macroeconomic (including those related to the COVID-19 pandemic), industry and competitive conditions, legal and regulatory environment, historical financial performance and significant changes in the brand or reporting unit. If the qualitative assessment indicates that it is more likely than not that an impairment exists, then a quantitative assessment is performed.

In the quantitative assessment for indefinite-lived intangible assets and goodwill, estimated fair value is determined using discounted cash flows and requires an analysis of several estimates including future cash flows or income consistent with management's strategic business plans, annual sales growth rates, perpetuity growth assumptions and the selection of assumptions underlying a discount rate (weighted-average cost of capital) based on market data available at the time. Significant management judgment is necessary to estimate the impact of competitive operating, macroeconomic and other factors (including those related to the COVID-19 pandemic) to estimate future levels of sales, operating profit or cash flows. All assumptions used in our impairment evaluations for indefinite-lived intangible assets and goodwill, such as forecasted growth rates (including perpetuity growth assumptions) and weighted-average cost of capital, are based on the best available market information and are consistent with our internal forecasts and operating plans. A deterioration in these assumptions could adversely impact our results. These

assumptions could be adversely impacted by certain of the risks described in “Item 1A. Risk Factors” and “Our Business Risks.”

Amortizable intangible assets are only evaluated for impairment upon a significant change in the operating or macroeconomic environment. If an evaluation of the undiscounted future cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on its discounted future cash flows.

See Note 2 and Note 4 to our consolidated financial statements for further information.

Income Tax Expense and Accruals

Our annual tax rate is based on our income, statutory tax rates and tax structure and transactions, including transfer pricing arrangements, available to us in the various jurisdictions in which we operate. Significant judgment is required in determining our annual tax rate and in evaluating our tax positions. We establish reserves when, despite our belief that our tax return positions are fully supportable, we believe that certain positions are subject to challenge and that we likely will not succeed. We adjust these reserves, as well as the related interest, in light of changing facts and circumstances, such as the progress of a tax audit, new tax laws, relevant court cases or tax authority settlements. See “Item 1A. Risk Factors” for further discussion.

An estimated annual effective tax rate is applied to our quarterly operating results. In the event there is a significant or unusual item recognized in our quarterly operating results, the tax attributable to that item is separately calculated and recorded at the same time as that item. We consider the tax adjustments from the resolution of prior-year tax matters to be among such items.

Tax law requires items to be included in our tax returns at different times than the items are reflected in our consolidated financial statements. As a result, our annual tax rate reflected in our consolidated financial statements is different than that reported in our tax returns (our cash tax rate). Some of these differences are permanent, such as expenses that are not deductible in our tax return, and some differences reverse over time, such as depreciation expense. These temporary differences create deferred tax assets and liabilities. Deferred tax assets generally represent items that can be used as a tax deduction or credit in our tax returns in future years for which we have already recorded the tax benefit on our consolidated financial statements. We establish valuation allowances for our deferred tax assets if, based on the available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax liabilities generally represent tax expense recognized in our consolidated financial statements for which payment has been deferred, or expense for which we have already taken a deduction in our tax return but have not yet recognized as expense in our consolidated financial statements.

During the fourth quarter of 2017, the TCJ Act was enacted in the United States. Among its many provisions, the TCJ Act imposed a mandatory one-time transition tax on undistributed international earnings and reduced the U.S. corporate income tax rate from 35% to 21%, effective January 1, 2018. We recorded a net tax benefit of \$28 million (\$0.02 per share) in 2018 related to the TCJ Act. The related provisional measurement period allowed by the SEC ended in the fourth quarter of 2018. While our accounting for the recorded impact of the TCJ Act was deemed to be complete, additional guidance issued by the IRS impacted our recorded amounts after December 29, 2018. In 2019, we recognized a net tax benefit totaling \$8 million (\$0.01 per share) related to the TCJ Act. See further information in “Items Affecting Comparability.”

On May 19, 2019, a public referendum held in Switzerland passed the TRAF, effective January 1, 2020. The enactment of certain provisions of the TRAF resulted in adjustments to our deferred taxes. During 2020, we recorded a net tax benefit of \$72 million related to the adoption of the TRAF in the

Swiss Canton of Bern. During 2019, we recorded net tax expense of \$24 million related to the impact of the TRAF.

In 2020, our annual tax rate was 20.9% compared to 21.0% in 2019. See “Other Consolidated Results” for further information.

See Note 5 to our consolidated financial statements for further information.

Pension and Retiree Medical Plans

Our pension plans cover certain employees in the United States and certain international employees. Benefits are determined based on either years of service or a combination of years of service and earnings. Certain U.S. and Canada retirees are also eligible for medical and life insurance benefits (retiree medical) if they meet age and service requirements. Generally, our share of retiree medical costs is capped at specified dollar amounts, which vary based upon years of service, with retirees contributing the remainder of the cost. In addition, we have been phasing out certain subsidies of retiree medical benefits.

In 2020, lump sum distributions exceeded the total of annual service and interest cost and triggered a pre-tax settlement charge in the PepsiCo Employees Retirement Plan A (Plan A) of \$205 million (\$158 million after-tax or \$0.11 per share).

In 2020, we adopted an amendment to the U.S. defined benefit pension plans to freeze benefit accruals for salaried participants, effective December 31, 2025. Since 2011, salaried new hires are not eligible to participate in the defined benefit plan. After the effective date, all salaried participants will receive an employer contribution to the 401(k) savings plan based on age and years of service regardless of employee contribution and will have the opportunity to receive employer contributions to match employee contributions up to defined limits. As a result of this amendment, pension benefits pre-tax expense is expected to decrease by approximately \$70 million in 2021, primarily impacting corporate unallocated expenses.

In 2020, we approved an amendment to reorganize the U.S. qualified defined benefit pension plans that resulted in the transfer of certain participants from Plan A to the PepsiCo Employees Retirement Plan I (Plan I) and to a newly created plan, the PepsiCo Employees Retirement Hourly Plan (Plan H), effective January 1, 2021. The benefits offered to the plans’ participants were unchanged. The reorganization will facilitate a more targeted investment strategy and provide additional flexibility in evaluating opportunities to reduce risk and volatility. No material impact to pension benefit pre-tax expense is expected from this reorganization.

In 2020, we adopted an amendment, effective January 1, 2021, to enhance the pay credit benefits of certain participants in Plan H. As a result of this amendment, pension benefits pre-tax expense is expected to increase approximately \$45 million in 2021, primarily impacting service cost expense.

In 2019, Plan A purchased a group annuity contract whereby a third-party insurance company assumed the obligation to pay and administer future annuity payments for certain retirees. This transaction triggered a pre-tax settlement charge in 2019 of \$220 million (\$170 million after-tax or \$0.12 per share).

Also in 2019, certain former employees who had vested benefits in our U.S. defined benefit pension plans were offered the option of receiving a one-time lump sum payment equal to the present value of the participant’s pension benefit. This transaction triggered a pre-tax settlement charge in 2019 of \$53 million (\$41 million after-tax or \$0.03 per share). Collectively, the group annuity contract and one-time lump sum payments to certain former employees who had vested benefits resulted in settlement charges in 2019 of \$273 million (\$211 million after-tax or \$0.15 per share).

See “Items Affecting Comparability” and Note 7 to our consolidated financial statements.

Our Assumptions

The determination of pension and retiree medical expenses and obligations requires the use of assumptions to estimate the amount of benefits that employees earn while working, as well as the present value of those benefits. Annual pension and retiree medical expense amounts are principally based on four components: (1) the value of benefits earned by employees for working during the year (service cost), (2) the increase in the projected benefit obligation due to the passage of time (interest cost), and (3) other gains and losses as discussed in Note 7 to our consolidated financial statements, reduced by (4) the expected return on assets for our funded plans.

Significant assumptions used to measure our annual pension and retiree medical expenses include:

- certain employee-related demographic factors, such as turnover, retirement age and mortality;
- the expected return on assets in our funded plans;
- for pension expense, the rate of salary increases for plans where benefits are based on earnings;
- for retiree medical expense, health care cost trend rates; and
- for pension and retiree medical expense, the spot rates along the yield curve used to determine service and interest costs and the present value of liabilities.

Certain assumptions reflect our historical experience and management's best judgment regarding future expectations. All actuarial assumptions are reviewed annually, except in the case of an interim remeasurement due to a significant event such as a curtailment or settlement. Due to the significant management judgment involved, these assumptions could have a material impact on the measurement of our pension and retiree medical expenses and obligations.

At each measurement date, the discount rates are based on interest rates for high-quality, long-term corporate debt securities with maturities comparable to those of our liabilities. Our U.S. obligation and pension and retiree medical expense is based on the discount rates determined using the Mercer Above Mean Curve. This curve includes bonds that closely match the timing and amount of our expected benefit payments and reflects the portfolio of investments we would consider to settle our liabilities.

See Note 7 to our consolidated financial statements for information about the expected rate of return on plan assets and our plans' investment strategy. Although we review our expected long-term rates of return on an annual basis, our asset returns in a given year do not significantly influence our evaluation of long-term rates of return.

The health care trend rate used to determine our retiree medical plans' obligation and expense is reviewed annually. Our review is based on our claims experience, information provided by our health plans and actuaries, and our knowledge of the health care industry. Our review of the trend rate considers factors such as demographics, plan design, new medical technologies and changes in medical carriers.

Weighted-average assumptions for pension and retiree medical expense are as follows:

	2021	2020	2019
Pension			
Service cost discount rate	2.6 %	3.4 %	4.4 %
Interest cost discount rate	1.9 %	2.8 %	3.9 %
Expected rate of return on plan assets	6.2 %	6.6 %	6.8 %
Expected rate of salary increases	3.1 %	3.2 %	3.2 %
Retiree medical			
Service cost discount rate	2.3 %	3.2 %	4.3 %
Interest cost discount rate	1.6 %	2.6 %	3.8 %
Expected rate of return on plan assets	5.4 %	5.8 %	6.6 %
Current health care cost trend rate	5.5 %	5.6 %	5.7 %

In 2020, lump sum distributions exceeded the total of annual service and interest cost and triggered a pre-tax settlement charge in Plan A. In addition, based on our assumptions, we expect our total pension and retiree medical expense to decrease in 2021 primarily reflecting the recognition of fixed income gains on plan assets, the impact of discretionary plan contributions and plan changes, partially offset by lower discount rates and lower rate of expected returns on U.S. plan assets.

Sensitivity of Assumptions

A decrease in each of the collective discount rates or in the expected rate of return assumptions would increase expense for our benefit plans. A 25-basis-point decrease in each of the above discount rates and expected rate of return assumptions would individually increase 2021 pre-tax pension and retiree medical expense as follows:

Assumption	Amount
Discount rates used in the calculation of expense	\$ 55
Expected rate of return	\$ 50

Funding

We make contributions to pension trusts that provide plan benefits for certain pension plans. These contributions are made in accordance with applicable tax regulations that provide for current tax deductions for our contributions and taxation to the employee only upon receipt of plan benefits. Generally, we do not fund our pension plans when our contributions would not be currently tax deductible. As our retiree medical plans are not subject to regulatory funding requirements, we generally fund these plans on a pay-as-you-go basis, although we periodically review available options to make additional contributions toward these benefits.

In November 2020, we received approval from our Board of Directors to make discretionary contributions of \$500 million to our U.S. qualified defined benefit plans. We contributed \$300 million of the approved amount in January 2021; we expect to contribute the remaining \$200 million in the third quarter of 2021. We made discretionary contributions to our U.S. qualified defined benefit plans of \$325 million in 2020 and \$400 million in 2019.

Our pension and retiree medical contributions are subject to change as a result of many factors, such as changes in interest rates, deviations between actual and expected asset returns and changes in tax or other benefit laws. We continue to monitor the impact of the COVID-19 pandemic and related global economic conditions and uncertainty on the net unfunded status of our pension and retiree medical plans. We regularly evaluate different opportunities to reduce risk and volatility associated with our pension and retiree medical plans. See Note 7 to our consolidated financial statements for our past and expected contributions and estimated future benefit payments.

Notes to Consolidated Financial Statements

Note 1 — Basis of Presentation and Our Divisions

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with U.S. GAAP and include the consolidated accounts of PepsiCo, Inc. and the affiliates that we control. In addition, we include our share of the results of certain other affiliates using the equity method based on our economic ownership interest, our ability to exercise significant influence over the operating or financial decisions of these affiliates or our ability to direct their economic resources. We do not control these other affiliates, as our ownership in these other affiliates is generally 50% or less. Intercompany balances and transactions are eliminated. As a result of exchange restrictions and other operating restrictions, we do not have control over our Venezuelan subsidiaries. As such, our Venezuelan subsidiaries are not included within our consolidated financial results for any period presented.

Raw materials, direct labor and plant overhead, as well as purchasing and receiving costs, costs directly related to production planning, inspection costs and raw materials handling facilities, are included in cost of sales. The costs of moving, storing and delivering finished product, including merchandising activities, are included in selling, general and administrative expenses.

The preparation of our consolidated financial statements requires us to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent assets and liabilities. Estimates are used in determining, among other items, sales incentives accruals, tax reserves, share-based compensation, pension and retiree medical accruals, amounts and useful lives for intangible assets and future cash flows associated with impairment testing for indefinite-lived brands, goodwill and other long-lived assets. We evaluate our estimates on an ongoing basis using our historical experience, as well as other factors we believe appropriate under the circumstances, such as current economic conditions, and adjust or revise our estimates as circumstances change. The business and economic uncertainty resulting from the COVID-19 pandemic has made such estimates and assumptions more difficult to calculate. As future events and their effect cannot be determined with precision, actual results could differ significantly from those estimates.

Our fiscal year ends on the last Saturday of each December, resulting in an additional week of results every five or six years. While our North America results are reported on a weekly calendar basis, substantially all of our international operations report on a monthly calendar basis. Certain operations in our Europe segment report on a weekly calendar basis. The following chart details our quarterly reporting schedule for the three years presented:

Quarter	United States and Canada	International
First Quarter	12 weeks	January, February
Second Quarter	12 weeks	March, April and May
Third Quarter	12 weeks	June, July and August
Fourth Quarter	16 weeks	September, October, November and December

Unless otherwise noted, tabular dollars are in millions, except per share amounts. All per share amounts reflect common per share amounts, assume dilution unless otherwise noted, and are based on unrounded amounts. Certain reclassifications were made to the prior year's consolidated financial statements to conform to the current year presentation.

Our Divisions

We are organized into seven reportable segments (also referred to as divisions), as follows:

- 1) FLNA, which includes our branded food and snack businesses in the United States and Canada;
- 2) QFNA, which includes our cereal, rice, pasta and other branded food businesses in the United States and Canada;
- 3) PBNA, which includes our beverage businesses in the United States and Canada;
- 4) LatAm, which includes all of our beverage, food and snack businesses in Latin America;
- 5) Europe, which includes all of our beverage, food and snack businesses in Europe;
- 6) AMESA, which includes all of our beverage, food and snack businesses in Africa, the Middle East and South Asia; and
- 7) APAC, which includes all of our beverage, food and snack businesses in Asia Pacific, Australia and New Zealand and China region.

Through our operations, authorized bottlers, contract manufacturers and other third parties, we make, market, distribute and sell a wide variety of convenient beverages, foods and snacks, serving customers and consumers in more than 200 countries and territories with our largest operations in the United States, Mexico, Russia, Canada, the United Kingdom, China and South Africa.

The accounting policies for the divisions are the same as those described in Note 2, except for the following allocation methodologies:

- share-based compensation expense;
- pension and retiree medical expense; and
- derivatives.

Share-Based Compensation Expense

Our divisions are held accountable for share-based compensation expense and, therefore, this expense is allocated to our divisions as an incremental employee compensation cost.

The allocation of share-based compensation expense of each division is as follows:

	2020	2019	2018
FLNA	13 %	13 %	13 %
QFNA	1 %	1 %	1 %
PBNA	18 %	17 %	18 %
LatAm	6 %	7 %	8 %
Europe	16 %	17 %	9 %
AMESA	6 %	3 %	4 %
APAC	2 %	5 %	4 %
Corporate unallocated expenses	38 %	37 %	43 %

The expense allocated to our divisions excludes any impact of changes in our assumptions during the year which reflect market conditions over which division management has no control. Therefore, any variances between allocated expense and our actual expense are recognized in corporate unallocated expenses.

Pension and Retiree Medical Expense

Pension and retiree medical service costs measured at fixed discount rates are reflected in division results. The variance between the fixed discount rate used to determine the service cost reflected in division results and the discount rate as disclosed in Note 7 is reflected in corporate unallocated expenses.

Derivatives

We centrally manage commodity derivatives on behalf of our divisions. These commodity derivatives include agricultural products, energy and metals. Commodity derivatives that do not qualify for hedge accounting treatment are marked to market each period with the resulting gains and losses recorded in corporate unallocated expenses as either cost of sales or selling, general and administrative expenses, depending on the underlying commodity. These gains and losses are subsequently reflected in division results when the divisions recognize the cost of the underlying commodity in operating profit. Therefore, the divisions realize the economic effects of the derivative without experiencing any resulting mark-to-market volatility, which remains in corporate unallocated expenses. These derivatives hedge underlying commodity price risk and were not entered into for trading or speculative purposes.

Net Revenue and Operating Profit

Net revenue and operating profit of each division are as follows:

	Net Revenue			Operating Profit		
	2020	2019	2018	2020	2019	2018
FLNA	\$ 18,189	\$ 17,078	\$ 16,346	\$ 5,340	\$ 5,258	\$ 5,008
QFNA	2,742	2,482	2,465	669	544	637
PBNA	22,559	21,730	21,072	1,937	2,179	2,276

(a) In 2020, the increase in net revenue primarily reflects our acquisition of Pioneer Foods. See Note 14 for further information.

(b) In 2020, the increase in net revenue primarily reflects our acquisition of Be & Cheery. See Note 14 for further information.

Our primary performance obligation is the distribution and sales of beverage and food and snack products to our customers. The following tables reflect the approximate percentage of net revenue generated between our beverage business and our food and snack business for each of our international divisions, as well as our consolidated net revenue:

	2020		2019		2018	
	Beverage ^(a)	Food/Snack	Beverage ^(a)	Food/Snack	Beverage ^(a)	Food/Snack
LatAm	10 %	90 %	10 %	90 %	10 %	90 %

AMESA ^(b)	30 %	70 %	40 %	60 %	45 %	55 %
APAC	25 %	75 %	25 %	75 %	25 %	75 %
PepsiCo	45 %	55 %	45 %	55 %	45 %	55 %

(a) Beverage revenue from company-owned bottlers, which primarily includes our consolidated bottling operations in our PBNA and Europe segments, is approximately 40% of our consolidated net revenue in 2020, 2019 and 2018. Generally, our finished goods beverage operations produce higher net revenue, but lower operating margins as compared to concentrate sold to authorized bottling partners for the manufacture of finished goods beverages.

(b) The increase in the approximate percentage of net revenue generated by our food and snack business primarily reflects our acquisition of Pioneer Foods. See Note 14 for further information.

Operating profit in 2020 includes certain pre-tax charges taken as a result of the COVID-19 pandemic. These pre-tax charges by division are as follows:

2020								
	Allowances for Expected Credit Losses ^(a)	Upfront Payments to Customers ^(b)	Inventory Write- Downs and Product Returns ^(c)	Employee Compensation Expense ^(d)	Employee Protection Costs ^(e)	Other ^(f)	Total

- (a) Reflects the expected impact of the global economic uncertainty caused by COVID-19, leveraging estimates of creditworthiness, projections of default and recovery rates for certain of our customers, including foodservice and vending businesses.
- (b) Relates to promotional spending for which benefit is not expected to be received.
- (c) Includes a reserve for product returns of \$20 million.
- (d) Includes incremental frontline incentive pay, crisis child care and other leave benefits and labor costs.
- (e) Includes costs associated with personal protective equipment, temperature scans, cleaning and other sanitization services.
- (f) Includes reserves for property, plant and equipment, donations of cash and product and other costs.
- (g) Income amount includes a social welfare relief credit of \$11 million.

Corporate Unallocated Expenses

Corporate unallocated expenses include costs of our corporate headquarters, centrally managed initiatives such as commodity derivative gains and losses, foreign exchange transaction gains and losses, our ongoing business transformation initiatives, unallocated research and development costs, unallocated insurance and benefit programs, tax-related contingent consideration and certain other items.

Other Division Information

Total assets and capital spending of each division are as follows:

- (b) In 2020, the increase in assets was primarily related to our acquisition of Pioneer Foods. See Note 14 for further information.
- (c) In 2020, the increase in assets was primarily related to our acquisition of Be & Cheery. See Note 14 for further information.
- (d) Corporate assets consist principally of certain cash and cash equivalents, restricted cash, short-term investments, derivative instruments, property, plant and equipment and tax assets. In 2020, the change in assets was primarily due to an increase in cash and cash equivalents and short-term investments. Refer to the cash flow statement for further information.

Amortization of intangible assets and depreciation and other amortization of each division are as follows:

	Amortization of Intangible Assets			Depreciation and Other Amortization

- (a) Long-lived assets represent property, plant and equipment, indefinite-lived intangible assets, amortizable intangible assets and investments in noncontrolled affiliates. See Note 2 and Note 15 for further information on property, plant and equipment. See Note 2 and Note 4 for further information on goodwill and other intangible assets. Investments in noncontrolled affiliates are evaluated for impairment upon a significant change in the operating or macroeconomic environment. These assets are reported in the country where they are primarily used.
- (b) In 2020, the increase in long-lived assets was primarily related to our acquisition of Rockstar. See Note 14 for further information.

Note 2 — Our Significant Accounting Policies

Revenue Recognition

We recognize revenue when our performance obligation is satisfied. Our primary performance obligation (the distribution and sales of beverage products and food and snack products) is satisfied upon the shipment or delivery of products to our customers, which is also when control is transferred. Merchandising activities are performed after a customer obtains control of the product, are accounted for as fulfillment of our performance obligation to ship or deliver product to our customers and are recorded in selling, general and administrative expenses. Merchandising activities are immaterial in the context of our contracts. In addition, we exclude from net revenue all sales, use, value-added and certain excise taxes assessed by government authorities on revenue producing transactions.

The transfer of control of products to our customers is typically based on written sales terms that do not allow for a right of return. However, our policy for DSD, including certain chilled products, is to remove

and replace damaged and out-of-date products from store shelves to ensure that consumers receive the product quality and freshness they expect. Similarly, our policy for certain warehouse-distributed products is to replace damaged and out-of-date products. As a result, we record reserves, based on estimates, for anticipated damaged and out-of-date products. We recorded \$20 million of reserves for product returns in 2020 as a result of the COVID-19 pandemic. See Note 1 for further information.

As a result of the implementation of the revenue recognition guidance adopted in the first quarter of 2018, which did not have a material impact on our accounting policies, we recorded an adjustment in the first quarter of 2018 of \$137 million to beginning retained earnings to reflect marketplace spending that our customers and independent bottlers expected to be entitled to in line with revenue recognition.

Our products are sold for cash or on credit terms. Our credit terms, which are established in accordance with local and industry practices, typically require payment within 30 days of delivery in the United States, and generally within 30 to 90 days internationally, and may allow discounts for early payment. There were no material changes in credit terms as a result of the COVID-19 pandemic.

We estimate and reserve for our expected credit loss exposure based on our experience with past due accounts and collectibility, write-off history, the aging of accounts receivable, our analysis of customer data, and forward-looking information (including the expected impact of the global economic uncertainty related to the COVID-19 pandemic), leveraging estimates of creditworthiness and projections of default and recovery rates for certain of our customers (including foodservice and vending businesses). We recorded an allowance for expected credit losses of \$56 million in 2020 as a result of the COVID-19 pandemic. See Note 1 for further information. Expected credit loss expense is classified within selling, general and administrative expenses on our income statement.

We are exposed to concentration of credit risk from our major customers, including Walmart. In 2020, sales to Walmart and its affiliates (including Sam's) represented approximately 14% of our consolidated net revenue, including concentrate sales to our independent bottlers, which were used in finished goods sold by them to Walmart. We have not experienced credit issues with these customers.

Total Marketplace Spending

We offer sales incentives and discounts through various programs to customers and consumers. Total marketplace spending includes sales incentives, discounts, advertising and other marketing activities. Sales incentives and discounts are primarily accounted for as a reduction of revenue and include payments to customers for performing activities on our behalf, such as payments for in-store displays, payments to gain distribution of new products, payments for shelf space and discounts to promote lower retail prices. Sales incentives and discounts also include support provided to our independent bottlers through funding of advertising and other marketing activities.

A number of our sales incentives, such as bottler funding to independent bottlers and customer volume rebates, are based on annual targets, and accruals are established during the year, as products are delivered, for the expected payout, which may occur after year end once reconciled and settled. These accruals are based on contract terms and our historical experience with similar programs and require management judgment with respect to estimating customer and consumer participation and performance levels. Differences between estimated expense and actual incentive costs are normally insignificant and are recognized in earnings in the period such differences are determined. In addition, certain advertising and marketing costs are also based on annual targets and recognized during the year as incurred.

The terms of most of our incentive arrangements do not exceed a year, and, therefore, do not require highly uncertain long-term estimates. Certain arrangements, such as fountain pouring rights, may extend beyond one year. Upfront payments to customers under these arrangements are recognized over the

shorter of the economic or contractual life, primarily as a reduction of revenue, and the remaining balances of \$299 million as of December 26, 2020 and \$272 million as of December 28, 2019 are included in prepaid expenses and other current assets and other assets on our balance sheet. We recorded reserves of \$59 million for upfront payments to customers in 2020 as a result of the COVID-19 pandemic. See Note 1 for further information.

For interim reporting, our policy is to allocate our forecasted full-year sales incentives for most of our programs to each of our interim reporting periods in the same year that benefits from the programs. The allocation methodology is based on our forecasted sales incentives for the full year and the proportion of each interim period's actual gross revenue or volume, as applicable, to our forecasted annual gross revenue or volume, as applicable. Based on our review of the forecasts at each interim period, any changes in estimates and the related allocation of sales incentives are recognized beginning in the interim period that they are identified. In addition, we apply a similar allocation methodology for interim reporting purposes for certain advertising and other marketing activities. Our annual consolidated financial statements are not impacted by this interim allocation methodology.

Advertising and other marketing activities, reported as selling, general and administrative expenses, totaled \$4.6 billion in 2020, \$4.7 billion in 2019 and \$4.2 billion in 2018, including advertising expenses of \$3.0 billion in both 2020 and 2019, and \$2.6 billion in 2018. Deferred advertising costs are not expensed until the year first used and consist of:

- media and personal service prepayments;
- promotional materials in inventory; and
- production costs of future media advertising.

Deferred advertising costs of \$48 million and \$55 million as of December 26, 2020 and December 28, 2019, respectively, are classified as prepaid expenses and other current assets on our balance sheet.

Distribution Costs

Distribution costs, including the costs of shipping and handling activities, which include certain merchandising activities, are reported as selling, general and administrative expenses. Shipping and handling expenses were \$11.9 billion in 2020, \$10.9 billion in 2019 and \$10.5 billion in 2018.

Software Costs

We capitalize certain computer software and software development costs incurred in connection with developing or obtaining computer software for internal use when both the preliminary project stage is completed and it is probable that the software will be used as intended. Capitalized software costs include (1) external direct costs of materials and services utilized in developing or obtaining computer software, (2) compensation and related benefits for employees who are directly associated with the software projects and (3) interest costs incurred while developing internal-use computer software. Capitalized software costs are included in property, plant and equipment on our balance sheet and amortized on a straight-line basis when placed into service over the estimated useful lives of the software, which approximate five to 10 years. Software amortization totaled \$152 million in 2020, \$166 million in 2019 and \$204 million in 2018. Net capitalized software and development costs were \$664 million and \$572 million as of December 26, 2020 and December 28, 2019, respectively.

Commitments and Contingencies

We are subject to various claims and contingencies related to lawsuits, certain taxes and environmental matters, as well as commitments under contractual and other commercial obligations. We recognize liabilities for contingencies and commitments when a loss is probable and estimable.

Research and Development

We engage in a variety of research and development activities and continue to invest to accelerate growth and to drive innovation globally. Consumer research is excluded from research and development costs and included in other marketing costs. Research and development costs were \$719 million, \$711 million and \$680 million in 2020, 2019 and 2018, respectively, and are reported within selling, general and administrative expenses.

Goodwill and Other Intangible Assets

Indefinite-lived intangible assets and goodwill are not amortized and, as a result, are assessed for impairment at least annually, using either a qualitative or quantitative approach. We perform this annual assessment during our third quarter, or more frequently if circumstances indicate that the carrying value may not be recoverable. Where we use the qualitative assessment, first we determine if, based on qualitative factors, it is more likely than not that an impairment exists. Factors considered include macroeconomic (including those related to the COVID-19 pandemic), industry and competitive conditions, legal and regulatory environment, historical financial performance and significant changes in the brand or reporting unit. If the qualitative assessment indicates that it is more likely than not that an impairment exists, then a quantitative assessment is performed.

In the quantitative assessment for indefinite-lived intangible assets and goodwill, an assessment is performed to determine the fair value of the indefinite-lived intangible asset and the reporting unit, respectively. Estimated fair value is determined using discounted cash flows and requires an analysis of several estimates including future cash flows or income consistent with management's strategic business plans, annual sales growth rates, perpetuity growth assumptions and the selection of assumptions underlying a discount rate (weighted-average cost of capital) based on market data available at the time. Significant management judgment is necessary to estimate the impact of competitive operating, macroeconomic and other factors (including those related to the COVID-19 pandemic) to estimate future levels of sales, operating profit or cash flows. All assumptions used in our impairment evaluations for indefinite-lived intangible assets and goodwill, such as forecasted growth rates (including perpetuity growth assumptions) and weighted-average cost of capital, are based on the best available market information and are consistent with our internal forecasts and operating plans. A deterioration in these assumptions could adversely impact our results.

Amortizable intangible assets are only evaluated for impairment upon a significant change in the operating or macroeconomic environment. If an evaluation of the undiscounted future cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on its discounted future cash flows.

See Note 4 for further information.

Other Significant Accounting Policies

Our other significant accounting policies are disclosed as follows:

- *Basis of Presentation* – Note 1 includes a description of our policies regarding use of estimates, basis of presentation and consolidation.
- *Income Taxes* – Note 5.
- *Share-Based Compensation* – Note 6.
- *Pension, Retiree Medical and Savings Plans* – Note 7.
- *Financial Instruments* – Note 9.
- *Cash Equivalents* – Cash equivalents are highly liquid investments with original maturities of three months or less.

- *Inventories* – Note 15. Inventories are valued at the lower of cost or net realizable value. Cost is determined using the average; first-in, first-out (FIFO); or, in limited instances, last-in, first-out (LIFO) methods.
- *Property, Plant and Equipment* – Note 15. Property, plant and equipment is recorded at historical cost. Depreciation is recognized on a straight-line basis over an asset's estimated useful life. Land is not depreciated and construction in progress is not depreciated until ready for service.
- *Translation of Financial Statements of Foreign Subsidiaries* – Financial statements of foreign subsidiaries are translated into U.S. dollars using period-end exchange rates for assets and liabilities and weighted-average exchange rates for revenues and expenses. Adjustments resulting from translating net assets are reported as a separate component of accumulated other comprehensive loss within common shareholders' equity as currency translation adjustment.

Recently Issued Accounting Pronouncements - Adopted

In 2016, the Financial Accounting Standards Board (FASB) issued guidance that changes the impairment model used to measure credit losses for most financial assets. Under the new model we are required to estimate expected credit losses over the life of our trade receivables, certain other receivables and certain other financial instruments. The new model replaced the existing incurred credit loss model and generally results in earlier recognition of allowances for credit losses. We adopted this guidance in the first quarter of 2020 and the adoption did not have a material impact on our consolidated financial statements or disclosures. On initial recognition, we recorded an after-tax cumulative effect decrease to retained earnings of \$34 million (\$44 million pre-tax) as of the beginning of 2020.

Recently Issued Accounting Pronouncements - Not Yet Adopted

In 2019, the FASB issued guidance to simplify the accounting for income taxes. The guidance primarily addresses how to (1) recognize a deferred tax liability after we transition to or from the equity method of accounting, (2) evaluate if a step-up in the tax basis of goodwill is related to a business combination or is a separate transaction, (3) recognize all of the effects of a change in tax law in the period of enactment, including adjusting the estimated annual tax rate, and (4) include the amount of tax based on income in the income tax provision and any incremental amount as a tax not based on income for hybrid tax regimes. The guidance is effective in the first quarter of 2021 with early adoption permitted. We will adopt the guidance when it becomes effective in the first quarter of 2021. The guidance is not expected to have a material impact on our consolidated financial statements or related disclosures.

Note 3 — Restructuring and Impairment Charges

A summary of our restructuring and impairment charges and other productivity initiatives is as follows:

	2020	2019	2018
2019 Productivity Plan	\$ 289	\$ 370	\$ 138
2014 Productivity Plan	—	—	170

2019 Multi-Year Productivity Plan

The 2019 Productivity Plan, publicly announced on February 15, 2019, will leverage new technology and business models to further simplify, harmonize and automate processes; re-engineer our go-to-market and information systems, including deploying the right automation for each market; and simplify our organization and optimize our manufacturing and supply chain footprint. In connection with this plan, we expect to incur pre-tax charges of approximately \$2.5 billion, including cash expenditures of approximately \$1.6 billion. These pre-tax charges are expected to consist of approximately 65% of severance and other employee-related costs, 15% for asset impairments (all non-cash) resulting from plant closures and related actions and 20% for other costs associated with the implementation of our initiatives. We expect to complete this plan by 2023.

The total expected plan pre-tax charges are expected to be incurred by division approximately as follows:

	FLNA	QFNA	PBNA	LatAm	Europe	AMESA	APAC	Corporate
Expected pre-tax charges	15 %	1 %	30 %	10 %	25 %	5 %	3 %	11 %

A summary of our 2019 Productivity Plan charges is as follows:

	2020	2019	2018
Cost of sales	\$ 30	\$ 115	\$ 3
Selling, general and administrative expenses	239	253	100
Other pension and retiree medical benefits expense	20	2	35

Other costs	228
Total	\$ 797

Severance and other employee costs primarily include severance and other termination benefits, as well as voluntary separation arrangements. Other costs primarily include costs associated with the implementation of our initiatives, including contract termination costs, consulting and other professional fees.

A summary of our 2019 Productivity Plan activity is as follows:

	Severance and Other Employee Costs	Asset Impairments	Other Costs	Total
2018 restructuring charges	\$ 137	\$ —	\$ 1	\$ 138

(a) Excludes cash expenditures of \$2 million and \$4 million for 2020 and 2019, respectively, reported in the cash flow statement in pension and retiree medical contributions.

Substantially all of the restructuring accrual at December 26, 2020 is expected to be paid by the end of 2021.

2014 Multi-Year Productivity Plan

The 2014 Productivity Plan, publicly announced on February 13, 2014, included the next generation of productivity initiatives that we believed would strengthen our beverage, food and snack businesses by: accelerating our investment in manufacturing automation; further optimizing our global manufacturing footprint, including closing certain manufacturing facilities; re-engineering our go-to-market systems in developed markets; expanding shared services; and implementing simplified organization structures to drive efficiency. To build on the 2014 Productivity Plan, in the fourth quarter of 2017, we expanded and extended the plan through the end of 2019 to take advantage of additional opportunities within the initiatives described above that further strengthened our beverage, food and snack businesses.

The 2014 Productivity Plan was completed in 2019. In 2019, there were no material pre-tax charges related to this plan and all cash payments were paid at year end. The total plan pre-tax charges and cash expenditures approximated the previously disclosed plan estimates of \$1.3 billion and \$960 million, respectively. These total plan pre-tax charges consisted of 59% of severance and other employee costs, 15% of asset impairments and 26% of other costs, including costs associated with the implementation of our initiatives, including certain consulting and other contract termination costs. These total plan pre-tax charges were incurred by division as follows: FLNA 14%, QFNA 3%, PBNA 29%, LatAm 15%, Europe 23%, AMESA 3%, APAC 3% and Corporate 10%.

A summary of our 2014 Productivity Plan charges is as follows:

	2018
Selling, general and administrative expenses	\$ 169
Other pension and retiree medical benefits expense	1
Total restructuring and impairment charges	\$ 170
After-tax amount	\$ 143

A summary of our 2014 Productivity Plan activity is as follows:

	Severance and Other Employee Costs	Asset Impairments	Other Costs	Total
Liability as of December 30, 2017	\$ 212	\$ —	\$ 14	\$ 226

(a) Excludes cash expenditures of \$11 million reported in the cash flow statement in pension and retiree medical plan contributions.

Other Productivity Initiatives

There were no material charges related to other productivity and efficiency initiatives outside the scope of the 2019 and 2014 Productivity Plans.

We regularly evaluate different productivity initiatives beyond the productivity plans and other initiatives described above.

Note 4 — Intangible Assets

A summary of our amortizable intangible assets is as follows:

	Average Useful Life (Years)	2020			2019			2018
		Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net	
Acquired franchise rights ^(a)	56 – 60	\$ 976	\$ (173)	\$ 803	\$ 846	\$ (158)	\$ 688

Total		\$ 3,440	\$ (1,737)	\$ 1,703	\$ 3,088	\$ (1,655)	\$ 1,433	
Amortization expense				\$ 90			\$ 81	\$ 69

(a) The change in 2020 primarily reflects our distribution agreement with Vital Pharmaceuticals, Inc., with an expected residual value higher than our carrying value. The distribution agreement's useful life is three years, in accordance with the three-year termination notice issued, and is not reflected in the average useful life above.

(b) The change in 2020 primarily reflects our acquisitions of Pioneer Foods and Be & Cheery. See Note 14 for further information.

Amortization is recognized on a straight-line basis over an intangible asset's estimated useful life. Amortization of intangible assets for each of the next five years, based on existing intangible assets as of December 26, 2020 and using average 2020 foreign exchange rates, is expected to be as follows:

	2021	2022	2023	2024	2025
Five-year projected amortization	\$ 92	\$ 89	\$ 87	\$ 87	\$ 84

Depreciable and amortizable assets are evaluated for impairment upon a significant change in the operating or macroeconomic environment. In these circumstances, if an evaluation of the undiscounted cash flows indicates impairment, the asset is written down to its estimated fair value, which is based on discounted future cash flows. Useful lives are periodically evaluated to determine whether events or circumstances have occurred which indicate the need for revision.

Indefinite-Lived Intangible Assets

We did not recognize any impairment charges for goodwill in each of the years ended December 26, 2020, December 28, 2019 and December 29, 2018. In 2020, we recognized a pre-tax impairment charge of \$41 million related to a coconut water brand in PBNA. We did not recognize any material impairment charges for indefinite-lived intangible assets in each of the years ended December 28, 2019 and December 29, 2018. As of December 26, 2020, the estimated fair values of our indefinite-lived reacquired and acquired franchise rights recorded at PBNA exceeded their carrying values. However, there could be an impairment of the carrying value of PBNA's reacquired and acquired franchise rights if future revenues and their contribution to the operating results of PBNA's CSD business do not achieve our expected future cash flows or if macroeconomic conditions result in a future increase in the weighted-average cost of capital used to estimate fair value. We have also analyzed the impact of the macroeconomic conditions in Russia on the estimated fair value of our indefinite-lived intangible assets in Russia and have concluded that there are no impairments for the year ended December 26, 2020. However, there could be an impairment of the carrying value of certain brands in Russia, including juice and dairy brands, if there is a deterioration in these conditions, if future revenues and their contributions to the operating results do not achieve our expected future cash flows (including perpetuity growth assumptions), if there are significant changes in the decisions regarding assets that do not perform consistent with our expectations, or if macroeconomic conditions result in a future increase in the weighted-average cost of capital used to estimate fair value. For further information on our policies for indefinite-lived intangible assets, see Note 2.

The change in the book value of indefinite-lived intangible assets is as follows:

Tax Cuts and Jobs Act

During the fourth quarter of 2017, the TCJ Act was enacted in the United States. Among its many provisions, the TCJ Act imposed a mandatory one-time transition tax on undistributed international earnings and reduced the U.S. corporate income tax rate from 35% to 21%, effective January 1, 2018.

In 2017, the SEC issued guidance related to the TCJ Act which allowed recording of provisional tax expense using a measurement period, not to exceed one year, when information necessary to complete the accounting for the effects of the TCJ Act is not available. We elected to apply the measurement period provisions of this guidance to certain income tax effects of the TCJ Act when it became effective in the fourth quarter of 2017.

As a result of the enactment of the TCJ Act, we recognized a provisional net tax expense of \$2.5 billion (\$1.70 per share) in the fourth quarter of 2017.

The provisional measurement period allowed by the SEC ended in the fourth quarter of 2018. As a result, in 2018, we recognized a net tax benefit of \$28 million (\$0.02 per share) related to the TCJ Act. While our accounting for the recorded impact of the TCJ Act was deemed to be complete, additional guidance issued by the IRS impacted our recorded amounts after December 29, 2018. In 2019, we recognized a net tax benefit totaling \$8 million (\$0.01 per share) related to the TCJ Act. There were no tax amounts recognized in 2020 related to the TCJ Act.

As of December 26, 2020, our mandatory transition tax liability was \$3.2 billion, which must be paid through 2026 under the provisions of the TCJ Act. We reduced our liability through cash payments and application of tax overpayments by \$78 million in 2020, \$663 million in 2019 and \$150 million in 2018. We currently expect to pay approximately \$309 million of this liability in 2021.

The TCJ Act also created a requirement that certain income earned by foreign subsidiaries, known as global intangible low-tax income (GILTI), must be included in the gross income of their U.S. shareholder. The FASB allows an accounting policy election of either recognizing deferred taxes for temporary differences expected to reverse as GILTI in future years or recognizing such taxes as a current-period expense when incurred. During the first quarter of 2018, we elected to treat the tax effect of GILTI as a current-period expense when incurred.

Coronavirus Aid, Relief, and Economic Security Act

The CARES Act was enacted on March 27, 2020 in the United States. The CARES Act and related notices include several significant provisions, such as delaying certain payroll tax payments, mandatory transition tax payments under the TCJ Act and estimated income tax payments. The CARES Act did not have a material impact on our financial results in 2020, including on our annual estimated effective tax rate or on our liquidity. We will continue to monitor and assess the impact similar legislation in other countries may have on our business and financial results.

Other Tax Matters

On May 19, 2019, a public referendum held in Switzerland passed the TRAF, effective January 1, 2020. The enactment of certain provisions of the TRAF resulted in adjustments to our deferred taxes. During 2020, we recorded a net tax benefit of \$72 million related to the adoption of the TRAF in the Swiss Canton of Bern. During 2019, we recorded net tax expense of \$24 million related to the impact of the TRAF. While the accounting for the impacts of the TRAF are deemed to be complete, further adjustments to our financial statements and related disclosures could be made in future quarters, including in connection with final tax return filings.

In 2018, we reorganized certain of our international operations, including the intercompany transfer of certain intangible assets. As a result, we recognized other net tax benefits of \$4.3 billion (\$3.05 per share) in 2018. The related deferred tax asset of \$4.4 billion is being amortized over a period of 15 years beginning in 2019. Additionally, the reorganization generated significant net operating loss carryforwards and related deferred tax assets that are not expected to be realized, resulting in the recording of a full valuation allowance.

Deferred tax liabilities and assets are comprised of the following:

	2020	2019
<i>Deferred tax liabilities</i>		
Debt guarantee of wholly-owned subsidiary	\$ 578	\$ 578
Property, plant and equipment	1,851	1,583
Recapture of net operating losses	504	335

Valuation allowances	(4,686)	(3,599)
Deferred tax assets, net	3,551	3,276
Net deferred tax assets	\$ (88)	\$ (268)

A summary of our valuation allowance activity is as follows:

	2020	2019	2018
Balance, beginning of year	\$ 3,599	\$ 3,753	\$ 1,163
Provision	1,082	(124)	2,639

Balance, end of year	\$ 4,686	\$ 3,599	\$ 3,753

Reserves

A number of years may elapse before a particular matter, for which we have established a reserve, is audited and finally resolved. The number of years with open tax audits varies depending on the tax jurisdiction. Our major taxing jurisdictions and the related open tax audits are as follows:

<i>Jurisdiction</i>	Years Open to Audit	Years Currently Under Audit
United States	2014-2019	2014-2016
Mexico	2014-2019	2014-2016
United Kingdom	2017-2019	None
Canada (Domestic)	2016-2019	2016-2017
Canada (International)	2010-2019	2010-2017
Russia	2017-2019	None

In 2018, we recognized a non-cash tax benefit of \$364 million (\$0.26 per share) resulting from the conclusion of certain international tax audits. Additionally, in 2018, we recognized non-cash tax benefits of \$353 million (\$0.24 per share) as a result of our agreement with the IRS resolving all open matters related to the audits of taxable years 2012 and 2013, including the associated state impact. The conclusion of certain international tax audits and the resolution with the IRS, collectively, resulted in non-cash tax benefits totaling \$717 million (\$0.50 per share) in 2018.

Our annual tax rate is based on our income, statutory tax rates and tax planning strategies and transactions, including transfer pricing arrangements, available to us in the various jurisdictions in which we operate. Significant judgment is required in determining our annual tax rate and in evaluating our tax positions. We establish reserves when, despite our belief that our tax return positions are fully supportable, we believe that certain positions are subject to challenge and that we likely will not succeed. We adjust these reserves, as well as the related interest, in light of changing facts and circumstances, such as the progress of a tax audit, new tax laws, relevant court cases or tax authority settlements. Settlement of any particular issue would usually require the use of cash. Favorable resolution would be recognized as a reduction to our annual tax rate in the year of resolution.

As of December 26, 2020, the total gross amount of reserves for income taxes, reported in other liabilities, was \$1.6 billion. We accrue interest related to reserves for income taxes in our provision for income taxes and any associated penalties are recorded in selling, general and administrative expenses. The gross amount of interest accrued, reported in other liabilities, was \$338 million as of December 26, 2020, of which \$93 million of tax expense was recognized in 2020. The gross amount of interest accrued, reported in other liabilities, was \$250 million as of December 28, 2019, of which \$84 million of tax expense was recognized in 2019.

A reconciliation of unrecognized tax benefits is as follows:

	2020	2019

Carryforwards and Allowances

Operating loss carryforwards totaling \$28.3 billion as of December 26, 2020 are being carried forward in a number of foreign and state jurisdictions where we are permitted to use tax operating losses from prior periods to reduce future taxable income. These operating losses will expire as follows: \$0.2 billion in 2021, \$25.2 billion between 2022 and 2040 and \$2.9 billion may be carried forward indefinitely. We establish valuation allowances for our deferred tax assets if, based on the available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Undistributed International Earnings

In 2018, we repatriated \$20.4 billion of cash, cash equivalents and short-term investments held in our foreign subsidiaries without such funds being subject to further U.S. federal income tax liability, related to the TCJ Act. As of December 26, 2020, we had approximately \$6 billion of undistributed international earnings. We intend to continue to reinvest \$6 billion of earnings outside the United States for the

foreseeable future and while future distribution of these earnings would not be subject to U.S. federal tax expense, no deferred tax liabilities with respect to items such as certain foreign exchange gains or losses, foreign withholding taxes or state taxes have been recognized. It is not practicable for us to determine the amount of unrecognized tax expense on these reinvested international earnings.

Note 6 — Share-Based Compensation

Our share-based compensation program is designed to attract and retain employees while also aligning employees' interests with the interests of our shareholders. PepsiCo has granted stock options, RSUs, PSUs, PEPunits and long-term cash awards to employees under the shareholder-approved PepsiCo, Inc. Long-Term Incentive Plan (LTIP). Executives who are awarded long-term incentives based on their performance may generally elect to receive their grant in the form of stock options or RSUs, or a combination thereof. Executives who elect stock options receive four stock options for every one RSU that would have otherwise been granted. Certain executive officers and other senior executives do not have a choice and are granted 66% PSUs and 34% long-term cash, each of which are subject to pre-established performance targets.

The Company may use authorized and unissued shares to meet share requirements resulting from the exercise of stock options and the vesting of RSUs, PSUs and PEPunits.

As of December 26, 2020, 52 million shares were available for future share-based compensation grants under the LTIP.

The following table summarizes our total share-based compensation expense, which is primarily recorded in selling, general and administrative expenses, and excess tax benefits recognized:

	2020	2019	2018
Share-based compensation expense - equity awards	\$ 264	\$ 237	\$ 256
Share-based compensation expense - liability awards	11	8	20
Restructuring charges	(1)	(2)	(6)
Total	\$ 274	\$ 243	\$ 270
Income tax benefits recognized in earnings related to share-based compensation	\$ 48	\$ 39	\$ 45
Excess tax benefits related to share-based compensation	\$ 35	\$ 50	\$ 48

As of December 26, 2020, there was \$300 million of total unrecognized compensation cost related to nonvested share-based compensation grants. This unrecognized compensation cost is expected to be recognized over a weighted-average period of two years.

Method of Accounting and Our Assumptions

The fair value of share-based award grants is amortized to expense over the vesting period, primarily three years. Awards to employees eligible for retirement prior to the award becoming fully vested are amortized to expense over the period through the date that the employee first becomes eligible to retire and is no longer required to provide service to earn the award. In addition, we use historical data to estimate forfeiture rates and record share-based compensation expense only for those awards that are expected to vest.

We do not backdate, reprice or grant share-based compensation awards retroactively. Repricing of awards would require shareholder approval under the LTIP.

Stock Options

A stock option permits the holder to purchase shares of PepsiCo common stock at a specified price. We account for our employee stock options under the fair value method of accounting using a Black-Scholes valuation model to measure stock option expense at the date of grant. All stock option grants have an exercise price equal to the fair market value of our common stock on the date of grant and generally have a 10-year term.

Our weighted-average Black-Scholes fair value assumptions are as follows:

	2020	2019	2018
Expected life	6 years	5 years	5 years
Risk-free interest rate	0.9 %	2.4 %	2.6 %
Expected volatility	14 %	14 %	12 %
Expected dividend yield	3.4 %	3.1 %	2.7 %

The expected life is the period over which our employee groups are expected to hold their options. It is based on our historical experience with similar grants. The risk-free interest rate is based on the expected U.S. Treasury rate over the expected life. Volatility reflects movements in our stock price over the most recent historical period equivalent to the expected life. Dividend yield is estimated over the expected life based on our stated dividend policy and forecasts of net income, share repurchases and stock price.

A summary of our stock option activity for the year ended December 26, 2020 is as follows:

Restricted Stock Units and Performance Stock Units

Each RSU represents our obligation to deliver to the holder one share of PepsiCo common stock when the award vests at the end of the service period. PSUs are awards pursuant to which a number of shares are delivered to the holder upon vesting at the end of the service period based on PepsiCo's performance against specified financial performance metrics. The number of shares may be increased to the maximum or reduced to the minimum threshold based on the results of these performance metrics in accordance with the terms established at the time of the award. During the vesting period, RSUs and PSUs accrue dividend equivalents that pay out in cash (without interest) if and when the applicable RSU or PSU vests and becomes payable.

The fair value of RSUs and PSUs are measured at the market price of the Company's stock on the date of grant.

A summary of our RSU and PSU activity for the year ended December 26, 2020 is as follows:

	RSUs/PSUs ^(a)	Weighted-Average Grant-Date Fair Value	Weighted-Average Contractual Life Remaining (years)	Aggregate Intrinsic Value ^(a)

(c) Represents the number of PSUs that vested during the year, net of awards above and below target levels based on the achievement of its performance conditions.

(d) The outstanding PSUs for which the vesting period has not ended as of December 26, 2020, at the threshold, target and maximum award levels were zero, 1 million and 2 million, respectively.

PEPunits

PEPunits provide an opportunity to earn shares of PepsiCo common stock with a value that adjusts based upon changes in PepsiCo's absolute stock price as well as PepsiCo's Total Shareholder Return relative to the S&P 500 over a three-year performance period. The fair value of PEPunits is measured using the Monte-Carlo simulation model, which incorporates into the fair-value determination the possibility that the market condition may not be satisfied until actual performance is determined.

PEPunits were last granted in 2015 and all outstanding PEPunits were converted to 278,000 shares in 2018.

Long-Term Cash

Certain executive officers and other senior executives were granted long-term cash awards for which final payout is based on PepsiCo's Total Shareholder Return relative to a specific set of peer companies and achievement of a specified performance target over a three-year performance period.

Long-term cash awards that qualify as liability awards under share-based compensation guidance are valued through the end of the performance period on a mark-to-market basis using the Monte Carlo simulation model.

A summary of our long-term cash activity for the year ended December 26, 2020 is as follows:

As of December 26, 2020 and December 28, 2019, there were approximately 287,000 and 269,000 outstanding awards, respectively, consisting primarily of phantom stock units that were granted under the PepsiCo Director Deferral Program and will be settled in shares of PepsiCo common stock pursuant to the LTIP at the end of the applicable deferral period, not included in the tables above.

Note 7 — Pension, Retiree Medical and Savings Plans

In 2020, lump sum distributions exceeded the total of annual service and interest cost and triggered a pre-tax settlement charge in Plan A of \$205 million (\$158 million after-tax or \$0.11 per share).

In 2020, we adopted an amendment to the U.S. defined benefit pension plans to freeze benefit accruals for salaried participants, effective December 31, 2025. Since 2011, salaried new hires are not eligible to participate in the defined benefit plan. After the effective date, all salaried participants will receive an employer contribution to the 401(k) savings plan based on age and years of service regardless of employee contribution and will have the opportunity to receive employer contributions to match employee contributions up to defined limits. As a result of this amendment, pension benefits pre-tax expense is expected to decrease by approximately \$70 million in 2021, primarily impacting corporate unallocated expenses.

In 2020, we approved an amendment to reorganize the U.S. qualified defined benefit pension plans that resulted in the transfer of certain participants from Plan A to Plan I and to a newly created plan, Plan H, effective January 1, 2021. The benefits offered to the plans' participants were unchanged. The reorganization will facilitate a more targeted investment strategy and provide additional flexibility in evaluating opportunities to reduce risk and volatility. No material impact to pension benefit pre-tax expense is expected from this reorganization.

In 2020, we adopted an amendment, effective January 1, 2021, to enhance the pay credit benefits of certain participants in Plan H. As a result of this amendment, pension benefits pre-tax expense is expected to increase approximately \$45 million in 2021, primarily impacting service cost expense.

In 2019, Plan A purchased a group annuity contract whereby a third-party insurance company assumed the obligation to pay and administer future annuity payments for certain retirees. This transaction triggered a pre-tax settlement charge in 2019 of \$220 million (\$170 million after-tax or \$0.12 per share).

Also in 2019, certain former employees who had vested benefits in our U.S. defined benefit pension plans were offered the option of receiving a one-time lump sum payment equal to the present value of the participant's pension benefit. This transaction triggered a pre-tax settlement charge in 2019 of \$53 million (\$41 million after-tax or \$0.03 per share). Collectively, the group annuity contract and one-time lump sum payments to certain former employees who had vested benefits resulted in settlement charges in 2019 of \$273 million (\$211 million after-tax or \$0.15 per share).

Gains and losses resulting from actual experience differing from our assumptions, including the difference between the actual return on plan assets and the expected return on plan assets, as well as changes in our assumptions, are determined at each measurement date. These differences are recognized as a component of net gain or loss in accumulated other comprehensive loss. If this net accumulated gain or loss exceeds 10% of the greater of the market-related value of plan assets or plan obligations, a portion of the net gain or loss is included in other pension and retiree medical benefits (expense)/income for the following year based upon the average remaining service life for participants in Plan A (approximately 10 years) and retiree medical (approximately 8 years), or the remaining life expectancy for participants in Plan I (approximately 23 years). In 2021, we expect the average remaining service life for participants in Plan A to be approximately 9 years, the remaining life expectancy for participants in Plan I to be approximately 27 years and the average remaining service life for participants in Plan H to be approximately 11 years.

The cost or benefit of plan changes that increase or decrease benefits for prior employee service (prior service cost/(credit)) is included in other pension and retiree medical benefits (expense)/income on a straight-line basis over the average remaining service life for participants in both Plan A and Plan H, except that prior service cost/(credit) for salaried participants subject to the freeze will be amortized on a

straight-line basis over the period up to the effective date of the freeze, or the remaining life expectancy for participants in Plan I.

The net loss/(gain) arising in the current year is primarily attributable to the decrease in discount rate, offset by actual asset returns exceeding expected returns.

The amount we report in operating profit as pension and retiree medical cost is service cost, which is the value of benefits earned by employees for working during the year.

The amounts we report below operating profit as pension and retiree medical cost consist of the following components:

- Interest cost is the accrued interest on the projected benefit obligation due to the passage of time.
- Expected return on plan assets is the long-term return we expect to earn on plan investments for our funded plans that will be used to settle future benefit obligations.
- Amortization of prior service cost/(credit) represents the recognition in the income statement of benefit changes resulting from plan amendments.
- Amortization of net loss/(gain) represents the recognition in the income statement of changes in the amount of plan assets and the projected benefit obligation based on changes in assumptions and actual experience.
- Settlement/curtailment loss/(gain) represents the result of actions that effectively eliminate all or a portion of related projected benefit obligations. Settlements are triggered when payouts to settle the projected benefit obligation of a plan due to lump sums or other events exceed the annual service and interest cost. Settlements are recognized when actions are irrevocable and we are relieved of the primary responsibility and risk for projected benefit obligations. Lump sum payouts are generally higher when interest rates are lower. Curtailments are due to events such as plant closures or the sale of a business resulting in a reduction of future service or benefits. Curtailment losses are recognized when an event is probable and estimable, while curtailment gains are recognized when an event has occurred (when the related employees terminate or an amendment is adopted).
- Special termination benefits are the additional benefits offered to employees upon departure due to actions such as restructuring.

The components of total pension and retiree medical benefit costs are as follows:

In 2019, U.S. includes settlement charges related to the purchase of a group annuity contract of \$220 million (\$170 million after-tax or \$0.12 per share) and a pension lump sum settlement charge of \$53 million (\$41 million after-tax or \$0.03 per share).

The following table provides the weighted-average assumptions used to determine net periodic benefit cost and projected benefit obligation for our pension and retiree medical plans:

(a) The decrease in U.S. pension plans in 2020 primarily reflects the approved reorganization of the U.S. qualified defined benefit plans, resulting in the transfer of obligations and plan assets relating to certain participants from Plan A to Plan I and Plan H.

Of the total projected pension benefit obligation as of December 26, 2020, approximately \$854 million relates to plans that we do not fund because the funding of such plans does not receive favorable tax treatment.

Future Benefit Payments

Our estimated future benefit payments are as follows:

	2021	2022	2023	2024	2025	2026 - 2030
Pension	\$ 925	\$ 1,080	\$ 915	\$ 960	\$ 990	\$ 5,270
Retiree medical ^(a)	\$ 95	\$ 95	\$ 90	\$ 85	\$ 80	\$ 370

(a) Expected future benefit payments for our retiree medical plans do not reflect any estimated subsidies expected to be received under the 2003 Medicare Act. Subsidies are expected to be approximately \$1 million for each of the years from 2021 through 2025 and approximately \$4 million in total for 2026 through 2030.

These future benefit payments to beneficiaries include payments from both funded and unfunded plans.

Funding

Contributions to our pension and retiree medical plans were as follows:

	Pension			Retiree Medical		
	2020	2019	2018	2020	2019	2018
Discretionary ^(a)	\$ 339	\$ 417	\$ 1,417	\$ —	\$ —	\$ 37

Total	\$ 507	\$ 672	\$ 1,615	\$ 55	\$ 44	\$ 93

(a) Includes \$325 million contribution in 2020, \$400 million contribution in 2019 and \$1.4 billion contribution in 2018 to fund Plan A in the United States.

In November 2020, we received approval from our Board of Directors to make discretionary contributions of \$500 million to our U.S. qualified defined benefit plans. We contributed \$300 million of the approved amount in January 2021; we expect to contribute the remaining \$200 million in the third quarter of 2021. In addition, in 2021, we expect to make non-discretionary contributions of approximately \$160 million to our U.S. and international pension benefit plans and approximately \$50 million for retiree medical benefits.

We continue to monitor the impact of the COVID-19 pandemic and related global economic conditions and uncertainty on the net unfunded status of our pension and retiree medical plans. We regularly evaluate opportunities to reduce risk and volatility associated with our pension and retiree medical plans.

Plan Assets

Our pension plan investment strategy includes the use of actively managed accounts and is reviewed periodically in conjunction with plan obligations, an evaluation of market conditions, tolerance for risk and cash requirements for benefit payments. This strategy is also applicable to funds held for the retiree medical plans. Our investment objective includes ensuring that funds are available to meet the plans' benefit obligations when they become due. Assets contributed to our pension plans are no longer controlled by us, but become the property of our individual pension plans. However, we are indirectly impacted by changes in these plan assets as compared to changes in our projected obligations. Our overall investment policy is to prudently invest plan assets in a well-diversified portfolio of equity and high-quality debt securities and real estate to achieve our long-term return expectations. Our investment policy also permits the use of derivative instruments, such as futures and forward contracts, to reduce interest rate and foreign currency risks. Futures contracts represent commitments to purchase or sell securities at a future date and at a specified price. Forward contracts consist of currency forwards.

For 2021 and 2020, our expected long-term rate of return on U.S. plan assets is 6.4% and 6.8%, respectively. Our target investment allocations for U.S. plan assets are as follows:

	2021	2020
Fixed income	51 %	50 %
U.S. equity	24 %	25 %
International equity	21 %	21 %
Real estate	4 %	4 %

Actual investment allocations may vary from our target investment allocations due to prevailing market conditions. We regularly review our actual investment allocations and periodically rebalance our investments.

The expected return on plan assets is based on our investment strategy and our expectations for long-term rates of return by asset class, taking into account volatility and correlation among asset classes and our historical experience. We also review current levels of interest rates and inflation to assess the

reasonableness of the long-term rates. We evaluate our expected return assumptions annually to ensure that they are reasonable. To calculate the expected return on plan assets, our market-related value of assets for fixed income is the actual fair value. For all other asset categories, such as equity securities, we use a method that recognizes investment gains or losses (the difference between the expected and actual return based on the market-related value of assets) over a five-year period. This has the effect of reducing year-to-year volatility.

Plan assets measured at fair value as of year-end 2020 and 2019 are categorized consistently by Level 1 (quoted prices in active markets for identical assets), Level 2 (significant other observable inputs) and Level 3 (significant unobservable inputs) in both years and are as follows:

	Fair Value Hierarchy Level	2020	2019
U.S. plan assets ^(a)			
Equity securities, including preferred stock ^(b)	1	\$ 7,179	\$ 6,605
Government securities ^(c)	2	2,177	2,154

Real estate commingled funds measured at net asset value ^(f)		202	193
Dividends and interest receivable		8	7
Total international plan assets		\$ 4,303	\$ 3,732

- (a) Includes \$315 million and \$302 million in 2020 and 2019, respectively, of retiree medical plan assets that are restricted for purposes of providing health benefits for U.S. retirees and their beneficiaries.
- (b) Invested in U.S. and international common stock and commingled funds, and the preferred stock portfolio was invested in domestic and international corporate preferred stock investments. The common stock is based on quoted prices in active markets. The commingled funds are based on the published price of the fund and include one large-cap fund that represents 13% and 16% of total U.S. plan assets for 2020 and 2019, respectively. The preferred stock investments are based on quoted bid prices for comparable securities in the marketplace and broker/dealer quotes in active markets. The international portfolio includes Level 1 assets of \$2,119 million and \$1,941 million for 2020 and 2019, respectively, and Level 2 assets of \$32 million for 2019.
- (c) These investments are based on quoted bid prices for comparable securities in the marketplace and broker/dealer quotes in active markets. Corporate bonds of U.S.-based companies represent 30% and 28% of total U.S. plan assets for 2020 and 2019, respectively.
- (d) Based on the fair value of the contracts as determined by the insurance companies using inputs that are not observable. The changes in Level 3 amounts were not significant in the years ended December 26, 2020 and December 28, 2019.
- (e) Cash and cash equivalents in the U.S. includes Level 1 assets of \$178 million and \$159 million for 2020 and 2019, respectively, and Level 2 assets of \$100 million and \$116 million for 2020 and 2019, respectively.
- (f) The real estate commingled funds include investments in limited partnerships. These funds are based on the net asset value of the appraised value of investments owned by these funds as determined by independent third parties using inputs that are not observable. The majority of the funds are redeemable quarterly subject to availability of cash and have notice periods ranging from 45 to 90 days.
- (g) Based on the published price of the fund.

Retiree Medical Cost Trend Rates

	2021	2020
Average increase assumed	6 %	6 %
Ultimate projected increase	5 %	5 %
Year of ultimate projected increase	2040	2039

These assumed health care cost trend rates have an impact on the retiree medical plan expense and obligation, however the cap on our share of retiree medical costs limits the impact.

Savings Plan

Certain U.S. employees are eligible to participate in a 401(k) savings plan, which is a voluntary defined contribution plan. The plan is designed to help employees accumulate savings for retirement and we make Company matching contributions for certain employees on a portion of employee contributions based on years of service.

Certain U.S. salaried employees, who are not eligible to participate in a defined benefit pension plan, are also eligible to receive an employer contribution based on age and years of service regardless of employee contribution.

In 2020, 2019 and 2018, our total Company contributions were \$225 million, \$197 million and \$180 million, respectively.

Note 8 — Debt Obligations

The following table summarizes our debt obligations:

Less: current maturities of long-term debt obligations	(3,358)	(2,848)
Total	<u>\$ 40,370</u>	<u>\$ 29,148</u>

(a) Amounts are shown net of unamortized net discounts of \$260 million and \$163 million for 2020 and 2019, respectively.

(b) The interest rates presented reflect weighted-average effective interest rates at year-end. Certain of our fixed rate indebtedness have been swapped to floating rates through the use of interest rate derivative instruments. See Note 9 for further information regarding our interest rate derivative instruments.

As of December 26, 2020 and December 28, 2019, our international debt of \$29 million and \$69 million, respectively, was related to borrowings from external parties, including various lines of credit. These lines of credit are subject to normal banking terms and conditions and are fully committed at least to the extent of our borrowings.

In 2020, we issued the following senior notes:

Interest Rate	Maturity Date	Amount ^(a)
2.250 %	March 2025	\$ 1,500
2.625 %	March 2027	\$ 500

1.050 %	October 2050	€ 750

(a) Represents gross proceeds from issuances of long-term debt excluding debt issuance costs, discounts and premiums.

The net proceeds from the issuances of the above notes will be used for general corporate purposes, including the repayment of commercial paper.

In 2020, we entered into a new 364-day unsecured revolving credit agreement (364-Day Credit Agreement) which expires on May 31, 2021. The 364-Day Credit Agreement enables us and our borrowing subsidiaries to borrow up to \$3.75 billion in U.S. dollars and/or euros, subject to customary terms and conditions. We may request that commitments under this agreement be increased up to \$4.5 billion in U.S. dollars and/or euros. We may request renewal of this facility for an additional 364-day period or convert any amounts outstanding into a term loan for a period of up to one year, which term loan would mature no later than the anniversary of the then effective termination date. The 364-Day Credit Agreement replaced our \$3.75 billion 364-day credit agreement, dated as of June 3, 2019. The 364-Day Credit Agreement is in addition to the five-year unsecured revolving credit agreement (Five-Year Credit Agreement) we entered into in 2019, and which expires on June 3, 2024. The Five-Year Credit Agreement enables us and our borrowing subsidiaries to borrow up to \$3.75 billion in U.S. dollars and/or euros, including a \$0.75 billion swing line subfacility for euro-denominated borrowings permitted to be borrowed on a same-day basis, subject to customary terms and conditions. We may request that commitments under this agreement be increased up to \$4.5 billion in U.S. dollars and/or euros. Additionally, we may, once a year, request renewal of the agreement for an additional one-year period. Funds borrowed under the 364-Day Credit Agreement and Five-Year Credit Agreement may be used for general corporate purposes. Subject to certain conditions, we may borrow, prepay and reborrow amounts under these agreements. As of December 26, 2020, there were no outstanding borrowings under the 364-Day Credit Agreement or the Five-Year Credit Agreement.

In 2020, one of our international consolidated subsidiaries borrowed 21.7 billion South African rand, or approximately \$1.3 billion, from our two unsecured bridge loan facilities (Bridge Loan Facilities) to fund

our acquisition of Pioneer Foods. These borrowings were fully repaid in April 2020 and no further borrowings under these Bridge Loan Facilities are permitted.

In 2020, we paid \$1.1 billion to redeem all \$1.1 billion outstanding principal amount of our 2.15% senior notes due 2020 and terminated associated interest rate swaps with a notional amount of \$0.8 billion.

In 2019, we paid \$1.0 billion to redeem all \$1.0 billion outstanding principal amount of our 4.50% senior notes due 2020.

In 2018, we completed a cash tender offer to redeem \$1.3 billion of certain notes issued by PepsiCo and predecessors to a PepsiCo subsidiary for \$1.6 billion in cash. Also in 2018, we completed an exchange offer for certain notes issued by predecessors to a PepsiCo subsidiary for newly issued PepsiCo notes. These notes were issued in an aggregate principal amount of \$732 million, equal to the exchanged notes. As a result of the above transactions, we recorded a pre-tax charge of \$253 million (\$191 million after-tax or \$0.13 per share) to interest expense in 2018, primarily representing the tender price paid over the carrying value of the tendered notes.

Note 9 — Financial Instruments

Derivatives and Hedging

We are exposed to market risks arising from adverse changes in:

- commodity prices, affecting the cost of our raw materials and energy;
- foreign exchange rates and currency restrictions; and
- interest rates.

In the normal course of business, we manage commodity price, foreign exchange and interest rate risks through a variety of strategies, including productivity initiatives, global purchasing programs and hedging. Ongoing productivity initiatives involve the identification and effective implementation of meaningful cost-saving opportunities or efficiencies, including the use of derivatives. We do not use derivative instruments for trading or speculative purposes. Our global purchasing programs include fixed-price contracts and purchase orders and pricing agreements.

Our hedging strategies include the use of derivatives and, in the case of our net investment hedges, debt instruments. Certain derivatives are designated as either cash flow or fair value hedges and qualify for hedge accounting treatment, while others do not qualify and are marked to market through earnings. The accounting for qualifying hedges allows changes in a hedging instrument's fair value to offset corresponding changes in the hedged item in the same reporting period that the hedged item impacts earnings. Gains or losses on derivatives designated as cash flow hedges are recorded in accumulated other comprehensive loss and reclassified to our income statement when the hedged transaction affects earnings. If it becomes probable that the hedged transaction will not occur, we immediately recognize the related hedging gains or losses in earnings; such gains or losses reclassified during the year ended December 26, 2020 were not material.

Cash flows from derivatives used to manage commodity price, foreign exchange or interest rate risks are classified as operating activities in the cash flow statement. We classify both the earnings and cash flow impact from these derivatives consistent with the underlying hedged item.

Credit Risk

We perform assessments of our counterparty credit risk regularly, including reviewing netting agreements, if any, and a review of credit ratings, credit default swap rates and potential nonperformance of the counterparty. Based on our most recent assessment of our counterparty credit risk, we consider this risk to

be low. In addition, we enter into derivative contracts with a variety of financial institutions that we believe are creditworthy in order to reduce our concentration of credit risk.

Certain of our agreements with our counterparties require us to post full collateral on derivative instruments in a net liability position if our credit rating is at A2 (Moody's Investors Service, Inc.) or A (S&P Global Ratings) and we have been placed on credit watch for possible downgrade or if our credit rating falls below these levels. The fair value of all derivative instruments with credit-risk-related contingent features that were in a net liability position as of December 26, 2020 was \$283 million. We have posted no collateral under these contracts and no credit-risk-related contingent features were triggered as of December 26, 2020.

Commodity Prices

We are subject to commodity price risk because our ability to recover increased costs through higher pricing may be limited in the competitive environment in which we operate. This risk is managed through the use of fixed-price contracts and purchase orders, pricing agreements and derivative instruments, which primarily include swaps and futures. In addition, risk to our supply of certain raw materials is mitigated through purchases from multiple geographies and suppliers. We use derivatives, with terms of no more than three years, to hedge price fluctuations related to a portion of our anticipated commodity purchases, primarily for agricultural products, energy and metals. Derivatives used to hedge commodity price risk that do not qualify for hedge accounting treatment are marked to market each period with the resulting gains and losses recorded in corporate unallocated expenses as either cost of sales or selling, general and administrative expenses, depending on the underlying commodity. These gains and losses are subsequently reflected in division results when the divisions recognize the cost of the underlying commodity in operating profit.

Our commodity derivatives had a total notional value of \$1.1 billion as of December 26, 2020 and December 28, 2019.

Foreign Exchange

We are exposed to foreign exchange risks in the international markets in which our products are made, manufactured, distributed or sold. Additionally, we are exposed to foreign exchange risk from net investments in foreign subsidiaries, foreign currency purchases and foreign currency assets and liabilities created in the normal course of business. We manage this risk through sourcing purchases from local suppliers, negotiating contracts in local currencies with foreign suppliers and through the use of derivatives, primarily forward contracts with terms of no more than two years. Exchange rate gains or losses related to foreign currency transactions are recognized as transaction gains or losses on our income statement as incurred. We also use net investment hedges to partially offset the effects of foreign currency on our investments in certain of our foreign subsidiaries.

Our foreign currency derivatives had a total notional value of \$1.9 billion as of December 26, 2020 and December 28, 2019. The total notional amount of our debt instruments designated as net investment hedges was \$2.7 billion as of December 26, 2020 and \$2.5 billion as of December 28, 2019. For foreign currency derivatives that do not qualify for hedge accounting treatment, gains and losses were offset by changes in the underlying hedged items, resulting in no material net impact on earnings.

Interest Rates

We centrally manage our debt and investment portfolios considering investment opportunities and risks, tax consequences and overall financing strategies. We use various interest rate derivative instruments including, but not limited to, interest rate swaps, cross-currency interest rate swaps, Treasury locks and

swap locks to manage our overall interest expense and foreign exchange risk. These instruments effectively change the interest rate and currency of specific debt issuances. Certain of our fixed rate indebtedness have been swapped to floating rates. The notional amount, interest payment and maturity date of the interest rate and cross-currency interest rate swaps match the principal, interest payment and maturity date of the related debt. Our cross-currency interest rate swaps have terms of no more than twelve years. Our Treasury locks and swap locks are entered into to protect against unfavorable interest rate changes relating to forecasted debt transactions.

Our interest rate derivatives had a total notional value of \$3.0 billion as of December 26, 2020 and \$5.0 billion as of December 28, 2019.

As of December 26, 2020, approximately 3% of total debt, after the impact of the related interest rate derivative instruments, was subject to variable rates, compared to approximately 9% as of December 28, 2019.

Held-to-Maturity Debt Securities

Investments in debt securities that we have the positive intent and ability to hold until maturity are classified as held-to-maturity. Highly liquid debt securities with original maturities of three months or less are recorded as cash equivalents. Our held-to-maturity debt securities consist of U.S. Treasury securities and commercial paper. As of December 26, 2020, we had \$2.1 billion of investments in U.S. Treasury securities with \$2.0 billion recorded in cash and cash equivalents and \$0.1 billion in short-term investments. We had no investments in U.S. Treasury securities as of December 28, 2019. As of December 26, 2020, we had \$260 million of investments in commercial paper with \$75 million recorded in cash and cash equivalents and \$185 million in short-term investments. As of December 28, 2019, we had \$130 million of investments in commercial paper recorded in cash and cash equivalents. Held-to-maturity debt securities are recorded at amortized cost, which approximates fair value, and realized gains or losses are reported in earnings. Our investments mature in less than one year. As of December 26, 2020 and December 28, 2019, gross unrecognized gains and losses and the allowance for expected credit losses were not material.

Fair Value Measurements

The fair values of our financial assets and liabilities as of December 26, 2020 and December 28, 2019 are categorized as follows:

	Fair Value Hierarchy Levels ^(a)	2020		2019	
		Assets ^(a)	Liabilities ^(a)	Assets ^(a)	Liabilities ^(a)
Index funds ^(b)	1	\$ 231	\$ —	\$ 229	\$ —

Total derivatives at fair value ⁽ⁱ⁾		\$ 79	\$ 393	\$ 41	\$ 470
Total		\$ 328	\$ 1,731	\$ 287	\$ 938

- (a) Fair value hierarchy levels are defined in Note 7. Unless otherwise noted, financial assets are classified on our balance sheet within prepaid expenses and other current assets and other assets. Financial liabilities are classified on our balance sheet within accounts payable and other current liabilities and other liabilities.
- (b) Based on the price of index funds. These investments are classified as short-term investments and are used to manage a portion of market risk arising from our deferred compensation liability.
- (c) Based primarily on the price of our common stock.
- (d) Based on the fair value of investments corresponding to employees' investment elections.
- (e) In connection with our acquisition of Rockstar, we recorded a liability for tax-related contingent consideration payable over up to 15 years, with an option to accelerate all remaining payments, with estimated maximum payments of approximately \$1.1 billion, using current tax rates. The fair value of the liability is estimated using probability-weighted, discounted future cash flows at current tax rates. The significant unobservable inputs (Level 3) used to estimate the fair value include the expected future tax benefits associated with the acquisition, the probability that the option to accelerate all remaining payments will be exercised and discount rates. The expected annual future tax benefits range from approximately \$40 million to \$110 million, with an average of \$70 million. The probability, in any given year, that the option to accelerate will be exercised ranges from 3 to 25 percent, with a weighted-average payment period of approximately 4 years. The discount rates range from less than 1 percent to 5 percent, with a weighted average of 3 percent. The contingent consideration measured at fair value using unobservable inputs as of December 26, 2020 is \$861 million, comprised of an \$882 million liability recognized at the acquisition date of Rockstar and a fair value decrease of \$21 million in the year ended December 26, 2020, recorded in selling, general and administrative expenses.
- (f) Based on London Interbank Offered Rate forward rates. As of December 26, 2020 and December 28, 2019, the carrying amount of hedged fixed-rate debt was \$0.2 billion and \$2.2 billion, respectively, and classified on our balance sheet within short-term and long-term debt obligations. As of December 26, 2020 and December 28, 2019, the cumulative amount of fair value hedging adjustments to hedged fixed-rate debt was a \$2 million gain and \$5 million loss, respectively. As of December 26, 2020, the cumulative amount of fair value hedging adjustments on discontinued hedges was a \$19 million loss, which is being amortized over the remaining life of the related debt obligations.

- (g) Based on recently reported market transactions of spot and forward rates.
(h) Based on quoted contract prices on futures exchange markets.
(i) Based on recently reported market transactions of swap arrangements.
(j) Derivative assets and liabilities are presented on a gross basis on our balance sheet. Amounts subject to enforceable master netting arrangements or similar agreements which are not offset on the balance sheet as of December 26, 2020 and December 28, 2019 were not material. Collateral received or posted against our asset or liability positions was not material. Exchange-traded commodity futures are cash-settled on a daily basis and, therefore, not included in the table as of December 26, 2020.

The carrying amounts of our cash and cash equivalents and short-term investments approximate fair value due to their short-term maturity. Our cash equivalents and short-term investments are classified as Level 2 in the fair value hierarchy. The fair value of our debt obligations as of December 26, 2020 and December 28, 2019 was \$50 billion and \$34 billion, respectively, based upon prices of similar instruments in the marketplace, which are considered Level 2 inputs.

Losses/(gains) on our hedging instruments are categorized as follows:

	Fair Value/Non-designated Hedges		Cash Flow and Net Investment Hedges			
	Losses/(Gains) Recognized in Income Statement^(a)		Losses/(Gains) Recognized in Accumulated Other Comprehensive Loss		Losses/(Gains) Reclassified from Accumulated Other Comprehensive Loss into Income Statement^(b)	
	2020	2019	2020	2019	2020	2019
Foreign exchange	\$ —	\$ (1)	\$ (9)	\$ 57	\$ (43)	\$ 3
Interest rate	(6)	(64)	(96)	67	(129)	7
Commodity	53	(17)	(21)	7	56	4
Net investment	—	—	235	(30)	—	—
Total	\$ 47	\$ (82)	\$ 109	\$ 101	\$ (116)	\$ 14

(a) Foreign exchange derivative losses/gains are primarily included in selling, general and administrative expenses. Interest rate derivative losses/gains are primarily from fair value hedges and are included in net interest expense and other. These losses/gains are substantially offset by decreases/increases in the value of the underlying debt, which are also included in net interest expense and other. Commodity derivative losses/gains are included in either cost of sales or selling, general and administrative expenses, depending on the underlying commodity.

(b) Foreign exchange derivative losses/gains are included in cost of sales. Interest rate derivative losses/gains are included in net interest expense and other. Commodity derivative losses/gains are included in either cost of sales or selling, general and administrative expenses, depending on the underlying commodity.

Based on current market conditions, we expect to reclassify net losses of \$7 million related to our cash flow hedges from accumulated other comprehensive loss into net income during the next 12 months.

(a) Weighted-average common shares outstanding (in millions).

(b) See Note 11 for further information.

(c) The dilutive effect of these securities is calculated using the treasury stock method.

The weighted-average amount of antidilutive securities excluded from the calculation of diluted earnings per common share was immaterial for the years ended December 26, 2020, December 28, 2019 and December 29, 2018.

Note 11 — Preferred Stock

In connection with our merger with The Quaker Oats Company (Quaker) in 2001, shares of our convertible preferred stock were authorized and issued to an ESOP fund established by Quaker. Quaker made the final award to its ESOP in June 2001.

In 2018, all of the outstanding shares of our convertible preferred stock were converted into an aggregate of 550,102 shares of our common stock. As a result, there are no shares of our convertible preferred stock outstanding as of December 29, 2018 and our convertible preferred stock is retired for accounting purposes.

Activities of our preferred stock are included in the equity statement.

Note 13 — Leases

Lessee

We determine whether an arrangement is a lease at inception. We have operating leases for plants, warehouses, distribution centers, storage facilities, offices and other facilities, as well as machinery and equipment, including fleet. Our leases generally have remaining lease terms of up to 20 years, some of which include options to extend the lease term for up to five years, and some of which include options to terminate the lease within one year. We consider these options in determining the lease term used to establish our right-of-use assets and lease liabilities. Our lease agreements do not contain any material residual value guarantees or material restrictive covenants.

As most of our leases do not provide an implicit rate, we use our incremental borrowing rate based on the information available at commencement date in determining the present value of lease payments.

We have lease agreements that contain both lease and non-lease components. For real estate leases, we account for lease components together with non-lease components (e.g., common-area maintenance).

Components of lease cost are as follows:

	2020	2019
Operating lease cost ^(a)	\$ 539	\$ 474
Variable lease cost ^(b)	\$ 111	\$ 101
Short-term lease cost ^(c)	\$ 436	\$ 379

(a) Includes right-of-use asset amortization of \$478 million and \$412 million in 2020 and 2019, respectively.

(b) Primarily related to adjustments for inflation, common-area maintenance and property tax.

(c) Not recorded on our balance sheet.

Rent expense for the year ended December 29, 2018 was \$771 million.

In 2020 and 2019, we recognized gains of \$7 million and \$77 million, respectively, on sale-leaseback transactions with terms under four years.

Supplemental cash flow information and non-cash activity related to our operating leases are as follows:

	2020	2019
Operating cash flow information:		
Cash paid for amounts included in the measurement of lease liabilities	\$ 555	\$ 478
Non-cash activity:		
Right-of-use assets obtained in exchange for lease obligations	\$ 621	\$ 479

Weighted-average remaining lease term	6 years	6 years
Weighted-average discount rate	4 %	4 %

Maturities of lease liabilities by year for our operating leases are as follows:

2021	\$ 486
2022	385
2023	278
2024	194
2025	139
2026 and beyond	413

Lessor

We have various arrangements for certain foodservice and vending equipment under which we are the lessor. These leases meet the criteria for operating lease classification. Lease income associated with these leases is not material.

Note 14 — Acquisitions and Divestitures

Acquisition of Pioneer Food Group Ltd.

On March 23, 2020, we acquired all of the outstanding shares of Pioneer Foods, a food and beverage company in South Africa with exports to countries across the globe, for 110.00 South African rand per share in cash. The total consideration transferred was approximately \$1.2 billion and was funded by the Bridge Loan Facilities entered into by one of our international consolidated subsidiaries. See Note 8 for further information.

We accounted for the transaction as a business combination. We recognized and measured the identifiable assets acquired and liabilities assumed at their estimated fair values on the date of acquisition, in our AMESA segment. The assets acquired and liabilities assumed in Pioneer Foods as of the acquisition date, which primarily include goodwill and other intangible assets of \$0.8 billion and property, plant and equipment of \$0.4 billion, are based on preliminary estimates that are subject to revisions and may result in adjustments to preliminary values as valuations are finalized. We expect to finalize these amounts as soon as possible, but no later than the second quarter of 2021.

In connection with our acquisition of Pioneer Foods, we have made certain commitments to the South Africa Competition Commission, including a commitment to provide the equivalent of 7.7 billion South African rand, or approximately \$0.4 billion as of the acquisition date, in value for the benefit of our employees, agricultural development, education, developing Pioneer Foods' operations and enterprise development programs in South Africa. Included in this commitment is 2.2 billion South African rand, or approximately \$0.1 billion, relating to the implementation of an employee ownership plan and an agricultural, entrepreneurship and educational development fund, which is an irrevocable condition of the acquisition and will primarily be settled within the twelve-month period from the acquisition date. This was recorded in selling, general and administrative expenses in 2020. The remaining commitment of 5.5 billion South African rand, or approximately \$0.3 billion as of the acquisition date, relates to capital expenditures and/or business-related costs which will be incurred and recorded over a five-year period from the acquisition date.

Acquisition of Rockstar Energy Beverages

On April 24, 2020, we acquired Rockstar, an energy drink maker with whom we had a distribution agreement prior to the acquisition, for an upfront cash payment of approximately \$3.85 billion and contingent consideration related to estimated future tax benefits associated with the acquisition of approximately \$0.9 billion. See Note 9 for further information about the contingent consideration.

We accounted for the transaction as a business combination. We recognized and measured the identifiable assets acquired and liabilities assumed at their estimated fair values on the date of acquisition, primarily in our PBNA segment. The assets acquired and liabilities assumed in Rockstar as of the acquisition date, which primarily include goodwill and other intangible assets of \$4.7 billion, are based on preliminary estimates that are subject to revisions and may result in adjustments to preliminary values as valuations are finalized. We expect to finalize these amounts as soon as possible, but no later than the second quarter of 2021.

Acquisition of Hangzhou Haomusi Food Co., Ltd.

On June 1, 2020, we acquired all of the outstanding shares of Be & Cheery, one of the largest online snacks companies in China, from Haoxiangni Health Food Co., Ltd. for cash. The total consideration transferred was approximately \$0.7 billion.

We accounted for the transaction as a business combination. We recognized and measured the identifiable assets acquired and liabilities assumed at their estimated fair values on the date of acquisition, in our

APAC segment. The assets acquired and liabilities assumed in Be & Cheery as of the acquisition date, which primarily include goodwill and other intangible assets of \$0.7 billion, are based on preliminary estimates that are subject to revisions and may result in adjustments to preliminary values as valuations are finalized. We expect to finalize these amounts as soon as possible, but no later than the third quarter of 2021.

Acquisition of SodaStream International Ltd.

On December 5, 2018, we acquired all of the outstanding shares of SodaStream, a manufacturer and distributor of sparkling water makers, for \$144.00 per share in cash, in a transaction valued at approximately \$3.3 billion. The total consideration transferred was \$3.3 billion (or \$3.2 billion, net of cash and cash equivalents acquired). The purchase price allocation was finalized in the fourth quarter of 2019.

Refranchising in Thailand

In 2018, we refranchised our beverage business in Thailand by selling a controlling interest in our Thailand bottling operations to form a joint venture, where we now have an equity method investment. We recorded a pre-tax gain of \$144 million (\$126 million after-tax or \$0.09 per share) in selling, general and administrative expenses in our APAC segment as a result of this transaction.

Refranchising in Czech Republic, Hungary and Slovakia

In 2018, we refranchised our entire beverage bottling operations and snack distribution operations in Czech Republic, Hungary and Slovakia. We recorded a pre-tax gain of \$58 million (\$46 million after-tax or \$0.03 per share) in selling, general and administrative expenses in our Europe segment as a result of this transaction.

Inventory Fair Value Adjustments and Merger and Integration Charges

A summary of our inventory fair value adjustments and merger and integration charges is as follows:

	2020	2019	2018
Cost of sales	\$ 32	\$ 34	\$ —
Selling, general and administrative expenses	223	21	75
Total	<u>\$ 255</u>	<u>\$ 55</u>	<u>\$ 75</u>
After-tax amount	\$ 237	\$ 47	\$ 75
Net income attributable to PepsiCo per common share	\$ 0.17	\$ 0.03	\$ 0.05

Inventory fair value adjustments and merger and integration charges include fair value adjustments to the acquired inventory included in the acquisition-date balance sheets (recorded in cost of sales) and closing costs, employee-related costs, contract termination costs, changes in the fair value of contingent consideration and other integration costs (recorded in selling, general and administrative expenses). Merger and integration charges also include liabilities to support socioeconomic programs in South Africa, which are irrevocable conditions of our acquisition of Pioneer Foods (recorded in selling, general and administrative expenses).

Inventory fair value adjustments and merger and integration charges by division are as follows:

Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors
PepsiCo, Inc.:

Opinions on the Consolidated Financial Statements and Internal Control over Financial Reporting

We have audited the accompanying Consolidated Balance Sheet of PepsiCo, Inc. and Subsidiaries (the Company) as of December 26, 2020 and December 28, 2019, and the related Consolidated Statements of Income, Comprehensive Income, Cash Flows, and Equity for each of the fiscal years in the three-year period ended December 26, 2020 and the related notes (collectively, the consolidated financial statements). We also have audited the Company's internal control over financial reporting as of December 26, 2020, based on criteria established in Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 26, 2020 and December 28, 2019, and the results of its operations and its cash flows for each of the fiscal years in the three-year period ended December 26, 2020, in conformity with U.S. generally accepted accounting principles. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 26, 2020, based on criteria established in Internal Control – Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission.

As permitted by SEC guidance, the scope of management's assessment of the effectiveness of internal control over financial reporting as of December 26, 2020 excluded Pioneer Food Group Ltd. and its subsidiaries (Pioneer Foods) and Hangzhou Haomusi Food Co., Ltd. and its subsidiaries (Be & Cheery), both of which the Company acquired in 2020. Pioneer Foods' total assets and net revenue represented approximately 2.2% and 1.4%, respectively, of the consolidated total assets and net revenue of the Company as of and for the year ended December 26, 2020. Be & Cheery's total assets and net revenue represented approximately 1.1% and 0.4%, respectively, of the consolidated total assets and net revenue of the Company as of and for the year ended December 26, 2020. Our audit of internal control over financial reporting of the Company also excluded an evaluation of the internal control over financial reporting of Pioneer Foods and Be & Cheery.

Basis for Opinions

The Company's management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's consolidated financial statements and an opinion on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the consolidated financial statements included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and

performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

Definition and Limitations of Internal Control over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the consolidated financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Sales incentive accruals

As discussed in Note 2 to the consolidated financial statements, the Company offers sales incentives and discounts through various programs to customers and consumers. A number of the sales incentives are based on annual targets, resulting in the need to accrue for the expected liability. These incentives are accrued for in the "Accounts payable and other current liabilities" line on the balance sheet. These accruals are based on sales incentive agreements, expectations regarding customer and consumer participation and performance levels, and historical experience and trends.

We identified the evaluation of certain of the Company's sales incentive accruals as a critical audit matter. Subjective and complex auditor judgment is required in evaluating these sales incentive accruals as a result of the timing difference between when the product is delivered and when the incentive is settled. This specifically related to (1) forecasted customer and consumer participation

and performance level assumptions underlying the accrual, and (2) the impact of historical experience and trends.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the critical audit matter. This included controls related to the Company's sales incentive process, including (1) the accrual methodology, (2) assumptions around forecasted customer and consumer participation, (3) performance levels, and (4) monitoring of actual sales incentives incurred compared to estimated sales incentives in respect of historical periods. To evaluate the timing and amount of certain accrued sales incentives we (1) analyzed the accrual by sales incentive type as compared to historical trends to identify specific sales incentives that may require additional testing, (2) recalculated expenses and closing accruals on a sample basis, based on volumes sold and terms of the sales incentives, (3) assessed the Company's ability to accurately estimate its sales incentive accrual by comparing previously established accruals to actual settlements, and (4) tested a sample of settlements or claims that occurred after period end, and compared them to the recorded sales incentive accrual.

Carrying value of certain reacquired and acquired franchise rights and certain juice and dairy brands

As discussed in Notes 2 and 4 to the consolidated financial statements, the Company performs impairment testing of its indefinite-lived intangible assets on an annual basis during the third quarter of each fiscal year and whenever events and changes in circumstances indicate that there is a greater than 50% likelihood that the asset is impaired. The carrying value of indefinite-lived intangible assets as of December 26, 2020 was \$36.4 billion which represents 39% of total assets, and includes PepsiCo Beverages North America's (PBNA) reacquired and acquired franchise rights which had a carrying value of \$8.6 billion as of December 26, 2020.

We identified the assessment of the carrying value of PBNA's reacquired and acquired franchise rights and certain of Europe's juice and dairy brands in Russia as a critical audit matter. Significant auditor judgment is necessary to assess the impact of competitive operating and macroeconomic factors on future levels of sales, operating profit and cash flows. The impairment analysis of these indefinite-lived intangible assets requires significant auditor judgment to evaluate the Company's forecasted revenue and profitability levels, including the expected long-term growth rates and the selection of the discount rates to be applied to the projected cash flows.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the critical audit matter. This included controls related to the Company's indefinite-lived assets impairment process to develop the forecasted revenue, profitability levels, and expected long-term growth rates and select the discount rates to be applied to the projected cash flows. We also evaluated the sensitivity of the Company's conclusion to changes in assumptions, including the assessment of changes in assumptions from prior periods. To assess the Company's ability to accurately forecast, we compared the Company's historical forecasted results to actual results. We compared the cash flow projections used in the impairment tests with available external industry data and other internal information. We involved valuation professionals with specialized skills and knowledge who assisted in evaluating (1) the long-term growth rates used in the impairment tests by comparing against economic data and information specific to the respective assets, including projected long-term nominal Gross Domestic Product growth in the respective local countries, and (2) the discount rates used in the impairment tests by comparing them against discount rates that were independently developed using publicly available market data, including that of comparable companies.

Unrecognized tax benefits

As discussed in Note 5 to the consolidated financial statements, the Company's global operating model gives rise to income tax obligations in the United States and in certain foreign jurisdictions in which it operates. As of December 26, 2020, the Company recorded reserves for unrecognized tax benefits of \$1.6 billion. The Company establishes reserves if it believes that certain positions taken in its tax returns are subject to challenge and the Company likely will not succeed, even though the Company believes the tax return position is supportable under the tax law. The Company adjusts these reserves, as well as the related interest, in light of new information, such as the progress of a tax examination, new tax law, relevant court rulings or tax authority settlements.

We identified the evaluation of the Company's unrecognized tax benefits as a critical audit matter because the application of tax law and interpretation of a tax authority's settlement history is complex and involves subjective judgment. Such judgments impact both the timing and amount of the reserves that are recognized, including judgments about re-measuring liabilities for positions taken in prior years' tax returns in light of new information.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the critical audit matter. This included controls related to the Company's unrecognized tax benefits process, including controls to (1) identify uncertain income tax positions, (2) evaluate the tax law and tax authority's settlement history used to estimate the unrecognized tax benefits, and (3) monitor for new information that may give rise to changes to the existing unrecognized tax benefits, such as progress of a tax examination, new tax law or tax authority settlements. We involved tax and valuation professionals with specialized skills and knowledge, who assisted in assessing the unrecognized tax benefits by (1) evaluating the Company's tax structure and transactions, including transfer pricing arrangements, and (2) assessing the Company's interpretation of existing tax law as well as new and amended tax laws, tax positions taken, associated external counsel opinions, information from tax examinations, relevant court rulings and tax authority settlements.

GLOSSARY

Acquisitions and divestitures: all mergers and acquisitions activity, including the impact of acquisitions, divestitures and changes in ownership or control in consolidated subsidiaries and nonconsolidated equity investees.

Bottler Case Sales (BCS): measure of physical beverage volume shipped to retailers and independent distributors from both PepsiCo and our independent bottlers.

Bottler funding: financial incentives we give to our independent bottlers to assist in the distribution and promotion of our beverage products.

Concentrate Shipments and Equivalents (CSE): measure of our physical beverage volume shipments to independent bottlers.

Constant currency: financial results assuming constant foreign currency exchange rates used for translation based on the rates in effect for the comparable prior-year period. In order to compute our constant currency results, we multiply or divide, as appropriate, our current year U.S. dollar results by the current year average foreign exchange rates and then multiply or divide, as appropriate, those amounts by the prior year average foreign exchange rates.

Consumers: people who eat and drink our products.

CSD: carbonated soft drinks.

Customers: authorized independent bottlers, distributors and retailers.

Direct-Store-Delivery (DSD): delivery system used by us and our independent bottlers to deliver snacks and beverages directly to retail stores where our products are merchandised.

Effective net pricing: reflects the year-over-year impact of discrete pricing actions, sales incentive activities and mix resulting from selling varying products in different package sizes and in different countries.

Free cash flow: net cash provided by operating activities less capital spending, plus sales of property, plant and equipment.

Independent bottlers: customers to whom we have granted exclusive contracts to sell and manufacture certain beverage products bearing our trademarks within a specific geographical area.

Mark-to-market net impact: change in market value for commodity derivative contracts that we purchase to mitigate the volatility in costs of energy and raw materials that we consume. The market value is determined based on prices on national exchanges and recently reported transactions in the marketplace.

Organic: a measure that adjusts for impacts of acquisitions, divestitures and other structural changes, and where applicable, foreign exchange translation and the impact of the 53rd reporting week. In excluding the impact of foreign exchange translation, we assume constant foreign exchange rates used for translation based on the rates in effect for the comparable prior-year period. See the definition of “Constant currency” for further information.

Total marketplace spending: includes sales incentives and discounts offered through various programs to our customers, consumers or independent bottlers, as well as advertising and other marketing activities.

Transaction gains and losses: the impact on our consolidated financial statements of exchange rate changes arising from specific transactions.

Translation adjustment: the impact of converting our foreign affiliates' financial statements into U.S. dollars for the purpose of consolidating our financial statements.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

Included in “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations – Our Business Risks.”

Item 8. Financial Statements and Supplementary Data.

See “Item 15. Exhibits and Financial Statement Schedules.”

Item 9A. Controls and Procedures.

(a) Disclosure Controls and Procedures. As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that as of the end of the period covered by this report our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in reports we file or submit under the Exchange Act is (1) recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and (2) accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

(b) Management’s Annual Report on Internal Control over Financial Reporting. Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rule 13a-15(f) of the Exchange Act. Under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based upon criteria established in *Internal Control – Integrated Framework* (2013) by the Committee of Sponsoring Organizations of the Treadway Commission. Based on that evaluation, our management concluded that our internal control over financial reporting was effective as of December 26, 2020.

As permitted by SEC guidance, the scope of management’s assessment of the effectiveness of our internal control over financial reporting as of December 26, 2020 excluded Pioneer Foods and Be & Cheery, both acquired in 2020. Pioneer Foods’ total assets and net revenue represented approximately 2.2% and 1.4%, respectively, of the consolidated total assets and net revenue of PepsiCo, Inc. as of and for the year ended December 26, 2020. Be & Cheery’s total assets and net revenue represented approximately 1.1% and 0.4%, respectively, of the consolidated total assets and net revenue of PepsiCo, Inc. as of and for the year ended December 26, 2020.

Attestation Report of the Registered Public Accounting Firm. KPMG LLP, an independent registered public accounting firm, has audited the consolidated financial statements included in this Annual Report on Form 10-K and, as part of their audit, has issued their report, included herein, on the effectiveness of our internal control over financial reporting.

(c) Changes in Internal Control over Financial Reporting. Except as discussed, there have been no changes in our internal control over financial reporting during our fourth quarter of 2020 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

During our fourth quarter of 2020, we continued migrating certain of our financial processing systems to an enterprise-wide systems solution. These systems implementations are part of our ongoing global business transformation initiative, and we plan to continue implementing such systems throughout other parts of our businesses. In addition, in connection with our 2019 multi-year productivity plan, we continue

to migrate to shared business models across our operations to further simplify, harmonize and automate processes. In connection with these implementations and resulting business process changes, we continue to enhance the design and documentation of our internal control over financial reporting processes to maintain effective controls over our financial reporting. These transitions have not materially affected, and we do not expect them to materially affect, our internal control over financial reporting.

Description of Securities

Registered Pursuant to Section 12 of the Securities Exchange Act of 1934

As used below, the terms “PepsiCo,” the “Company,” “we,” “us,” and “our” refer to PepsiCo, Inc., as issuer of the following securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, as amended: (i) common stock, par value one and two-thirds cents (1-2/3 cents) per share (the “common stock”), (ii) 2.500% Senior Notes due 2022 (the “sterling notes”), (iii) 1.750% Senior Notes due 2021 (the “2021 notes”), (iv) 0.250% Senior Notes due 2024 (the “2024 notes”), (v) 2.625% Senior Notes due 2026 (the “2026 notes”), (vi) 0.750% Senior Notes due 2027 (the “2027 notes”), (vii) 0.500% Senior Notes due 2028 (the “May 2028 notes”), (viii) 0.875% Senior Notes due 2028 (the “July 2028 notes”), (ix) 1.125% Senior Notes due 2031 (the “2031 notes”), (x) 0.400% Senior Notes due 2032 (the “2032 notes”), (xi) 0.875% Senior Notes due 2039 (the “2039 notes”) and (xii) 1.050% Senior Notes due 2050 (the “2050 notes,” and together with the 2021 notes, 2024 notes, 2026 notes, 2027 notes, May 2028 notes, July 2028 notes, 2031 notes, 2032 notes and 2039 notes, the “euro notes,” and the euro notes together with the sterling notes, the “notes”).

DESCRIPTION OF COMMON STOCK

The following description of our common stock is based upon our Amended and Restated Articles of Incorporation, effective as of May 1, 2019 (“Articles of Incorporation”), our By-Laws, as amended and restated, effective as of April 15, 2020 (“By-Laws”) and applicable provisions of law. We have summarized certain portions of the Articles of Incorporation and By-Laws below. The summary is not complete. The Articles of Incorporation and By-Laws are incorporated by reference as exhibits to the Annual Report on Form 10-K to which this exhibit is a part. You should read the Articles of Incorporation and By-Laws for the provisions that are important to you.

General

Our Articles of Incorporation authorize us to issue 3,600,000,000 shares of common stock, par value one and two-thirds cents (1-2/3 cents) per share. As of February 4, 2021, there were 1,379,608,641 shares of common stock outstanding which were held of record by 105,807 shareholders.

Voting Rights. Each holder of a share of our common stock is entitled to one vote for each share held of record on the applicable record date on each matter submitted to a vote of

shareholders. Action on a matter generally requires that the votes cast in favor of the action exceed the votes cast in opposition. A plurality vote is required in an election of the Board of Directors where the number of director nominees exceeds the number of directors to be elected.

Dividend Rights. Holders of our common stock are entitled to receive dividends as may be declared from time to time by PepsiCo's Board of Directors out of funds legally available therefor.

Rights Upon Liquidation. Holders of our common stock are entitled to share pro rata, upon any liquidation, dissolution or winding up of PepsiCo, in all remaining assets available for distribution to shareholders after payment or providing for PepsiCo's liabilities.

Preemptive Rights. Holders of our common stock do not have the right to subscribe for, purchase or receive new or additional common stock or other securities.

Transfer Agent and Registrar

Computershare Trust Company, N.A. is the transfer agent and registrar for our common stock.

Stock Exchange Listing

The Nasdaq Global Select Market is the principal market for our common stock, where it is listed under the symbol "PEP," and our common stock is also listed on the SIX Swiss Exchange.

Certain Provisions of PepsiCo's Articles of Incorporation and By-Laws; Director Indemnification Agreements

Advance Notice of Proposals and Nominations. Our By-Laws provide that shareholders must provide timely written notice to bring business before an annual meeting of shareholders or to nominate candidates for election as directors at an annual meeting of shareholders. Notice for an annual meeting is generally timely if it is received at our principal office not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. However, if the date of the annual meeting is advanced by more than 30 days or delayed more than 60 days from this anniversary date, or if no annual meeting was held in the preceding year, such notice by the shareholder must be delivered not earlier than the 120th day prior to the annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such annual meeting was first made. Shareholders utilizing "proxy access" must meet separate deadlines. The By-Laws also specify the form and content of a shareholder's notice. These

provisions may prevent shareholders from bringing matters before an annual meeting of shareholders or from nominating candidates for election as directors at an annual meeting of shareholders.

Proxy Access. Our By-Laws contain “proxy access” provisions which give an eligible shareholder (or a group of up to 20 shareholders aggregating their shares) that has owned 3% or more of the outstanding common stock continuously for at least three years the right to nominate the greater of two nominees and 20% of the number of directors to be elected at the applicable annual general meeting, and to have those nominees included in our proxy materials, subject to the other terms and conditions of our By-Laws.

Special Meetings. A special meeting of the shareholders may be called by the Chairman of the Board, by resolution of the Board or by our corporate secretary upon written request of one or more shareholders holding shares of record representing at least 20% in the aggregate of our outstanding common stock entitled to vote at such meeting. Any such special meeting called at the request of our shareholders will be held at such date, time and place (if any) as may be fixed by our Board, provided that the date of such special meeting may not be more than 90 days from the receipt of such request by the corporate secretary. The By-Laws specify the form and content of a shareholder’s request for a special meeting.

Indemnification of Directors, Officers and Employees. Our By-Laws provide that unless the Board determines otherwise, we shall indemnify, to the full extent permitted by law, any person who was or is, or who is threatened to be made, a party to an action, suit or proceeding (including appeals), whether civil, criminal, administrative, investigative or arbitrative, by reason of the fact that such person, such person’s testator or intestate, is or was one of our directors, officers or employees, or is or was serving at our request as a director, officer or employee of another enterprise, against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding. Pursuant to our By-Laws this indemnification may, at the Board’s discretion, also include advancement of expenses prior to the final disposition of such action, suit or proceeding.

In addition, we have entered into indemnification agreements with each of our independent directors, pursuant to which we have agreed to indemnify and hold harmless, to the full extent permitted by law, each director against any and all liabilities and assessments (including attorneys’ fees and other costs, expenses and obligations) arising out of or related to any threatened, pending or completed action, suit, proceeding, inquiry or investigation, whether civil, criminal, administrative, or other, including, but not limited to, judgments, fines, penalties and amounts paid in settlement (whether with or without court approval), and any interest, assessments, excise taxes or other charges paid or payable in connection with or in respect of any

of the foregoing, incurred by the independent director and arising out of his status as a director or member of a committee of our Board, or by reason of anything done or not done by the director in such capacities. After receipt of an appropriate request by an independent director, we will also advance all expenses, costs and other obligations (including attorneys' fees) arising out of or related to such matters. We will not be liable for payment of any liability or expense incurred by an independent director on account of acts which, at the time taken, were known or believed by such director to be clearly in conflict with our best interests.

Certain Anti-Takeover Effects of North Carolina Law

The North Carolina Shareholder Protection Act generally requires the affirmative vote of 95% of a public corporation's voting shares to approve a "business combination" with any entity that a majority of continuing directors determines beneficially owns, directly or indirectly, more than 20% of the voting shares of the corporation (or ever owned, directly or indirectly, more than 20% and is still an "affiliate" of the corporation) unless the fair price provisions and the procedural provisions of the North Carolina Shareholder Protection Act are satisfied.

"Business combination" is defined by the North Carolina Shareholder Protection Act as (i) any merger, consolidation or conversion of a corporation with or into any other entity, or (ii) any sale or lease of all or any substantial part of the corporation's assets to any other entity, or (iii) any payment, sale or lease to the corporation or any subsidiary thereof in exchange for securities of the corporation of any assets having an aggregate fair market value equal to or greater than \$5,000,000 of any other entity.

The North Carolina Shareholder Protection Act contains provisions that allowed a corporation to "opt out" of the applicability of the North Carolina Shareholder Protection Act's voting provisions within specified time periods that generally have expired. The Act applies to PepsiCo since we did not opt out within these time periods.

This statute could discourage a third party from making a partial tender offer or otherwise attempting to obtain a substantial position in our equity securities or seeking to obtain control of us. It also might limit the price that certain investors might be willing to pay in the future for our shares of common stock and may have the effect of delaying or preventing a change of control of us.

DESCRIPTION OF NOTES

We have previously filed a registration statement on Form S-3 (File No. 333-177307), which was filed with the Securities and Exchange Commission (the "SEC") on October 13, 2011 and covers the issuance of the sterling notes, 2021 notes and 2026 notes, a registration statement on Form S-3 (File No. 333-197640), which was filed with the SEC on July 25, 2014 and covers

the issuance of the July 2028 notes, a registration statement on Form S-3 (File No. 333-216082), which was filed with the SEC on February 15, 2017 and covers the issuance of the 2027 notes, 2031 notes and 2039 notes and a registration statement on Form S-3 (File No. 333-234767), which was filed with the SEC on November 18, 2019 and covers the issuance of the 2024 notes, May 2028 notes, 2032 notes and 2050 notes.

The notes were issued under an indenture dated as of May 21, 2007 between us and The Bank of New York Mellon, as trustee (the “indenture”). Below we have summarized certain terms and provisions of the indenture. The summary is not complete. The indenture has been incorporated by reference as an exhibit to the Annual Report on Form 10-K to which this exhibit is a part. You should read the indenture for the provisions which may be important to you. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended.

Ranking. The notes rank equally and pari passu with all other unsecured and unsubordinated debt of PepsiCo.

No Sinking Fund. No series of notes is subject to any sinking fund.

Additional Notes. We may, without the consent of the existing holders of the notes of a series, issue additional notes of such series having the same terms (except issue date, date from which interest accrues and, in some cases, the first interest payment date) so that the existing notes of such series and the new notes of such series form a single series under the indenture. As of February 4, 2021, no such additional notes have been issued.

Minimum Denominations. The sterling notes were issued in minimum denominations of £100,000 and integral multiples of £1,000 in excess thereof. The euro notes were issued in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof.

Global Notes. The notes of each series are in the form of one or more global notes that we deposited with or on behalf of a common depositary for the accounts of Euroclear Bank S.A./N.V., or its successor, as operator of the Euroclear System (“Euroclear”) and Clearstream Banking, société anonyme (“Clearstream”) and are registered in the name of the nominee of the common depositary.

Paying Agent. We have initially appointed The Bank of New York Mellon, London Branch to act as paying agent and transfer agent in connection with the notes as well as to serve as the common depositary for the notes. The Bank of New York Mellon, London Branch is an affiliate of the trustee. The term “paying agent” shall include The Bank of New York Mellon, London Branch and any successors appointed from time to time in accordance with the provisions of the indenture.

Currency of Payment of Sterling Notes. The principal and interest payments in respect of the sterling notes are payable in sterling. If the United Kingdom adopts euro, in lieu of sterling, as its lawful currency, the sterling notes will be redenominated in euro on a date determined by us, in our sole discretion, with a principal amount for each sterling note equal to the principal amount of that note in sterling, converted into euro at the rate established by the applicable law; provided that, if we determine after consultation with the paying agent that the then current market practice in respect of redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions will be deemed to be amended so as to comply with such market practice and we will promptly notify the trustee and the paying

agent of such deemed amendment. We will give 30 days' notice of the redenomination date to the paying agent, the trustee, Euroclear and Clearstream.

If sterling or, in the event the sterling notes are redenominated in euro, euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control (other than, with respect to sterling, due to the circumstances described in the preceding paragraph but including the dissolution of the euro, if applicable), then all payments in respect of the sterling notes will be made in U.S. dollars until sterling or euro, as the case may be, is again available to us. The amount payable on any date in sterling or, in the event the sterling notes are redenominated in euro, euro will be converted to U.S. dollars on the basis of the then most recently available market exchange rate for sterling or euro, as the case may be, as determined by us in our sole discretion. Any payment in respect of the sterling notes so made in euro or U.S. dollars will not constitute an event of default under the sterling notes or the indenture governing the sterling notes. Neither the trustee nor the paying agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

Currency of Payment of Euro Notes. The principal and interest payments in respect of the euro notes, including payments made upon any redemption of any series of the euro notes, are payable in euro. If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the euro notes will be made in U.S. dollars until the euro is again available to us and so used. In such circumstances, the amount payable on any date in euro will be converted into U.S. dollars on the basis of the then most recently available market exchange rate for euro, as determined by us in our sole discretion. Any payment in respect of the euro notes so made in U.S. dollars will not constitute an event of default under the euro notes or the indenture governing the euro notes. Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Definition of Business Day. The term “business day” with respect to the sterling notes means any day other than a Saturday or Sunday or a day on which banking institutions in the City of New York or the City of London are authorized or required by law or executive order to close.

The term “business day” with respect to the euro notes means any day, other than a Saturday or Sunday, (1) which is not a day on which banking institutions in the City of New York or the City of London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, operates. If any interest payment date,

maturity date or redemption date is not a business day, then the related payment for such interest payment date, maturity date or redemption date shall be paid on the next succeeding business day with the same force and effect as if made on such interest payment date, maturity date or redemption date, as the case may be, and no further interest shall accrue as a result of such delay.

Interest Payments. Each series of notes will bear interest at the per annum rate stated in its title. Interest on the notes will be computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the date from which interest begins to accrue for the period to, but excluding, the next scheduled interest payment date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Markets Association.

Optional Redemption

Sterling Notes

We have the right at our option to redeem any of the sterling notes in whole or in part, at any time or from time to time prior to their maturity, on at least 30 days, but not more than 60 days, prior notice mailed (or otherwise transmitted in accordance with the procedures of the depositary) to the registered address of each holder of the sterling notes, at a redemption price (calculated by us) equal to the greater of (i) 100% of the principal amount of such notes and (ii) the sum of the present values of the Remaining Scheduled Payments of principal and interest thereon (exclusive of interest accrued to the date of redemption), discounted to the redemption date on a semi-annual basis (ACTUAL/ACTUAL (ICMA)) at the Comparable Government Bond Rate plus 13 basis points plus, in each case, accrued and unpaid interest thereon to, but not including, the date of redemption.

Definitions

“Comparable Government Bond Rate” means the price, expressed as a percentage (rounded to three decimal places, 0.0005 being rounded upwards), at which the gross redemption yield on the sterling notes, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by us.

“Comparable Government Bond” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a United Kingdom government bond whose maturity is closest to the maturity of the sterling notes, or if such independent investment bank in its discretion considers that such similar bond is not in

issue, such other United Kingdom government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, United Kingdom government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“Remaining Scheduled Payments” means, with respect to each sterling note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such sterling note, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

Definitions

“Comparable Government Bond Rate” means, with respect to any redemption date for each series of euro notes, the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on such euro notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by us.

“Comparable Government Bond” means, with respect to each series of euro notes, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the maturity of the euro notes to be redeemed, or if such independent investment bank in its discretion considers that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“Remaining Scheduled Payments” means, with respect to each euro note of each series to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such euro note, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

General

On and after the applicable redemption date with respect to a series of notes, interest will cease to accrue on such notes or any portion of such notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with the trustee or its agent money sufficient to pay the redemption price of and (unless the redemption date shall be an interest payment date) accrued and unpaid interest to the redemption date on the notes to be redeemed on such date. If less than all of the notes of a series are to be redeemed, the notes of such series to be redeemed shall be selected in accordance with applicable depositary procedures. Additionally, we may at any time repurchase notes in the open market and may hold or surrender such notes to the trustee for cancellation.

Notice of redemption will be transmitted at least 30 days (or 15 days with respect to the 2039 notes, or 10 days with respect to the 2024 notes, May 2028 notes, 2032 notes and 2050 notes) but not more than 60 days before the applicable redemption date to each holder of notes to be redeemed. We will be responsible for calculating the redemption price of the notes or portions thereof called for redemption.

Payment of Additional Amounts

We will, subject to the exceptions and limitations set forth below, pay as additional interest on the notes such additional amounts as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person (as

defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States or a taxing authority in the United States, will not be less than the amount provided in the notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

Sterling Notes

- (1) to any tax, assessment or other governmental charge that would not have been imposed but for the holder, or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - (a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
 - (b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
 - (c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States or a corporation that has accumulated earnings to avoid United States federal income tax;
 - (d) being or having been a “10-percent shareholder” of the Company as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the “Code”) or any successor provision; or
 - (e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- (2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

- (3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
- (5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;
- (7) to any withholding or deduction that is imposed on a payment to an individual and that is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Union Directive on the taxation of savings;
- (8) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by at least one other paying agent;
- (9) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (10) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner being a bank (i) purchasing the notes in the ordinary course of its lending business or (ii) that is neither (A) buying the notes for investment purposes only nor (B) buying the notes for resale to a third-party that either is not a bank or holding the notes for investment purposes only;

(11) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions that are substantively comparable) and any current or future regulations or official interpretations thereof; or

(12) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9), (10) and (11).

2021 Notes, 2026 Notes and July 2028 Notes

(1) to any tax, assessment or other governmental charge that is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

- (a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
- (b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
- (c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States federal income tax purposes or a corporation that has accumulated earnings to avoid United States federal income tax;
- (d) being or having been a “10-percent shareholder” of the Company as defined in Section 871(h)(3) of the Code or any successor provision; or
- (e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

(2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an

additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

- (3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
- (5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;
- (7) to any withholding or deduction that is imposed on a payment to an individual and that is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Union Directive on the taxation of savings;
- (8) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by at least one other paying agent;
- (9) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (10) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner being a bank (i) purchasing the notes in the ordinary course of its lending business or (ii) that is neither (A) buying the notes for

investment purposes only nor (B) buying the notes for resale to a third-party that either is not a bank or holding the notes for investment purposes only;

- (11) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
- (12) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9), (10) and (11).

2024 Notes, 2027 Notes, May 2028 Notes, 2031 Notes, 2032 Notes, 2039 Notes and 2050 Notes

- (1) to any tax, assessment or other governmental charge that is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - (a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States;
 - (b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of the notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the United States;
 - (c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States federal income tax purposes or a corporation that has accumulated earnings to avoid United States federal income tax;
 - (d) being or having been a “10-percent shareholder” of the Company as defined in Section 871(h)(3) of the Code or any successor provision; or
 - (e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;

- (2) to any holder that is not the sole beneficial owner of the notes, or a portion of the notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- (3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of the notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;
- (4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
- (5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;
- (7) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by at least one other paying agent;
- (8) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (9) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the beneficial owner being a bank (i) purchasing the notes in the ordinary course of its lending business or (ii) that is neither (A) buying the notes for

investment purposes only nor (B) buying the notes for resale to a third-party that either is not a bank or holding the notes for investment purposes only;

- (10) to any tax, assessment or other governmental charge imposed under Sections 1471 through 1474 of the Code (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
- (11) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9) and (10).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading “—Payment of Additional Amounts,” we will not be required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “—Payment of Additional Amounts” and under the heading “—Redemption for Tax Reasons,” the term “United States” means the United States of America (including the states of the United States and the District of Columbia and any political subdivision thereof) and the term “United States person” means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia (other than a partnership that is not treated as a United States person under any applicable Treasury regulations), or any estate or trust the income of which is subject to United States federal income taxation regardless of its source.

Redemption for Tax Reasons

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority in the United States), or any change in, or amendments to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the date of the prospectus supplement filed with the SEC for the applicable series of notes, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading “—Payment of Additional Amounts” with respect to the notes of any series, then we may at any time at our option redeem, in whole, but not in part, the outstanding notes of such

series on not less than 30 nor more than 60 days prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on those notes to, but not including, the date fixed for redemption.

Certain Covenants

Limitation of Liens

We will not, and will not permit any of our restricted subsidiaries to, incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries unless we or that first-mentioned restricted subsidiary secures or causes such restricted subsidiary to secure the notes (and any of its or such restricted subsidiary's other debt, at its option or such restricted subsidiary's option, as the case may be, not subordinate to the notes), equally and ratably with (or prior to) such secured debt, for as long as such secured debt will be so secured.

These restrictions will not, however, apply to debt secured by:

- (1) any liens existing prior to the issuance of such notes;
- (2) any lien on property of or shares of stock of (or other interests in) or debt of any entity existing at the time such entity becomes a restricted subsidiary;
- (3) any liens on property, shares of stock of (or other interests in) or debt of any entity (a) existing at the time of acquisition of such property or shares (or other interests) (including acquisition through merger or consolidation), (b) to secure the payment of all or any part of the purchase price of such property or shares (or other interests) or construction or improvement of such property or (c) to secure any debt incurred prior to, at the time of, or within 365 days after the later of the acquisition, the completion of construction or the commencement of full operation of such property or within 365 days after the acquisition of such shares (or other interests) for the purpose of financing all or any part of the purchase price of such shares (or other interests) or construction thereon;
- (4) any liens in favor of us or any of our restricted subsidiaries;
- (5) any liens in favor of, or required by contracts with, governmental entities; or
- (6) any extension, renewal, or refunding of liens referred to in any of the preceding clauses (1) through (5).

Notwithstanding the foregoing, we or any of our restricted subsidiaries may incur, suffer to exist or guarantee any debt secured by a lien on any principal property or on any shares of stock of (or other interests in) any of our restricted subsidiaries if, after giving effect thereto, the aggregate amount of such debt does not exceed 15% of our consolidated net tangible assets.

The indenture does not restrict the transfer by us of a principal property to any of our unrestricted subsidiaries or our ability to change the designation of a subsidiary owning principal property from a restricted subsidiary to an unrestricted subsidiary and, if we were to do so, any such unrestricted subsidiary would not be restricted from incurring secured debt nor would we be required, upon such incurrence, to secure the notes equally and ratably with such secured debt.

Consolidation, Merger or Sale of Assets

We may consolidate or merge with or into, or convey or transfer all or substantially all of our assets to, any entity (including, without limitation, a limited partnership or a limited liability company); *provided* that:

- we will be the surviving corporation or, if not, that the successor will be a corporation that is organized and validly existing under the laws of any state of the United States of America or the District of Columbia and will expressly assume by a supplemental indenture our obligations under the indenture and the notes;
- immediately after giving effect to such transaction, no event of default, and no default or other event which, after notice or lapse of time, or both, would become an event of default, will have happened and be continuing; and
- we will have delivered to the trustee an opinion of counsel, stating that such consolidation, merger, conveyance or transfer complies with the indenture.

In the event of any such consolidation, merger, conveyance, transfer or lease, any such successor will succeed to and be substituted for us as obligor on the notes with the same effect as if it had been named in the indenture as obligor, and we will be released from all obligations under the indenture and under the notes.

Definitions

“Consolidated net tangible assets” means the total amount of our assets and our restricted subsidiaries’ assets minus:

- all applicable depreciation, amortization and other valuation reserves;
- all current liabilities of ours and our restricted subsidiaries (excluding any intercompany liabilities); and

- all goodwill, trade names, trademarks, patents, unamortized debt discount and expenses and other like intangibles, all as set forth on our and our restricted subsidiaries' latest consolidated balance sheets prepared in accordance with U.S. generally accepted accounting principles.

"Debt" means any indebtedness for borrowed money.

"Principal property" means any single manufacturing or processing plant, office building or warehouse owned or leased by us or any of our restricted subsidiaries other than a plant, warehouse, office building or portion thereof which, in the opinion of our Board of Directors, is not of material importance to the business conducted by us and our restricted subsidiaries taken as an entirety.

"Restricted subsidiary" means, at any time, any subsidiary which at the time is not an unrestricted subsidiary of ours.

"Subsidiary" means any entity, at least a majority of the outstanding voting stock of which shall at the time be owned, directly or indirectly, by us or by one or more of our subsidiaries, or both.

"Unrestricted subsidiary" means any subsidiary of ours (not at the time designated as our restricted subsidiary) (1) the major part of whose business consists of finance, banking, credit, leasing, insurance, financial services or other similar operations, or any combination thereof, (2) substantially all the assets of which consist of the capital stock of one or more subsidiaries engaged in the operations referred to in the preceding clause (1), or (3) designated as an unrestricted subsidiary by our Board of Directors.

Events of Default

An "Event of Default" under the notes of a given series means:

- (1) default in paying interest on the notes when it becomes due and the default continues for a period of 30 days or more;
- (2) default in paying principal, or premium, if any, on the notes when due;
- (3) default is made in the payment of any sinking or purchase fund or analogous obligation when the same becomes due, and such default continues for 30 days or more;
- (4) default in the performance, or breach, of any covenant or warranty of PepsiCo in the indenture (other than defaults specified in clause (1), (2) or (3) above) and the

default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 51% in aggregate principal amount of the outstanding notes of the series;

- (5) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to PepsiCo have occurred; or
- (6) any other Events of Default set forth in the applicable prospectus supplement.

If an Event of Default (other than an Event of Default specified in clause (5) with respect to PepsiCo) under the indenture occurs with respect to the notes of any series and is continuing, then the trustee or the holders of at least 51% in principal amount of the outstanding notes of that series may by written notice require us to repay immediately the entire principal amount of the outstanding notes of that series (or such lesser amount as may be provided in the terms of the notes), together with all accrued and unpaid interest and premium, if any.

If an Event of Default under the indenture specified in clause (5) with respect to PepsiCo occurs and is continuing, then the entire principal amount of the outstanding notes (or such lesser amount as may be provided in the terms of the notes) will automatically become due and payable immediately without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration, the holders of not less than 51% in aggregate principal amount of outstanding notes of any series may rescind this accelerated payment requirement if all existing Events of Default, except for nonpayment of the principal and interest on the notes of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived and if the rescission of acceleration would not conflict with any judgment or decree. The holders of a majority in principal amount of the outstanding notes of any series also have the right to waive past defaults, except a default in paying principal, premium or interest on any outstanding note, or in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the notes of that series.

Holders of at least 51% in principal amount of the outstanding notes of a series may seek to institute a proceeding only after they have notified the trustee of a continuing Event of Default in writing and made a written request, and offered reasonable indemnity, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60 day period the trustee must not have received directions inconsistent with this written request by holders of a majority in principal amount of the outstanding notes of that series. These limitations do not apply, however, to a suit instituted by a holder of a note for the

enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default, the trustee is required to exercise the rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent man would under the circumstances in the conduct of that person's own affairs. If an Event of Default has occurred and is continuing, the trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee reasonable security or indemnity. Subject to certain provisions, the holders of a majority in principal amount of the outstanding notes of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust, or power conferred on the trustee.

The trustee will, within 90 days after any default occurs, give notice of the default to the holders of the notes of that series, unless the default was already cured or waived. Unless there is a default in paying principal, interest or any premium when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

Modification and Waiver

The indenture may be amended or modified without the consent of any holder of notes in order to:

- evidence a succession to the trustee;
- cure ambiguities, defects or inconsistencies;
- provide for the assumption of our obligations in the case of a merger or consolidation or transfer of all or substantially all of our assets;
- make any change that would provide any additional rights or benefits to the holders of the notes of a series;
- add guarantors with respect to the notes of any series;
- secure the notes of a series;
- establish the form or forms of notes of any series;
- maintain the qualification of the indenture under the Trust Indenture Act; or

- make any change that does not adversely affect in any material respect the interests of any holder.

Other amendments and modifications of the indenture or the notes issued may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding notes of each series affected by the amendment or modification. However, no modification or amendment may, without the consent of the holder of each outstanding note affected:

- reduce the principal amount, interest or premium payable, or extend the fixed maturity, of the notes;
- alter or waive the redemption provisions of the notes;
- change the currency in which principal, any premium or interest is paid;
- reduce the percentage in principal amount outstanding of notes of any series which must consent to an amendment, supplement or waiver or consent to take any action;
- impair the right to institute suit for the enforcement of any payment on the notes;
- waive a payment default with respect to the notes or any guarantor;
- reduce the interest rate or extend the time for payment of interest on the notes;
- adversely affect the ranking of the notes of any series; or
- release any guarantor from any of its obligations under its guarantee or the indenture, except in compliance with the terms of the indenture.

Satisfaction, Discharge and Covenant Defeasance

We may terminate our obligations under the indenture, when:

- either:
 - all the notes of any series issued that have been authenticated and delivered have been delivered to the trustee for cancellation; or
 - all the notes of any series issued that have not been delivered to the trustee for cancellation have become due and payable, will become due and payable within one year, or are to be called for redemption within one year and we have made arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name and at our expense, and in each case,

we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the series of notes to pay principal, interest and any premium; and

- we have paid or caused to be paid all other sums then due and payable under the indenture; and
- we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding notes of any series ("legal defeasance"). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding notes of such series under the indenture, except for:

- the rights of holders of the notes to receive principal, interest and any premium when due;
- our obligations with respect to the notes concerning issuing temporary notes, registration of transfer of the notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment for security payments held in trust;
- the rights, powers, trusts, duties and immunities of the trustee; and
- the defeasance provisions of the indenture.

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture ("covenant defeasance"). Any omission to comply with these obligations will not constitute a default or an event of default with respect to the notes of any series. In the event covenant defeasance occurs, certain events, not including non-payment, bankruptcy and insolvency events, described under "Events of Default" above will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding notes of any series:

- we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefit of the holders of the notes of a series:
 - money in an amount;

- U.S. government obligations (or equivalent government obligations in the case of notes denominated in other than U.S. dollars or a specified currency) that will provide, not later than one day before the due date of any payment, money in an amount; or
- a combination of money and U.S. government obligations (or equivalent government obligations, as applicable),

in each case sufficient, in the written opinion (with respect to U.S. or equivalent government obligations or a combination of money and U.S. or equivalent government obligations, as applicable) of a nationally recognized firm of independent registered public accountants, to pay and discharge, and which shall be applied by the trustee to pay and discharge, all of the principal (including mandatory sinking fund payments), interest and any premium at the due date or maturity;

- in the case of legal defeasance, we must have delivered to the trustee an opinion of counsel stating that, under then applicable federal income tax law, the holders of the notes of that series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same federal income tax as would be the case if the deposit, defeasance and discharge did not occur;
- in the case of covenant defeasance, we must have delivered to the trustee an opinion of counsel to the effect that the holders of the notes of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same federal income tax as would be the case if the deposit and covenant defeasance did not occur;
- no event of default or default with respect to the outstanding notes of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit, it being understood that this condition is not deemed satisfied until after the 91st day;
- the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all notes of a series were in default within the meaning of such Act;

- the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under, any other agreement or instrument to which we are a party;
- the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and
- we must have delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent with respect to the legal defeasance or covenant defeasance have been complied with.

Book-Entry, Delivery and Settlement

We have obtained the information in this section concerning Clearstream and Euroclear and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those clearing systems could change their rules and procedures at any time.

The notes of each series were initially represented by one or more fully registered global notes. Each such global note was deposited with, or on behalf of, a common depositary and registered in the name of the nominee of the common depositary for the accounts of Clearstream and Euroclear. Except as set forth below, the global notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. You may hold your interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositaries. Book-entry interests in the notes and all transfers relating to the notes will be reflected in the book-entry records of Clearstream and Euroclear. The address of Clearstream is 42 Avenue JF Kennedy, L-1855 Luxembourg, Luxembourg and the address of Euroclear is 1 Boulevard Roi Albert II, B-1210 Brussels, Belgium.

The distribution of the notes was cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes will take place through Clearstream and Euroclear participants and will settle in same-day funds. Owners of book-entry interests in

the notes will receive payments relating to their notes in sterling with respect to the sterling notes and euro with respect to the euro notes, except as described in the applicable prospectus supplement.

Clearstream and Euroclear have established electronic securities and payment transfer, processing, depositary and custodial links among themselves and others, either directly or through custodians and depositaries. These links allow the notes to be issued, held and transferred among the clearing systems without the physical transfer of certificates. Special procedures to facilitate clearance and settlement have been established among these clearing systems to trade securities across borders in the secondary market.

The policies of Clearstream and Euroclear govern payments, transfers, exchanges and other matters relating to the investor's interest in the notes held by them. We have no responsibility for any aspect of the records kept by Clearstream or Euroclear or any of their direct or indirect participants. We also do not supervise these systems in any way.

Clearstream and Euroclear and their participants perform these clearance and settlement functions under agreements they have made with one another or with their customers. You should be aware that they are not obligated to perform or continue to perform these procedures and may modify them or discontinue them at any time.

Except as provided otherwise, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of the depositary and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Certificated Notes. Subject to certain conditions, the notes represented by the global notes are exchangeable for certificated notes in definitive form of like tenor in minimum denominations of £100,000 principal amount and integral multiples of £1,000 in excess thereof with respect to the sterling notes and €100,000 principal amount and integral multiples of €1,000 in excess thereof with respect to the euro notes if:

- (1) the common depositary provides notification that it is unwilling, unable or no longer qualified to continue as depositary for the global notes and a successor is not appointed within 90 days;

- (2) we in our discretion at any time determine not to have all the notes of any series represented by the global note; or
- (3) default entitling the holders of the applicable notes of any series to accelerate the maturity thereof has occurred and is continuing.

Any note of any series that is exchangeable as above is exchangeable for certificated notes of such series issuable in authorized denominations and registered in such names as the common depositary shall direct. Subject to the foregoing, a global note is not exchangeable, except for a global note of the same aggregate denomination to be registered in the name of the common depositary (or its nominee).

Same-day Payment. Payments (including principal, interest and any additional amounts) and transfers with respect to notes of any series in certificated form may be executed at the office or agency maintained for such purpose within the City of London (initially the office of the paying agent maintained for such purpose) or, at our option, by check mailed to the holders thereof at the respective addresses set forth in the register of holders of the applicable notes of such series, provided that all payments (including principal, interest and any additional amounts) on notes in certificated form, for which the holders thereof have given wire transfer instructions, will be required to be made by wire transfer of immediately available funds to the accounts specified by the holders thereof. No service charge will be made for any registration of transfer, but payment of a sum sufficient to cover any tax or governmental charge payable in connection with that registration may be required.

ARTICLE I - HISTORY AND GENERAL INFORMATION

The Plan came into operation on and took effect from September 1, 1980, and was comprised of the “PepsiCo International Retirement Plan Trust Indenture” and the “Plan Rules”, and was later amended and restated in its entirety, effective September 2, 1982.

The Plan was further amended and restated in its entirety, effective October 1, 2003, whereupon the Plan Rules became the “Plan A Rules” (applicable to benefits funded by the Corporation’s contributions to the trust established by the PepsiCo International Retirement Plan Trust Indenture) and the “Plan B Rules” (applicable to benefits funded by the Corporation as they arise) took effect.

The Plan was further amended effective January 1, 2005, so that no person subject to taxation in the United States of America may in any way have their right to a benefit from the Plan come into existence, increase or in any way be enhanced, but instead will be determined as if they had left the Corporation and any Associated Company permanently before becoming subject to U.S. taxation.

Effective January 1, 2010, the Plan A Rules and Plan B Rules were amended and restated in their entirety to form a single governing legal document, as set forth herein. The terms of the Plan set forth in this amended and restated governing legal document are known as the “DB Program” (also known as “PIRP-DB”). This amended and restated governing legal document shall apply to Members who are in Membership from and after January 1, 2010, as well as any others who claim rights from and after January 1, 2010 that are derived from current or former Membership, including former Members and the Dependants and Eligible Spouses of Members and former Members. Notwithstanding any other provision of this Plan, the amendment and restatement of this Plan, the supersession of the prior documents by this Plan, and the prior existence of separate Plan A and Plan B Rules shall not at any time result in any duplication of benefits (nor shall duplication of benefits result from any other factor or circumstance related to this Plan or any prior version of this Plan).

Effective January 1, 2011, the Corporation established a new defined contribution structure (the “DC Program”) to benefit selected international employees for whom it has been determined to be appropriate (i.e., employees on assignments outside of their home countries for whom it is judged to be impracticable to have them participate in their home country retirement plans and employees who are among a selected group of senior globalists on United States tax equalized packages). The terms of the DC Program are set forth in a separate governing legal document. Together, the DC Program and the DB Program set forth the terms of a single Plan.

The DB Program was previously amended and restated, effective January 1, 2016. The DB Program was again amended and restated, effective January 1, 2019. The DB Program is hereby amended and restated effective January 1, 2021 (the “Restatement Date”) to freeze the DB Program effective as of the end of the day on December 31, 2025. As a result, effective on and after January 1, 2026, all accruals under the DB Program, as well as all Pensionable Service,

Salary and other compensation that are recognized under the Plan, are treated as ending no later than at the end of the day on December 31, 2025, and where the DB Program requires that Salary or other compensation be averaged over a period of service, service after December 31, 2025 is not taken into account. Notwithstanding the foregoing, in accordance with the DB Program's usual rules that would apply in the absence of the DB Program freeze, a Member shall continue to earn Service (for purposes of determining whether the Member has a vested right to a Pension) and entitlement Service (for purposes of applying more favorable early retirement factors under the DB Program) and shall be permitted to meet any related age threshold relevant to qualify for such early retirement factors while still an Employee, even after December 31, 2025. In addition, the portion of the formula that requires projecting and prorating a Member's benefit, the denominator of the applicable fraction is projected to include service after December 31, 2025 as if the DB Program were not going to freeze while the numerator of the fraction is calculated taking into account the December 31, 2025 freeze, and then the resulting fraction is frozen as of December 31, 2025; a Member shall continue to earn Service and shall be permitted to meet any related age threshold while still an Employee that would result in the inapplicability of the projecting and prorating formula even after December 31, 2025.

At all times, the Plan is unfunded and unsecured for purposes of the United States Internal Revenue Code and Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The benefits of an executive are an obligation of that executive's individual employer. With respect to his employer, the executive has the rights of an unsecured general creditor. The Plan is also intended to be exempt from ERISA as a plan maintained outside of the United States primarily for the benefit of persons substantially all of whom are nonresident aliens of the United States.

ARTICLE II - DEFINITIONS AND CONSTRUCTION

2.01 Definitions.

Where the following words and phrases appear in this governing legal document for the DB Program, they shall have the meaning set forth below, unless a different meaning is plainly required by the context:

(a) "Active Member" means a who is currently eligible to accrue Pensionable Service under the DB Program; accordingly, it refers to a Member who has been admitted or re-admitted to Membership pursuant to Article III, but who has not retired on Pension, withdrawn from or otherwise ceased to be (or to be deemed to be) in Service as an Eligible Employee, or for any other reason ceased to be eligible to accrue Pensionable Service for the purpose of the DB Program.

(b) "Actuarial Equivalent" means Actuarial Equivalent as defined in paragraph (2) (Standard Actuarial Factors) of Section 2.1 of Part B of the PepsiCo Employees Retirement Plan A, subject to paragraphs (3) (Applicability of the Standard Actuarial Factors) and (5) (Additional Defined Terms and Special Rules) thereof.

(c) "Actuary." means the individual actuary or firm of actuaries selected by the Vice President to provide actuarial services in connection with the administration of the DB Program.

(d) "Annuity Starting Date" means the first day of the first month for which a Pension is payable as an annuity or in any other form.

(e) "Approved Transfer" means any of the following that are initiated or approved by the Corporation or (with the approval of the Corporation) by a Member's Employer –

(1) The Member's transfer to employment based in the United States or its territories;

(2) The Member's secondment to a work location in the United States or its territories;

(3) Any other change in the Member's employment circumstances that will cause the Member to become a U.S. Person.

(f) "Associated Company." means any company or undertaking which – (i) is directly or indirectly controlled by or associated in business with the Corporation, and (ii) which has agreed, subject to the ongoing consent of the Vice President, to perform and observe the conditions, stipulations and provisions of the DB Program and to be included

among the Employers under the DB Program. "Associated Companies" means all such companies or undertakings.

(g) "Corporation" means PepsiCo, Inc., a corporation organized and existing under the laws of the State of North Carolina, or its successor or successors.

(h) "Dependant" means the person who shall receive any amounts with respect to a Member's Pension payable upon the Member's death, in such cases where the Member's Pension is payable in one of the forms of payment under Sections 5.02 and 5.03 that include a survivor option.

(i) "DB Program" means the portion of the Plan that provides a program of defined benefits and that is described in the governing legal document entitled "The PepsiCo International Retirement Plan Defined Benefit Program (PIRP-DB)," as it may be amended from time to time. The DB Program is also sometimes referred to as "PIRP-DB."

(j) "DC Program" means the portion of the Plan that provides a program of defined contributions and that is described in the governing legal document entitled "The PepsiCo International Retirement Plan Defined Contribution Program (PIRP-DC)," as it may be amended from time to time. The DC Program is also sometimes referred to as "PIRP-DC."

(k) "Eligible Domestic Partner" means, solely with respect to a Member who is actively employed by, or on an Authorized Leave of Absence from, a member of the PepsiCo Organization on or after January 1, 2019, an individual who is of the same sex or opposite sex as the Member and who satisfies paragraph (1), (2) or (3), subject to the additional rules set forth in paragraph (4), as determined by the Vice President.

- (1) Civil Union. If the Member has entered into a civil union or similar government-recognized status that is valid on the applicable date under the law of the location that is determined by the Vice President to be the Member's principal residence, the Participant's Domestic Partner (if any) is the individual with whom the Participant has entered into such status, provided that such individual submits a claim for benefits within 60 days of Member's date of death (and if no such claim is submitted, the individual shall not be a Domestic Partner under this paragraph (1)).
- (2) Benefits Enrollment. If the Member does not have a Domestic Partner pursuant to subsection (1) above, the Member's Eligible Domestic Partner (if any) is the individual who, on the applicable date, was enrolled, as the Member's domestic partner, in the Cigna International Health Program (or its successor) sponsored by the Corporation.

- (3) Other Acceptable Evidence of Partnership. If the Member does not have a Domestic Partner under paragraph (1) or (2) above, such Member's Domestic Partner, if any, is the individual who, as of the applicable date, satisfies such criteria of domestic partnership as the Vice President has specified in writing, provided that such individual submits a claim for benefits within 60 days of the Member's date of death (and if no such claim is submitted, the individual shall not be a Domestic Partner under this paragraph (3)).
- (4) Additional Rules. For purposes of this definition, "applicable date" means the earlier of the Member's Annuity Starting Date or the date of the Member's death. The term "Eligible Domestic Partner" does not apply to a Member's Eligible Spouse. A Member is not permitted to have more than one Eligible Domestic Partner at any point in time, and a Member who has an Eligible Spouse is not permitted to have an Eligible Domestic Partner.

(l) "Eligible Employee" means an individual who the Vice President has determined – (i) is a full-time salaried Third Country National employed exclusively outside of the United States of America on the regular staff of an Approved Employer, and (ii) is not currently designated by the Vice President as in a position that can make him eligible to earn "pay credits" under the DC Program. The Vice President shall have the discretion to designate as an Eligible Employee a part-time employee who, but for his part-time status, otherwise satisfies the requirements of the preceding sentence.

(m) "Eligible Spouse" means the individual to whom the Member is married on the earlier of the Member's Annuity Starting Date or the date of the Member's death. The determination of whether a Member is married shall be made by the Vice President based on the law of the Member's principal residence; provided, however, that for purposes of the DB Program, a Member shall have only one Eligible Spouse.

(n) "Employers" means the Corporation and any and every Associated Company or such one or more of any of them as the context shall determine or the circumstances require. "Employer" in relation to any person means whichever it is of the Employers in whose employment that person is or was at the relevant time or those Employers (if more than one) in whose employment he had been during the relevant period. An "Approved Employer" means an Employer that, as of the time in question, has been approved by the Vice President (and remains approved) to have its Eligible Employees become and continue as Active Members under the DB Program.

(o) "Entry Date" means September 1, 1980 and the first day of each subsequent month.

(p) "Members" means all Eligible Employees who have been admitted to Membership pursuant to Article III and who remain entitled to a benefit under the DB

Program. In relation to each of the Employers, any reference to Members means those Members in or formerly in its employment. References to "Membership" are references to the status of being a Member.

(q) "Normal Retirement Age" means age 65 or, if later, the age at which a Member first has five (5) years of Service.

(r) "Normal Retirement Date" means in relation to a Member the first day of the month coincident with or immediately following the Member's Normal Retirement Age.

(s) "Pension" means a series of level monthly payments or single lump sum payment payable to a person who is entitled to receive benefits under the DB Program.

(t) "Pensionable Service" means in relation to a Member the period, or where appropriate the aggregate of periods, of a Member's Service as an Eligible Employee of an Approved Employer, which is counted for purposes of determining the amount of benefits under the DB Program payable to, or on behalf of, a Member. Pensionable Service shall also include any other period of employment with a member of the PepsiCo Organization or any Employer for which the Vice President determines to give credit under the DB Program to the Member. Absent special circumstances, as determined by the Vice President, such other period of such prior period of employment will only be counted as Pensionable Service if such Employer maintained a retirement plan to which it made contributions on behalf of eligible employees.

(u) "Plan" means the PepsiCo International Retirement Plan, which consists of the DB Program and DC Program.

(v) "PepsiCo Organization" means the controlled group of organizations of which the Corporation is a part, as defined by U.S. Internal Revenue Code section 414 and regulations issued thereunder. An entity shall only be considered a member of the PepsiCo Organization during the period it is one of the group of organizations described in the preceding sentence.

(w) "PepsiCo Salaried Plan" means the program of pension benefits set forth in Part B of the PSERP Component of both the PepsiCo Employees Retirement Plan A ("PERP-A") and the PepsiCo Employees Retirement Plan I ("PERP-I"), as it may be amended from time to time, and as it was set forth prior to January 1, 2017 in predecessor plans to PERP-A and PERP-I.

(x) "Salary:" means in relation to a Member his calendar year base pay, plus overtime pay, commission payments and amounts paid pursuant to the incentive compensation plans (annual bonus plans) of an Employer, but shall exclude –

(1) Any pay that would ordinarily qualify as Salary as described above to the extent it is earned by the Member – (i) while working for the PepsiCo

Organization or any Employer in the United States, (ii) while participating in the PepsiCo Salaried Plan, and/or (iii) while a U.S. Person, and

(2) All other amounts taxable as remuneration for personal services, including amounts received or deemed received under any other pension or welfare plan maintained by a member of the PepsiCo Organization or any Employer, premium bonuses, sign-on bonus or other one-time payments, income from stock option exercises and any special allowances (whether given in respect of residence, cost of living, education, transfer or otherwise).

If a Member has Salary in accordance with the prior sentence and then ceases to be employed by an Employer (but the Member remains employed by a member of the PepsiCo Organization), compensation while employed by the member of the PepsiCo Organization that otherwise would qualify as Salary hereunder shall be considered Salary for purposes of the DB Program. In the event a Member's Salary is either (i) paid in currency other than United States dollars or (ii) paid in United States dollars but not tied to the United States salary ranges established by the Corporation, as updated from time to time, such currency shall be converted to United States dollars according to procedures established by the Global Mobility Team, or if no such procedures exist as of the time in question, as reasonably determined by the Vice President. Notwithstanding the foregoing provisions of this definition, the Vice President may exercise his discretion to determine a Member's Salary based on an alternative definition that is different than that set forth above.

(y) "Service" means in relation to a Third Country National (or other employee deemed an Eligible Employee by the Vice President) only the period during which such Third Country National (or such other employee) was continuously in employment (including all permissible periods of authorized leave of absence) with any Approved Employer. A permissible period of authorized leave of absence is a period of absence of not more than 12 months, unless a longer period is individually authorized in writing by the Vice President. A break in service of less than 12 months shall not be considered to have broken the continuity of a Member's Service. Other breaks in service (including a break in service of at least 12 months and a break in service before an individual has become a Member) shall break the continuity of an individual's Service, and employment before the break in service will only be counted as Service if it would otherwise qualify under this subsection and the Vice President approves its being counted (which approval may provide for such pre-break employment being counted as vesting Service, entitlement Service, or both). Vesting Service means Service that is taken into account solely in determining vesting, and entitlement Service means Service that is taken into account solely in determining entitlement for Early Retirement, Normal Retirement and Late Retirement.

For an individual who transfers from employment with an Employer as an ineligible Employee to the status of an Eligible Employee of an Employer, his pre-transfer period of employment with an Employer may be counted as Service only with

the approval of the Vice President (which approval may provide for such pre-transfer employment being counted as vesting Service, entitlement Service, or both).

Except as otherwise provided by the Vice President, Service shall not include an individual's periods of employment with any company or undertaking prior to it becoming an Employer or a member of the PepsiCo Organization.

No determination of an individual's Service shall result in any duplication, and all of the DB Program's provisions shall at all times be interpreted consistently with the terms of this subsection.

(z) "Status Change" means any change in a Member's circumstances (other than a change in circumstances that constitutes an Approved Transfer) that will cause the Member to become a U.S. Person.

(aa) "Third Country National" means any individual who is not: (1) a U.S. Person, (2) employed in his home country, (3) employed in his hire country, except as permitted by the Vice President, nor (4) accruing benefits under a retirement plan sponsored by his Employer in his home country while abroad. An individual's home or hire country as of any time shall be the country that is designated at that time as the individual's home or hire country, respectively, on the records of the applicable entity (which shall be the Global Mobility Team, its successor (if any) or such other group within the PepsiCo Organization that is designated for this purpose by the Vice President), or is so designated in accordance with such rules as the applicable entity shall choose to apply from time to time. The records described in the preceding sentence are intended to be maintained outside the United States of America.

(bb) "U.S. Person" means: (1) a citizen of the United States of America; (2) a person lawfully admitted for permanent residence in the United States of America at any time during the calendar year, or who has applied for such permanent residence (within the meaning of United States Internal Revenue Code section 7701(b)(1)(A)); or (3) any other person who is a resident alien of the United States of America under United States Internal Revenue Code section 7701(b)(1)(A) because, for example, the person satisfies the substantial presence test under United States Internal Revenue Code section 7701(b)(3) or makes an election to be treated as a United States resident under United States Internal Revenue Code section 7701(b)(4). In addition, a person shall be considered a U.S. Person for purposes of Section 9.14 in any year for which the person is required by the United States Internal Revenue Code to file an individual income tax return, unless the Vice President determines that it is clear that the person has no U.S. source earned income from a member of the PepsiCo Organization for such year.

(cc) "Vice President" means the Vice President, Global Benefits & Wellness of PepsiCo, Inc. but if such position is vacant or eliminated it shall be the person who is acting to fulfill the majority of the duties of the position (or plurality of the duties, if no

one is fulfilling a majority), as such duties existed immediately prior to the vacancy or the position elimination.

2.02 Construction.

(a) Gender and Number: In this document for the DB Program where the context does not otherwise determine, words importing the masculine gender shall include the feminine gender and words importing the singular number shall include the plural number and vice versa.

(b) Determining Periods of Years: For the purposes of the DB Program, any period of 365 consecutive days (or of 366 consecutive days, if the period includes 29th February) shall be deemed to constitute a year, but not so that in the calculation of a number of years any day is counted more than once. Where the amount of a benefit depends upon the calculation of a number of years or months without expressly requiring that these should be complete years or months, a proportionate amount (*i.e.*, a number of days) may be given for any part of a year or month which would not otherwise be included in the calculation. Where the this document makes reference to months or parts of a year, or to any other period of time except a day, week or year the Vice President may authorize the period to be counted in days or complete calendar months with each calendar month counted as 1/12th of a year.

(c) Compounds of the Word “Here”: The words “hereof” and “hereunder” and other similar compounds of the word “here” shall mean and refer to the entire DB Program, not to any particular provision or section.

(d) Examples: Whenever an example is provided or the text uses the term “including” followed by a specific item or items, or there is a passage having a similar effect, such passages of the document shall be construed as if the phrase “without limitation” followed such example or term (or otherwise applied to such passage in a manner that avoids limitation on its breadth of application).

(e) Subdivisions of This Document: This document is divided and subdivided using the following progression: articles, sections, subsections, paragraphs, subparagraphs and clauses. Articles are designated by capital roman numerals. Sections are designated by Arabic numerals containing a decimal point. Subsections are designated by lower-case letters in parentheses. Paragraphs are designated by Arabic numerals in parentheses. Subparagraphs are designated by lower-case roman numerals in parentheses. Clauses are designated by upper-case letters in parentheses. Any reference in a section to a subsection (with no accompanying section reference) shall be read as a reference to the subsection with the specified designation contained in that same section. A similar rule shall apply with respect to paragraph references within a subsection and subparagraph references within a paragraph.

ARTICLE III - MEMBERSHIP

3.01 Eligibility for Membership.

Every person who the Vice President determines is an Eligible Employee shall be eligible for Membership.

3.02 Admission to Membership.

(a) Every person who was an Active Member of the DB Program immediately prior to the Restatement Date shall continue as an Active Member of the DB Program from and after the Restatement Date, to the extent such Active Membership is consistent with the provisions of the DB Program, as amended and in effect on and after the Restatement Date. In addition, every person who was a Member but not an Active Members immediately prior to the Restatement Date shall continue as a Member of the DB Program from and after the Restatement Date, to the extent such Membership is consistent with the provisions of the DB Program, as amended and in effect on and after the Restatement Date.

(b) Every person who is not a Member and who the Vice President determines is an Eligible Employee shall, following the approval of his Membership by the Vice President, be admitted to Membership, effective as of the Entry Date coinciding with or immediately following the date on which his Service commences or he becomes an Eligible Employee (as determined by the Vice President), whichever is later. No Eligible Employee or any other person shall be admitted to Membership without the approval of the Vice President.

ARTICLE IV - REQUIREMENTS FOR BENEFITS

4.01 Normal Retirement Pension.

A Member shall be entitled to a Normal Retirement Pension if his employment with both his Employer and the PepsiCo Organization terminates on his Normal Retirement Age. The Member's Annuity Starting Date shall be the first day of the month coincident with or immediately following the day the Member terminates employment with both his Employer and the PepsiCo Organization. The Member's Pension shall be paid in the normal form of payment applicable to the Member under Section 5.02 unless the Member elects an optional form of payment under Section 5.03. The Member's Pension shall be calculated in accordance with Table A.

4.02 Early Retirement Pension.

A Member shall be entitled to an Early Retirement Pension if his employment with both his Employer and the PepsiCo Organization terminates on or after age 55 but before his Normal Retirement Age, and after he has completed 10 or more years of Service. The Member's Annuity Starting Date ordinarily shall be his Normal Retirement Date. The Member may, however, by filing a written election with the Vice President, direct that his Annuity Starting Date shall be the first day of any month after the Member terminates employment with both his Employer and the PepsiCo Organization but before the Member's Normal Retirement Date. The amount of such Pension shall be computed in accordance with Table A as if the Member retired at his Normal Retirement Date, but on the basis of the Member's Highest Average Monthly Salary (as defined in Table A) and Pensionable Service as of his employment termination date; provided, however, that, in the case of a Member electing to receive his Pension prior to attaining his Normal Retirement Date, the amount of his Pension shall be reduced by $\frac{4}{12}$ of 1 percent for each month by which the day on which the Pension commences precedes the date on which the Member would have attained age 62.

4.03 Special Early Retirement Pension.

A Member may be entitled to receive a Special Early Retirement Pension if his employment with both his Employer and the PepsiCo Organization terminates on or after age 50 but before age 55 and after completion of not less than 10 years of Service and only if such Special Early Retirement Pension payments have been authorized by the Vice President. The Annuity Starting Date of such Special Early Retirement Pension shall be the first day of the month after the Vice President authorizes such Special Early Retirement Pension. The amount of such Pension shall be computed in accordance with Table A, as if the Member retired at his Normal Retirement Date, but on the basis of the Member's Highest Average Monthly Salary (as defined in Table A) and Pensionable Service as of his employment termination date; provided, however, that the amount of such Member's Pension so determined shall be reduced by $\frac{4}{12}$ of 1 percent for each month by which the day on which the Pension commences precedes the date on which the Member would have attained age 62.

4.04 Deferred Vested Pension.

(a) This Section 4.04 applies to a Member who terminates employment with both his Employer and the PepsiCo Organization before becoming eligible for a Normal Retirement Pension, Early Retirement Pension or Special Early Retirement Pension.

(b) A Member described in (a) above who has met one of the requirement to be vested in Sections 4.06 and 4.07 shall be entitled to receive a Pension (hereinafter referred to as a “Deferred Vested Pension”). The amount of such Deferred Vested Pension shall be determined in accordance with Table A; provided, however, that in the case of a Member who remains in the employment of the PepsiCo Organization or any Employer after ceasing to be an Active Member, the amount of such Member’s Deferred Vested Pension shall be determined in accordance with Table A by reference to (i) the Member’s Highest Average Monthly Salary at the date the Member terminates employment with both his Employer and the PepsiCo Organization (but only to the extent permitted under Sections 9.13 and 9.14), and (ii) the Member’s Pensionable Service as of his termination of employment date.

(c) A Member’s Deferred Vested Pension shall commence at the later of (i) the Member’s termination of employment with both his Employer and the PepsiCo Organization, or (ii) the Member’s Normal Retirement Date. However, a Member may elect, by filing a written election with the Vice President to have his Deferred Vested Pension commence as of the first day of any month after the date he attains age 55 (or the date of his termination of employment with both his Employer and the PepsiCo Organization, if later). In the case of a Member electing to receive his Deferred Vested Pension prior to attaining his Normal Retirement Date, the amount of his Pension shall be reduced in accordance with the reduction factors applicable to early commencement of a “Vested Pension” under the PepsiCo Salaried Plan, not the percentage factors which apply to an Early and Special Early Retirement Pension as described in Sections 4.02 and 4.03.

(d) If Member becomes entitled to a Deferred Vested Pension under subsection (a) above and once again becomes an Eligible Employee, he shall be re-admitted to Active Membership in accordance with the provisions of Article III. His Service and Pensionable Service from his earlier period as an Active Member shall be aggregated with his subsequent period of Service and Pensionable Service for purposes of calculating his Pension upon his later retirement or other termination of employment with both his Employer and the PepsiCo Organization, but only if his Pension with respect to his earlier period of Pensionable Service was not previously cashed out under Section 5.05.

4.05 Late Retirement Pension.

A Member who continues employment with the PepsiCo Organization or any Employer after his Normal Retirement Age shall be entitled to a Late Retirement Pension. The Member’s

Annuity Starting Date shall be the first day of the month coincident with or immediately following the day the Member terminates employment with both his Employer and the PepsiCo Organization. The Member shall be credited with his Salary and Pensionable Service after his Normal Retirement Date, unless otherwise prospectively determined by the Vice President.

4.06 Vesting.

Subject to Section 9.14 and to Table A (I)(c), a Member shall be fully vested in, and have a nonforfeitable right to, his Pension upon completing 5 years of Service, or if earlier, upon the death or disability of the Member while employed by the Employer or PepsiCo Organization. The determination of whether a Member has become disabled for this purpose shall be made by the Vice President in accordance with such standards that the Vice President deems to be appropriate as of the time in question.

4.07 Special Vesting for Approved Transfers and Status Changes.

(a) Automatic Special Vesting for Approved Transfers. Notwithstanding Section 4.06 above, in the case of an Active Member who will have an Approved Transfer during a Plan Year, the Active Member shall automatically have special vesting apply as of the last business day before the earlier of – (a) the Active Member’s Approved Transfer, or (b) the day the Active Member would become a U.S. Person in connection with the Approved Transfer.

(b) Special Vesting for Status Changes. Also notwithstanding Section 4.06 above, in the case of an Active Member who will have a Status Change, the Active Member may request that the Vice President apply special vesting to him as of the last business day before the Active Member’s Status Change. In order for special vesting related to a Status Change to be valid and effective under the DB Program, the Active Member’s request and the Vice President’s approval of the request must both be completely final and in place prior to the date that the special vesting applies.

Subject to the next sentence, the effect of special vesting applying to a Member in accordance with either subsection (a) or (b) above is that the Member will become vested, to the same extent as could apply under Section 4.06 if the Member vested under that Section, as of the date that the special vesting applies. Notwithstanding the preceding provisions of this Section 4.07, rights under this Section 4.07 are subject to the overriding requirement that benefits and other rights under the Plan must remain entirely exempt from Section 409A of the United States Internal Revenue Code, and this Section 4.07 shall not apply to the extent inconsistent with this requirement.

4.08 Accruals After Benefit Commencement.

This section applies to a Member who earns Service and Pensionable Service for a period that is after his Annuity Starting Date under the preceding Sections of this Article IV (other than an Annuity Starting Date related to a cashout distribution under Section 5.05). Any prior

benefits that have been suspended, and any additional benefits accrued by Member after his prior benefit commencement, shall be paid at his subsequent Annuity Starting Date. The suspension or continuation of a Member's prior benefits, any adjustments to the Member's benefits that are payable upon his subsequent Annuity Starting Date, and the election of a time and form of payment for benefits payable at the subsequent Annuity Starting Date, shall be subject to rules established by the Vice President for this purpose. Such rules shall be based upon the PepsiCo Salaried Plan's rules for benefits accrued after the benefit commencement date of a participant in that plan, unless the Vice President determines that a modification of those rules is appropriate.

ARTICLE V - DISTRIBUTION OPTIONS

5.01 Distribution Options.

(a) Section 5.02 sets forth the normal forms of payment for married and unmarried Members. For purposes of Section 5.02, a Member is considered married if he is married on his Annuity Starting Date.

(b) Section 5.03 sets forth the optional forms of payment that may be available to married and unmarried Members who elect not to receive benefits in the normal form. For purposes of Section 5.03, a Member will also be considered married if he is married on the date he elects an optional form of payment.

(c) A distribution is only available under this Article V to the extent a Member has met the requirements for benefits under Article IV.

5.02 Normal Forms of Payment.

(a) Single Life Annuity for Unmarried Members: An unmarried Member shall be paid his Pension in the form of a Single Life Annuity unless he elects otherwise in accordance with Section 5.03. The Single Life Annuity provides monthly payments beginning at the Member's Annuity Starting Date and ending with the last monthly payment due prior to the Member's death.

(b) 50 Percent Survivor Annuity for Married Members: A married Member shall be paid his Pension in the form of a 50 Percent Survivor Annuity, as described herein, unless he elects otherwise in accordance with Section 5.03. The 50 Percent Survivor Annuity provides reduced monthly payments beginning at the Member's Annuity Starting Date and ending with the last monthly payment due prior to the Member's death, with a 50 percent contingent survivor annuity for the benefit of his Eligible Spouse beginning on the first day of the month following the Member's death and ending with the last monthly payment due prior to the death of the Eligible Spouse. For Annuity Starting Dates on or After January 1, 2019, the amount of the Member's Pension, determined in accordance with Table A, shall be reduced to its Actuarial Equivalent to reflect the survivor benefit payable. For earlier Annuity Starting Dates, subject to Section 5.03(f), the amount of the Member's Pension, determined in accordance with Table A, shall be reduced by 10 percent. In the case of a Member who became entitled to a Pension under Section IV of the Plan, as in effect prior to January 1, 1990, the Member's Pension accrued as of such date shall not be subject to this reduction to the extent provided under the Plan's terms as of such date.

5.03 Optional Forms of Payment.

(a) Optional Forms Available to Married Members: A married Member who elects not to receive benefits in the normal form may receive his Pension in the form of

the Single Life Annuity described in Section 5.02(a) above or the 75 Percent Survivor Annuity described in (b)(2) below, regardless of whether he is eligible for the optional forms of payment described in (b), (c) and (d) below.

(b) Survivor Options: A married or unmarried Member who elects not to receive benefits in the normal form may elect to receive payment of his Pension in accordance with one of the survivor options listed below. Such election shall be made on such form and during such period prior to commencement of the Member's Pension as may be required by the Vice President. The Member also may designate, prior to commencement, a Dependant to receive the survivor portion of his elected survivor option on such form as may be required by the Vice President; provided, however, that (1) the approval of the Vice President shall be necessary if the Member designates a Dependant other than the Member's Eligible Spouse; and (2) if a married Member elects an option described in this subsection (b) and names a Dependant other than his Eligible Spouse, he must submit written evidence of the Eligible Spouse's consent to such option and designation of a Dependant. A Member may not change his form of benefit or Dependant after his Pension has commenced.

(1) 100 Percent Survivor Option: The Member shall receive a reduced Pension payable for his life and payments in the same reduced amount shall continue after the Member's death to his Dependant for life. The amount of the Member's reduced Pension shall be the Actuarial Equivalent (as defined in Section 2.01) of the Member's Single Life Annuity benefit determined in accordance with Table A (or for Annuity Starting Dates before January 1, 2019, the Table A amount reduced by 20 percent, subject to subsection (f) below). In the case of a Member who became entitled to a Pension under the Plan as in effect prior to January 1, 1990, the above Pension reduction may be subject to a subsidy, as determined by the Vice President.

(2) 75 Percent Survivor Option: The Member shall receive a reduced Pension payable for his life and payments in the amount of 75 percent of such reduced Pension shall continue after the Member's death to his Dependant for life. The amount of the Member's reduced Pension shall be the Actuarial Equivalent (as defined in Section 2.01) of the Member's Single Life Annuity benefit determined in accordance with Table A (or for Annuity Starting Dates before January 1, 2019, the Table A amount reduced by 15 percent, subject to subsection (f) below). In the case of a Member who became entitled to a Pension under the Plan as in effect prior to January 1, 1990, the above Pension reduction may be subject to a subsidy, as determined by the Vice President.

(3) 50 Percent Survivor Option: The Member shall receive a reduced Pension payable for his life and payments in the amount of 50 percent of such reduced Pension shall continue after the Member's death to his Dependant for life. The amount of the Member's reduced Pension shall be the Actuarial Equivalent (as defined in Section 2.01) of the Member's Single Life Annuity benefit

determined in accordance with Table A (or for Annuity Starting Dates before January 1, 2019, the Table A amount reduced by 10 percent, subject to subsection (f) below). In the case of a Member who became entitled to a Pension under the Plan as in effect prior to January 1, 1990, his Pension shall not be subject to this reduction.

(4) Ten-Year Certain and Life Option: Subject to Section 5.04, a Member may elect to receive a reduced Pension payable monthly for his lifetime but for not less than 120 months. If the Member dies before 120 payments have been made, the monthly Pension amount shall be paid for the remainder of the 120-month period to the Member's primary Dependant (if the primary Dependant has predeceased the Member, to the Member's contingent Dependant; and if there is no contingent Dependant, to the Member's estate). If post-death payments commence to a Member's primary or contingent Dependant and such Dependant dies before all remaining payments due have been made, then the remaining payments shall be paid to such Dependant's estate. Effective as of January 1, 2010, the Member's Dependant or estate (as applicable) may elect by following the procedures set forth by the Vice President for this purpose, instead to receive a single lump sum payment that is the actuarial equivalent of the remaining payments due to such Dependant or estate (but computed without reduction for mortality), determined as of the date on which the lump sum payment is processed by the Vice President. The amount of the Member's reduced Pension shall be the Actuarial Equivalent (as defined in Section 2.01) of the Member's Single Life Annuity benefit determined in accordance with Table A (or for Annuity Starting Dates before January 1, 2019, the Table A amount reduced by 5 percent, subject to subsection (f) below).

(c) Lump Sum Payment: Subject to Section 5.04, a Member who elects not to receive benefits in the normal form may elect to receive payment of his Pension in the form of a single lump sum payment. The amount of the single lump sum payment shall be the actuarial equivalent of the Single Life Annuity, determined in accordance with Table A, utilizing the lump sum equivalent factors applicable to lump sum distributions under the PepsiCo Salaried Plan (disregarding transition factors), calculated as of the date payments would have commenced under the normal form of benefit or other optional benefit. The lump sum payment shall be made in one taxable year of the Member and shall be paid as soon as practicable after the date specified by the Member in his written election. Effective for lump sum payments due to be paid on or after January 1, 2010, interest will be added to late lump sum payments in accordance with the administrative practices of the PepsiCo Salaried Plan. No interest shall be payable on such sum during any such deferred period specified by the Member.

(d) Combination Lump Sum/Monthly Benefit: Subject to Section 5.04, a married or unmarried Member who elects not to receive his Pension in the normal form may elect to receive payment of his Pension in the form of a combination lump sum/monthly benefit option. If elected, the Member shall receive a portion of his benefit in the form of

a lump sum payment, and the remaining portion in the form of one of the monthly benefits described in Sections 5.02 and 5.03. The benefit shall be divided between the two forms of payment based on the whole number percentages designated by the Member on a form provided for this purpose. To be effective, the two percentages designated by the Member must add to 100 percent.

(1) The amount of the benefit paid in the form of a lump sum is determined by multiplying: (A) the amount determined under Section 5.03(c) by (B) the percentage that the Member has designated for receipt in the form of a lump sum.

(2) The amount of the benefit paid in the form of a monthly benefit is determined by multiplying: (A) the amount of the monthly benefit elected by the Member, determined in accordance with Sections 5.03(a) or (b), by (B) the percentage that the Member has designated for receipt in the form of a monthly benefit.

(e) Death Prior to Pension Becoming Payable: If a Member who is entitled to an immediate Pension under Article IV elects an optional form of payment under this Section 5.03, if such election meets all requirements to be effective (other than the Member's survival, but including the time for making the election and any necessary Eligible Spouse's consent), and thereafter the Member dies after leaving employment but before such Pension becomes payable, then on the first day of the month next following his death such optional form of payment shall be deemed to be in effect. Such deemed effectiveness may only apply once and only to the initial election made by a Member (except as permitted by a decision of the Vice President that is made prior to the Member's submission of a subsequent purported election). Notwithstanding the foregoing, in the case of the option under Section 5.03(b), if the Member's specified Dependant has died or shall die before the date on which the first installment of the Member's Pension was prospectively payable in accordance with the optional form of payment elected by the Member, the Member's election of such optional form shall not be given effect.

(f) Reduction for Certain Younger Dependents: Notwithstanding the reduction factors specified in Sections 5.02(b) and 5.03, in the case of Annuity Starting Dates before January 1, 2019, a Member electing a form of payment that includes a survivor option shall have his Pension reduced in accordance with this subsection (f) in the event the Dependant under such survivor option is more than 10 years younger than the Member.

(1) Not More than 20 Years Younger: In the event the Dependant is more than 10 years younger than the Member, but not more than 20 years younger, the percentage reduction that otherwise would apply shall be increased by 5 percentage points.

(2) More than 20 Years Younger: In the event the Dependant is more than 20 years younger than the Member, the 5 percentage point increase in the reduction provided in (1) above shall be further increased by an additional 0.2 percent for each full year over 20.

5.04 Applicability of Certain Options.

Notwithstanding the preceding provisions of this Article V, the availability of certain distribution options shall be restricted in accordance with the terms of this Section 5.04.

(a) Pre-1990 Distributions: The form of payment described in Section 5.03(d) above shall not be available unless the Member's Annuity Starting Date is after 1989.

(b) Deferred Vested Pensions: Deferred Vested Pensions under Section 4.04 shall be eligible for payment only under the Single Life Annuity, the 50 Percent Survivor Option or the 75 Percent Survivor Option, except as provided in the next sentence. Effective as of January 1, 2015, Deferred Vested Pensions under Section 4.04 shall also be eligible for the Lump Sum Payment option, but only to the limited extent that such option is available on an on-going basis with respect to deferred vested pensions under the PepsiCo Salaried Plan (except that unlike participants in the PepsiCo Salaried Plan, participants in this Plan with a benefit under the PepsiCo Pension Equalization Plan shall not be excluded from the Lump Sum Payment option).

(c) Simplified Actuarial Factors: In the case of a Member who became entitled to a Pension prior to January 1, 1990, the actuarial equivalencies described in the preceding provisions of this Article V shall be adjusted as provided by the Vice President from time to time to reflect the value of any subsidized survivor benefit to which the Member is entitled under the last sentence of Section 5.02(b) (regarding the availability on favorable terms of the survivor benefit described in Section 5.02(b)).

5.05 Cashout of Certain Benefits.

(a) Cashout of Small Benefits. Where the total Pension payable to any person under the DB Program is, in the opinion of the Vice President, of an amount that is relatively trivial (when considered by itself or in relation to the potential administrative burden of continuing to keep track of such Pension under the DB Program), he may commute the whole of such Pension to a lump sum payable following (i) the relevant Member's termination of employment from both his Employer and the PepsiCo Organization, or (ii) a Member's transfer within the PepsiCo Organization that results in the Member ceasing to actively accrue all benefits under the DB Program, on a date determined in the discretion of the Vice President, without the consent of the Member.

(b) Discretionary Cashout After Benefit Commencement. Effective January 1, 2019, the Vice President shall have the discretion to make a lump-sum payment to any Member whose benefit payments have commenced (in a form other than a lump-sum), if

the present value of the Member's remaining stream of payments is less than or equal to \$75,000 on the payment date. The amount of the lump sum payment shall be the actuarial equivalent of the Member's remaining stream of payments, determined utilizing the lump sum equivalent factors specified in Section 5.03(c) calculated as of the a payment date determined in the discretion of the Vice President.

5.06 Designation of Dependant.

A Member who has elected to receive all or part of his pension in a form of payment that includes a survivor option shall designate a Dependant who will be entitled to any amounts payable on his death. A Member shall have the right to change or revoke his Dependant designation at any time prior to the effective date of his election. If the Member is married at the time he designates a Dependant, any designation under this section of a Dependant who is not the Member's Eligible Spouse shall require the written consent of the Member's Eligible Spouse. A revocation of a Dependant does not require consent by the Member's Eligible Spouse. The designation of any Dependant, and any change or revocation thereof, and any written consent of a Member's Eligible Spouse required by this Section shall be made in accordance with rules adopted by the Vice President, shall be made in writing on forms provided by the Vice President, and shall not be effective unless and until filed with the Vice President. In the case of the survivor option described in Section 5.03(b)(4), the following shall apply: (i) the Member shall be entitled to name both a primary Dependant and a contingent Dependant, and (ii) if no Dependant is properly designated, then a Member's election of such option will not be given effect.

ARTICLE VI - DEATH BENEFITS

The surviving Eligible Spouse or Eligible Domestic Partner, as applicable, of a Member who dies shall be entitled to certain survivor benefits if the requirements of this Article VI are satisfied. Except as provided in Sections 6.02 and 6.03, the amount of any such benefit shall be determined in accordance with Section II of Table A.

6.01 Active and Retirement-Eligible Members.

In the event of the death of an Active Member, a Member in Service after his Normal Retirement Date who had at his death completed at least 5 years of Service, or a Member entitled to an Early Retirement Pension under Section 4.02 or Special Early Retirement Pension under Section 4.03, if such Member is survived by an Eligible Spouse or an Eligible Domestic Partner and is not entitled at the time of death to the protection provided by Section 5.03(e), there shall be a Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension payable to the Member's surviving Eligible Spouse or Eligible Domestic Partner (as applicable), calculated in accordance with the provisions of Section II of Table A.

6.02 Vested Members.

In the event of the death of a Member who is not described in Section 6.01 above, who is vested under Section 4.06 or Section 4.07 and who has not yet commenced or received the Member's Pension, if such Member is survived by an Eligible Spouse or an Eligible Domestic Partner and is not entitled at the time of death to the protections provided by Section 5.03(e), there shall be payable a Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension (as applicable), which shall be calculated based on the Member's Salary and Pensionable Service as of the earlier of the Member's death or termination of employment. The benefit shall be calculated as if the Member lived until the earliest date the Member's vested benefit could have started, after having elected to start his benefit at that time in the form of a 50 Percent Survivor Annuity, and died that same day.

Coverage for this Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension shall be paid for with a reduction to the monthly benefit otherwise payable to the Member. The reduction charged to the Member's benefit shall be calculated in accordance with the methodology, and based on the same factors, provided for under the PepsiCo Salaried Plan, as in effect from time to time. The Member may only waive this Pre-Retirement Spouse's Pension coverage or Pre-Retirement Domestic Partner's Coverage (as applicable) with the approval of the Vice President.

6.03 Form and Time of Payment of Death Benefits.

(a) Form of Payment: Any Pension payable pursuant to this Article VI shall be payable for the surviving Eligible Spouse's or surviving Domestic Partner's life only;

however, in the case of a Pension payable to a surviving Eligible Spouse or surviving Domestic Partner where the Member was eligible for a Normal, Early or Special Early Retirement Pension at death, the Eligible Spouse or Eligible Domestic Partner may elect to receive the Pension in the form of a single lump sum payment in lieu of the annuity payment.

(b) Time of Payment: Subject to Section 6.04, any Pension payable to the Eligible Spouse or Eligible Domestic Partner under this Article VI shall commence on the first day of the month coinciding with or next following the Member's death, or if later, the date on which the Member would have attained age 55. In the event a Pension payable to a Member's Eligible Spouse commences before the Member would have reached Normal Retirement Age, the benefit will be reduced as set forth in Section 4.02, 4.03 or 4.04, as applicable based on the Pension to which the Member was entitled, to reflect early commencement.

6.04 Disposition of Death Benefits.

Any benefit expressed to be subject to disposition in accordance with the provision of this Article VI shall be held by the Vice President with power to pay or apply the same to or for the benefit of such one or more of the Member's Dependents, as the Vice President shall think fit and if more than one in such shares as they shall likewise think fit. Notwithstanding any other provision of the DC Program, the Vice President may direct that such benefit shall commence or be paid in a lump sum as soon as practicable after the Member's date of death.

ARTICLE VII - ADMINISTRATION

7.01 Authority to Administer Plan.

(a) Administration by the Vice President: The Plan shall be administered by the Vice President, who shall have the authority to interpret the Plan and issue such regulations as he deems appropriate. All actions by the Vice President hereunder may be taken in his sole discretion, and all interpretations, determinations and regulations made or issued by the Vice President shall be final and binding on all persons and parties concerned.

(b) Authority to Delegate: The Vice President may delegate any of his responsibilities under the Plan to other persons or entities, or designate or employ other persons to carry out any of his duties, responsibilities or other functions under the Plan. Any reference in the Plan to an action by the Vice President shall, to the extent applicable, refer to such action by the Vice President's delegate or other designated person.

7.02 Facility of Payment.

Whenever, in the opinion of the Vice President, a person entitled to receive any payment of a benefit or installment thereof hereunder is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Vice President may direct that payments from the Plan be made to such person's legal representative for his benefit, or that the payment be applied for the benefit of such person in such manner as the Vice President considers advisable. Any payment of a benefit or installment thereof in accordance with the provisions of this section shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

7.03 Claims Procedure.

The Vice President shall have the exclusive discretionary authority to construe and to interpret the Plan, to decide all questions of eligibility for benefits and to determine the amount of such benefits, and his decisions on such matters are final and conclusive. As a result, benefits under this Plan will be paid only if the Vice President decides in his discretion that the person claiming such benefits is entitled to them. This discretionary authority is intended to be absolute, and in any case where the extent of this discretion is in question, the Vice President is to be accorded the maximum discretion possible. Any exercise of this discretionary authority shall be reviewed by a court, arbitrator or other tribunal under the arbitrary and capricious standard (*i.e.*, the abuse of discretion standard). If, pursuant to this discretionary authority, an assertion of any right to a benefit by or on behalf of a Member or Dependant (a "claimant") is wholly or partially denied, the Vice President, or a party designated by the Vice President, will provide such claimant within the 90-day period following the receipt of the claim by the Vice President, a comprehensible written notice setting forth:

(1) The specific reason or reasons for such denial;

(2) Specific reference to pertinent Plan provisions on which the denial is based;

(3) A description of any additional material or information necessary for the claimant to submit to perfect the claim and an explanation of why such material or information is necessary; and

(4) A description of the Plan's claim review procedure (including the time limits applicable to such process).

If the Vice President determines that special circumstances require an extension of time for processing the claim he may extend the response period from 90 to 180 days. If this occurs, the Vice President will notify the claimant before the end of the initial 90-day period, indicating the special circumstances requiring the extension and the date by which the Vice President expects to make the final decision. Upon review, the Vice President shall provide the claimant a full and fair review of the claim, including the opportunity to submit to the Vice President comments, document, records and other information relevant to the claim and the Vice President's review shall take into account such comments, documents, records and information regardless of whether it was submitted or considered at the initial determination. The decision on review will be made within 60 days after receipt of the request for review, unless circumstances warrant an extension of time not to exceed an additional 60 days. If this occurs, notice of the extension will be furnished to the claimant before the end of the initial 60-day period, indicating the special circumstances requiring the extension and the date by which the Vice President expects to make the final decision. The final decision shall be in writing and drafted in a manner calculated to be understood by the claimant; include specific reasons for the decision with references to the specific Plan provisions on which the decision is based; and provide that the claimant is entitled to receive, upon request and free of charge, copies of, all documents, records, and other information relevant to his or her claim for benefits.

Any claim under the Plan that is reviewed by a court, arbitrator or any other tribunal shall be reviewed solely on the basis of the record before the Vice President at the time it made its determination. In addition, any such review shall be conditioned on the claimant's having fully exhausted all rights under this section.

7.04 Limitations on Actions.

Any claim filed under Article VII and any action filed in any court or other tribunal by or on behalf of a former or current Employee, Member, Dependant or any other individual, person or entity (collectively, a "Petitioner") for the alleged wrongful denial of Plan benefits must be brought within two years of the date the Petitioner's cause of action first accrues. For purposes of this subsection, a cause of action with respect to a Petitioner's benefits under the Plan shall be deemed to accrue not later than earlier of (i) when the Petitioner has received the calculation of the benefits that are the subject of the claim or legal action; (ii) the date identified to the Petitioner by the Vice President on which payments shall commence; or (iii) when he has actual

or constructive knowledge of the facts that are the basis of his claim. Failure to bring any such claim or cause of action within this two-year time frame shall preclude a Petitioner, or any representative of the Petitioner, from filing the claim or cause of action. Correspondence or other communications following the mandatory appeals process described above shall have no effect on this two-year time frame.

7.05 Restriction of Venue.

Any claim or action filed in court or any other tribunal in connection with the Plan by or on behalf of a Petitioner shall only be brought or filed in the state or federal courts of New York, specifically the state or federal court, whichever applies, located nearest the Corporation's headquarters.

7.06 Effect of Specific References.

Specific references in the Plan to the Vice President's discretion shall create no inference that the Vice President's discretion in any other respect, or in connection with any other provision, is less complete or broad.

ARTICLE VIII - AMENDMENT AND TERMINATION

8.01 Continuation of the Plan.

While the Corporation intends to continue the Plan indefinitely, it assumes no contractual obligation as to its continuance. The Corporation hereby reserves the right, in its sole discretion, to amend, terminate, or partially terminate the Plan at any time provided, however, that no such amendment or termination shall adversely affect the amount of benefit to which a Member or his Dependant is entitled under the Plan on the date of such amendment or termination, unless the Member becomes entitled to an amount equal to such benefit under another plan or practice adopted by the Corporation. Specific forms of payment are not protected under the preceding sentence.

8.02 Amendment.

The Corporation may, in its sole discretion, make any amendment or amendments to the Plan from time to time, with or without retroactive effect, subject to Section 8.01. An Employer (other than the Corporation) shall not have the right to amend the Plan.

8.03 Termination.

The Corporation may terminate the Plan, either as to its participation or as to the participation of one or more Employers. If the Plan is terminated with respect to fewer than all of the Employers, the Plan shall continue in effect for the benefit of the employees of the remaining Employers.

ARTICLE IX - MISCELLANEOUS

9.01 Unfunded Plan.

The Employers' obligations under the Plan shall not be funded, but shall constitute liabilities by the Employer payable when due out of the Employer's general funds. To the extent a Member or any other person acquires a right to receive benefits under this Plan, such right shall be no greater than the rights of any unsecured general creditor of the Employer.

9.02 Costs of the Plan.

Unless otherwise agreed by the Corporation, all costs, charges and expenses of or incidental to the administration and management of the Plan shall be the costs, charges and expenses of the Employers and shall be paid by each Employer based on the proportion of Members who are employed by such Employer as compared to the total number of Members at the time the cost or expense is incurred.

9.03 Temporary Absence of Member.

If a Member is absent from duty by reason other than death, discharge, retirement or quitting (*e.g.*, sickness, accident, layoff, vacation), he shall be deemed to have terminated employment on the date that is 12 months after the date on which he is absent, unless the Vice President determines otherwise. If the Member's absence from duty is by reason of his service as a full-time member of the armed forces of any country or of any organization engaged in national service of any such country, he shall not be deemed to have terminated employment so long as he is regarded by the Employer as remaining in employment or until he shall resign permanently from employment, whichever shall first occur.

9.04 Taxes, Etc.

In the event any tax or assessment or other duty is determined by the Vice President to be owing in respect of any benefit payable from the Plan, the Plan shall be entitled to withhold an amount not exceeding the amount of any such tax or assessment or other duty from the benefit payable and shall apply the same in satisfaction of said tax or assessment or other duty.

9.05 Nonguarantee of Employment.

Nothing in the Plan shall be construed as a contract of employment between an Employer and any of its employees, or as a right of any such employee to continue in the employment of the Employer, or as a limitation of the right of an Employer to discharge any of its employees, with or without cause.

9.06 No Right to Benefits.

No person, whether or not being a Member, shall have any claim, right or interest under the Plan except as provided by the terms of the Plan. In the event of a Member's termination of employment by an Employer, the resulting cessation of his Active Membership shall not be grounds for any damages or any increase in damages in any action brought against the Employer or any member of the PepsiCo Organization with respect to such termination.

9.07 Charges on Benefits and Recovery of Excess Payments.

All benefits in respect of a Member under the Plan shall stand charged with and be subject to deductions therefrom of all sums in respect of losses to a member of the PepsiCo Organization or Employer or otherwise caused by misdemeanor of the Member and on production by the member of the PepsiCo Organization or Employer of proof satisfactory to the Vice President that any such loss ought to be made good by a Member. The relevant amount shall be deductible from the Member's benefits and be payable to the Employer or member of the PepsiCo Organization whose receipt shall be a valid discharge for the same.

Payments to, for or in connection with a Member that are made (as of a point in time and to any person or entity) may not exceed the exact amount of payments that are due as of such time and to such person, as provided by the terms of the Plan that specify the amounts that are payable, the time as of which they are payable, and the person to whom they are payable. Accordingly, any such excess payment or any other overpayment, premature payment or misdirected payment (one or more of which are hereafter referred to as an "Excess Payment") may not be retained by the party receiving it, but must be restored promptly to the Plan. In exchange for Member or Dependant status hereunder (or for having any other direct or indirect right or claim of right from the Plan, or solely as a result of having received an Excess Payment), any party receiving an Excess Payment grants to the Plan the following nonexclusive rights –

(1) A constructive trust and first priority equitable lien on any payment that is received directly or indirectly from the Plan and that is, in whole or part, an Excess Payment (such trust and lien shall be equal to the amount of the Excess Payment increased by appropriate interest) or upon the proceeds or substitutes for such payment, and any transfer shall be subject to such constructive trust and equitable lien (including a transfer to a person, trust fund or entity).

(2) The right to offset (as necessary to recover the Excess Payment with appropriate interest) other payments that are properly payable by the Plan to the recipient of the Excess Payment; however, reliance on this right is in the discretion of the Vice President, and the existence of an opportunity to apply it shall not diminish the Plan's rights under paragraph (1) above.

(3) The right to bring any equitable or legal action or proceeding with respect to the enforcement of any rights in this Section in any court of competent jurisdiction as the Plan may elect, and following receipt of an

Excess Payment the Member hereby submits to each such jurisdiction, waiving any and all rights that may correspond to such party's present or future residence.

Any party receiving an Excess Payment shall promptly take all actions requested by the Vice President that are in furtherance of the Plan's recovery of the Excess Payment with appropriate interest. In all cases, this subsection shall maximize the rights of the Plan to recover improper payments and shall not restrict the rights of the Plan in any way, including with respect to any improper payment that is not addressed above.

9.08 Termination for Cause; Prohibited Misconduct.

(a) Notwithstanding any other provision of this Plan to the contrary, if the Vice President determines that a Member has been terminated for cause or engaged in Prohibited Misconduct at any time prior to the second anniversary of the date his or her employment with the PepsiCo Organization terminates, the Member shall forfeit his Pension (whether paid previously, being paid currently or payable in the future), and his or her Pension shall be adjusted to reflect such forfeiture and any previously paid Pension payments shall be recovered. As a condition to Membership in this Plan, each Member agrees to this, and each Member agrees to repay PepsiCo the amounts it seeks to recover under this Section 9.08.

(b) Any of the following activities engaged in, directly or indirectly, by a Member shall constitute Prohibited Misconduct:

(1) The Member accepting any employment, assignment, position or responsibility, or acquiring any ownership interest, which involves the Member's "Participation" (as defined below) in a business entity that markets, sells, distributes or produces "Covered Products" (as defined below), unless such business entity makes retail sales or consumes Covered Products without in any way competing with the PepsiCo Organization.

(2) The Member, directly or indirectly (including through someone else acting on the Member's recommendation, suggestion, identification or advice), soliciting any PepsiCo Organization employee to leave the PepsiCo Organization's employment or to accept any position with any other entity.

(3) The Member using or disclosing to anyone any confidential information regarding the PepsiCo Organization other than as necessary in his or her position with the PepsiCo Organization. Such confidential information shall include all non-public information the Member acquired as a result of his or her positions with the PepsiCo Organization. Examples of such confidential information include non-public information about the PepsiCo Organization's customers, suppliers, distributors and potential acquisition targets; its business operations and structure; its product lines, formulas and pricing; its processes,

machines and inventions; its research and know-how; its financial data; and its plans and strategies.

(4) The Member engaging in any acts that are considered to be contrary to the PepsiCo Organization's best interests, including violating the Corporation's Code of Conduct, engaging in unlawful trading in the securities of the Corporation or of any other company based on information gained as a result of his or her employment with the PepsiCo Organization, or engaging in any other activity which constitutes gross misconduct.

(5) The Member engaging in any activity that constitutes fraud.

Notwithstanding the foregoing and for the avoidance of doubt, nothing in this Plan shall prohibit the Member from communicating with government authorities concerning any possible legal violations without notice to the Corporation, participating in government investigations, and/or receiving any applicable award for providing information to government authorities. The Corporation nonetheless asserts and does not waive its attorney-client privilege over any information appropriately protected by the privilege. Further, pursuant to the Defend Trade Secrets Act, an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that (A) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. An individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

For purposes of this subsection, "Participation" shall be construed broadly to include: (i) serving as a director, officer, employee, consultant or contractor with respect to such a business entity; (ii) providing input, advice, guidance or suggestions to such a business entity; or (iii) providing a recommendation or testimonial on behalf of such a business entity or one or more products it produces. For purposes of this subsection, "Covered Products" shall mean any product that falls into one or more of the following categories, so long as the PepsiCo Organization is producing, marketing, selling or licensing such product anywhere in the world – beverages, including without limitation carbonated soft drinks, tea, water, juice drinks, sports drinks, coffee drinks, energy drinks, and value-added dairy drinks; juices and juice products; dairy products; snacks, including salty snacks, sweet snacks meat snacks, granola and cereal bars, and cookies; hot cereals; pancake mixes; value-added rice products; pancake syrups; value-added pasta products; ready-to-eat cereals; dry pasta products; or any product or service that the Member had reason to know was under development by the PepsiCo Organization during the Member's employment with the PepsiCo Organization.

9.09 Notices.

Any notice which under the Plan is required to be given to or served upon the Plan shall be deemed to be sufficiently given to or served upon the Plan if it is in writing and delivered to the Vice President. In any case where under the Plan any notice shall be required to be given to Members, it shall be sufficient if such notice is delivered to the Member's last known address on file in the records of the Employer or delivered to the Member pursuant to any other method (*e.g.*, electronically) that the Vice President determines is reasonably available to the Member.

9.10 Plan Documentation.

Every Member shall on demand be entitled to a copy of the governing legal document for the DB Program.

9.11 Currency of Payment.

Payment of benefits under the Plan shall be made in United States dollars, or other "eligible currency," as approved by the Vice President. For both annuity and lump sum payments, the amount otherwise payable in United States dollars would be converted to the selected currency using the exchange rate, based on the methodology approved by the Vice President from time to time.

9.12 Governing Law.

The Plan shall in all respects be governed by and interpreted according to the laws of the State of New York.

9.13 Exemption from ERISA.

The Plan is intended to be exempt from the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as a plan maintained outside of the United States primarily for the benefit of persons substantially all of whom are nonresident aliens of the United States. In order to preserve this exemption from ERISA, both Active Membership in the Plan and the opportunity to increase Highest Average Monthly Earnings after ceasing to be an Active Member, in accordance with Section 4.04(b), shall be limited to individuals who are nonresident aliens of the United States and whose assigned work locations are outside the United States, and it is intended that all permanent records and documentation relating to the administration of the Plan shall be kept at a location that is outside of the United States.

9.14 Exemption from Section 409A.

In order to permit this Plan to be completely exempt from United States Internal Revenue Code section 409A ("Section 409A"), this Plan shall be subject to the special operating rules and limitations in this Section 9.14, effective for any period to which Section 409A applies. It is the

intent of the Plan that no Member who is a U.S. Person may in any way have their benefit from the Plan vest, increase or in any way be enhanced (collectively, a “Benefit Enhancement”) as a result of their compensation or service while a U.S. Person. Accordingly, no Member shall become entitled to a Benefit Enhancement with respect to a calendar year until it is determined, following the close of such year, that the Member was not a U.S. Person with respect to such year. Notwithstanding the preceding sentence, in the calendar year a Member’s benefit under this Plan is scheduled to commence, the Vice President may authorize a Benefit Enhancement for the calendar year of benefit commencement to the extent the Vice President determines satisfactorily that the Member will not be a U.S. Person for such year. In other cases, the Member’s benefit will commence under this Plan without any Benefit Enhancement related to the calendar year of commencement, and appropriate adjustments will be made to the Member’s benefit in the following year if it is determined that the Member was not a U.S. Person in such calendar year of commencement. This Section 9.14 shall at all times be interpreted and applied in accordance with the overriding requirement that benefits and any other rights under the Plan must remain entirely exempt from Section 409A, and the Vice President shall have such unrestricted authority as is necessary to ensure that it is applied in accordance with this requirement.

TABLE A - CALCULATION OF PENSIONS

This section sets forth the formulas for calculating the Pension payable to a Member under Article IV or the Death Benefit payable to a Member's Eligible Spouse or Eligible Domestic Partner, as applicable, under Article VI, but subject in all cases to the freeze of the Plan described in Article I. Any benefits accrued under the DB Program by a Member while a part-time employee, following such Member's designation by the Vice President as an Eligible Employee pursuant to the last sentence of the definition of Eligible Employee in Section 2.01, shall be prorated as determined by the Vice President to reflect the approximate ratio of the Member's level of services during such part-time status to the level required for full-time status at the Member's work location.

(I) Member's Pension

(a) The Pension payable (as a Single Life Annuity benefit) on retirement at Normal Retirement Date for Members who became members of the Plan before January 1, 1976 shall be the larger of the Pension calculated under this paragraph (a) or under paragraph (b) below. The Pension under this paragraph (a) shall be the greater of (1) or (2) below:

(1) 1.5 percent of the Member's Highest Average Monthly Salary (as hereinafter defined) multiplied by the number of years of Pensionable Service; or

(2) 3 percent of the Member's Highest Average Monthly Salary, multiplied by the number of years of his Pensionable Service but not exceeding 15 years.

(b) The Pension payable (as a Single Life Annuity benefit) on retirement at Normal Retirement Date (i) for Members who became members of the Plan on or after January 1, 1976, and (ii) for persons (other than those in (i)) who became Members on or after September 1, 1980, and (iii) for persons (other than in (i) or (ii)) who became Members after November 12, 1998, shall be the Pension calculated under this paragraph (b). The pension calculated under this paragraph (b) shall be the aggregate of:

(1) For up to the first 10 years of Pensionable Service, the product of (i) 3 percent of the Member's Highest Average Monthly Salary, multiplied by (ii) the number of years of Pensionable Service, but not exceeding 10 such years; plus

(2) For any years of Pensionable Service in excess of 10, the product of (i) 1 percent of the Member's Highest Average Monthly Salary, multiplied by (ii) the number of years of Pensionable Service in excess of 10.

(c) At the discretion of the Vice President, the Pension calculated as provided in paragraphs (a) and (b) above shall be reduced by some or all of the following:

(1) All state pension and social security benefits receivable by the Member attributable to Service other than those derived from unmatched and unreimbursed voluntary contributions made by the Member;

(2) The annuity equivalent of a like portion of all capital sum benefits receivable by the Member on or by reason of his retirement either from a state source or from the Employer in consequence of a requirement of local legislation, including, but not limited to, termination indemnities;

(3) Any benefits payable to the Member (or in respect of him) from other retirement benefit plans (or cash allowance received in lieu of Employer contributions to a retirement benefit plan) of the Employers in respect of any period of employment which qualifies as Pensionable Service both under the DB Program and under such other retirement benefit plans of the Employers;

(4) Any other payment made by the Employer at the time of termination of the Member that arises from any severance agreement made between the Employer and Member, for whatsoever reason;

(5) The value (as determined in accordance with methodology approved by the Vice President) of any benefits paid to the Member prior to his retirement from any plan in respect of any period of employment which qualifies as Pensionable Service both under the DB Program and under such other retirement benefit plans of the Employers;

(6) Any deductions, reductions or forfeiture of a Member's benefits resulting from a Member's misdemeanor, misconduct or discharge for cause pursuant to Section 9.08 hereof.

No such deduction shall be made in respect of any such benefits as are derived from unmatched and unreimbursed voluntary contributions made by the Member. The value of all such deductions shall be subject to adjustment to reflect the form and timing of payment. All deductions set out in this paragraph (c) shall be calculated as of the Member's termination date and in accordance with methodology approved by the Vice President from time to time.

(d) If the Pension payable to or on behalf of a Member is reduced under paragraph (c) above, an alternative calculation of the Pension for such Member shall apply unless the Vice President determines that the alternative calculation would be unnecessary or impractical or would not serve the purposes of the DB Program. Under this alternative calculation, only the Member's Pensionable Service under this DB Program, which does not include any employment that is taken into account in determining benefits under paragraph (c)(1) - (5), shall be considered, and the reductions under paragraph (c)(1) - (5) shall be disregarded (however, the reduction under paragraph (c)(6) shall be taken into account). If this alternative calculation applies, the Pension payable under this alternative calculation shall be compared to the Pension payable under paragraphs (a), (b) and (c) above, and whichever provides the greater Pension amount will be payable to or on behalf of the Member, subject to the remaining provisions of this

paragraph (d). The alternative calculation set forth in this paragraph (d) is intended to provide a calculation methodology that replicates the effect of the “extended wearaway” calculation methodology, as it is in effect from time to time under the PepsiCo Salaried Plan. Notwithstanding the foregoing terms of this paragraph (d), any benefit increase provided as a result of this paragraph (d) will be limited so that in the judgment of the Vice President it is not in excess of what should be available given the intent described in the preceding sentence.

(e) For purposes of this Table A, "Highest Average Monthly Salary" means one twelfth of the yearly average of the Member's Salary over any 5 consecutive calendar years of Service in which such Salary was highest (or over such lesser period as the Member has been in Service). For purposes of determining a Member's Highest Average Monthly Salary, the following shall apply:

(1) A calendar year with no Salary shall be disregarded, and the calendar years preceding and following such calendar year (or years) shall be considered consecutive.

(2) If in a calendar year there is an unpaid authorised leave of absence, or other absence from paid service, that results in less than a complete year of Salary, such calendar year shall be disregarded and the next preceding or succeeding year or years shall be taken into account if it results in a higher average.

(f) In determining the amount of a Deferred Vested Pension for the purposes of Section 4.04, the Pension shall be equal to the greatest of the amounts determined under subsection (1), (2) or (3) below:

(1) The Pension calculated as provided in (b) above, but based on the Pensionable Service the Member would have earned had he remained an Active Member until his Normal Retirement Age (subject to a maximum of 35 years) and Highest Average Monthly Salary as of September 30, 2003, reduced by a fraction, the numerator of which is the Member's actual years of Pensionable Service prior to October 1, 2003 (subject to a maximum of 35 years) and the denominator of which is the years of Pensionable Service he would have earned had he remained an Active Member until his Normal Retirement Age.

(2) The aggregate of:

(i) The Pension calculated as provided in (b) above, but based on the Pensionable Service the Member would have earned had he remained an Active Member until his Normal Retirement Date and Highest Average Monthly Salary as of September 30, 2003, reduced by a fraction, the numerator of which is the Member's actual years of Pensionable Service prior to October 1, 2003 and the denominator of which is the years of Pensionable Service he would have earned had he remained an Active Member until his Normal Retirement Date; and

(ii) The Pension calculated as provided in (b) above, but based on the Pensionable Service the Member would have earned had he remained an Active Member until his Normal Retirement Date and the Highest Average Monthly Salary at the date the Member ceases to be in Service, reduced by a fraction, the numerator of which is the Member's actual years of Pensionable Service after September 30, 2003 and the denominator of which is the years of Pensionable Service he would have earned had he remained an Active Member until his Normal Retirement Date.

(3) The Pension calculated as provided in (b) above, but based on the Pensionable Service the Member would have earned had he remained an Active Member until his Normal Retirement Date and the Highest Average Monthly Salary at the date the Member ceases to be in Service, reduced by a fraction, the numerator of which is the Member's actual years of Pensionable Service and the denominator of which is the years of Pensionable Service he would have earned had he remained an Active Member until his Normal Retirement Date.

For Members who became Members of the Plan before January 1, 1976, the Deferred Vested Pension shall be the larger of 1½ percent of the Member's Highest Average Monthly Salary multiplied by the Member's number of years of Pensionable Service at termination or the amount determined by the Vice President based on actuarial information provided to the Vice President.

All deductions set out in (c) above that are applicable to a Member entitled to a Deferred Vested Pension shall be calculated as of the time such Member ceases to be in Service and in accordance with methodology approved by the Vice President.

(II) Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension

If a Member covered by Section 6.01 dies after the date he would have been entitled to retire early under Section 4.02, the Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension, as applicable, shall be 50 percent of the Pension to which the Member would have been entitled if he had retired on the day preceding his death (having elected a 50 Percent Survivor Annuity calculated in accordance with Section 5.02(b)) and reduced in accordance with Section 4.02 if the Eligible Spouse or Eligible Domestic Partner commences the Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension, as applicable, prior to the date the Member would have attained age 62. If a Member covered by Section 6.01 dies before the date he would have been entitled to retire early under Section 4.02, the Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension, as applicable, shall be 50 percent of the Pension to which the Member would have been entitled if he had attained the right to receive a 50 Percent Survivor Annuity calculated in accordance with Section 5.02(b)), payable as of the first of the month following the later of death or the date the Member would have attained age 55, and reduced in accordance with Section 4.04(c) if the Eligible Spouse or Eligible Domestic Partner commences the Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension, as applicable, prior to the date the Member would have attained age 65.

APPENDIX ERW - EARLY RETIREMENT WINDOWS

ERW.1 Scope.

This Appendix ERW supplements the main portion of the DB Program with respect to the rights and benefits of Covered Employees.

ERW.2 Definitions and Program Specific Rules.

This section provides definitions for the following words or phrases in boldface and underlined. Where they appear in this Appendix ERW with initial capitals they shall have the meaning set forth below. Except as otherwise provided in this Appendix ERW, all defined terms shall have the meaning given to them in Section 2.01 of the DB Program.

(a) **Appendix ERW**: This Appendix ERW to the DB Program.

(b) **Covered Employee**: An Active Member who:

(1) Is an Eligible Employee of an Employer at the time his employment is terminated involuntarily pursuant to the Reorganization;

(2)

(i) For purposes of the 2007/2008 Restructuring, has his last day of active employment between the Effective Date and December 31, 2008 (inclusive) and has a Severance Date pursuant to paragraph (1) above that occurs on or after the Effective Date but no later than December 31, 2009; and

(ii) For purposes of the 2008/2009 Restructuring, has his last day of active employment between the Effective Date and August 31, 2009 (inclusive) and has a Severance Date pursuant to paragraph (1) above that occurs on or after the Effective Date but no later than December 26, 2009;

(3) Is entitled to receive enhanced severance pay under the Severance Program as part of the Reorganization, or is entitled to receive severance pay pursuant to an agreement described in (5) below;

(4) Is authorized in writing by the Vice President to receive the benefits under this Appendix ERW; and

(5) Signs, submits and does not revoke a qualifying severance agreement releasing the Corporation and the Associated Companies and each of their employees, agents and affiliates from liability, subject to the Corporation's determination that (i) such severance agreement meets all substance, form and timing requirements that the

Corporation applies and (ii) such severance agreement is entered into under the Severance Program as part of the Reorganization.

Any Active Member who does not meet all of the foregoing requirements is not a “Covered Employee” and is not eligible for the benefits under this Appendix ERW.

(c) **Reorganization**: The reorganization, plant closing, or other event that triggered the applicable Severance Program.

(d) **Severance Date**: An Active Member’s final day of employment with the Employer pursuant to the Reorganization.

(e) **Severance Program and Effective Date**: The Terms Severance Program and Effective Date are defined as follows, separately for each Severance Program:

(1) **2007/2008 Restructuring**. For purposes of the 2007/2008 Restructuring, Severance Program means both the “PepsiCo Transition Severance Program for the 2007 Restructuring for Salaried Employees Below Band 1” and the “PepsiCo Transition Severance Program for the Equipment & Service Management Restructuring for Salaried Employees below Band 1” and Effective Date means February 4, 2008 (that is, the first date an Active Member would be able to retire under this paragraph (1)).

(2) **2008/2009 Restructuring**. For purposes of the 2008/2009 Restructuring, Severance Program means both the “PepsiCo Transition Severance Program for the 2008/2009 Restructuring for Salaried Employees Below Band I” and the “PepsiCo Transition Severance Program for the 2008/2009 Restructuring for Salaried Employees Band I” and Effective Date means April 3, 2009 (that is, the first date an Active Member would be able to retire under this paragraph (2)).

ERW.3 Special Early Retirement.

Any Covered Employee who meets the eligibility requirements of subsection (a) below shall be treated as eligible for a Special Early Retirement Pension under Section 4.03.

(a) **Eligibility requirements**: To be eligible under this section, an individual must:

(1) Be a Covered Employee on his Severance Date,

(2) For purposes of the 2007/2008 Restructuring only:

(i) have attained at least age 50 (but not age 55) by his Severance Date, and

(ii) be credited with at least 10 years of Vesting Service as of his Severance Date

(3) For purposes of the 2008/2009 Restructuring only:

(i) have attained at least age 50 (but not age 55) by his “Pension Termination Date” (which means the earlier of the Covered Member’s Severance Date or the date that is 52 weeks after the Covered Member’s last day of active employment pursuant to the Reorganization);

(ii) be credited with at least 10 years of Vesting Service as of his Severance Date. For purposes of determining whether the Covered Member has met the age and service requirements, the Covered Member’s age and years of Vesting Service are rounded up to the nearest whole year,

(iii) not return to employment with an Employer before his Pension Termination Date, and

(iv) not be otherwise eligible for Normal or Early Retirement Pension.

(b) Amount of Reduction: In determining the amount of the Special Early Retirement Pension provided under this Appendix ERW, the 4/12ths of 1 percent per month early commencement reduction of Section 4.03 shall apply. The Special Early Retirement Pension provided under this section is otherwise subject to all the usual limitations set forth in the DB Program.

(c) Non-Duplication of Benefits: For the avoidance of doubt, the Special Early Retirement Pension made available pursuant to this Appendix ERW shall be in lieu of the Special Early Retirement Pension pursuant to Rule 4.03 of the DB Program. Covered Employees shall not be entitled to, and shall not receive, a Special Early Retirement Pension pursuant to Section 4.03 of the DB Program. In addition, the Special Early Retirement Pension under this Appendix ERW shall not be available to any individual who is eligible for special early retirement under the PepsiCo Salaried Plan (or who claims such special early retirement, unless a release of such claim acceptable to the Corporations is provided). By accepting benefits pursuant to this Appendix ERW, a Covered Employee is conclusively presumed to have waived irrevocably any and all right to a Special Early Retirement Pension under Section 4.03 or to special early retirement benefits under the PepsiCo Salaried Plan (or any other plan maintained or contributed to by the Corporation or an Associated Company).

(d) LTIP Awards: Any Covered Employee who is treated as eligible for an Early Retirement Pension pursuant to this Rule ERW shall also be deemed to qualify for “Retirement” for purposes of such Covered Employee’s outstanding stock option and restricted stock unit awards under the PepsiCo Inc. Long-Term Incentive Plan, the PepsiCo, Inc. 2003 Long-Term Incentive Plan, the PepsiCo, Inc. 1994 Long-Term Incentive Plan, the PepsiCo, Inc. 1995 Stock Option Incentive Plan and the PepsiCo SharePower Stock Option Plan.

APPENDIX		29

ARTICLE I – HISTORY AND GENERAL INFORMATION

PepsiCo, Inc. (the “Corporation”) first established the PepsiCo International Retirement Plan effective as of September 1, 1980. The Plan at that time was comprised of the “PepsiCo International Retirement Plan Trust Indenture” and the “Plan Rules.” The Plan was amended and restated in its entirety, effective September 2, 1982.

The Plan was again amended and restated effective October 1, 2003, whereupon the Plan Rules became the “Plan A Rules” (applicable to benefits funded by the Corporation’s contributions to the trust established by the PepsiCo International Retirement Plan Trust Indenture) and the “Plan B Rules” (applicable to benefits funded by the Corporation as they arise) took effect.

The Plan was further amended effective January 1, 2005, to provide that no person subject to taxation in the United States of America may in any way have their right to a benefit from the Plan come into existence, increase or in any way be enhanced, but instead will be determined as if they had left the Corporation and any Associated Company permanently before becoming subject to U.S. taxation.

Effective January 1, 2010, the Plan A Rules and Plan B Rules were amended and restated in their entirety to form one Plan document. The amendment and restatement referred to in the prior sentence remains in effect, and it sets forth the terms of the “DB Program.”

Effective January 1, 2011, the Corporation established a new defined contribution structure (the “DC Program”) to benefit selected international employees for whom it has been determined to be appropriate (*i.e.*, employees on assignments outside of their home countries for whom it is judged to be impractical to have them participate in their home country retirement plans, and employees who are among a selected group of senior globalists on United States tax equalized packages). The terms of the DC Program are set forth in this document, which is the governing legal document for the DC Program. Together, the DC Program and the DB Program set forth the terms of a single Plan. The DC Program is also sometimes referred to in employee communications as the PepsiCo International Pension Plan or “PIPP.”

The DC Program was previously amended and restated, effective as of January 1, 2016. As part of that amendment and restatement, the Corporation modified the DC Program to also benefit selected employees: (i) who are localized to a country outside of their home country, (ii) were participating in a defined benefit or defined contribution retirement program sponsored immediately prior to their localization and (iii) for whom no company-provided retirement program is available.

The DC Program was again amended and restated effective as of January 1, 2019. As part of that amendment and restatement, the Corporation modified the DC Program to recognize same-sex and opposite-sex domestic partners for certain purposes for participants actively employed or on authorized leave of absence on and after January 1, 2019.

The DC Program is hereby amended and restated effective as of January 1, 2021.

At all times, the Plan is unfunded and unsecured for purposes of the United States Internal Revenue Code and Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The benefits of an executive are an obligation of that executive’s individual employer. With respect to his employer, the executive has the rights of an unsecured general creditor. The Plan is also intended to be exempt from ERISA as a plan maintained outside of the United States primarily for the benefit of persons substantially all of whom are nonresident aliens of the United States.

ARTICLE II – DEFINITIONS AND CONSTRUCTION

2.01 Definitions.

Where the following words and phrases appear in this governing document for the DC Program, they shall have the meaning set forth below, unless a different meaning is plainly required by the context:

(a) “Approved Transfer” means any of the following that are initiated or approved by the Corporation or (with the approval of the Corporation) by a Member’s Employer –

(1) The Member’s transfer to employment based in the United States or its territories;

(2) The Member’s secondment to a work location in the United States or its territories;

(3) Any other change in the Member’s employment circumstances that will cause the Member to become a U.S. Person.

(b) “Associated Company” means any company or undertaking which (i) is directly or indirectly controlled by or associated in business with the Corporation, and (ii) which has agreed, subject to the ongoing consent of the Vice President, to perform and observe the conditions, stipulations and provisions of the DC Program and to be included among the Employers under the DC Program. “Associated Companies” means all such companies or undertakings.

(c) “Corporation” means PepsiCo, Inc., a corporation organized and existing under the laws of the State of North Carolina, or its successor or successors.

(d) “Dependant” means the person who shall receive the balance of a Member’s PIRP-DC Account upon the Member’s death.

(e) “DB Program” means the portion of the Plan that provides a program of defined benefits and that is described in the governing legal document entitled “The PepsiCo International Retirement Plan Defined Benefit Program (PIRP DB), as it may be amended from time to time. The DB Program is also sometimes referred to as “PIRP-DB”.

(f) “DC Program” means the portion of the Plan that provides a program of defined contributions and that is described in the governing legal document entitled “The PepsiCo International Retirement Plan Defined Contribution Program (PIRP-DC), as it

may be amended from time to time. The DC Program is also sometimes referred to as “PIRP-DC.”

(g) “Distribution Valuation Date” means the date as specified by the Vice President from time to time as of which PIRP-DC Accounts are valued for purposes of distributions under Article VI. Currently, the Distribution Valuation Date for a Member is the month end that occurs just after the event specified in Article VI that triggers the Member’s distribution. Accordingly, if the trigger event occurs on December 30 of a year, the current Distribution Valuation Date is December 31 of that year, and if the trigger event occurs on December 31 of a year, the current Distribution Valuation Date is January 31 of the following year. The Vice President may change any current Distribution Valuation Date. Values are determined as of the close of a Distribution Valuation Date or, if such date is not a business day, as of the close of the preceding business day.

(h) “Effective Date” means the date as of which the DC Program is effective, January 1, 2011.

(i) “Eligible Domestic Partner” means, solely with respect to a Member who is actively employed by, or on an Authorized Leave of Absence from, a member of the PepsiCo Organization on or after January 1, 2019, an individual who is of the same sex or opposite sex as the Member and who satisfies paragraph (1), (2) or (3), subject to the additional rules set forth in paragraph (4), as determined by the Vice President.

- (1) Civil Union. If the Member has entered into a civil union or similar government-recognized status that is valid at the Member’s death under the law of the location that is determined by the Vice President to be the Member’s principal residence, the Participant’s Domestic Partner (if any) is the individual with whom the Participant has entered into such status, provided that such individual submits a claim for benefits within 60 days of Member’s date of death (and if no such claim is submitted, the individual shall not be a Domestic Partner under this Section 2.01(i)(1)).
- (2) Benefits Enrollment. If the Member does not have a Domestic Partner pursuant to subsection (1) above, the Member’s Eligible Domestic Partner (if any) is the individual who, on the applicable date, was enrolled, as the Member’s domestic partner, in the Cigna International Health Program (or its successor) sponsored by the Corporation.
- (3) Other Acceptable Evidence of Partnership. If the Member does not have a Domestic Partner under paragraph (1) or (2) above, such Member’s Domestic Partner, if any, is the individual who satisfies such criteria of domestic partnership as the Vice President has specified in writing, provided that such individual submits a claim for

benefits within 60 days of the Member's date of death (and if no such claim is submitted, the individual shall not be a Domestic Partner under this Section 2.01(i)(3)).

- (4) Additional Rules. The term "Eligible Domestic Partner" does not apply to a Member's Eligible Spouse. A Member is not permitted to have more than one Eligible Domestic Partner at any point in time, and a Member who has an Eligible Spouse is not permitted to have an Eligible Domestic Partner.

(j) "Eligible Employee" means an individual who the Vice President has determined (i) is employed exclusively outside of the United States on the regular staff of an Approved Employer on a full-time salaried basis, (ii) is neither actively accruing benefits that are derived from service under the DB Program nor is designated as being eligible to accrue such benefits, and (iii) is described in at least one of the following paragraphs

(1) The individual is on an assignment outside of his home country and it is judged to be impractical to have him participate in the retirement plan(s) sponsored by the Corporation (or an Affiliated Company) in his home country;

(2) The individual is on his second (or more) consecutive assignment outside of his home country (effective as of January 1, 2021, the first assignment outside of his home country), and the retirement plan(s) available to the individual in his home country do not include a retirement plan that is sponsored by the Corporation or an Affiliated Company (*e.g.*, a case where only a statutory plan is available to the individual);

(3) The individual is among a selected group of senior globalists on United States tax equalized packages whose positions and employment terms are among those that the Vice President has determined make them eligible to be considered for membership in the DC Program; or

(4) The individual is localized to a country outside of his home country, was actively participating in a retirement program sponsored by a member of the PepsiCo Organization immediately prior to his localization that will not provide for his continued active participation after his localization, and the local country employer does not sponsor a retirement plan.

The Vice President shall have the discretion to designate as an Eligible Employee any individual employed by an Approved Employer on a part-time basis who, but for his part-time status, otherwise satisfies the requirements of this subsection.

(k) "Eligible Spouse" means the individual to whom the Member is married, or to whom the Member was married on the date of his death. The determination of whether a

Member is married shall be made by the Vice President based on the law of the location that is determined by the Vice President to be the Member's principal residence; provided, however, that for purposes of the DC Program, a Member shall have only one Eligible Spouse.

(l) "Employers" means the Corporation and any and every Associated Company or such one or more of any of them as the context shall determine or the circumstances require. "Employer" in relation to any person means whichever it is of the Employers in whose employment that person is or was at the relevant time or those Employers (if more than one) in whose employment he had been during the relevant period. An "Approved Employer" means an Employer that, as of the time in question, has been approved by the Vice President (and remains approved) to have its Eligible Employees become and continue as Active Members hereunder.

(m) "Entry Date" means the date as of which an Eligible Employee becomes a Member, which shall be the date that the Vice President specifies for the Eligible Employee's admission to Membership.

(n) "Interest Credit" means the credit made annually to a Member's PIRP-DC Account pursuant to Section 4.01(b).

(o) "Interest Rate" means the annualized rate of interest used to determine a Member's Interest Credit. As of the Effective Date, the Interest Rate is the rate of interest on 30-year Treasury securities as prescribed by the Commissioner of the United States Internal Revenue Service for the month of September immediately preceding the first day of the Plan Year to which an Interest Credit relates. The Vice President shall have the discretion to change from time to time the basis for determining the Interest Rate as necessary to ensure that the Interest Rate is readily determinable and administrable, and that it can be reasonably expected to provide substantially a market rate of interest over time. At all times the Interest Rate shall not exceed a level that may be considered to constitute earnings under Treasury Regulation § 1.409A-1(o).

(p) "Member" means an Eligible Employee who has been admitted to Membership in the DC Program pursuant to Article III and who remains entitled to a benefit under the DC Program. In relation to each of the Employers, any reference to a Member means a Member in or formerly in its employment. References to "Membership" are references to the status of being a Member. The terms "Active Member" and "Inactive Member" shall have the respective meanings stated for these terms in Section 3.03.

(q) "Pay Credit" means the credit made to an Active Member's PIRP-DC Account pursuant to Section 4.01(a).

(r) "Plan" means the PepsiCo International Retirement Plan, which consists of the DC Program and DB Program.

(s) “Plan Year” means the 12-consecutive month period beginning on January 1 and ending on the following December 31 of the same calendar year.

(t) “PepsiCo Organization” means the controlled group of organizations of which the Corporation is a part, as defined by United States Internal Revenue Code section 414 and regulations issued thereunder. An entity shall only be considered a member of the PepsiCo Organization during the period it is one of the group of organizations described in the preceding sentence.

(u) “PIRP-DC Account” means the unfunded, notional account maintained for a Member on the books of the Member’s Employer that indicates the dollar amount that, as of any time, is credited under the DC Program for the benefit of the Member. The balance in such account shall be determined in accordance with interpretive principles and decisions applied by the Vice President.

(v) “Salary” means (i) home notional base salary in the case of an Eligible Employee who is not paid on a United States payroll, and (ii) base salary plus annual bonus in the case of an Eligible Employee who is paid on a United States payroll. Notwithstanding the foregoing, Salary shall include home notional base salary plus annual bonus for Eligible Employees not paid on a United States payroll who become an Active Member on or after January 1, 2021. In the case of an Eligible Employee who is employed in a country other than the United States, the Vice President may authorize the Eligible Employee’s Salary to be increased to reflect an amount of notional bonus that is paid to such Eligible Employee. The determination of an Eligible Employee’s Salary in accordance with the preceding three sentences shall be made by the Vice President and shall be conclusive and binding on all Eligible Employees.

(w) “Service” means the period during which an Eligible Employee was continuously in employment (including all permissible periods of authorized leave of absence) with any Approved Employer. A permissible period of authorized leave of absence is a period of absence of not more than 12 months, unless a longer period is individually authorized in writing by the Vice President. A break in service of less than 12 months shall not be considered to have broken the continuity of a Member’s Service. Other breaks in service (including a break in service of at least 12 months and a break in service before an individual has become a Member) shall break the continuity of an individual’s Service, and employment before the break in service will only be counted as Service if it would otherwise qualify under this subsection and the Vice President approves its being counted. For an individual who transfers from employment with an Employer while not an Eligible Employee to the status of an Eligible Employee of an Approved Employer, his pre-transfer period of employment with an Employer may be counted as Service only with the approval of the Vice President. Similarly, for an individual who transfers from employment with an Approved Employer as an Eligible Employee to other employment with an Employer, his post-transfer period of employment with an Employer may be counted as Service only with the approval of the

Vice President. Except as otherwise expressly provided by the Vice President, Service shall not include an individual's periods of employment with any company or undertaking prior to it becoming an Employer or a member of the PepsiCo Organization.

(x) "Status Change" means any change in a Member's circumstances (other than a change in circumstances that constitutes an Approved Transfer) that will cause the Member to become a U.S. Person.

(y) "U.S. Person" means: (1) a citizen of the United States of America; (2) a person lawfully admitted for permanent residence in the United States of America at any time during the calendar year, or who has applied for such permanent residence (within the meaning of United States Internal Revenue Code section 7701(b)(1)(A)); or (3) any other person who is a resident alien of the United States of America under United States Internal Revenue Code section 7701(b)(1)(A) because, for example, the person satisfies the substantial presence test under United States Internal Revenue Code section 7701(b)(3) or makes an election to be treated as a United States resident under United States Internal Revenue Code section 7701(b)(4). In addition, a person shall be considered a U.S. Person for purposes of Section 9.14 in any year for which the person is required by the United States Internal Revenue Code to file an individual income tax return, unless the Vice President determines that it is clear that the person has no U.S. source earned income from a member of the PepsiCo Organization for such year.

(z) "Valuation date" means each business day, as determined by the Vice President, as of which Members' PIRP-DC Accounts are valued (for purposes other than distributions under Article VI) in accordance with DC Program procedures that are then currently in effect. As of the Effective Date, the DC Program shall have a Valuation Date for all Members as of the last day of each Plan Year. In addition, to the extent provided in Section 4.02, the DC Program shall have a special Valuation Date prior to the end of a Plan Year for Active Members who have an Approved Transfer (and for certain Active Members who have a Status Change) as described in Section 4.02. In accordance with procedures that may be adopted by the Vice President, any current Valuation Date may be changed (but in such case adjustments shall apply in the operation of the DC Program as necessary to prevent duplicate or disproportionate benefits, as determined by the Vice President). Values are determined as of the close of a Valuation Date or, if such date is not a business day, as of the close of the preceding business day.

(aa) "Vice President" means the Vice President, Global Benefits & Wellness of PepsiCo, Inc., but if such position is vacant or eliminated it shall be the person who is acting to fulfill the majority of the duties of the position (or plurality of the duties, if no one is fulfilling a majority), as such duties existed immediately prior to the vacancy or the position elimination.

2.02 Construction.

(a) Gender and Number: In this document for the DC Program where the context does not otherwise determine, words importing the masculine gender shall include the feminine gender and words importing the singular number shall include the plural number and vice versa.

(b) Determining Periods of Years: For the purposes of the DC Program, any period of 365 consecutive days (or of 366 consecutive days, if the period includes 29th February) shall be deemed to constitute a year, but not so that in the calculation of a number of years any day is counted more than once. Where the amount of a benefit depends upon the calculation of a number of years or months without expressly requiring that these should be complete years or months, a proportionate amount (*i.e.*, a number of days) may be given for any part of a year or month which would not otherwise be included in the calculation. Where this document makes reference to months or parts of a year, or to any other period of time except a day, week or year the Vice President may authorize the period to be counted in days or complete calendar months with each calendar month counted as 1/12th of a year.

(c) Compounds of the Word “Here”: The words “hereof” and “hereunder” and other similar compounds of the word “here” shall mean and refer to the entire DC Program, not to any particular provision or section.

(d) Examples: Whenever an example is provided or the text uses the term “including” followed by a specific item or items, or there is a passage having a similar effect, such passages of the document shall be construed as if the phrase “without limitation” followed such example or term (or otherwise applied to such passage in a manner that avoids limitation on its breadth of application).

(e) Subdivisions of this Document: This document is divided and subdivided using the following progression: articles, sections, subsections, paragraphs, subparagraphs and clauses. Articles are designated by capital roman numerals. Sections are designated by Arabic numerals containing a decimal point. Subsections are designated by lower-case letters in parentheses. Paragraphs are designated by Arabic numerals in parentheses. Subparagraphs are designated by lower-case roman numerals in parentheses. Clauses are designated by upper-case letters in parentheses. Any reference in a section to a subsection (with no accompanying section reference) shall be read as a reference to the subsection with the specified designation contained in that same section. A similar rule shall apply with respect to paragraph references within a subsection and subparagraph references within a paragraph.

ARTICLE III – MEMBERSHIP

3.01 Eligibility for Membership.

Every person who the Vice President determines is an Eligible Employee shall be eligible for Membership.

3.02 Admission to Membership.

Every person who the Vice President determines is an Eligible Employee, and who is not during the relevant time a U.S. Person, shall, following the approval of his Membership by the Vice President, be admitted to Membership effective as of his Entry Date. For this purpose, the relevant time includes a sufficient period before the Eligible Employee's Proposed Entry Date as is necessary to avoid PIRP-DC Accounts being considered deferred compensation that is subject to Section 409A of the United States Internal Revenue Code. No Eligible Employee or any other person shall be admitted to Membership without the approval of the Vice President.

3.03 Active and Inactive Membership.

A Member shall be an Active Member during the period that he is – (a) employed as an Eligible Employee, (b) not a U.S. Person, and (c) currently approved for status as an Active Member by the Vice President. A Member shall be an Inactive Member during any period that he does not currently meet all of the requirements to be an Active Member.

ARTICLE IV – CONTRIBUTIONS

4.01 Contributions.

To the extent provided in subsections (a) and (b) below, the Employer shall allocate Pay Credits and Interest Credits to a Member's PIRP-DC Account, each determined by the Vice President as follows –

(a) Pay Credit. To receive a Pay Credit for a Plan Year, an individual must be an Active Member during such year. The amount of an Active Member's Pay Credit for a Plan Year shall be determined by multiplying the Active Member's annualized Salary in effect as of that year's Valuation Date by the Active Member's applicable percentage, which shall be one of the following: 5%, 8%, 10%, 12% or 18%. Effective for any Eligible Employee who becomes an Active Member on or after January 1, 2021, the amount of the Active Member's Pay Credits shall be determined by the number of "points" attributed to the Active Member in accordance with the following:

<u>Points</u>	<u>Amount of Pay Credit</u>
Less than 35	5% of Eligible Pay
35-39	6% of Eligible Pay
40-44	7% of Eligible Pay
45-49	8% of Eligible Pay
50-54	9% of Eligible Pay
55-59	10% of Eligible Pay
60-64	11% of Eligible Pay
65 or more	12% of Eligible Pay

An Active Member's points shall be determined by the sum of the Active Member's age and years of Service, with each expressed in whole years and days.

The Vice President shall specify the Active Member's applicable percentage as of the Active Member's Entry Date. For each subsequent Plan Year that the individual is an Active Member, the Vice President may specify a new applicable percentage that shall apply to the Active Member for such Plan Year. An Active Member shall cease receiving Pay Credits during any Plan Year as necessary to ensure that the Active Member's Pay Credits do not exceed the Internal Revenue Code Section 401(a)(17) limit in effect for such Plan Year.

(b) Interest Credit. To receive an Interest Credit for a Plan Year, an individual must be either an Active Member or Inactive Member during such year, and the individual must have had a balance in his PIRP-DC Account as of the prior Plan Year's Valuation Date. The amount of a Member's Interest Credit shall be determined by the

Vice President by multiplying the Interest Rate for the period since the last Valuation Date by the balance of the Member's PIRP-DC Account as of such last Valuation Date.

A Member's Pay Credit and Interest Credit shall be determined by the Vice President as soon as administratively practicable after each Valuation Date. If a Member has less than one full year of Active Membership since such last Valuation Date (*e.g.*, as may apply in the Member's first and last year of Membership), the Member's Pay Credit as otherwise determined under subsection (a) above shall be prorated for such period based upon the Member's fractional year of Active Membership. If a Member has less than one full year of Membership since such last Valuation Date, any Interest Credit as otherwise available and determined under subsection (b) above shall be prorated for such period based upon the Member's fractional year of Membership (*e.g.*, as may apply in the Member's last year of Membership). A fractional year shall be computed by dividing the Member's days of Membership or Active Membership (as applicable) during the Plan Year by the total number of days in such Plan Year. A period of paid leave of absence during a Plan Year shall be considered a period of Active Membership for purposes of determining a Member's Pay Credit for the Plan Year in accordance with the prior sentence. However, a period of unpaid leave of absence during a Plan Year shall not be considered a period of Active Membership for purposes of determining a Member's Pay Credit for the Plan Year in accordance with the prior sentence (and as a result, the Pay Credit for the Plan Year containing the unpaid leave shall be prorated, or there shall be no Pay Credit, all as necessary to limit Pay Credits to the Member's period of Active Membership during the Plan Year). In the event a prorated Pay Credit and Interest Credit relate to the Member's final year of Membership, the Pay Credit and Interest Credit shall be determined as of the Member's Distribution Valuation Date (with proration based upon the Member's fractional final year of Membership). The calculation of the Pay Credit and Interest Credit by the Vice President shall be conclusive and binding on all Members (and their Dependents).

4.02 Offsets.

Notwithstanding Section 4.01, the Corporation may reduce the amount of any payment or benefit that is or would become payable to or on behalf of a Member by the amount of any obligation of the Member to the Corporation or by the amount of –

(a) Any material benefits accrued by the Member under a retirement plan sponsored by the Corporation or by any country, state, province or other political subdivision or locality, to the extent the Vice President determines that the benefit amount under such retirement plan is for Service or Salary that is taken into account in providing Pay Credits under the DC Program, and

(b) Any termination indemnity or other payment to the Member by the Employer or PepsiCo Organization related to the Member's termination of employment, to the extent the Vice President determines that the payment is reasonably related to Service that is taken into account in providing Pay Credits under the DC Program.

Consistent with the foregoing, appropriate reductions may be made in the Pay Credits and Interest Credits that otherwise would be provided to the Member under Sections 4.01 and 4.02, the balance in the Member's PIRP-DC Account under Article V, or the Member's distributions under Article VI. The determination of whether a benefit is material and all other aspects of the application of this Section 4.02 is solely in the independent discretion of the Vice President.

ARTICLE V – MEMBER ACCOUNTS

5.01 Accounting for Members' Interests.

Pay Credits and Interest Credits shall be credited to a Member's PIRP-DC Account as of the Valuation Date to which such credits relate (or, in the case of Pay Credits and Interest Credits that relate to the Member's final year of Membership, as of the Member's Distribution Valuation Date) or as soon as administratively practicable thereafter. A Member's PIRP-DC Account is a bookkeeping device to track the notional value of the Member's Pay Credits and Interest Credits (and his Employer's liability for such credits). No assets shall be reserved or segregated in connection with any PIRP-DC Account, and no PIRP-DC Account shall be funded, insured or otherwise secured.

5.02 Vesting.

Subject to Sections 4.02 and 9.14, a Member shall be fully vested in, and have a nonforfeitable right to, his PIRP-DC Account upon completing 3 years of Service, or if earlier, upon the death or disability of the Member while employed by the Employer or PepsiCo Organization. The determination of whether a Member has become disabled for this purpose shall be made by the Vice President in accordance with such standards as the Vice President deems to be appropriate as of the time in question.

5.03 Special Vesting for Approved Transfers and Status Changes.

(a) Automatic Special Vesting for Approved Transfers. Notwithstanding Section 5.02 above, in the case of an Active Member who will have an Approved Transfer during a Plan Year, the Active Member shall automatically have special vesting apply as of the last business day before the earlier of – (a) the Active Member's Approved Transfer, or (b) the day the Active Member would become a U.S. Person in connection with the Approved Transfer.

(b) Special Vesting for Status Changes. Also notwithstanding Section 5.02 above, in the case of an Active Member who will have a Status Change, the Active Member may request that the Vice President apply special vesting to him as of the last business day before the Active Member's Status Change. In order for special vesting related to a Status Change to be valid and effective under the DC Program, the Active Member's request and the Vice President's approval of the request must both be completely final and in place prior to the date that the special vesting applies.

Subject to the next sentence, the effect of special vesting applying to a Member in accordance with either subsection (a) or (b) above is that the Member will become vested, to the same extent as could apply under Section 5.02 if the Member vested under that Section, as of the date that the special vesting applies. Notwithstanding the preceding provisions of this Section 5.03, rights under this Section 5.03 are subject to the overriding requirement that allocations, benefits and

other rights under the Plan must remain entirely exempt from Section 409A of the United States Internal Revenue Code, and this Section 5.03 shall not apply to the extent inconsistent with this requirement.

ARTICLE VI – DISTRIBUTION OF BENEFITS

6.01 Distribution Rules Generally.

A Member's PIRP-DC Account shall be distributed based upon first to occur of the Member's termination of employment with the PepsiCo Organization or death, as provided in Sections 6.02 and 6.03 respectively, subject to Section 4.06 (vesting). All distributions shall be made in cash.

6.02 Distributions Upon Termination of Employment.

If a Member's PIRP-DC Account becomes distributable based upon his termination of employment with the PepsiCo Organization, such distribution shall be made in a single lump sum payment on the first of the month that immediately follows the Member's Distribution Valuation Date. In the case of a Member whose termination of employment with the PepsiCo Organization occurs as a result of the Member becoming disabled, for purposes of this Section, the determination of whether such Member is disabled and the date on which such Member's termination of employment is considered to occur shall be made by the Vice President.

6.03 Distributions Upon Death.

If a Member's PIRP-DC Account becomes distributable based upon his death, such distribution shall be made in a single lump sum payment on the first day of the month that immediately follows the Member's Distribution Valuation Date. Amounts paid following a Member's death shall be paid to the Member's Dependant; provided, however, that if no Dependant designation is in effect at the time of the Member's death (as determined by the Vice President), or if all persons designated as Dependents have predeceased the Member, then the payments to be made pursuant to this Section shall be distributed to the Member's Eligible Spouse or Eligible Domestic Partner, as applicable, or, if the Member does not have an Eligible Spouse or an Eligible Domestic Partner at the time of his death, to his estate.

6.04 Valuation.

In determining the amount of any individual distribution pursuant to this Article, the Member's PIRP-DC Account shall continue to be credited with Interest Credits (and debited for expenses) as specified in Article V until the Member's Distribution Valuation Date.

6.05 Designation of Dependant.

A Member shall designate one or more Dependents who will be entitled to any amounts payable on his death. A Member shall have the right to change or revoke his Dependant designation at any time prior to the effective date of such election. If the Member is married at the time he or she designates a Dependant(s), any designation under this section of a Dependant(s) who is not the Member's Eligible Spouse shall require the written consent of the Member's Eligible Spouse. A revocation of a Dependant(s) does not require consent by the

Member's Eligible Spouse. The designation of any Dependant(s), and any change or revocation thereof, and any written consent of a Member's Eligible Spouse required by this Section shall be made in accordance with rules adopted by the Vice President, shall be made in writing on forms provided by the Vice President, and shall not be effective unless and until filed with the Vice President.

ARTICLE VII – ADMINISTRATION

7.01 Authority to Administer Plan.

(a) Administration by the Vice President: The Plan shall be administered by the Vice President, who shall have the authority to interpret the Plan and issue such regulations as he deems appropriate. All actions by the Vice President hereunder may be taken in his sole discretion, and all interpretations, determinations and regulations made or issued by the Vice President shall be final and binding on all persons and parties concerned.

(b) Authority to Delegate: The Vice President may delegate any of his responsibilities under the Plan to other persons or entities, or designate or employ other persons to carry out any of his duties, responsibilities or other functions under the Plan. Any reference in the Plan to an action by the Vice President shall, to the extent applicable, refer to such action by the Vice President's delegate or other designated person.

7.02 Facility of Payment.

Whenever, in the opinion of the Vice President, a person entitled to receive any payment of a benefit hereunder is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Vice President may direct that payments from the Plan be made to such person's legal representative for his benefit, or that the payment be applied for the benefit of such person in such manner as the Vice President considers advisable. Any payment of a benefit in accordance with the provisions of this section shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

7.03 Claims Procedure.

The Vice President shall have the exclusive discretionary authority to construe and to interpret the Plan, to decide all questions of eligibility for benefits and to determine the amount of such benefits, and his decisions on such matters are final and conclusive. As a result, benefits under this Plan will be paid only if the Vice President decides in his discretion that the person claiming such benefits is entitled to them. This discretionary authority is intended to be absolute, and in any case where the extent of this discretion is in question, the Vice President is to be accorded the maximum discretion possible. Any exercise of this discretionary authority shall be reviewed by a court, arbitrator or other tribunal under the arbitrary and capricious standard (*i.e.*, the abuse of discretion standard). If, pursuant to this discretionary authority, an assertion of any right to a benefit by or on behalf of a Member or Dependant (a "claimant") is wholly or partially denied, the Vice President, or a party designated by the Vice President, will provide such claimant within the 90-day period following the receipt of the claim by the Vice President, a comprehensible written notice setting forth:

- (a) The specific reason or reasons for such denial;
- (b) Specific reference to pertinent Plan provisions on which the denial is based;
- (c) A description of any additional material or information necessary for the claimant to submit to perfect the claim and an explanation of why such material or information is necessary; and
- (d) A description of the Plan's claim review procedure (including the time limits applicable to such process).

If the Vice President determines that special circumstances require an extension of time for processing the claim he may extend the response period from 90 to 180 days. If this occurs, the Vice President will notify the claimant before the end of the initial 90-day period, indicating the special circumstances requiring the extension and the date by which the Vice President expects to make the final decision. Upon review, the Vice President shall provide the claimant a full and fair review of the claim, including the opportunity to submit to the Vice President comments, document, records and other information relevant to the claim and the Vice President's review shall take into account such comments, documents, records and information regardless of whether it was submitted or considered at the initial determination. The decision on review will be made within 60 days after receipt of the request for review, unless circumstances warrant an extension of time not to exceed an additional 60 days. If this occurs, notice of the extension will be furnished to the claimant before the end of the initial 60-day period, indicating the special circumstances requiring the extension and the date by which the Vice President expects to make the final decision. The final decision shall be in writing and drafted in a manner calculated to be understood by the claimant; include specific reasons for the decision with references to the specific Plan provisions on which the decision is based; and provide that the claimant is entitled to receive, upon request and free of charge, copies of, all documents, records, and other information relevant to his claim for benefits.

Any claim under the Plan that is reviewed by a court, arbitrator or any other tribunal shall be reviewed solely on the basis of the record before the Vice President at the time it made its determination. In addition, any such review shall be conditioned on the claimant's having fully exhausted all rights under this section.

7.04 Limitations on Actions.

Any claim filed under Article VII and any action filed in any court or other tribunal by or on behalf of a former or current Employee, Member, Dependant or any other individual, person or entity (collectively, a "Petitioner") for the alleged wrongful denial of Plan benefits must be brought within two years of the date the Petitioner's cause of action first accrues. For purposes of this subsection, a cause of action with respect to a Petitioner's benefits under the Plan shall be deemed to accrue not later than earlier of (i) when the Petitioner has received the calculation of the benefits that are the subject of the claim or legal action; (ii) the date identified to the Petitioner by the Vice President on which payment shall be made; or (ii) when he has actual or

constructive knowledge of the facts that are the basis of his claim. Failure to bring any such claim or cause of action within this two-year time frame shall preclude a Petitioner, or any representative of the Petitioner, from filing the claim or cause of action. Correspondence or other communications following the mandatory appeals process described above shall have no effect on this two-year time frame.

7.05 Restriction of Venue.

Any claim or action filed in court or any other tribunal in connection with the Plan by or on behalf of a Petitioner shall only be brought or filed in the state or federal courts of New York, specifically the state or federal court, whichever applies, located nearest the Corporation's headquarters.

7.06 Effect of Specific References.

Specific references in the Plan to the Vice President's discretion shall create no inference that the Vice President's discretion in any other respect, or in connection with any other provision, is less complete or broad.

ARTICLE VIII – AMENDMENT AND TERMINATION

8.01 Continuation of the Plan.

While the Corporation intends to continue the Plan indefinitely, it assumes no contractual obligation as to its continuance. The Corporation hereby reserves the right, in its sole discretion, to amend, terminate, or partially terminate the Plan at any time provided, however, that no such amendment or termination shall reduce the balance (determined as of the date of such amendment or termination) in the Plan account maintained for the benefit of a Member or his Dependant, except to the extent the Member becomes entitled to an amount under another plan or practice maintained by an Employer. Specific forms (including times) of payment are not protected under the preceding sentence.

8.02 Amendment.

The Corporation may, in its sole discretion, make any amendment or amendments to this Plan from time to time, with or without retroactive effect, subject to Section 8.01. An Employer (other than the Corporation) shall not have the right to amend the Plan.

8.03 Termination.

The Corporation may terminate the Plan, either as to its participation or as to the participation of one or more Employers. If the Plan is terminated with respect to fewer than all of the Employers, the Plan shall continue in effect for the benefit of the employees of the remaining Employers.

ARTICLE IX – MISCELLANEOUS

9.01 Unfunded Plan.

The Employers' obligations under the Plan shall not be funded, but shall constitute liabilities by the Employer payable when due out of the Employer's general funds. To the extent a Member or any other person acquires a right to receive benefits under this Plan, such right shall be no greater than the rights of any unsecured general creditor of the Employer.

9.02 Costs of the Plan.

Unless otherwise agreed by the Corporation, all costs, charges and expenses of or incidental to the administration and management of the Plan shall be the costs, charges and expenses of the Employers and shall be paid by each Employer based on the proportion of Members who are employed by such Employer as compared to the total number of Members at the time the cost or expense is incurred.

9.03 Temporary Absence of Member.

If a Member is absent from duty by reason other than death, discharge, retirement or quitting (*e.g.*, sickness, accident, layoff, vacation), he shall be deemed to have terminated employment on the date that is 12 months after the date on which he is absent, unless the Vice President determines otherwise. If the Member's absence from duty is by reason of his service as a full-time member of the armed forces of any country or of any organization engaged in national service of any such country, he shall not be deemed to have terminated employment so long as he is regarded by the Employer as remaining in employment or until he shall resign permanently from employment, whichever shall first occur.

9.04 Taxes, Etc.

In the event any tax or assessment or other duty is determined by the Vice President to be owing in respect of any benefit payable from the Plan, the Plan shall be entitled to withhold an amount not exceeding the amount of any such tax or assessment or other duty from the benefit payable and shall apply the same in satisfaction of said tax or assessment or other duty.

9.05 Nonguarantee of Employment.

Nothing in the Plan shall be construed as a contract of employment between an Employer and any of its employees, or as a right of any such employee to continue in the employment of the Employer, or as a limitation of the right of an Employer to discharge any of its employees, with or without cause.

9.06 No Right to Benefits.

No person, whether or not being a Member, shall have any claim, right or interest under the Plan except as provided by the terms of the Plan. In the event of a Member's termination of employment by an Employer, the resulting cessation of his Membership shall not be grounds for any damages or any increase in damages in any action brought against the Employer or any member of the PepsiCo Organization with respect to such termination.

9.07 Charges on Benefits and Recovery of Excess Payments.

All benefits in respect of a Member under the Plan shall stand charged with and be subject to deductions therefrom of all sums in respect of losses to a member of the PepsiCo Organization or Employer or otherwise caused by misdemeanor of the Member and on production by the member of the PepsiCo Organization or Employer of proof satisfactory to the Vice President that any such loss ought to be made good by a Member. The relevant amount shall be deductible from the Member's benefits and be payable to the Employer or member of the PepsiCo Organization whose receipt shall be a valid discharge for the same.

Payments to, for or in connection with a Member that are made (as of a point in time and to any person or entity) may not exceed the exact amount of payments that are due as of such time and to such person, as provided by the terms of the Plan that specify the amounts that are payable, the time as of which they are payable, and the person to whom they are payable. Accordingly, any such excess payment or any other overpayment, premature payment or misdirected payment (one or more of which are hereafter referred to as an "Excess Payment") may not be retained by the party receiving it, but must be restored promptly to the Plan. In exchange for Member or beneficiary status hereunder (or for having any other direct or indirect right or claim of right from the Plan, or solely as a result of having received an Excess Payment), any party receiving an Excess Payment grants to the Plan the following nonexclusive rights –

(1) A constructive trust and first priority equitable lien on any payment that is received directly or indirectly from the Plan and that is, in whole or part, an Excess Payment (such trust and lien shall be equal to the amount of the Excess Payment increased by appropriate interest) or upon the proceeds or substitutes for such payment, and any transfer shall be subject to such constructive trust and equitable lien (including a transfer to a person, trust fund or entity).

(2) The right to offset (as necessary to recover the Excess Payment with appropriate interest) other payments that are properly payable by the Plan to the recipient of the Excess Payment; however, reliance on this right is in the discretion of the Vice President, and the existence of an opportunity to apply it shall not diminish the Plan's rights under paragraph (1) above.

(3) The right to bring any equitable or legal action or proceeding with respect to the enforcement of any rights in this Section in any court of competent jurisdiction as the Plan may elect, and following receipt of an

Excess Payment the Member hereby submits to each such jurisdiction, waiving any and all rights that may correspond to such party's present or future residence.

Any party receiving an Excess Payment shall promptly take all actions requested by the Vice President that are in furtherance of the Plan's recovery of the Excess Payment with appropriate interest. In all cases, this subsection shall maximize the rights of the Plan to recover improper payments and shall not restrict the rights of the Plan in any way, including with respect to any improper payment that is not addressed above.

9.08 Prohibited Misconduct.

(a) Notwithstanding any other provision of this Plan to the contrary, if the Vice President determines that a Member has engaged in Prohibited Misconduct at any time prior to the second anniversary of his termination of employment with the PepsiCo Organization, the Member shall forfeit all Pay Credits and Interest Credits (whether paid previously, being paid currently or payable in the future), and his PIRP-DC Account shall be adjusted to reflect such forfeiture and previously paid Pay Credits and Interest Credits shall be recovered. As a condition to Membership in this Plan, each Member agrees to this and each Member agrees to repay PepsiCo the amounts it seeks to recover under this Section 9.08.

(b) Any of the following activities engaged in, directly or indirectly, by a Member shall constitute Prohibited Misconduct:

(1) The Member accepting any employment, assignment, position or responsibility, or acquiring any ownership interest, which involves the Member's "Participation" (as defined below) in a business entity that markets, sells, distributes or produces "Covered Products" (as defined below), unless such business entity makes retail sales or consumes Covered Products without in any way competing with the PepsiCo Organization.

(2) The Member, directly or indirectly (including through someone else acting on the Member's recommendation, suggestion, identification or advice), soliciting any PepsiCo Organization employee to leave the PepsiCo Organization's employment or to accept any position with any other entity.

(3) The Member using or disclosing to anyone any confidential information regarding the PepsiCo Organization other than as necessary in his position with the PepsiCo Organization. Such confidential information shall include all non-public information the Member acquired as a result of his positions with the PepsiCo Organization. Examples of such confidential information include non-public information about the PepsiCo Organization's customers, suppliers, distributors and potential acquisition targets; its business operations and structure; its product lines, formulas and pricing; its processes,

machines and inventions; its research and know-how; its financial data; and its plans and strategies.

(4) The Member engaging in any acts that are considered to be contrary to the PepsiCo Organization's best interests, including violating the Corporation's Code of Conduct, engaging in unlawful trading in the securities of the Corporation or of any other company based on information gained as a result of his employment with the PepsiCo Organization, or engaging in any other activity which constitutes gross misconduct.

(5) The Member engaging in any activity that constitutes fraud.

Notwithstanding the foregoing and for the avoidance of doubt, nothing in this Plan shall prohibit the Member from communicating with government authorities concerning any possible legal violations without notice to the Corporation, participating in government investigations, and/or receiving any applicable award for providing information to government authorities. The Corporation nonetheless asserts and does not waive its attorney-client privilege over any information appropriately protected by the privilege. Further, pursuant to the Defend Trade Secrets Act, an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that (A) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. An individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

For purposes of this subsection, "Participation" shall be construed broadly to include: (i) serving as a director, officer, employee, consultant or contractor with respect to such a business entity; (ii) providing input, advice, guidance or suggestions to such a business entity; or (iii) providing a recommendation or testimonial on behalf of such a business entity or one or more products it produces. For purposes of this subsection, "Covered Products" shall mean any product that falls into one or more of the following categories, so long as the PepsiCo Organization is producing, marketing, selling or licensing such product anywhere in the world – beverages, including without limitation carbonated soft drinks, tea, water, juice drinks, sports drinks, coffee drinks, energy drinks, and value-added dairy drinks; juices and juice products; dairy products; snacks, including salty snacks, sweet snacks meat snacks, granola and cereal bars, and cookies; hot cereals; pancake mixes; value-added rice products; pancake syrups; value-added pasta products; ready-to-eat cereals; dry pasta products; or any product or service that the Member had reason to know was under development by the PepsiCo Organization during the Member's employment with the PepsiCo Organization.

9.09 Notices.

Any notice which under the Plan is required to be given to or served upon the Plan shall be deemed to be sufficiently given to or served upon the Plan if it is in writing and delivered to the Vice President. In any case where under the Plan any notice shall be required to be given to Members, it shall be sufficient if such notice is delivered to the Member's last known address on file in the records of the Employer or delivered to the Member pursuant to any other method (*e.g.*, electronically) that the Vice President determines is reasonably available to the Member.

9.10 Plan Documentation.

Every Member shall on demand be entitled to a copy of the Plan.

9.11 Currency of Payment.

Payment of benefits under the Plan shall be made in United States dollars, or other "eligible currency," as approved by the Vice President. The amount otherwise payable in United States dollars would be converted to the selected currency using the exchange rate, based on the methodology approved by the Vice President from time to time.

9.12 Governing Law.

The Plan shall in all respects be governed by and interpreted according to the laws of the State of New York.

9.13 Exemption from ERISA.

The Plan is intended to be exempt from the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), as a plan maintained outside of the United States primarily for the benefit of persons substantially all of whom are nonresident aliens of the United States. In order to preserve this exemption from ERISA, Active Membership in the Plan shall be limited to individuals who are nonresident aliens of the United States and whose assigned work locations are outside the United States, and it is intended that all permanent records and documentation relating to the administration of the Plan shall be kept at a location that is outside of the United States.

9.14 Exemption from Section 409A.

In order to permit this Plan to be completely exempt from United States Internal Revenue Code section 409A ("Section 409A"), this Plan shall be subject to the special operating rules and limitations in this Section 9.14, effective for any period to which Section 409A applies. It is the intent of the Plan that no Member who is a U.S. Person may in any way have their benefit from the Plan vest, increase or in any way be enhanced (collectively, a "Benefit Enhancement") as a result of their compensation or service while a U.S. Person. However, Interest Credits may be

provided on the PIRP-DC Account of a Member who is a U.S. Person, but only to the extent the balance in the PIRP-DC Account is derived from Pay Credits that relate to Service completed while the Member was not a U.S. Person (and Interest Credits on such Pay Credits). Accordingly, no Member shall become entitled to a Benefit Enhancement with respect to a calendar year until it is determined, following the close of such year, that the Member was not a U.S. Person with respect to such year. Notwithstanding the preceding sentence, in the calendar year a Member's benefit under this Plan is scheduled to commence, the Vice President may authorize a Benefit Enhancement for the calendar year of benefit commencement to the extent the Vice President determines satisfactorily that the Member will not be a U.S. Person for such year. In other cases, the Member's benefit will commence under this Plan without any Benefit Enhancement related to the calendar year of commencement, and appropriate adjustments will be made to the Member's benefit in the following year if it is determined that the Member was not a U.S. Person in such calendar year of commencement. This Section 9.14 shall at all times be interpreted and applied in accordance with the overriding requirement that allocations, benefits and rights under the Plan must remain entirely exempt from Section 409A, and the Vice President shall have such unrestricted authority as is necessary to ensure that it is applied in accordance with this requirement.

Article I.

Foreword

The PepsiCo Pension Equalization Plan ("PEP" or "Plan") has been established by PepsiCo for the benefit of salaried employees of the PepsiCo Organization who participate in the PepsiCo Salaried Employees Retirement Plan ("Salaried Plan"). PEP provides benefits for eligible employees whose pension benefits under the Salaried Plan are limited by the provisions of the Internal Revenue Code of 1986, as amended. In addition, PEP provides benefits for certain eligible employees based on the pre-1989 Salaried Plan formula.

1989 Document. The Plan was amended and restated in its entirety effective as of January 1, 1989. The provisions of the Plan in effect prior to January 1, 1989 govern the rights and benefits of employees whose Credited Service ended before that date (and as necessary, before the effective date of any provision with a different pre-1989 effective date).

2005 Document. This document (the "Pre-409A PepsiCo PEP Document") was first effective as of January 1, 2005 (the "Effective Date") and was restated to reflect amendments through December 31, 2008. It generally retained without modification the provisions of the 1989 restatement. However, it was clarified to reflect that it set forth the terms of the Plan applicable to benefits that were grandfathered under Section 409A, *i.e.*, generally, benefits that were both earned and vested on or before December 31, 2004 (the "Pre-409A Program").

2016 Restatement. The previous restatement of the Pre-409A PepsiCo PEP Document was effective as of April 1, 2016. There were no material modifications made to the Pre-409A PepsiCo PEP Document as a result of the 2016 restatement. The Pre-409A PepsiCo

PEP Document continues generally to retain without modification the provisions of the 1989 restatement.

The 2016 restatement reflected amendments through April 1, 2016, including amendments to reflect the merger into this Plan of the PBG Pension Equalization Plan ("PBG PEP"), effective at the end of the day on December 31, 2011. The PBG PEP document that was in effect on October 3, 2004 as amended through January 1, 2011 ("Pre-409A PBG PEP Document") and as subsequently amended from time to time is attached hereto as Appendix Article PBG Pre-409A; it continues to govern PBG PEP benefits that were grandfathered under Section 409A and that were subject to the Pre-409A PBG PEP Document prior to the Plan merger, except for certain administrative provisions now governed by the main portion of the Pre-409A PepsiCo PEP Document as is explained in Appendix Article PBG Pre-409A. There has been no change to the time or form of payment of benefits that are subject to Section 409A under either the PepsiCo PEP Program or the PBG PEP Program that would constitute a material modification within the meaning of Treas. Reg. § 1.409A-6(a)(4) as a result of the merger or the revisions to the Pre-409A PepsiCo PEP Document and Pre-409A PBG PEP document.

2021 Restatement. This restatement reflects amendments through January 1, 2021, including provisions that (i) reflect updates to the Salaried Plan's actuarial factors that became effective January 1, 2019, and (ii) provide related nonqualified enhancements with respect to Participants' 409A and Pre-409A accruals.

409A Program. All benefits under the Plan that are earned or vested after January 1, 1989 shall be governed by the Plan Document for the Section 409A Program (the "409A Program"). Together, this document (the Pre-409A PepsiCo PEP Document) and the Plan Document for the Section 409A Program describe the terms of a single plan.

Preservation of Pre-409A Program Within PEP Plan. This document (the Pre-409A PepsiCo PEP Document) has been modified to clarify (without any material modification) the integration of the Pre-409A Program with the 409A Program. However, amounts subject to the terms of this Pre-409A Program and amounts subject to the terms of the 409A Program shall be tracked separately at all times. The preservation of the terms of the Pre-409A Program, without material modification, and the separation between the 409A Program amounts and the Pre-409A Program amounts are intended to be sufficient to permit the Pre-409A Program to remain exempt from Section 409A as a program of grandfathered benefits.

Article II.

Definitions and Construction

2.1 Definitions: This section provides definitions for certain words and phrases. Where the following words and phrases, in boldface and underlined, appear in this Plan with initial capitals they shall have the meaning set forth below, unless a different meaning is plainly required by the context.

Accrued Benefit: The Pension payable at Normal Retirement Date determined in accordance with Article V, based on the Participant's Highest Average Monthly Earnings and Credited Service at the date of determination.

Actuarial Equivalent: Except as otherwise specifically set forth in the Plan or any Appendix to the Plan with respect to a specific benefit determination, a benefit of equivalent value computed on the basis of the factors set forth below. The application of the following assumptions to the computation of benefits payable under the Plan shall be done in a uniform and consistent manner. In the event the Plan is amended to provide new rights, features or benefits, the following actuarial factors shall not apply to these new elements unless specifically adopted by the amendment.

(1) Annuities and Inflation Protection:

(i) Annuity Starting Dates After December 31, 2018: To determine the amount of a Pension payable as of an Annuity Starting Date after December 31, 2018 (A) in the form of a Qualified Joint and Survivor Annuity or other form of survivor annuity, (B) as an annuity with inflation protection, or (C) as a period certain and life annuity or other death benefit annuity, the Plan Administrator shall specify the factors that are to be used. Effective January 1,

2019, the factors specified by the Plan Administrator are set forth in Schedule 1 below. Subsequently, the Plan Administrator may specify new factors for these and other forms of payment, in its sole and absolute discretion, by a resolution adopted by the Plan Administrator. A Participant's benefit under the Pre-409A Program shall be determined under the actuarial factors specified and in effect as of the Annuity Starting Date of the Participant's benefit. For the avoidance of doubt, it is expressly intended and binding upon Participants that any actuarial factors for forms of payment specified by the Plan Administrator may be applied retroactively to previously accrued benefits, and without regard to the factors that previously applied for such purpose. In particular, in adjusting benefits under the Plan using the factors in Schedule 1 (below), the right to a benefit that is not less than would have applied under the prior basis for this adjustment shall not apply (even when, for example, it would apply under the Salaried Plan with respect to the 2019 Salaried Plan Factors). For this purpose, the phrase "2019 Salaried Plan Factors" refers to the new factors that appear in the Salaried Plan's definition of "Actuarial Equivalent" effective for annuity starting dates (as defined under the Salaried Plan) on or after January 1, 2019. If a Participant elects a survivor, period certain annuity or other death benefit annuity with inflation protection, Schedule 1(a) shall apply to adjust the Single Life Annuity for the survivor benefit, period certain or other death benefit, and Schedule 1(b) or (c) shall apply solely to adjust for the elected inflation protection (for this purpose and as applies generally when determining an Actuarial Equivalent, the adjustment resulting from applying these factors from separate Schedules shall

be determined using an actuarial computation method that is reasonable and applied consistently to similarly situated participants).

SCHEDULE 1

<u>Date</u>	<u>Mortality Table Factors</u>	<u>Interest Rate Factor</u>
(a) Annuity Starting Dates on or After 1/1/2019 Except for Inflation Protection	The 2019 mortality table*	5%
(b) Annuity Starting Dates on or After 1/1/2019 for 5% Inflation Protection	The 2019 mortality table*	4.2%
(c) Annuity Starting Dates on or After 1/1/2019 for 7% Inflation Protection	The 2019 mortality table*	4.6%

*As this term is defined in the Salaried Plan's definition of "Actuarial Equivalent"

(ii) Annuity Starting Dates Before January 1, 2019: To determine the amount of a Pension payable as of an Annuity Starting Date before January 1, 2019, and in the form of a Qualified Joint and Survivor Annuity or other form of survivor annuity, or as an annuity with inflation protection, the factors applicable as of such time for such purposes under the Salaried Plan shall apply. However, in determining a Pre-409A Pension payable as of an Annuity Starting Date before January 1, 2019, no change in such factors occurring on or after the Effective Date in the basis for determining the amount of an annuity form of payment from that in effect as of December 31, 2004 shall be taken into account to the extent it would result in a larger annuity (but this sentence shall not apply for purposes of Section 5.1(b)(3), relating to the "Limit on the Pre-409A Pension Benefit").

(2) Lump Sums: To determine the lump sum value of a Pension, or a Pre-Retirement Spouse's Pension under Section 4.6, the factors applicable for such purposes under the Salaried Plan shall apply, except that when the term "PBGC Rate" is used in the Salaried Plan in this context it shall mean "PBGC Rate" as defined in this Plan. However, in determining a Pre-409A

Pension, no amendment, which is effective on or after the Effective Date, to the Salaried Plan's provisions for determining lump sums from those in effect as of December 31, 2004 shall be taken into account to the extent that doing so is expected to result in a larger lump sum (or in the case of a Salaried Plan amendment that becomes effective on or after January 1, 2015, a different lump sum, unless this Pre-409A Program document is amended to expressly apply the Salaried Plan amendment in determining a Pre-409A Pension), but this sentence shall not apply for purposes of Section 5.1(b)(3), relating to the "Limit on the Pre-409A Pension Benefit." For example, therefore, the Salaried Plan amendment that adopted Pension Protection Act factors for lump sums effective January 1, 2008 is generally taken into account under the Pre-409A Program, but the Salaried Plan amendment that changed the "lookback period" and "stability period" for lump sums effective January 1, 2015 is not taken account under the Pre-409A Program, except for purposes of Section 5.1(b)(3).

(3) Other Cases: To determine the adjustment to be made in the Pension payable to or on behalf of a Participant in other cases (including to reduce a Vested Pension for early commencement), the factors are those applicable for such purpose under the Salaried Plan. However, in determining a Pre-409A Pension, no change occurring on or after the Effective Date in such factors from those in effect as of December 31, 2004 shall be taken into account to the extent that it would result in a larger pension (but this sentence shall not apply for purposes of Section 5.1(b)(3), relating to the "Limit on the Pre-409A Pension Benefit").

Advance Election: A Participant's election to receive his Pre-409A Retirement Pension as a Single Lump Sum or an Annuity, made in compliance with the requirements of Section 6.3.

Annuity: A Pension payable as a series of monthly payments for at least the life of the Participant.

Annuity Starting Date: The Annuity Starting Date shall be the first day of the first period for which an amount is payable under this Plan as an annuity or in any other form. A Participant who: (1) is reemployed after his initial Annuity Starting Date, and (2) is entitled to benefits hereunder after his reemployment, shall have a subsequent Annuity Starting Date for such benefits only to the extent provided in Section 6.3(d).

Authorized Leave of Absence: Any absence authorized by an Employer under the Employer's standard personnel practices, whether paid or unpaid.

Cashout Limit: The annual dollar limit on elective deferrals under Code section 402(g)(1)(B), as in effect from time to time.

Code: The Internal Revenue Code of 1986, as amended from time to time. All references herein to particular Code Sections shall also refer to any successor provisions and shall include all related regulations, interpretations and other guidance.

Company: PepsiCo, Inc., a corporation organized and existing under the laws of the State of North Carolina or its successor or successors.

Covered Compensation: "Covered Compensation" as that term is defined in the Salaried Plan.

Credited Service: The period of a Participant's employment, calculated in accordance with Section 3.3, which is counted for purposes of determining the amount of benefits payable to, or on behalf of, the Participant.

Disability Retirement Pension: The Retirement Pension available to a Participant under Section 4.5.

Early Retirement Pension: The Retirement Pension available to a Participant under Section 4.2.

Effective Date: The date upon which this document for the Pre-409A Program is generally effective, January 1, 2005. Certain identified provisions of the Plan may be effective on different dates, to the extent noted herein.

Eligible Spouse: The spouse of a Participant to whom the Participant is married on the earlier of the Participant's Annuity Starting Date or the date of the Participant's death.

Employee: An individual who qualifies as an "Employee" as that term is defined in the Salaried Plan.

Employer: An entity that qualifies as an "Employer" as that term is defined in the Salaried Plan.

ERISA: Public Law No. 93-406, the Employee Retirement Income Security Act of 1974, as amended from time to time.

FICA Amount: The Participant's share of the Federal Insurance Contributions Act (FICA) tax imposed on the 409A Pension and Pre-409A Pension of the Participant under Code Sections 3101, 3121(a) and 3121(v)(2).

409A Program: The portion of the Plan that governs deferrals that are subject to Section 409A.

The terms of the 409A Program are set forth in a separate document (or separate set of documents).

Guiding Principles Regarding Benefit Plan Committee Appointments: The guiding principles as set forth in Common Appendix Article PAC to be applied by the Chair of the PAC when selecting the members of the PAC.

Highest Average Monthly Earnings: "Highest Average Monthly Earnings" as that term is defined in the Salaried Plan, but without regard to the limitation imposed by section 401(a)(17) of the Code (as such limitation is interpreted and applied under the Salaried Plan).

Late Retirement Date: The Late Retirement Date shall be the first day of the month coincident with or immediately following a Participant's actual Retirement Date occurring after his Normal Retirement Age.

Late Retirement Pension: The Retirement Pension available to a Participant under Section 4.4.

Normal Retirement Age: The Normal Retirement Age under the Plan is age 65 or, if later, the age at which a Participant first has 5 Years of Service.

Normal Retirement Date: A Participant's Normal Retirement Date shall be the first day of the month coincident with or immediately following a Participant's Normal Retirement Age.

Normal Retirement Pension: The Retirement Pension available to a Participant under Section 4.1.

Participant: An Employee participating in the Plan in accordance with the provisions of Section 3.1.

PBGC: The Pension Benefit Guaranty Corporation, a body corporate within the Department of Labor established under the provisions of Title IV of ERISA.

PBGC Rate: The PBGC Rate is 120 percent of the interest rate, determined on the Participant's Annuity Starting Date, that would be used by the PBGC for purposes of determining the present value of a lump sum distribution on plan termination.

Pension: One or more payments that are payable to a person who is entitled to receive benefits under the Plan. The term "Pre-409A Pension" shall be used to refer to the portion of a Pension that is derived from the Pre-409A Program. The term "409A Pension" shall be used to refer to the portion of a Pension that is derived from the 409A Program.

PEP Election: A Participant's election to receive his Pre-409A Retirement Pension in one of the Annuity forms available under Section 6.2, made in compliance with the requirements of Sections 6.3 and 6.4.

PepsiCo Administration Committee or PAC: The committee that has the responsibility for administration and operation of the Plan, as set forth in the Plan, as well as any other duties set forth therein. As of any time, the Chair of the PAC shall be the person who is then the Company's Senior Vice President, Total Rewards, but if such position is vacant or eliminated, the Chair shall be the person who is acting to fulfill the majority of the duties of the position (or plurality of the duties, if no one is fulfilling a majority), as such duties existed immediately prior to the vacancy or the position

elimination. The Chair shall appoint the other members of the PAC, applying the principles set forth in the Guiding Principles Regarding Benefit Plan Committee Appointments and acting promptly from time to time to ensure that there are four other members of the PAC, each of whom shall have experience and expertise relevant to the responsibilities of the PAC. At least two times each year, the PAC shall prepare a written report of its significant activities that shall be available to any U.S.-based executive of the Company who is at least a senior vice president.

PepsiCo Organization: The controlled group of organizations of which the Company is a part, as defined by Code section 414 and regulations issued thereunder. An entity shall be considered a member of the PepsiCo Organization only during the period it is one of the group of organizations described in the preceding sentence.

Plan: The PepsiCo Pension Equalization Plan, the Plan set forth herein and in the 409A Program document(s), as the Plan may be amended from time to time (subject to the limitations on amendment that are applicable hereunder and under the 409A Program). The Plan is also sometimes referred to as PEP, or as the PepsiCo Pension Benefit Equalization Plan.

Plan Administrator: The PAC, or its delegate or delegates. The Plan Administrator shall have authority to administer the Plan as provided in Article VII.

Plan Year: The 12-month period commencing on January 1 and ending on December 31.

Post-2004 Participant: Any Participant who is not a Pre-2005 Participant.

Pre-409A Program: The program described in this document (and as necessary, predecessor documents to this document that are described in the Foreword). The term “Pre-409A Program” is used to identify the portion of the Plan that is not subject to Section 409A.

Pre-Retirement Spouse’s Pension: The Pension available to an Eligible Spouse under the Plan. The term “Pre-Retirement Spouse’s Pre-409A Pension” shall be used to refer to the Pension available to an Eligible Spouse under Section 4.6 of this document.

Pre-2005 Participant: A Participant who is not employed by the PepsiCo Organization after December 31, 2004, and whose rights to a Pension are solely based on the legally binding rights (i) that he had on (or before) December 31, 2004, and (ii) that were not materially modified after October 3, 2004.

Primary Social Security Amount: In determining Pension amounts, Primary Social Security Amount shall mean:

(1) For purposes of determining the amount of a Retirement, Vested or Pre-Retirement Spouse’s Pension, the Primary Social Security Amount shall be the estimated monthly amount that may be payable to a Participant commencing at age 65 as an old-age insurance benefit under the provisions of Title II of the Social Security Act, as amended. Such estimates of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the following assumptions:

(i) That the Participant's social security wages in any year prior to Retirement or severance are equal to the Taxable Wage Base in such year, and

(ii) That he will not receive any social security wages after Retirement or severance.

However, in computing a Vested Pension under Formula A of Section 5.2, the estimate of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the assumption that he continued to receive social security wages until age 65 at the same rate as the Taxable Wage Base in effect at his severance from employment. For purposes of this subsection, "social security wages" shall mean wages within the meaning of the Social Security Act.

(2) For purposes of determining the amount of a Disability Pension, the Primary Social Security Amount shall be (except as provided in the next sentence) the initial monthly amount actually received by the disabled Participant as a disability insurance benefit under the provisions of Title II of the Social Security Act, as amended and in effect at the time of the Participant's retirement due to disability. Notwithstanding the preceding sentence, for any period that a Participant receives a Disability Pension before receiving a disability insurance benefit under the provisions of Title II of the Social Security Act, then the Participant's Primary Social Security Amount for such period shall be determined pursuant to paragraph (1) above.

(3) For purposes of paragraphs (1) and (2), the Primary Social Security Amount shall exclude amounts that may be available because of the spouse or any dependent of the Participant or any amounts payable on account of the Participant's death. Estimates of Primary Social Security Amounts shall be made on the basis of the Social Security Act as in effect at the Participant's Severance from Service Date, without regard to any increases in the social security wage base or benefit levels provided by such Act which take effect thereafter.

Qualified Joint and Survivor Annuity: An Annuity which is payable to the Participant for life with 50 percent of the amount of such Annuity payable after the Participant's death to his surviving Eligible Spouse for life. If the Eligible Spouse predeceases the Participant, no survivor benefit under a Qualified Joint and Survivor Annuity shall be payable to any person. The amount of a Participant's monthly payment under a Qualified Joint and Survivor Annuity shall be reduced to the extent provided in sections 5.1 and 5.2, as applicable.

Retirement: Termination of employment for reasons other than death after a Participant has fulfilled the requirements for either a Normal, Early, Late, or Disability Retirement Pension under Article IV.

Retirement Date: The date on which a Participant's Retirement is considered to commence. Retirement shall be considered to commence on the day immediately following: (i) a Participant's last day of employment, or (ii) the last day of an Authorized Leave of Absence, if later. Notwithstanding the preceding sentence, in the case of a Disability Pre-409A Retirement Pension, Retirement shall be considered as

commencing on the Participant's retirement date applicable for such purpose under the Salaried Plan.

Retirement Pension: The Pension payable to a Participant upon Retirement under the Plan.

The term "Pre-409A Retirement Pension" shall be used to refer to the portion of a Retirement Pension that is derived from the Pre-409A Program. The term "409A Retirement Pension" shall be used to refer to the portion of a Retirement Pension that is derived from the 409A Program.

Salaried Plan: The PepsiCo Salaried Employees Retirement Plan, as it may be amended from time to time.

Section 409A: Section 409A of the Code.

Service: The period of a Participant's employment calculated in accordance with Section 3.2 for purposes of determining his entitlement to benefits under the Plan.

75 Percent Survivor Annuity: An Annuity which is payable to the Participant for life with 75 percent of the amount of such Annuity payable after the Participant's death to his surviving Eligible Spouse for life. If the Eligible Spouse predeceases the Participant, no survivor benefit under a 75 Percent Survivor Annuity shall be payable to any person. The amount of a Participant's monthly payment under a 75 Percent Survivor Annuity shall be reduced to the extent provided in sections 5.1 and 5.2, as applicable.

Severance from Service Date: The date on which an Employee's period of service is deemed to end, determined in accordance with Article III of Part B of the Salaried Plan.

Single Life Annuity: A level monthly Annuity payable to a Participant for his life only, with no survivor benefits to his Eligible Spouse or any other person.

Single Lump Sum: The distribution of a Participant's total Pre-409A Pension in the form of a single payment.

Social Security Act: The Social Security Act of the United States, as amended, an enactment providing governmental benefits in connection with events such as old age, death and disability. Any reference herein to the Social Security Act (or any of the benefits provided thereunder) shall be taken as a reference to any comparable governmental program of another country, as determined by the Plan Administrator, but only to the extent the Plan Administrator judges the computation of those benefits to be administratively feasible.

Taxable Wage Base: The contribution and benefit base (as determined under section 230 of the Social Security Act) in effect for the Plan Year.

Vested Pension: The Pension available to a Participant under Section 4.3. The term "Pre-409A Vested Pension" shall be used to refer to the portion of a Vested Pension that is derived from the Pre-409A Program. The term "409A Vested Pension" shall be used to refer to the portion of a Vested Pension that is derived from the 409A Program.

2.2 **Construction:** The terms of the Plan shall be construed in accordance with this section.

(a) **Gender and Number:** The masculine gender, where appearing in the Plan, shall be deemed to include the feminine gender, and the singular may include the plural, unless the context clearly indicates to the contrary.

(b) Compounds of the Word “Here”: The words “hereof”, “hereunder” and other similar compounds of the word “here” shall mean and refer to the entire Plan, not to any particular provision or section.

(c) Examples: Whenever an example is provided or the text uses the term “including” followed by a specific item or items, or there is a passage having a similar effect, such passages of the Plan shall be construed as if the phrase “without limitation” followed such example or term (or otherwise applied to such passage in a manner that avoids limits on its breadth of application).

(d) Subdivisions of the Plan Document: This Plan document is divided and subdivided using the following progression: articles, sections, subsections, paragraphs, subparagraphs, and clauses, and sub-clauses. Articles are designated by capital roman numerals. Sections are designated by Arabic numerals containing a decimal point. Subsections are designated by lower-case letters in parentheses. Paragraphs are designated by Arabic numerals in parentheses. Subparagraphs are designated by lower-case roman numerals in parentheses. Clauses are designated by upper-case letters in parentheses. Sub-clauses are designated by upper-case roman numerals in parentheses. Any reference in a section to a subsection (with no accompanying section reference) shall be read as a reference to the subsection with the specified designation contained in that same section. A similar rule shall apply with respect to paragraph references within a subsection and subparagraph references within a paragraph.

Article III.

Participation and Service

3.1 Participation: An Employee shall be a Participant in the Plan during the period:

(a) When he would be currently entitled to receive a Pension under the Plan if his employment terminated at such time, or

(b) When he would be so entitled but for the vesting requirement of Section 4.7.

It is expressly contemplated that an Employee, who is entitled to receive a Pension under the Plan as of a particular time, may subsequently cease to be entitled to receive a Pension under the Plan.

3.2 Service: A Participant's entitlement to a Pension and to a Pre-Retirement Spouse's Pension for his Eligible Spouse shall be determined under Article IV based upon his period of Service. A Participant's period of Service shall be determined under Article III of Part B of the Salaried Plan.

3.3 Credited Service: The amount of a Participant's Pension and a Pre-Retirement Spouse's Pension shall be based upon the Participant's period of Credited Service, as determined under Article III of Part B of the Salaried Plan.

Article IV.

Requirements for Benefits

A Participant shall be entitled to receive a Pre-409A Pension and a surviving Eligible Spouse shall be entitled to certain survivor benefits as provided in this Article. The amount of any such Pre-409A Pension or survivor benefit shall be determined in accordance with Article V.

4.1 Normal Pre-409A Retirement Pension: A Participant shall be eligible for a Normal Pre-409A Retirement Pension if he meets the requirements for a Normal Retirement Pension in Section 4.1 of Part B of the Salaried Plan (except that no change occurring on or after the Effective Date in such requirements, from those in effect as of December 31, 2004, shall be taken into account). In determining the amount (but not the form and time of payment) of a Participant's Pre-409A Pension, the Participant's status under this Section 4.1 shall be fixed as of December 31, 2004.

4.2 Early Pre-409A Retirement Pension: A Participant shall be eligible for an Early Pre-409A Retirement Pension if he meets the requirements for an Early Retirement Pension in Section 4.2 of Part B of the Salaried Plan (except that no change occurring on or after the Effective Date in such requirements, from those in effect as of December 31, 2004, shall be taken into account). In determining the amount (but not the form and time of payment) of a Participant's Pre-409A Pension, the Participant's status under this Section 4.2 shall be fixed as of December 31, 2004.

4.3 Pre-409A Vested Pension: A Participant who is vested under Section 4.7 shall be eligible to receive a Pre-409A Vested Pension if his employment in an eligible classification under Part B of the Salaried Plan is terminated before he is eligible for a Normal Pre-409A Retirement Pension or an Early Pre-409A Retirement Pension (except that no change occurring on or after the Effective Date in such requirements, from those in effect as of December 31, 2004, shall be taken into account).

A Participant who terminates employment prior to satisfying the vesting requirement in Section 4.7 shall not be eligible to receive a Pension under this Plan. In determining the amount (but not the form and time of payment) of a Participant's Pre-409A Pension, the Participant's status under this Section 4.3 shall be fixed as of December 31, 2004.

4.4 Late Pre-409A Retirement Pension: A Participant who continues employment after his Normal Retirement Age shall not receive a Pension until his Late Retirement Date. Thereafter, a Participant shall be eligible for a Late Pre-409A Retirement Pension determined in accordance with Section 4.4 of Part B of the Salaried Plan (except that the following shall not be taken into account – (i) any change occurring on or after the Effective Date in the requirements of such section from those in effect as of December 31, 2004, (ii) any requirement for notice of suspension under ERISA section 203(a)(3)(B), or (iii) any adjustment as under Section 5.7(d) of Part B of the Salaried Plan). In determining the amount (but not the form and time of payment) of a Participant's Pre-409A Pension, the Participant's status under this Section 4.4 shall be fixed as of December 31, 2004.

4.5 Pre-409A Disability Retirement Pension: A Participant shall be eligible for a Pre-409A Disability Retirement Pension if he meets the requirements for a Disability Retirement Pension under the Part B of the Salaried Plan (except that no change occurring on or after the Effective Date in such requirements, from those in effect as of December 31, 2004, shall be taken into account). In determining the amount (but not the form and time of payment) of a Participant's Pre-409A Disability Retirement Pension under this Section 4.5, the Participant's status under this Section 4.5 shall be fixed as of December 31, 2004.

4.6 Pre-Retirement Spouse's Pre-409A Pension: A Pre-Retirement Spouse's Pre-409A Pension is payable under this section only in the event the Participant dies prior to his

Annuity Starting Date. Any Pre-Retirement Spouse's Pre-409A Pension payable under this section shall commence as of the same time as the corresponding pre-retirement spouse's pension under the Salaried Plan (except that no change occurring on or after the Effective Date in the Salaried Plan's requirements for such pension, from those in effect as of December 31, 2004, shall be taken into account), subject to Section 4.9.

(a) Active, Disabled and Retired Employees: A Pre-Retirement Spouse's Pre-409A Pension shall be payable under this subsection to a Participant's Eligible Spouse (if any) who is entitled under the Salaried Plan to a pre-retirement spouse's pension for survivors of active, disabled and retired employees (but if the Participant dies after December 31, 2004, this subsection shall only apply if the Participant had met the eligibility requirements for a Retirement Pension on December 31, 2004). The amount of such Pension shall be determined in accordance with the provisions of Section 5.3.

(b) Vested Employees: A Pre-Retirement Spouse's Pre-409A Pension shall be payable under this subsection to a Participant's Eligible Spouse (if any) who is entitled under the Salaried Plan to the pre-retirement spouse's pension for survivors of vested terminated Employees (but if the Participant dies after December 31, 2004, this subsection shall apply if the Participant had met the requirements for a Vested Pension, but not those for a Retirement Pension, on December 31, 2004). The amount (if any) of such Pension shall be determined in accordance with the provisions of Section 5.3. If pursuant to this Section 4.6(b) a Participant has Pre-Retirement Spouse's coverage in effect for his Eligible Spouse, any Pension calculated for the Participant under Section 5.2(b) shall be reduced for each year such coverage is in effect by the applicable

percentage set forth below (based on the Participant's age at the time the coverage is in effect) with a pro rata reduction for any portion of a year. No reduction shall be made for coverage in effect within the 90-day period following a Participant's termination of employment.

Attained Age	Annual Charge
Up to 35	.0%
35 -- 39	.075%
40 -- 44	.1%
45 -- 49	.175%
50 -- 54	.3%
55 -- 59	.5%
60 -- 64	.5%

4.7 Vesting: A Participant shall be fully vested in, and have a nonforfeitable right to, his Accrued Benefit at the time he becomes fully vested in his accrued benefit under the Salaried Plan.

4.8 Time of Payment: The distribution of a Participant's Pre-409A Pension shall commence as of the time specified in Section 6.1. Any increase in a Participant's Pre-409A Pension for interest due to a delay in payment, by application of Section 3.1(e) of Part A of the Salaried Plan when calculating the Participant's Pre-409A Pension, shall accrue entirely under the 409A Program and be paid (subject to the last sentence of this Section) at the same time and in the same form that the Participant's 409A Pension is paid. Accordingly, if a Participant is entitled to an interest adjustment for a delay in payment of his Pre-409A Pension, the amount of such interest adjustment shall be limited to that which may be paid as part of the Participant's 409A Pension, consistent with Section 409A's payment rules and the limitation in the next sentence. Notwithstanding any provision of the Salaried

Plan to the contrary, including Section 4.8(e), a Participant shall not receive interest for a delay in payment of his 409A Pension or Pre-409A Pension to the extent the delay is caused by the Participant.

4.9 Cashout Distributions: Notwithstanding the availability or applicability of a different form of payment under Article VI, the following rules shall apply in the case of certain small benefit Annuity payments:

(a) Distribution of Participant's Pre-409A Pension: If on the applicable benefit commencement date the Actuarial Equivalent lump sum value of the Participant's Pre-409A Pension is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Participant such lump sum value of the Participant's Pre-409A Pension. Notwithstanding the preceding sentence, for commencement dates prior to December 1, 2012, a Participant shall be cashed out under this subsection if, at the Participant's commencement date, the Actuarial Equivalent lump sum value of the Participant's PEP Pension is equal to or less than \$15,000 (\$10,000 in the case of a Pre-2005 Participant). Such lump sum (or portion thereof) representing the Participant's Pre-409A Pension shall be paid pursuant to the terms of this Pre-409A Program. The applicable benefit commencement date shall be:

(1) Prior to December 1, 2012, the commencement date of any 409A Pension to which the Participant is entitled or, in the event the Participant is not entitled to a 409A Pension, the first of the month following the Participant's termination of employment date (however, if the lump sum value as of that date is too great to make the distribution, but the lump sum value is not too great as of his Annuity Starting Date under the terms of this Pre-409A

Program, such Annuity Starting Date shall be the applicable commencement date); and

(2) Beginning as of December 1, 2012, the first of the month following the Participant's termination of employment date (however, if the lump sum value as of that date is too great to make the distribution, but the lump sum value is not too great as of his Annuity Starting Date under the terms of this Pre-409A Program, such Annuity Starting Date shall be the applicable commencement date).

(b) Distribution of Pre-Retirement Spouse's Pre-409A Pension Benefit: If on the Eligible Spouse's applicable benefit commencement date, the Actuarial Equivalent lump sum value of the PEP Pre-Retirement Spouse's Pre-409A Pension to be paid is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Eligible Spouse such lump sum value of the PEP Pre-Retirement Spouse's Pre-409A Pension. Notwithstanding the preceding sentence, for commencement dates prior to December 1, 2012, an Eligible Spouse shall be cashed out under this subsection if the Actuarial Equivalent lump sum value of the Eligible Spouse's PEP Pre-Retirement Spouse's Pension is equal to or less than \$15,000 (\$10,000 in the case of a Pre-2005 Participant). Such lump sum (or portion thereof) representing the Eligible Spouse's Pre-Retirement Spouse's Pre-409A Pension shall be paid pursuant to the terms of this Pre-409A Program. The applicable benefit commencement date shall be:

(1) Prior to December 1, 2012, the commencement date of any Pre-Retirement Spouse's 409A Pension to which the Eligible Spouse

is entitled or, in the event the Eligible Spouse is not entitled to a Pre Retirement Spouse's 409A Pension, the first of the month following the Participant's death (however, if the lump sum value as of that date is too great to make the distribution, but the lump sum value is not too great as of the date that would be the Eligible Spouse's benefit commencement date under the terms of this Pre-409A Program, such benefit commencement date shall be the applicable commencement date); and

(2) Beginning as of December 1, 2012, the first of the month following the Participant's death (however, if the lump sum value as of that date is too great to make the distribution, but the lump sum value is not too great as of the date that would be the Eligible Spouse's benefit commencement date under the terms of this Pre-409A Program, such benefit commencement date shall be the applicable commencement date).

(c) Special Cashout of Pre-409A Vested Pensions: Notwithstanding subsection (a) above, the Plan Administrator shall have discretion under this subsection to cash out a Pre-409A Vested Pension in a single lump sum prior to the date that would apply under subsection (a).

(1) The Plan Administrator shall have discretion under this subsection to cash out in a single lump sum any Pre-409A Vested Pension that, as of December 1, 2012 – (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and

distribute (as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on December 1, 2012.

(2) The Plan Administrator shall also have discretion under this subsection to cash out in a single lump sum any Pre-409A Vested Pension that, as of the first day of any month in 2013 or 2014 specified by the Plan Administrator pursuant to the exercise of its discretion – (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and distribute (as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on the first day of the month specified.

Not later than November 30, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection to select Vested Pensions for cashout on December 1, 2012, through the creation of a written list (in either hard copy or electronic form) of Participants with Pre-409A Vested Pensions who will be cashed out. In addition, not later than the day before the date specified pursuant to paragraph (2) above, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection to select Vested Pensions for cashout on the specified date, through the creation of a written list (in either hard copy or electronic form) of Participants with Pre-409A Vested Pensions who will be cashed out.

Any lump sum distributed under this section shall be in lieu of the Pension that otherwise would be distributable to the Participant or Eligible Spouse hereunder. To the extent necessary to preserve the grandfathered status of Pre-409A Pensions, the cashout provisions described in

subsections (a) through (c) above are intended to operate in conformance with the rules for “limited cashout” features within the meaning of Treasury Regulation sections 1.409A-3(j)(4)(v) and 1.409A-6(a)(4)(i)(E), and they shall be interpreted and applied consistently with this regulation. No Participant or Eligible Spouse shall be given a direct or indirect election with respect to whether the Participant’s Vested Pension or the Pre-Retirement Spouse’s Pension will be cashed out under this section.

4.10 Reemployment of Certain Participants: In the case of a current or former Participant who is reemployed and is eligible to reparticipate in the Salaried Plan after his Annuity Starting Date, payment of his Pre-409A Pension will be suspended if payment of his Salaried Plan pension is suspended (or if payment would have been suspended pursuant to such provisions if (i) it were already in pay status, and (ii) changes in the Salaried Plan terms that occur after December 31, 2004 were disregarded). Thereafter, his Pre-409A Pension shall recommence at the time determined under Section 6.1 (even if the suspension of his Salaried Plan pension ceases earlier).

Article V.

Amount of Retirement Pension

When a Pension becomes payable to or on behalf of a Post-2004 Participant under this Plan, the amount of such Pre-409A Pension shall be determined under Section 5.1 or 5.3 (whichever is applicable), subject to any adjustments required under Sections 4.6(b), 5.4 and 5.5. In the case of a Pre-2005 Participant, the amount of such Participant's Pre-409A Pension (or a Pre-Retirement Spouse's Pre-409A Pension payable on his behalf) shall be determined as provided in Article B of the Appendix.

5.1 Participant's Pre-409A Pension

(a) Calculating the Pre-409A Pension: In the case of a Post-2004 Participant, such Participant's Pre-409A Pension shall be calculated as follows (on the basis specified in subsection (b) below and using the definitions appearing in subsection (c) below):

- (1) His Total Pension, reduced by.
- (2) His Salaried Plan Pension.

(b) Basis for Determining: The Pre-409A Pension Benefit amount in subsection (a) above shall be the greater of the amount determined on the basis set forth in paragraph (1) or (2) below, but never more than the limitation specified in paragraph (3) below:

- (1) Present Value Method: The Pre-409A Pension Benefit amount under this paragraph shall be determined initially as a present value of the Participant's benefit under subsection (a) as of December 31, 2004 (determined as if the Participant voluntarily terminated on that date without

cause, received a payment on the earliest possible commencement date ("Earliest Date") thereafter, and such payment was in the form with the maximum value available to the Participant in connection with a termination at such time), using the Actuarial Equivalent lump sum factors in effect on such date ("2004 Lump Sum Factors") to determine the present value. Such present value amount shall then be increased, if the Participant had not yet attained the Participant's Earliest Date as of December 31, 2004, for both interest and survivorship through such Earliest Date, using the 2004 Lump Sum Factors.

(2) Accrued Benefit Method: The Pre-409A Pension Benefit amount under this paragraph shall be based on the Participant's Accrued Benefit as of December 31, 2004, but with such Accrued Benefit amount reduced for early commencement (where applicable based on the Participant's actual Annuity Starting Date for his Pre-409A Pension), based upon the reduction factors for early commencement applicable to the Participant's status as eligible for a retirement benefit (under Section 4.2) or a vested benefit (under Section 4.3), whichever applies.

(3) Limit on the Pre-409A Pension Benefit: Notwithstanding paragraph (1) or (2) above, a Participant's Pre-409A Pension Benefit amount shall never exceed the Participant's Total Pension reduced by his Salaried Plan Pension, with each calculated as of the actual Annuity Starting Date of Participant's Pre-409A Pension. For purposes of this paragraph (3), the provisions of Article IV that freeze the Participant's status as of December 31, 2004 (or consider only the status on such date), and the provisions of this

document that bar taking into account Plan changes that are effective after December 31, 2004 shall not be taken into account.

(c) Definitions: The following definitions apply for purposes of this section.

(1) A Participant's "Total Pension" means the greater of:

(i) The amount of the Participant's pension determined under the terms of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of Part B of the Salaried Plan (relating to benefits that are deferred beyond the Participant's Normal Retirement Date); or

(ii) The amount (if any) of the Participant's PEP Guarantee under Section 5.2.

For purposes of subsection (b)(1) and (2), the determination in clause (i) and (ii) above shall be made (except, in the case of subsection (b)(2), with respect to early commencement reductions, which shall be made as of the Annuity Starting Date) as of December 31, 2004, and (except to the extent the provisions of the Plan specifically authorize taking into account subsequent changes) shall be made on the basis of the terms of the Salaried Plan without taking into account changes after December 31, 2004. As necessary to ensure the Participant's receipt of a "greater of" benefit, the foregoing comparison between clause (i) and clause (ii) shall be made by reflecting, as applicable, the relative value of forms of payment.

(2) A Participant's "Salaried Plan Pension" means the amount of the Participant's pension determined under the terms of the Salaried Plan. For purposes of subsection (b)(1) and (2), the determination of a Participant's Salaried Plan Pension shall be made (except, in the case of subsection (b)(2), with respect to early commencement reductions, which shall be made as of the Annuity Starting Date) as of December 31, 2004, and (except to the extent the provisions of the Plan specifically authorize taking into account subsequent changes) shall be made on the basis of the terms of the Salaried Plan without taking into account changes after December 31, 2004.

5.2 PEP Guarantee: A Post-2004 Participant who is eligible under subsection (a) below shall be entitled to a PEP Guarantee benefit determined under subsection (b) below. In the case of Participants who are not eligible under subsection (a), the PEP Guarantee shall not apply.

(a) Eligibility: A Participant shall be covered by this section if the Participant has 1988 pensionable earnings from an Employer of at least \$75,000. For purposes of this section, "1988 pensionable earnings" means the Participant's remuneration for the 1988 calendar year, within the meaning of the Salaried Plan as in effect in 1988. "1988 pensionable earnings" does not include remuneration from an entity attributable to any period when that entity was not an Employer.

(b) PEP Guarantee Formula: The amount of a Participant's PEP Guarantee shall be determined under the applicable formula in paragraph (1), subject to the special rules in paragraph (2).

(1) Formulas: The amount of a Participant's Pension under this paragraph shall be determined in accordance with subparagraph (i)

below. However, if the Participant was actively employed by the PepsiCo Organization in a classification eligible for the Salaried Plan prior to July 1, 1975, the amount of his Pension under this paragraph shall be the greater of the amounts determined under subparagraphs (i) and (ii), provided that subparagraph (ii)(B) shall not apply in determining the amount of a Vested Pension.

(i) Formula A: The Pension amount under this subparagraph shall be:

(A) 3 percent of the Participant's Highest Average Monthly Earnings for the first 10 years of Credited Service, plus

(B) 1 percent of the Participant's Highest Average Monthly Earnings for each year of Credited Service in excess of 10 years, less

(C) 1-2/3 percent of the Participant's Primary Social Security Amount multiplied by years of Credited Service not in excess of 30 years.

In determining the amount of a Vested Pension under this Formula A, the Pension shall first be calculated on the basis of (I) the Credited Service the Participant would have earned had he remained in the employ of the Employer until his Normal Retirement Age, and (II) his Highest Average Monthly Earnings and Primary Social Security Amount at his Severance from Service Date, and then shall be reduced by multiplying the resulting amount by a fraction, the numerator of which is the Participant's actual

years of Credited Service on his Severance from Service Date (or December 31, 2004, if earlier) and the denominator of which is the years of Credited Service he would have earned had he remained in the employ of an Employer until his Normal Retirement Age.

(ii) Formula B: The Pension amount under this subparagraph shall be the greater of (A) or (B) below:

(A) 1-1/2 percent of Highest Average Monthly Earnings times the number of years of Credited Service, less 50 percent of the Participant's Primary Social Security Amount, or

(B) 3 percent of Highest Average Monthly Earnings times the number of years of Credited Service up to 15 years, less 50 percent of the Participant's Primary Social Security Amount.

In determining the amount of a Disability Pension under Formula A or B above, the Pension shall be calculated on the basis of the Participant's Credited Service (determined in accordance with Section 3.3(d)(3) of the Salaried Plan, as in effect on December 31, 2004), and his Highest Average Monthly Earnings and Primary Social Security Amount at the date of disability (or as of such earlier date as may apply under Section 5.1(b)).

(2) Calculation: The amount of the PEP Guarantee shall be determined pursuant to paragraph (1) above, subject to the following special rules:

(i) Surviving Eligible Spouse's Annuity: Subject to subparagraph (iii) below and the last sentence of this subparagraph, if the

Participant has an Eligible Spouse, the Participant's Eligible Spouse shall be entitled to receive a survivor annuity equal to 50 percent of the Participant's Annuity under this section, with no corresponding reduction in such Annuity for the Participant. Annuity payments to a surviving Eligible Spouse shall begin on the first day of the month coincident with or following the Participant's death and shall end with the last monthly payment due prior to the Eligible Spouse's death. If the Eligible Spouse is more than 10 years younger than the Participant, the survivor benefit payable under this subparagraph shall be adjusted as provided below.

(A) For each full year more than 10 but less than 21 that the surviving Eligible Spouse is younger than the Participant, the survivor benefit payable to such spouse shall be reduced by 0.8 percent.

(B) For each full year more than 20 that the surviving Eligible Spouse is younger than the Participant, the survivor benefit payable to such spouse shall be reduced by an additional 0.4 percent.

(ii) Reductions: The following reductions shall apply in determining a Participant's PEP Guarantee.

(A) If the Participant will receive an Early Retirement Pension, the payment amount shall be reduced by 3/12ths of 1 percent for each month by which the benefit commencement date precedes the date the Participant would attain his Normal Retirement Date.

(B) If the Participant is entitled to a Vested Pension, the payment amount shall be reduced to the Actuarial Equivalent of the amount payable at his Normal Retirement Date (if payment commences before such date), and the Section 4.6(b) reductions for any Pre-Retirement Spouse's coverage shall apply.

(C) This clause applies if the Participant will receive his Pension in a form that provides an Eligible Spouse benefit, continuing for the life of the surviving spouse, that is greater than that provided under subparagraph (i). In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of the Pension otherwise payable under the foregoing provisions of this section.

(D) This clause applies if the Participant will receive his Pension in a form that provides a survivor annuity for a beneficiary who is not his Eligible Spouse. In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of a Single Life Annuity for the Participant's life.

(E) This clause applies if the Participant will receive his Pension in an Annuity form that includes inflation protection described in Section 6.2(b). In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit

payable on the Participant's behalf is the Actuarial Equivalent of the elected Annuity without such protection.

(iii) Lump Sum Conversion: The amount of the Retirement Pension determined under this section for a Participant whose Retirement Pension will be distributed in the form of a lump sum shall be the Actuarial Equivalent of the Participant's PEP Guarantee determined under this section, taking into account the value of any survivor benefit under subparagraph (i) above and any early retirement reductions under subparagraph (ii)(A) above.

5.3 Amount of Pre-Retirement Spouse's Pre-409A Pension: The monthly amount of the Pre-Retirement Spouse's Pre-409A Pension payable to a surviving Eligible Spouse of a Post-2004 Participant under Section 4.6 shall be determined under subsection (a) below.

(a) Calculation: An Eligible Spouse's Pre-Retirement Spouse's Pre-409A Pension shall be equal to:

- (1) The Eligible Spouse's Total Pre-Retirement Spouse's Pension, reduced by
- (2) The Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension.

(b) Definitions: The following definitions apply for purposes of this section.

(1) An Eligible Spouse's "Total Pre-Retirement Spouse's Pension" means the greater of:

- (i) The amount of the Eligible Spouse's pre-retirement spouse's pension determined under the principles and limitations of

Section 5.1(b) and under the terms of the Salaried Plan in effect on December 31, 2004 (except as otherwise applicable under Section 5.1(b)), but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of the Salaried Plan (relating to benefits that are deferred beyond the Participant's Normal Retirement Date); or

(ii) The amount (if any) of the Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension determined under the principles and limitations of Section 5.1(b) and under subsection (c).

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated with reference to the specific time of payment applicable to the Eligible Spouse.

(2) An "Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension" means the Pre-Retirement Spouse's Pension that would be payable to the Eligible Spouse under the principles and limitations of Section 5.1(b) under the terms of the Salaried Plan in effect on December 31, 2004 (except as otherwise applicable under Section 5.1(b)).

(c) PEP Guarantee Pre-Retirement Spouse's Pension: An Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension shall be determined in accordance with paragraph (1) or (2) below, whichever is applicable, with reference to the PEP Guarantee (if any) that would have been available to the Participant under Section 5.2.

(1) Normal Rule: The Pre-Retirement Spouse's Pension payable under this paragraph shall be equal to the amount that would be payable as a survivor annuity, under a Qualified Joint and Survivor Annuity, if the Participant had:

(i) Separated from service on the earliest of the date of death, his actual Severance from Service Date;

(ii) Commenced a Qualified Joint and Survivor Annuity on the same date payments of the Qualified Pre-Retirement Spouse's Pension are to commence; and

(iii) Died on the day immediately following such commencement.

If payment of a Pre-Retirement Spouse's Pension under this paragraph commences or is deemed to commence prior to the date which would have been the Participant's Normal Retirement Date, appropriate reductions for early commencement shall be applied to the Qualified Joint and Survivor Annuity upon which the Pre-Retirement Spouse's Pension is based.

(2) Special Rule for Active and Disabled Employees: Notwithstanding paragraph (1) above, the Pre-Retirement Spouse's Pension paid on behalf of a Participant described in Section 4.6(a) shall not be less than an amount equal to 25 percent of such Participant's PEP Guarantee determined under Section 5.2 in accordance with the principles and limitations of Section 5.1(b) (if a comparable 25 percent benefit is available on behalf of the Participant

under the Salaried Plan). A Pre-Retirement Spouse's Pension under this paragraph is not reduced for early commencement.

5.4 Certain Adjustments: Pensions determined under the foregoing sections of this Article are subject to adjustment as provided in this section. For purposes of this section, "specified plan" shall mean the Salaried Plan or a nonqualified pension plan similar to this Plan. A nonqualified pension plan is similar to this Plan if it is sponsored by a member of the PepsiCo Organization and if its benefits are not based on participant pay deferrals.

(a) Adjustments for Rehired Participants: This subsection shall apply to a current or former Participant who is reemployed after his Annuity Starting Date and whose benefit under the Salaried Plan is recalculated based on an additional period of Credited Service. In the event of any such recalculation, the Participant's Pre-409A Pension shall also be recalculated hereunder. For this purpose, the PEP Guarantee under Section 5.2 is adjusted for in-service distributions and prior distributions in the same manner as benefits are adjusted under the Salaried Plan, but by taking into account benefits under this Plan and any specified plans.

(b) Adjustment for Increased Pension Under Other Plans: If the benefit paid under a specified plan on behalf of a Participant is increased after PEP benefits on his behalf have been determined (whether the increase is by order of a court, by agreement of the plan administrator of the specified plan, or otherwise), the PEP benefit for the Participant shall be recalculated. If the recalculation identifies an overpayment hereunder, the Plan Administrator shall take such steps as it deems advisable to recover the overpayment. It is specifically intended that there shall be no duplication of payments under this Plan and any specified plans.

5.5 Excludable Employment: Effective for periods of employment on or after June 30, 1997, an executive classified as level 22 or above (or the equivalent) whose employment by an Employer is for a limited duration assignment shall not become entitled to a benefit or to any increase in benefits in connection with such employment. In addition, in the case of agreements entered into after January 1, 2009, an executive who has signed a written agreement with the Company pursuant to which the individual either (i) waives eligibility under the Plan (even if the individual otherwise meets the definition of Employee under the Plan), or (ii) agrees not to participate in the Plan, shall not thereafter become entitled to a benefit or to any increase in benefits in connection with such employment (whichever applies). Written agreements may be entered into either before or after the executive becomes eligible for or begins participation in the Plan, and such written agreement may take any form that is deemed effective by the Company. All written agreements under this section 5.5 shall be irrevocable by the individual once executed.

Article VI.

Distribution Options

The terms of this Article govern (i) the distribution of benefits to a Participant who becomes entitled to a Pre-409A Pension, and (ii) the continuation of benefits (if any) to such Participant's beneficiary following the Participant's death. Other than as set forth in section 4.9 (cashout distributions), a Pre-Retirement Spouse's Pension derived from the Pre-409A Program shall be payable as an Annuity for the life of the Eligible Spouse (except as provided in Article VI of Part B of the Salaried Plan). The distribution of a 409A Pension is governed by the terms of the 409A Program.

6.1 Form and Timing of Distributions: This section shall govern the form and timing of distributions of Pre-409A Pensions that begin on or after March 1, 1992. Plan distributions that begin before that date shall be governed by the prior terms of the Plan. The provisions of this Section 6.1 are in all cases subject to the cashout rules set forth in Section 4.9.

(a) No Advance Election: This subsection shall apply to a Participant: (i) who does not have an Advance Election in effect as of the close of business on the day before his Retirement Date, or (ii) who terminates employment prior to Retirement. Subject to the next sentence, a Participant described in this subsection shall be paid his Pre-409A Pension in the same form and at the same time as he is paid his Pension under the Salaried Plan. If a Participant's Salaried Plan Annuity Starting Date occurs while he is still an employee of the PepsiCo Organization (because of the time of payment provisions in Code section 401(a)(9)), payment under the Plan shall not begin until the first of the month next following the Participant's Severance from Service Date. In this instance, the form of payment under this Plan shall remain that applicable under the

Salaried Plan. If the Participant will be paid his pension under the Salaried Plan in a form of payment that is not available to the Participant under this Pre-409A Program (e.g., because the Participant attains Retirement status under the Salaried Plan but does not attain Retirement status under this Pre-409A Program, based on applying the terms of the Salaried Plan in effect on December 31, 2004), the principles of subsection (b)(2) below will govern the determination of the Participant's form of payment.

(b) Advance Election in Effect: This subsection shall apply to a Participant who has an Advance Election in effect as of the close of business on the day before his Retirement Date. To be in effect, an Advance Election must meet the advance receipt and other requirements of Section 6.3(b).

(1) Lump Sum Election: If a Participant covered by this subsection has an Advance Election to receive a Single Lump Sum in effect as of the close of business on the day before his Retirement Date, the Participant's Pre-409A Retirement Pension under the Plan shall be paid as a Single Lump Sum as of the first of the month coincident with or next following his Retirement Date.

(2) Annuity Election: If a Participant covered by this subsection has an Advance Election to receive an Annuity in effect as of the close of business on the day before his Retirement Date, the Participant's Pre-409A Retirement Pension under the Plan shall be paid in an Annuity beginning on the first of the month coincident with or next following his Retirement Date. The following provisions of this paragraph govern the form of Annuity payable in the case of a Participant described in this paragraph.

(i) Salaried Plan Election: A Participant who has a qualifying Salaried Plan election shall receive his distribution in the same form of Annuity the Participant selected in such qualifying Salaried Plan election. For this purpose, a “qualifying Salaried Plan election” is a written election of a form of payment by the Participant that: (A) is currently in effect under the Salaried Plan as of the close of business on the day before the Participant’s Retirement Date, and (B) specifies an Annuity as the form of payment for all or part of the Participant’s Retirement Pension under the Salaried Plan. For purposes of the preceding sentence, a Participant who elects a combination lump sum and Annuity under the Salaried Plan is considered to have specified an Annuity for part of his Salaried Plan Pension.

(ii) PEP Election: A Participant who is not covered by subparagraph (i) and who has a PEP Election in effect as of the close of business on the day before his Retirement Date shall receive his distribution in the form of Annuity the Participant selects in such PEP Election.

(iii) No PEP Election: A Participant who is not covered by subparagraph (i) or (ii) above shall receive his distribution in the form of a Qualified Joint and Survivor Annuity if he is married, or in the form of a Single Life Annuity if he is not married. For purposes of this subparagraph (iii), a Participant shall be considered married if he is married on the day before his Retirement Date.

6.2 Available Forms of Payment: The forms of payment set forth in subsections (a) and (b) may be provided to any Participant who is entitled to a Pre-409A Retirement Pension. The forms of payment for other Participants are set forth in subsection (c) below. The provisions of this section are effective for Annuity Starting Dates after 1989 and earlier distributions shall be governed by prior terms of the Plan.

(a) Basic Forms of Payment: A Participant's Pre-409A Retirement Pension shall be distributed in one of the forms of payment listed in this subsection. The particular form of payment applicable to a Participant shall be determined in accordance with Section 6.1. Payments shall commence on the date specified in Section 6.1 and shall end on the date specified in this subsection.

(1) Single Life Annuity Option: A Participant may receive his Pre-409A Pension in the form of a Single Life Annuity, which provides monthly payments ending with the last payment due prior to his death.

(2) Survivor Options: A Participant may receive his Pre-409A Pension in accordance with one of the following survivor options:

(i) 100 Percent Survivor Option: The Participant shall receive a reduced Pre-409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the same reduced amount shall continue after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(ii) 75 Percent Survivor Option: The Participant shall receive a reduced Pre-409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 75 percent of such reduced Pre-409A Pension shall be continued after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(iii) 50 Percent Survivor Option: The Participant shall receive a reduced Pre-409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 50 percent of such reduced Pre-409A Pension shall be continued after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death. A 50 percent survivor option under this paragraph shall be a Qualified Joint and Survivor Annuity if the Participant's beneficiary is his Eligible Spouse.

(iv) Ten Years Certain and Life Option: The Participant shall receive a reduced Pre-409A Pension which shall be payable monthly for his lifetime but for not less than 120 months. If the retired Participant dies before 120 payments have been made, the monthly Pension amount shall be paid for the remainder of the 120 month

period to the Participant's primary beneficiary (or if the primary beneficiary has predeceased the Participant, the Participant's contingent beneficiary).

(3) Single Lump Sum Payment Option: A Participant may receive payment of his Pre-409A Pension in the form of a Single Lump Sum payment.

(4) Combination Lump Sum/Monthly Benefit Option: A Participant who does not have an Advance Election in effect may receive a portion of his Pre-409A Pension in the form of a lump sum payment, and the remaining portion in the form of one of the monthly benefits described in paragraphs (1) and (2) above. The Pre-409A Pension is divided between the two forms of payment based on the whole number percentages designated by the Participant on a form provided for this purpose by the Plan Administrator. For the election to be effective, the sum of the two percentages designated by the Participant must equal 100 percent.

(i) The amount of the Pre-409A Pension paid in the form of a lump sum is determined by multiplying: (A) the amount that would be payable to the Participant as a Single Lump Sum payment if the Participant's entire benefit were payable in that form, by (B) the percentage that the Participant has designated for receipt in the form of a lump sum.

(ii) The amount of the Pre-409A Pension paid in the form of a monthly benefit is determined by multiplying: (A) the amount of the monthly benefit elected by the Participant, determined in

accordance with paragraph (1) or (2) above (whichever applies), by (B) the percentage that the Participant has designated for receipt in the form of a monthly benefit.

(b) Inflation Protection: The following levels of inflation protection may be provided to any Participant who is entitled to a Pre-409A Retirement Pension (except to the extent such Pre-409A Pension is paid as a lump sum).

(1) 5 Percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 5 percent. The amount of the increase shall be the difference between inflation in the prior year and 5 percent.

(2) 7 Percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 7 percent. The amount of the increase shall be the difference between inflation in the prior year and 7 percent.

Benefits shall be subject to increase in accordance with this subsection each January 1, beginning with the second January 1 following the Participant's Annuity Starting Date. The amount of inflation in the prior year shall be determined based on inflation in the 12-month period ending on September 30 of such year, with inflation measured in the same manner as applies on the Effective Date for adjusting Social Security benefits for changes in the cost of living. Inflation protection that is in effect shall carry over to any survivor benefit payable on behalf of a Participant, and shall increase the otherwise applicable survivor benefit as provided above. Any election by a Participant to receive inflation protection shall be irrevocable by such Participant or his surviving beneficiary.

(c) Available Options for Vested Benefits: The forms of payment available for a Participant with a Pre-409A Vested Pension are a Qualified Joint and Survivor Annuity or a 75 Percent Survivor Annuity for married Participants, and a Single Life Annuity for both married and unmarried Participants. The applicable form of payment shall be determined in accordance with Section 6.1(a).

6.3 Procedures for Elections: This section sets forth the procedures for making Advance Elections and PEP Elections.

(a) In General: To qualify as an Advance Election or PEP Election for purposes of Section 6.1, an election must be made in writing, on the form designated by the Plan Administrator, and must be signed by the Participant. These requirements also apply to any revocations of such elections. Spousal consent is not required for any election (or revocation of election) under the Plan.

(b) Advance Election: To qualify as an Advance Election, an election must be made on or after July 15, 1993 and meet the following requirements.

(1) Election: The Participant shall designate on the Advance Election form whether the Participant elects to take his Pre-409A Pension in the form of an Annuity or a Single Lump Sum.

(2) Receipt by Plan Administrator: The Advance Election must be received by the Plan Administrator before the start of the calendar year containing the Participant's Retirement Date, and at least 6 months before that Retirement Date. An election that meets the foregoing requirements shall remain effective until it is changed or revoked.

(3) Change or Revocation of Election: A Plan Participant may change an Advance Election by filing a new Election that meets the foregoing requirements. A Plan Participant may revoke an Advance Election only by filing a revocation that is received by the Plan Administrator before the start of the calendar year containing the Plan Participant's Retirement Date, and at least 6 months before that Retirement Date.

Any Advance Election by a Participant shall be void if the Participant is not entitled to a Pre-409A Retirement Pension.

(c) PEP Election: A PEP Election may only be made by a Participant who has an Advance Election to receive an Annuity in effect at the time his PEP Election is received by the Plan Administrator. In determining whether an Advance Election is in effect for this purpose, the advance receipt requirement of subsection (b)(2) shall be considered met if it will be met by the Participant's proposed Retirement Date.

(1) Election: The Participant shall designate on the PEP Election form the Annuity form of benefit the Participant selects from those described in Section 6.2, including the Participant's choice of inflation protection, subject to the provisions of this Article VI. The forms of payment described in Section 6.2(a)(3) and (4) are not available pursuant to a PEP Election.

(2) Receipt by the Plan Administrator: The PEP Election must be received by the Plan Administrator no earlier than 180 days (90 days prior to January 1, 2007) before the Participant's Retirement Date, and no later than the close of business on the day before the Participant's Retirement Date. The Participant shall furnish proof of the age of his beneficiary (including his Eligible

Spouse if applicable), to the Plan Administrator by the day before the Participant's Retirement Date, for any form of payment which is subject to reduction in accordance with subsection 6.2(c) above.

A Participant may change his PEP Election by filing a new Election with the Plan Administrator that meets the foregoing requirements. The Participant's PEP Election shall become effective at the close of business on the day before the Participant's Retirement Date. Any PEP Election by a Participant shall be void if the Participant does not have an Advance Election in effect at such time.

(d) Elections Rules for Annuity Starting Dates: When amounts become payable to a Participant in accordance with Article IV, they shall be payable as of the Participant's Annuity Starting Date and the election procedures (in this section and Sections 6.1 and 6.5) shall apply to all of the Participant's unpaid accruals under this Pre-409A Program as of such Annuity Starting Date, with the following exception. In the case of a Participant who is rehired after his initial Annuity Starting Date and who (i) is currently receiving an Annuity that remained in pay status upon rehire, or (ii) was previously paid a lump sum distribution (other than a cashout distribution described in Section 4.9(a)), the Participant's subsequent Annuity Starting Date (as a result of his termination of reemployment), and the election procedures at such subsequent Annuity Starting Date, shall apply only to the portion of his benefit that accrues after his rehire. Any prior accruals that remain to be paid as of the Participant's subsequent Annuity Starting Date shall continue to be payable in accordance with the elections made at his initial Annuity Starting Date under this Pre-409A Program.

For purposes of this section, an election shall be treated as received on a particular day if it is: (A) postmarked that day, or (B) actually received by the Plan Administrator on that day. Delivery under clause (B) must be made by the close of business, which time is to be determined by the Plan Administrator.

6.4 Special Rules for Survivor Options:

(a) Effect of Certain Deaths: If a Participant makes a PEP Election for a form of payment described in Section 6.2(a)(2) and the Participant or his beneficiary (beneficiaries in the case of Section 6.2(a)(2)(iv)) dies before the PEP Election becomes effective, the election shall be disregarded. If the Participant dies after such PEP Election becomes effective but before his Pre-409A Retirement Pension actually commences, the election shall be given effect and the amount payable to his surviving Eligible Spouse or other beneficiary shall commence on the first day of the month following his death (any back payments due the Participant shall be payable to his estate). In the case of a Participant who has elected the form of payment described in Section 6.2(a)(2)(iv), if such Participant dies: (i) after the PEP Election has become effective, (ii) without a surviving primary or contingent beneficiary, and (iii) before receiving 120 payments under the form of payment, then the remaining payments due under such form of payment shall be paid to the Participant's estate. If payments have commenced under such form of payment to a Participant's primary or contingent beneficiary and such beneficiary dies before payments are completed, then the remaining payments due under such form of payment shall be paid to such beneficiary's estate.

(b) Nonspouse Beneficiaries: If a Participant's beneficiary is not his Eligible Spouse, he may not elect:

(i) The 100 percent survivor option described in Section 6.2(a)(2)(i) if his nonspouse beneficiary is more than 10 years younger than he is, or

(ii) The 75 percent survivor option described in Section 6.2(a)(2)(ii) if his nonspouse beneficiary is more than 19 years younger than he is.

6.5 Designation of Beneficiary: A Participant who has elected to receive all or part of his pension in a form of payment that includes a survivor option shall designate a beneficiary who will be entitled to any amounts payable on his death. Such designation shall be made on a PEP Election Form or an approved election form filed under the Salaried Plan, whichever is applicable. In the case of the survivor option described in Section 6.2(a)(2)(iv), the Participant shall be entitled to name both a primary beneficiary and a contingent beneficiary. A Participant (whether active or former) shall have the right to change or revoke his beneficiary designation at any time prior to when his election is finally effective. The designation of any beneficiary, and any change or revocation thereof, shall be made in accordance with rules adopted by the Plan Administrator. A beneficiary designation shall not be effective unless and until filed with the Plan Administrator. If no beneficiary is properly designated, then a Participant's election of a survivor's option described in Section 6.2(a)(2) shall not be given effect. A Participant entitled to a Pre-409A Vested Pension does not have the right or ability to name a beneficiary; if the Participant is permitted under Section 6.2 to elect an optional form of payment, then his beneficiary shall be his Eligible Spouse on his Annuity Starting Date.

6.6 Payment of FICA and Related Income Taxes: As provided in section 6.7 of the Plan Document for the Section 409A Program, a portion of a Participant's 409A Pension, if any, shall be paid as a single lump sum and remitted directly to the Internal Revenue Service ("IRS") or other applicable tax authority in satisfaction of the Participant's FICA Amount and the related withholding of income tax at source on wages (imposed under Code Section 3401 or the corresponding withholding provisions of the applicable state, local or foreign tax laws as a result of the payment of the FICA Amount) and the additional withholding of income tax at source on wages that is attributable to the pyramiding of wages and taxes (all such amounts due are referred to collectively as "Employment Taxes"). To the extent that a Participant's 409A Pension, if any, is insufficient to pay the Employment Taxes when due (including if the Participant's 409A Pension has not commenced at the time the Employment Taxes are due), a portion of the Participant's Pre-409A Pension, if any, shall be paid as a single lump sum and remitted directly to the applicable tax authority in satisfaction of any amounts necessary to satisfy fully the Employment Taxes.

Article VII.

Administration

7.1 Authority to Administer Plan: The Plan shall be administered by the Plan Administrator, which shall have the authority to interpret the Plan and issue such regulations as it deems appropriate. The Plan Administrator shall maintain Plan records and make benefit calculations, and may rely upon information furnished it by the Participant in writing, including the Participant's current mailing address, age and marital status. The Plan Administrator's interpretations, determinations, regulations and calculations shall be final and binding on all persons and parties concerned. Neither the Company nor the Plan Administrator shall be a fiduciary of the Plan, and any restrictions that might apply to a party in interest under section 406 of ERISA shall not apply under the Plan, including with respect to the Company or the Plan Administrator.

7.2 Facility of Payment: Whenever, in the Plan Administrator's opinion, a person entitled to receive any payment of a benefit or installment thereof hereunder is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Plan Administrator may make payments to such person or to the legal representative of such person for his benefit, or the Plan Administrator may apply the payment for the benefit of such person in such manner as it considers advisable. Any payment of a benefit or installment thereof in accordance with the provisions of this section shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

7.3 Claims Procedure: The Plan Administrator shall have the exclusive discretionary authority to construe and to interpret the Plan, to decide all questions of eligibility for benefits and to determine the amount of such benefits, and its decisions on such matters

are final and conclusive. As a result, benefits under this Plan will be paid only if the Plan Administrator decides in its discretion that the person claiming such benefits is entitled to them. This discretionary authority is intended to be absolute, and in any case where the extent of this discretion is in question, the Plan Administrator is to be accorded the maximum discretion possible. Any exercise of this discretionary authority shall be reviewed by a court, arbitrator or other tribunal under the arbitrary and capricious standard (*i.e.*, the abuse of discretion standard). If, pursuant to this discretionary authority, an assertion of any right to a benefit by or on behalf of a Participant or beneficiary (a “claimant”) is wholly or partially denied, the Plan Administrator, or a party designated by the Plan Administrator, will provide such claimant the claims review process described in this Section. The Plan Administrator has the discretionary right to modify the claims process described in this Section in any manner so long as the claims review process, as modified, includes the steps described below. Within a 90-day response period following the receipt of the claim by the Plan Administrator, the Plan Administrator will notice the claimant of:

- (a) The specific reason or reasons for the denial;
- (b) Specific reference to pertinent Plan provisions on which the denial is based;
- (c) A description of any additional material or information necessary for the claimant to submit to perfect the claim and an explanation of why such material or information is necessary; and
- (d) A description of the Plan’s claim review procedure (including the time limits applicable to such process and a statement of the claimant’s right to bring a civil action under ERISA following a further denial on review).

If the Plan Administrator determines that special circumstances required an extension of time for processing the claim it may extend the response period from 90 to 180 days. If this occurs, the Plan Administrator will notify the claimant before the end of the initial 90-day period, indicating the special circumstances requiring the extension and the date by which the Plan Administrator expects to make the final decision. Further review of a claim is available upon written request by the claimant to the Plan Administrator within 60 days after the claimant receives written notice of the denial of the claim. Upon review, the Plan Administrator shall provide the claimant a full and fair review of the claim, including the opportunity to submit to the Plan Administrator comments, documents, records and other information relevant to the claim and the Plan Administrator's review shall take into account such comments, documents, records and information regardless of whether it was submitted or considered at the initial determination. The decision on review will be made within 60 days after receipt of the request for review, unless circumstances warrant an extension of time not to exceed an additional 60 days. If this occurs, notice of the extension will be furnished to the claimant before the end of the initial 60-day period, indicating the special circumstances requiring the extension and the date by which the Plan Administrator expects to make the final decisions. The final decision shall be in writing and drafted in a manner calculated to be understood by the claimant and include specific reasons for the decision with references to the specific Plan provisions on which the decision is based.

Any claim under the Plan that is reviewed by a court, arbitrator, or any other tribunal shall be reviewed solely on the basis of the record before the Plan Administrator at the time it made its determination. In addition, any such review shall be conditioned on the claimant's having fully exhausted all rights under this Section as is more fully explained in Section 7.5. Any

notice or other notification that is required to be sent to a claimant under this Section may be sent pursuant to any method approved under Department of Labor Regulation Section 2520.104b-1 or other applicable guidance.

7.4 Effect of Specific References: Specific references in the Plan to the Plan Administrator's discretion shall create no inference that the Plan Administrator's discretion in any other respect, or in connection with any other provision, is less complete or broad.

7.5 Claimant Must Exhaust the Plan's Claims Procedures Before Filing in Court. Before filing any Claim (including a suit or other action) in court or in another tribunal, a Claimant must first fully exhaust all of the Claimant's rights under the claims procedures of Section 7.3.

(a) Upon review by any court or other tribunal, the exhaustion requirement of this Section 7.5 is intended to be interpreted to require exhaustion in as many circumstances as possible (and any steps necessary to clarify or effect this intent may be taken).

(b) In any action or consideration of a Claim in court or in another tribunal following exhaustion of the Plan's claims procedure as described in this Section 7.5, the subsequent action or consideration shall be limited, to the maximum extent permissible, to the record that was before the Plan Administrator in the claims procedure.

(c) The exhaustion requirement of this Section 7.5 shall apply: (i) regardless of whether other Disputes that are not Claims (including those that a court might consider at the same time) are of greater significance or relevance, (ii) to any rights the Plan Administrator may choose to provide in connection with novel Disputes

or in particular situations, (iii) regardless of whether the rights are actual or potential and (iv) even if the Plan Administrator has not previously defined or established specific claims procedures that directly apply to the submission and consideration of such Claim (in which case the Plan Administrator (upon notice of the Claim) shall either promptly establish such claims procedures or shall apply (or act by analogy to) the claims procedures of Section 7.5 that apply to claims for benefits).

(d) The Plan Administrator may make special arrangements to consider a Claim on a class basis or to address unusual conflicts concerns, and such minimum arrangements in these respects shall be made as are necessary to maximize the extent to which exhaustion is required.

(e) For purposes of this Section 7.5, the following definitions apply.

(i) A "Dispute" is any claim, dispute, issue, action or other matter.

(ii) A "Claim" is any Dispute that implicates in whole or in part any one or more of the following –

(A) The interpretation of the Plan;

(B) The interpretation of any term or condition of the Plan;

(C) The interpretation of the Plan (or any of its terms or conditions) in light of applicable law;

(D) Whether the Plan or any term or condition under the Plan has been validly adopted or put into effect;

(E) The administration of the Plan;

(F) Whether the Plan, in whole or in part, has violated any terms, conditions or requirements of ERISA or other applicable law or regulation, regardless of whether such terms, conditions or requirements are, in whole or in part, incorporated into the terms, conditions or requirements of the Plan;

(G) A request for Plan benefits or an attempt to recover Plan benefits;

(H) An assertion that any entity or individual has breached any fiduciary duty; or

(I) Any Claim that: (i) is deemed similar to any of the foregoing by the Plan Administrator, or (ii) relates to the Plan in any way.

(iii) A "Claimant" is any Employee, former Employee, Participant, former Participant, Beneficiary (or the spouse, former spouse, estate, heir or representative of any of the foregoing individuals), or any other individual, person, entity with a relationship to any of the foregoing individuals or the Plan, as well as any group of one or more of the foregoing, who has a Claim.

7.6 Limitations on Actions. Effective for claims and actions filed on or after January 1, 2011, any claim filed under Article VII and any action filed in state or federal court by or on behalf of a former or current Employee, Participant, beneficiary or any other individual, person or entity (collectively, a "Petitioner") for the alleged wrongful denial of Plan benefits or for the alleged interference with or violation of ERISA-protected rights must be brought within two years of the date the Petitioner's cause of action first accrues. For purposes of this

subsection, a cause of action with respect to a Petitioner's benefits under the Plan shall be deemed to accrue not later than the earliest of (i) when the Petitioner has received the calculation of the benefits that are the subject of the claim or legal action, (ii) the date identified to the Petitioner by the Plan Administrator on which payments shall commence, or (iii) when the Petitioner has actual or constructive knowledge of the facts that are the basis of his claim. For purposes of this subsection, a cause of action with respect to the alleged interference with ERISA-protected rights shall be deemed to accrue when the claimant has actual or constructive knowledge of the acts that are alleged to interfere with ERISA-protected rights. Failure to bring any such claim or cause of action within this two-year time frame shall preclude a Petitioner, or any representative of the Petitioner, from filing the claim or cause of action. Correspondence or other communications following the mandatory appeals process described in Section 7.3 shall have no effect on this two-year time frame.

7.7 Restriction on Venue. Any claim or action filed in court or any other tribunal in connection with the Plan by or on behalf of a Petitioner (as defined in Section 7.6 above) shall only be brought or filed in the United States District Court for the Southern District of New York, effective for claims or actions filed on or after January 1, 2011.

Article VIII.

Miscellaneous

8.1 No Guarantee of Employment: Nothing contained in this Plan shall be construed as a contract of employment between an Employer and any Employee, or as a right of any Employee to be continued in the employment of an Employer, or as a limitation of the right of an Employer to discharge any of its Employees, with or without cause.

8.2 Nonalienation of Benefits: Benefits payable under the Plan or the right to receive future benefits under the Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy of any kind, either voluntary or involuntary, and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable hereunder, including any assignment or alienation in connection with a divorce, separation, child support or similar arrangement, shall be null and void and not binding on the Company. The Company shall not in any manner be liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits hereunder.

8.3 Unfunded Plan: The Company's obligations under the Plan shall not be funded, but shall constitute liabilities by the Company payable when due out of the Company's general funds. To the extent the Participant or any other person acquires a right to receive benefits under this Plan, such right shall be no greater than the rights of any unsecured general creditor of the Company.

8.4 Action by the Company: Any action by the Company under this Plan, including any amendment authorized to be made under Section 9.2, may be made by the Board

of Directors of the Company. In addition, any person or persons authorized (directly or indirectly) by the Board may take such action on behalf of the Company.

8.5 Indemnification: Unless the Board of Directors of the Company shall determine otherwise, the Company shall indemnify, to the full extent permitted by law, any employee acting in good faith within the scope of his employment in carrying out the administration of the Plan.

8.6 Code Section 409A: At all times, this Plan shall be operated to preserve the status of benefits under this Pre-409A Program as being exempt from Section 409A, *i.e.*, to preserve the grandfathered status of this Pre-409A Program. In all cases, the provision of the prior sentence shall apply notwithstanding any contrary provision of the Plan. Accordingly, in determining rights and benefits under this Pre-409A Program, changes in the Salaried Plan that are effective after December 31, 2004 shall be disregarded to the extent necessary to avoid a modification of this Pre-409A Program that would constitute a material modification for purposes of Section 409A.

8.7 Authorized Transfers: If a Participant transfers to an entity that is not part of the PepsiCo Organization, the liability for any benefits accrued while the Participant was employed by the PepsiCo Organization shall remain with the Company.

Article IX.

Amendment and Termination

This Article governs the Company's right to amend and or terminate the Plan. The Company's amendment and termination powers under this Article shall be subject, in all cases, to the restrictions on amendment and termination in Section 409A and shall be exercised in accordance with such restrictions to ensure continued exemption from Section 409A in accordance with Section 8.6.

9.1 Continuation of the Plan: While the Company and the Employers intend to continue the Plan indefinitely, they assume no contractual obligation as to its continuance. In accordance with Section 8.4, the Company hereby reserves the right, in its sole discretion, to amend, terminate, or partially terminate the Plan at any time provided, however, that no such amendment or termination shall adversely affect the amount of benefit to which a Participant or his beneficiary is entitled under Article IV on the date of such amendment or termination, unless the Participant becomes entitled to an amount equal to such benefit under another plan or practice adopted by the Company (except as necessary to preserve the exemption from Section 409A of this Pre-409A Program). Specific forms of payment are not protected under the preceding sentence.

9.2 Amendments: The Company may, in its sole discretion, make any amendment or amendments to this Plan from time to time, with or without retroactive effect, including any amendment or amendments to eliminate available distribution options under Article VI hereof at any time before the earlier of the Participant's Annuity Starting Date under this Plan or under the Salaried Plan; provided, however, that no amendment of the Plan shall be effective to the extent that the amendment would be considered a "material modification" (as

that term is defined in Section 409A) of the Pre-409A Program and would, as a result, cause the Pre-409A Program to be subject to Section 409A. An Employer (other than the Company) shall not have the right to amend the Plan.

9.3 Termination: The Company may terminate the Plan, either as to its participation or as to the participation of one or more Employers. If the Plan is terminated with respect to fewer than all of the Employers, the Plan shall continue in effect for the benefit of the Employees of the remaining Employers.

Article X.

ERISA Plan Structure

This Plan document in conjunction with the plan document(s) for the 409A Program encompasses three separate plans within the meaning of ERISA, as are set forth in subsections (a), (b) and (c). This division into separate plans shall be effective as of July 1, 1996; previously the plans set forth in subsections (b) and (c) were a single plan within the meaning of ERISA.

(a) Excess Benefit Plan: An excess benefit plan within the meaning of section 3(36) of ERISA, maintained solely for the purpose of providing benefits for Salaried Plan participants in excess of the limitations on benefits imposed by section 415 of the Code.

(b) Excess Compensation Top Hat Plan: A plan maintained by the Company primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees within the meaning of sections 201(2) and 401(a)(1) of ERISA. The plan provides benefits for Salaried Plan participants in excess of the limitations imposed by section 401(a)(17) of the Code on benefits under the Salaried Plan (after taking into account any benefits under the excess benefit plan). For ERISA reporting purposes, this portion of PEP may be referred to as the PepsiCo Pension Equalization Plan I.

(c) Preservation Top Hat Plan: A plan maintained by the Company primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees within the meaning of sections 201(2) and 401(a)(1) of ERISA. The plan provides grandfather benefits to those Salaried Plan

participants described in section 5.2(a) hereof, by preserving for them the pre-1989 level of benefit accrual that was in effect before the Salaried Plan's amendment effective January 1, 1989 (after taking into account any benefits under the Excess Benefit Plan and Excess Compensation Top Hat Plan). For ERISA reporting purposes, this portion of PEP may be referred to as the PepsiCo Pension Equalization Plan II.

Benefits under this Plan shall be allocated first to the Excess Benefit Plan, to the extent of benefits paid for the purpose indicated in (a) above; then any remaining benefits shall be allocated to the Excess Compensation Top Hat Plan, to the extent of benefits paid for the purpose indicated in (b) above; then any remaining benefits shall be allocated to the Preservation Top Hat Plan. These three plans are severable for any and all purposes as directed by the Company.

Article XI.

Applicable Law

All questions pertaining to the construction, validity and effect of the Plan shall be determined in accordance with the provisions of ERISA. In the event ERISA is not applicable or does not preempt state law, the laws of the state of New York shall govern.

If any provision of this Plan is, or is hereafter declared to be, void, voidable, invalid or otherwise unlawful, the remainder of the Plan shall not be affected thereby.

APPENDIX

Foreword

This Appendix sets forth additional provisions applicable to individuals specified in the Articles of this Appendix. In any case where there is a conflict between the Appendix and the main text of the Plan, the Appendix shall govern.

ARTICLE A

Accruals for 1993 and 1994

This Article A of the Appendix shall be effective on the date the Plan is adopted.

A.1 Accruals for 1993 and 1994: This section shall apply to any individual:

(i) who is a Salaried Plan Participant and employed by the PepsiCo Organization on December 31, 1993, (ii) whose Salaried Plan Pension is vested during 1993 (or would become vested in 1994 if his Service included the assumed period of continued service specified in (a)(1) below), and (iii) whose minimum 1993 Pension in subsection (a) below is not derived solely from that portion of the Plan described in (c) of Article X. In determining the amount of the 1993 and 1994 Pension amounts for any such individual, the provisions set forth in subsections (a) and (b) below shall apply.

(a) Minimum 1993 Pension: Any individual who is covered by this section shall accrue a minimum 1993 Pension as of December 31, 1993. In determining the amount of such individual's minimum 1993 Pension, the following shall apply.

(1) An individual's Service and Credited Service as of the end of 1993 shall be assumed to equal the respective Service and Credited Service he would have if his Service continued through December 31, 1994. Notwithstanding the preceding sentence, the assumed period of continued Service shall be less to the extent the Corporation's human resource records on December 31, 1993 reflect a scheduled termination date in 1994 for such individual. In this case, the individual's assumed period of continued service shall be the portion of 1994 that ends with such scheduled termination date.

(2) An individual's Highest Average Monthly Earnings as of the end of 1993 shall be adjusted by the actuary's salary scale assumption which is used under the Salaried Plan, so that they equal the amount such scale projects for the individual as of the end of 1994. Notwithstanding the preceding sentence, the following special rules shall apply.

(i) A higher salary scale assumption shall be used for anyone whose projected 1994 earnings as reflected on the "Special PEP Salary Scale" of the PepsiCo Benefits Department on December 31, 1993 are higher than would be assumed under the first sentence of this paragraph. In this case, the individual's 1993 earnings shall be adjusted using such higher salary scale.

(ii) In the case of an individual whose assumed period of service under paragraph (1) above is less than all of 1994, the salary adjustment under the preceding provisions of this paragraph shall be reduced to the amount that would apply if the individual had no earnings after his scheduled termination date.

(3) An individual's attained age as of the end of 1993 shall be assumed to be the age he would have at the end of the assumed period of continued service applicable under paragraph (1) above.

Any individual who is covered by this section, and who is not otherwise vested as of December 31, 1993, shall be vested as of such date in both his Pension (determined without regard to this subsection) and his minimum 1993 Pension. For purposes of this subsection, Code section 401(a)(17) shall be applied in 1993 by giving effect to the amendments to such Code section made by the Omnibus Budget Reconciliation Amendments of 1993.

(b) Determination of 1994 Accrual: If a participant in the Salaried Plan accrues a minimum 1993 Pension under subsection (a) above, the amount of any PEP

Pension for 1994 that accrues shall be only the amount by which the PEP Pension that would otherwise accrue for 1994 exceeds his minimum 1993 Pension under subsection (a).

ARTICLE B

Plan Document Applicable to Pre-2005 Participants

B.1 Scope: This Article supplements the main portion of the Pre-409A PepsiCo PEP Document with respect to the rights and benefits of Pre-2005 Participants.

B.2 Definitions: Words or phrases appearing in this Article with initial capitals shall have the meaning set forth in the main body of the Plan.

B.3 Applicability of Plan Document: Except as set forth in subsection B.4 below, the provisions of the Plan shall apply in all respects to Pre-2005 Participants.

B.4 Determination of Pre-2005 Participant Benefit: If a Pension becomes payable to or on behalf of a Pre-2005 Participant, the following Sections 5.1, 5.2 and 5.3 contained in this Section B.4 shall replace Sections 5.1, 5.2 and 5.3 of the main Pre-409A PepsiCo PEP Document, and the amount of the Pre-2005 Participant's Pension shall be determined under Section 5.1, 5.2 or 5.3 below (whichever is applicable), subject to any adjustments required under Sections 4.6(b), 5.4 and 5.5 of the main Pre-409A PepsiCo PEP Document :

“5.1 PEP Pension:

(a) Same Form as Salaried Plan: If a Pre-2005 Participant's Pension will be paid in the same form and will commence as of the same time as his pension under the Salaried Plan, then his Pension hereunder shall be the difference between:

- (1) His Total Pension expressed in such form and payable as of such time, minus
- (2) His Salaried Plan Pension expressed in such form and payable as of such time.

(b) Different Form than Salaried Plan: If a Pre-2005 Participant's Pension will be paid in a different form (whether in whole or in part) or will commence as of a different time than his pension under the Salaried Plan, his Pension shall be the product of:

(1) The amount of the Pre-2005 Participant's Total Pension expressed in the form and payable as of such time as applies to his Pension under this Plan, multiplied by

(2) A fraction, the numerator of which is the value of his Total Pension reduced by the value of his Salaried Plan Pension, and the denominator of which is the value of his Total Pension (with value determined on a reasonable and consistent basis, in the discretion of the Plan Administrator, with respect to similarly situated employees).

(c) Definitions: The following definitions apply for purposes of this section.

(1) A Pre-2005 Participant's "Total Pension" means the greater of:

(i) The amount of the Pre-2005 Participant's pension determined under the terms of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of the Salaried Plan; or

(ii) The amount (if any) of the Pre-2005 Participant's PEP Guarantee determined under Section 5.2.

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated with reference to the specific form and time of payment that is applicable. If the applicable form of payment is a lump sum, the Actuarial Equivalent factors in section (2) of the definition of Actuarial Equivalent shall apply for purposes of subparagraph (i) in lieu of those in the Salaried Plan.

(2) A Pre-2005 Participant's "Salaried Plan Pension" means the amount of the Pre-2005 Participant's pension determined under the terms of the Salaried Plan.

5.2 PEP Guarantee: A Pre-2005 Participant who is eligible under subsection (a) below shall be entitled to a PEP Guarantee benefit determined under subsection (b) below. In the case of other Pre-2005 Participants, the PEP Guarantee shall not apply.

(a) Eligibility: A Pre-2005 Participant shall be covered by this section if the Pre-2005 Participant has 1988 pensionable earnings from an Employer of at least \$75,000. For purposes of this section, "1988 pensionable earnings" means the Pre-2005 Participant's remuneration for the 1988 calendar year, within the meaning of the Salaried Plan as in effect in 1988. "1988 pensionable earnings" does not include remuneration from an entity attributable to any period when that entity was not an Employer.

(b) PEP Guarantee Formula: The amount of a Pre-2005 Participant's PEP Guarantee shall be determined under the applicable formula in paragraph (1), subject to the special rules in paragraph (2).

(1) Formulas: The amount of a Pre-2005 Participant's Pension under this paragraph shall be determined in accordance with subparagraph (i)

below. However, if the Pre-2005 Participant was actively employed by the PepsiCo Organization in a classification eligible for the Salaried Plan prior to July 1, 1975, the amount of his Pension under this paragraph shall be the greater of the amounts determined under subparagraphs (i) and (ii), provided that subparagraph (ii)(B) shall not apply in determining the amount of a Vested Pension.

(i) Formula A: The Pension amount under this subparagraph shall be:

(A) 3 percent of the Pre-2005 Participant's Highest Average Monthly Earnings for the first 10 years of Credited Service, plus

(B) 1 percent of the Pre-2005 Participant's Highest Average Monthly Earnings for each year of Credited Service in excess of 10 years, less

(C) 1-2/3 percent of the Pre-2005 Participant's Primary Social Security Amount multiplied by years of Credited Service not in excess of 30 years.

In determining the amount of a Vested Pension under this Formula A, the Pension shall first be calculated on the basis of (I) the Credited Service the Pre-2005 Participant would have earned had he remained in the employ of the Employer until his Normal Retirement Age, and (II) his Highest Average Monthly Earnings and Primary Social Security Amount at his Severance from Service Date, and then shall be reduced by multiplying

the resulting amount by a fraction, the numerator of which is the Pre-2005 Participant's actual years of Credited Service on his Severance from Service Date and the denominator of which is the years of Credited Service he would have earned had he remained in the employ of an Employer until his Normal Retirement Age.

(ii) Formula B: The Pension amount under this subparagraph shall be the greater of (A) or (B) below:

(A) 1-1/2 percent of Highest Average Monthly Earnings times the number of years of Credited Service, less 50 percent of the Pre-2005 Participant's Primary Social Security Amount, or

(B) 3 percent of Highest Average Monthly Earnings times the number of years of Credited Service up to 15 years, less 50 percent of the Pre-2005 Participant's Primary Social Security Amount.

In determining the amount of a Disability Pension under Formula A or B above, the Pension shall be calculated on the basis of the Pre-2005 Participant's Credited Service (determined in accordance with Section 3.3(d)(3) of the Salaried Plan), and his Highest Average Monthly Earnings and Primary Social Security Amount at the date of disability.

(2) Calculation: The amount of the PEP Guarantee shall be determined pursuant to paragraph (1) above, subject to the following special rules:

(i) Surviving Eligible Spouse's Annuity: Subject to subparagraph (iii) below and the last sentence of this subparagraph, if the Pre-2005 Participant has an Eligible Spouse, the Pre-2005 Participant's Eligible Spouse shall be entitled to receive a survivor annuity equal to 50 percent of the Pre-2005 Participant's Annuity under this section, with no corresponding reduction in such Annuity for the Pre-2005 Participant. Annuity payments to a surviving Eligible Spouse shall begin on the first day of the month coincident with or following the Pre-2005 Participant's death and shall end with the last monthly payment due prior to the Eligible Spouse's death. If the Eligible Spouse is more than 10 years younger than the Pre-2005 Participant, the survivor benefit payable under this subparagraph shall be adjusted as provided below.

(A) For each full year more than 10 but less than 21 that the surviving Eligible Spouse is younger than the Pre-2005 Participant, the survivor benefit payable to such spouse shall be reduced by 0.8 percent.

(B) For each full year more than 20 that the surviving Eligible Spouse is younger than the Pre-2005 Participant, the survivor benefit payable to such spouse shall be reduced by an additional 0.4 percent.

(ii) Reductions: The following reductions shall apply in determining a Pre-2005 Participant's PEP Guarantee.

(A) If the Pre-2005 Participant will receive an Early Retirement Pension, the payment amount shall be reduced by 3/12ths of 1 percent for each month by which the benefit commencement date precedes the date the Pre-2005 Participant would attain his Normal Retirement Date.

(B) If the Pre-2005 Participant is entitled to a Vested Pension, the payment amount shall be reduced to the Actuarial Equivalent of the amount payable at his Normal Retirement Date (if payment commences before such date), and the Section 4.6(b) reductions for any Pre-Retirement Spouse's coverage shall apply.

(C) This clause applies if the Pre-2005 Participant will receive his Pension in a form that provides an Eligible Spouse benefit, continuing for the life of the surviving spouse, that is greater than that provided under subparagraph (i). In this instance, the Pre-2005 Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Pre-2005 Participant's behalf is the Actuarial Equivalent of the Pension otherwise payable under the foregoing provisions of this section.

(D) This clause applies if the Pre-2005 Participant will receive his Pension in a form that provides a survivor annuity for a beneficiary who is not his Eligible Spouse. In this instance,

the Pre-2005 Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Pre-2005 Participant's behalf is the Actuarial Equivalent of a Single Life Annuity for the Pre-2005 Participant's life.

(E) This clause applies if the Pre-2005 Participant will receive his Pension in an Annuity form that includes inflation protection described in Section 6.2(b). In this instance, the Pre-2005 Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Pre-2005 Participant's behalf is the Actuarial Equivalent of the elected Annuity without such protection.

(iii) Lump Sum Conversion: The amount of the Retirement Pension determined under this section for a Pre-2005 Participant whose Retirement Pension will be distributed in the form of a lump sum shall be the Actuarial Equivalent of the Pre-2005 Participant's PEP Guarantee determined under this section, taking into account the value of any survivor benefit under subparagraph (i) above and any early retirement reductions under subparagraph (ii)(A) above.

5.3 Amount of Pre-Retirement Spouse's Pension: The monthly amount of the Pre-Retirement Spouse's Pension payable to a surviving Eligible Spouse under Section 4.6 shall be determined under subsection (a) below.

(a) Calculation: An Eligible Spouse's Pre-Retirement Spouse's Pension shall be the difference between:

- (1) The Eligible Spouse's Total Pre-Retirement Spouse's Pension, minus
- (2) The Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension.

(b) Definitions: The following definitions apply for purposes of this section.

(1) An Eligible Spouse's "Total Pre-Retirement Spouse's Pension" means the greater of:

(i) The amount of the Eligible Spouse's pre-retirement spouse's pension determined under the terms of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of the Salaried Plan; or

(ii) The amount (if any) of the Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension determined under

subsection (c).

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated with reference to the specific time of payment applicable to the Eligible Spouse.

(c) PEP Guarantee Pre-Retirement Spouse's Pension: An Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension shall be determined in accordance with paragraph (1) or (2) below, whichever is applicable, with reference to

the PEP Guarantee (if any) that would have been available to the Pre-2005 Participant under Section 5.2.

(1) Normal Rule: The Pre-Retirement Spouse's Pension payable under this paragraph shall be equal to the amount that would be payable as a survivor annuity, under a Qualified Joint and Survivor Annuity, if the Pre-2005 Participant had:

(i) Separated from service on the date of death (or, if earlier, his actual Severance from Service Date);

(ii) Commenced a Qualified Joint and Survivor Annuity on the same date payments of the Qualified Pre-Retirement Spouse's Pension are to commence; and

(iii) Died on the day immediately following such commencement.

If payment of a Pre-Retirement Spouse's Pension under this paragraph commences prior to the date which would have been the Pre-2005 Participant's Normal Retirement Date, appropriate reductions for early commencement shall be applied to the Qualified Joint and Survivor Annuity upon which the Pre-Retirement Spouse's Pension is based.

(2) Special Rule for Active and Disabled Employees Who Die Prior to June 1, 2009:

Notwithstanding paragraph (1) above, the Pre-Retirement Spouse's Pension paid on behalf of a Pre-2005 Participant described in Section 4.6(a) who dies prior to June 1, 2009 shall not be less than an amount equal to 25 percent of such Pre-2005 Participant's PEP Guarantee determined under Section 5.2. For this purpose,

Credited Service shall be determined as provided in Section 3.3(d)(2) of the Salaried Plan, and the deceased Pre-2005 Participant's Highest Average Monthly Earnings, Primary Social Security Amount and Covered Compensation shall be determined as of his date of death. A Pre-Retirement Spouse's Pension under this paragraph is not reduced for early commencement."

ARTICLE PFS

PFS Special Early Retirement Benefit

PFS.1 Scope: This Article supplements the main portion of the Plan document with respect to the rights and benefits of Covered Employees on and after the Effective Date.

PFS.2 Definitions: This section provides definitions for the following words or phrases in boldface and underlined. Where they appear in this Article with initial capitals they shall have the meaning set forth below. Except as otherwise provided in this Article, all defined terms shall have the meaning given to them in Section 2.1 of the Plan.

(a) Article: This Article PFS of the Appendix to the Plan.

(b) Covered Employee: An Employee who does not meet the eligibility requirements for the Salaried Plan Early Retirement Benefit solely because he is a highly compensated employee within the meaning of Section PFS.11(c) of the Salaried Plan Appendix.

(c) Effective Date: The date the provisions of this Article are effective, which shall be July 11, 1997.

(d) Salaried Plan Special Early Retirement Benefit: The special early retirement benefit for certain PFS employees described in Section PFS.11 of the Salaried Plan Appendix.

(e) Severance Date: The involuntary termination of employment described in Section PFS.11(a) of the Salaried Plan Appendix that qualifies an Employee for status as a Covered Employee.

ARTICLE PBG

PBG Pre-409A

Effective as of the end of the day on December 31, 2011, the PBG Pension Equalization Plan ("PBG PEP") was merged with and into the PepsiCo PEP, with the PepsiCo PEP as the surviving plan after the Plan merger. This Appendix Article PBG is effective as of the end of the day on December 31, 2011. This Appendix PBG, as it is amended from time to time, shall govern PBG PEP benefits that were grandfathered under Section 409A and subject to the Pre-409A PBG PEP Document (as described below) prior to the Plan merger.

This Appendix PBG contains the PBG PEP document that was in effect on October 3, 2004 as amended through January 1, 2011 ("Pre-409A PBG PEP Document"), except that it does not include Articles VII (Administration), VIII (Miscellaneous), IX (Amendment and Termination), X (ERISA Plan Structure) and XI (Applicable Law) thereof.

Instead, the corresponding Articles of the main portion of this document (that is, the PepsiCo Pre-409A PEP) shall apply to PBG PEP benefits governed by this Appendix Article PBG, and references in this Appendix PBG to Articles VII through XI shall be treated as references to the corresponding Articles of the main portion of this document. In addition, effective for Annuity Starting Dates on or after January 1, 2019, if a Participant elects a survivor, period certain annuity or other death benefit annuity (or an annuity with other optional features), the adjustment of the Single Life Annuity to Actuarial Equivalent optional annuity shall be determined under the provisions of the main section of this document.

There shall be no change to the time or form of payment of benefits that are subject to Section 409A under either the PepsiCo PEP or PBG PEP Document that would constitute a material modification within the meaning of Treas. Reg. § 1.409A-6(a)(4) as a result of the plan merger

or the revisions made to this document or the Pre-409A PBG PEP Document when it was incorporated into this Appendix.

ARTICLE I – Foreword

The PEP Pension Equalization Plan (“PEP” or “Plan”) has been established by PBG for the benefit of salaried employees of the PBG Organization who participate in the PBG Salaried Employees Retirement Plan (“Salaried Plan”). PEP provides benefits for eligible employees whose pension benefits under the Salaried Plan are limited by the provisions of the Internal Revenue Code of 1986, as amended. In addition, PEP provides benefits for certain eligible employees based on the pre-1989 Salaried Plan formula.

This Plan is first effective April 6, 1999. The Plan is a successor plan to the PepsiCo Pension Equalization Plan, which was last restated effective as of January 1, 1989. The PepsiCo Pension Equalization Plan covers eligible employees at the various divisions of PepsiCo, Inc., including eligible employees who are employed at various Pepsi-Cola Company facilities. On April 6, 1999, when this Plan became effective, PBG had its initial public offering. PBG employs many of the individuals employed at Pepsi-Cola Company facilities who were covered under the PepsiCo Pension Equalization Plan. This initial Plan document closely mirrors the PepsiCo Pension Equalization Plan document, including its historical provisions which are relevant for eligibility and benefit determinations under this Plan.

ARTICLE II – Definitions and Construction

2.1 Definitions: This section provides definitions for certain words and phrases listed below. Where the following words and phrases, underlined and set out at the beginning of each lettered subsection, appear in this Plan with initial capitals they shall have the meaning set forth below, unless a different meaning is plainly required by the context.

Accrued Benefit: The Pension payable at Normal Retirement Date determined in accordance with Article V, based on the Participant's Highest Average Monthly Earnings and Credited Service at the date of determination.

Actuarial Equivalent: Except as otherwise specifically set forth in the Plan or any Appendix to the Plan with respect to a specific benefit determination, a benefit of equivalent value computed on the basis of the factors set forth below. The application of the following assumptions to the computation of benefits payable under the Plan shall be done in a uniform and consistent manner. In the event the Plan is amended to provide new rights, features or benefits, the following actuarial factors shall not apply to these new elements unless specifically adopted by the amendment.

(1) Annuities and Inflation Protection: To determine the amount of a Pension payable in the form of a Qualified Joint and Survivor Annuity or optional form of survivor annuity, or as an annuity with inflation protection, the factors applicable for such purposes under the Salaried Plan shall apply.

(2) Lump Sums: To determine the lump sum value of a Pension, or a Pre-Retirement Spouse's Pension under Section 4.6, the factors applicable for such purposes under the Salaried Plan shall apply, except that when the term "PBGC Rate" is used in the Salaried Plan in this context it shall mean "PBGC Rate" as defined in this Plan.

(3) Other Cases: To determine the adjustment to be made in the Pension payable to or on behalf of a Participant in other cases, the factors are those applicable for such purpose under the Salaried Plan.

Advance Election: A Participant's election to receive his PEP Retirement Pension as a Single Lump Sum or an Annuity, made in compliance with the requirements of Section 6.3.

Annuity: A Pension payable as a series of monthly payments for at least the life of the Participant.

Annuity Starting Date: The Annuity Starting Date shall be the first day of the first period for which an amount is payable under this Plan as an annuity or in any other form. A Participant who: (1) is reemployed after his initial Annuity Starting Date, and (2) is entitled to benefits hereunder after his reemployment, shall have a subsequent Annuity Starting Date for such benefits only to the extent provided in Section 6.3(d).

Authorized Leave of Absence: Any absence authorized by an Employer under the Employer's standard personnel practices, whether paid or unpaid.

Cashout Limit: The annual dollar limit on elective deferrals under code section 402(g)(1)(B), as in effect from time to time.

Code: The Internal Revenue Code of 1986, as amended from time to time.

Company: PepsiCo, Inc., an organization organized and existing under the laws of the State of North Carolina, or its successor or successors. For periods before between April 6, 1999 and February 26, 2010, the Company was The Pepsi Bottling Group, Inc., ("PBG") a corporation organized and existing under the laws of the State of New York, or its successor or successors. For periods before April 6, 1999, the Company was PepsiCo, Inc.

Covered Compensation: "Covered Compensation" as that term is defined in the Salaried Plan.

Credited Service: The period of a Participant's employment, calculated in accordance with Section 3.3, which is counted for purposes of determining the amount of benefits payable to, or on behalf of, the Participant.

Disability Retirement Pension: The Retirement Pension available to a Participant under Section 4.5.

Early Retirement Pension: The Retirement Pension available to a Participant under Section 4.2.

Effective Date: The date upon which this Plan is effective, which is April 6, 1999 (except as otherwise provided herein).

Eligible Spouse: The spouse of a Participant to whom the Participant is married on the earlier of the Participant's Annuity Starting Date or the date of the Participant's death.

Employee: An individual who qualifies as an "Employee" as that term is defined in the Salaried Plan.

Employer: An entity that qualifies as an "Employer" as that term is defined in the Salaried Plan.

ERISA: Public Law No. 93-406, the Employee Retirement Income Security Act of 1974, as amended from time to time.

Highest Average Monthly Earnings: "Highest Average Monthly Earnings" as that term is defined in the Salaried Plan, but without regard to the limitation imposed by section 401(a)(17) of the Code (as such limitation is interpreted and applied under the Salaried Plan).

Late Retirement Date: The Late Retirement Date shall be the first day of the month coincident with or immediately following a Participant's actual Retirement Date occurring after his Normal Retirement Age.

Late Retirement Pension: The Retirement Pension available to a Participant under Section 4.4.

Normal Retirement Age: The Normal Retirement Age under the Plan is age 65 or, if later, the age at which a Participant first has 5 Years of Service.

Normal Retirement Date: A Participant's Normal Retirement Date shall be the first day of the month coincident with or immediately following a Participant's Normal Retirement Age.

Normal Retirement Pension: The Retirement Pension available to a Participant under Section 4.1.

Participant: An Employee participating in the Plan in accordance with the provisions of Section 3.1.

PepsiCo/PBG Organization: The controlled group of organizations of which the Company is a part, as defined by Code section 414 and regulations issued thereunder. An entity shall be considered a member of the PepsiCo/PBG Organization only during the period it is one of the group of organizations described in the preceding sentence. The application of this definition for periods prior to February 26, 2010 shall take into account the different definition of "Company" that applies prior to February 26, 2010.

PBGC: The Pension Benefit Guaranty Corporation, a body corporate within the Department of Labor established under the provisions of Title IV of ERISA.

PBGC Rate: The PBGC Rate is 120 percent of the interest rate, determined on the Participant's Annuity Starting Date, that would be used by the PBGC for purposes of determining the present value of a lump sum distribution on plan termination.

Pension: One or more payments that are payable to a person who is entitled to receive benefits under the Plan.

PEP Election: A Participant's election to receive his PEP Retirement Pension in one of the Annuity forms available under Section 6.2, made in compliance with the requirements of Sections 6.3 and 6.4.

PepsiCo Prior Plan: The PepsiCo Pension Equalization Plan.

Plan: The PBG Pension Equalization Plan, the Plan set forth herein, as it may be amended from time to time. The Plan is also sometimes referred to as PEP. For periods before April 6, 1999, references to the Plan refer to the PepsiCo Prior Plan.

Plan Administrator: The PepsiCo Administration Committee, or its delegate or delegates, which shall authority to administer the Plan as provided in Article VII. For periods prior to February 26, 2010, the Company, which shall have authority to administer the Plan as provided in Article VII.

Plan Year: The initial Plan Year shall be a short Plan Year beginning on the Effective Date and ending on December 31, 1999. Thereafter, the Plan Year shall be the 12-month period commencing on January 1 and ending on the next December 31.

Pre-Retirement Spouse's Pension: The Pension available to an Eligible Spouse under Section 4.6.

Primary Social Security Amount: In determining Pension amounts, Primary Social Security Amount shall mean:

(1) For purposes of determining the amount of a Retirement, Vested or Pre-Retirement Spouse's Pension, the Primary Social Security Amount shall be the estimated monthly amount that may be payable to a Participant commencing at age 65

as an old-age insurance benefit under the provisions of Title II of the Social Security Act, as amended. Such estimates of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the following assumptions:

(i) That the Participant's social security wages in any year prior to Retirement or severance are equal to the Taxable Wage Base in such year, and

(ii) That he will not receive any social security wages after Retirement or severance.

However, in computing a Vested Pension under Formula A of Section 5.2, the estimate of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the assumption that he continued to receive social security wages until age 65 at the same rate as the Taxable Wage Base in effect at his severance from employment. For purposes of this subsection, "social security wages" shall mean wages within the meaning of the Social Security Act.

(2) For purposes of determining the amount of a Disability Pension, the Primary Social Security Amount shall be (except as provided in the next sentence) the initial monthly amount actually received by the disabled Participant as a disability insurance benefit under the provisions of Title II of the Social Security Act, as amended and in effect at the time of the Participant's retirement due to disability. Notwithstanding the preceding sentence, for any period that a Participant receives a Disability Pension before receiving a disability insurance benefit under the provisions of Title II of the Social Security Act, then the Participant's Primary Social Security Amount for such period shall be determined pursuant to paragraph (1) above.

(3) For purposes of paragraphs (1) and (2), the Primary Social Security Amount shall exclude amounts that may be available because of the spouse or any dependent of the Participant or any amounts payable on account of the Participant's death. Estimates of Primary Social Security Amounts shall be made on the basis of the Social Security Act as in effect at the Participant's Severance from Service Date, without regard to any increases in the social security wage base or benefit levels provided by such Act which take effect thereafter.

Qualified Joint and Survivor Annuity: An Annuity which is payable to the Participant for life with 50 percent of the amount of such Annuity payable after the Participant's death to his surviving Eligible Spouse for life. If the Eligible Spouse predeceases the Participant, no survivor benefit under a Qualified Joint and Survivor Annuity shall be payable to any person. The amount of a Participant's monthly payment under a Qualified Joint and Survivor Annuity shall be reduced to the extent provided in sections 5.1 and 5.2, as applicable.

Retirement: Termination of employment for reasons other than death after a Participant has fulfilled the requirements for either a Normal, Early, Late, or Disability Retirement Pension under Article IV.

Retirement Date: The date on which a Participant's Retirement is considered to commence. Retirement shall be considered to commence on the day immediately following: (i) a Participant's last day of employment, or (ii) the last day of an Authorized Leave of Absence, if later. Notwithstanding the preceding sentence, in the case of a Disability Retirement Pension, Retirement shall be considered as commencing on the Participant's retirement date applicable for such purpose under the Salaried Plan.

Retirement Pension: The Pension payable to a Participant upon Retirement under the Plan.

Salaried Plan: For the period beginning June 14, 2010, the PepsiCo Salaried Employees Retirement Plan. For the period between April 6, 1999 and June 14, 2010, the PBG Salaried Employees Retirement Plan, as it may be amended from time to time. For the period before April 6, 1999, the PepsiCo Salaried Employees Retirement Plan.

Service: The period of a Participant's employment calculated in accordance with Section 3.2 for purposes of determining his entitlement to benefits under the Plan.

Severance from Service Date: The date on which an Employee's period of service is deemed to end, determined in accordance with Article III of Part C of the Salaried Plan.

Single Life Annuity: A level monthly Annuity payable to a Participant for his life only, with no survivor benefits to his Eligible Spouse or any other person.

Single Lump Sum: The distribution of a Participant's total Pension in the form of a single payment.

Social Security Act: The Social Security Act of the United States, as amended, an enactment providing governmental benefits in connection with events such as old age, death and disability. Any reference herein to the Social Security Act (or any of the benefits provided thereunder) shall be taken as a reference to any comparable governmental program of another country, as determined by the Plan Administrator, but only to the extent the Plan Administrator judges the computation of those benefits to be administratively feasible.

Taxable Wage Base: The contribution and benefit base (as determined under section 230 of the Social Security Act) in effect for the Plan Year.

Vested Pension: The Pension available to a Participant under Section 4.3.

2.2 Construction: The terms of the Plan shall be construed in accordance with this section.

(a) Gender and Number: The masculine gender, where appearing in the Plan, shall be deemed to include the feminine gender, and the singular may include the plural, unless the context clearly indicates to the contrary.

(b) Compounds of the Word "Here": The words "hereof", "hereunder" and other similar compounds of the word "here" shall mean and refer to the entire Plan, not to any particular provision or section.

(c) Examples: Whenever an example is provided or the text uses the term "including" followed by a specific item or items, or there is a passage having a similar effect, such passages of the Plan shall be construed as if the phrase "without limitation" followed such example or term (or otherwise applied to such passage in a manner that avoids limits on its breadth of application).

(d) Subdivisions of the Plan Document: This Plan document is divided and subdivided using the following progression: articles, sections, subsections, paragraphs, subparagraphs, and clauses. Articles are designated by capital roman numerals. Sections are designated by Arabic numerals containing a decimal point. Subsections are designated by lower-case letters in parentheses. Paragraphs are designated by Arabic numerals in parentheses. Subparagraphs are designated by lower-case roman numerals in parentheses. Clauses are designated by upper-case letters in parentheses. Any reference in a section to a subsection (with no accompanying section reference) shall be read as a reference to the subsection with the specified designation contained in that same section. A similar rule shall

apply with respect to paragraph references within a subsection and subparagraph references within a paragraph.

ARTICLE III – Participation and Service

3.1 Participation: An Employee shall be a Participant in the Plan during the period:

(a) When he would be currently entitled to receive a Pension under the Plan if his employment terminated at such time, or

(b) When he would be so entitled but for the vesting requirement of Section 4.7.

3.2 Service. A Participant's entitlement to a Pension and to a Pre-Retirement Spouse's Pension for his Eligible Spouse shall be determined under Article IV based upon his period of Service. A Participant's period of Service shall be determined under Article III of Part C of the Salaried Plan.

3.3 Credited Service. The amount of a Participant's Pension and a Pre-Retirement Spouse's Pension shall be based upon the Participant's period of Credited Service, as determined under Article III of Part C of the Salaried Plan.

ARTICLE IV – Requirements for Benefits

A Participant shall be entitled to receive a Pension and a surviving Eligible Spouse shall be entitled to certain survivor benefits as provided in this Article. The amount of any such Pension or survivor benefit shall be determined in accordance with Article V.

4.1 Normal Retirement Pension: A Participant shall be eligible for a Normal Retirement Pension if he meets the requirements for a Normal Retirement Pension in Section 4.1 of Part C of the Salaried Plan.

4.2 Early Retirement Pension: A Participant shall be eligible for an Early Retirement Pension if he meets the requirements for an Early Retirement Pension in Section 4.2 of Part C of the Salaried Plan.

4.3 Vested Pension: A Participant who is vested under Section 4.7 shall be eligible to receive a Vested Pension if his employment in an eligible classification under the Salaried Plan is terminated before he is eligible for a Normal Retirement Pension or an Early Retirement Pension. A Participant who terminates employment prior to satisfying the vesting requirement in Section 4.7 shall not be eligible to receive a Pension under this Plan.

4.4 Late Retirement Pension: A Participant who continues employment after his Normal Retirement Age shall not receive a Pension until his Late Retirement Date. Thereafter, a Participant shall be eligible for a Late Retirement Pension determined in accordance with Section 4.4 of Part C of the Salaried Plan (but without regard to any requirement for notice of suspension under ERISA section 203(a)(3)(B) or any adjustment as under Section 5.6(d) of Part C of the Salaried Plan).

4.5 Disability Pension: A Participant shall be eligible for a Disability Pension if he meets the requirements for a Disability Pension under the Salaried Plan.

4.6 Pre-Retirement Spouse's Pension. Any Pre-Retirement Spouse's Pension payable under this section shall commence as of the same time as the corresponding pre-retirement spouse's pension under the Salaried Plan and, subject to Section 4.9, shall continue monthly for the life of the Eligible Spouse.

(a) Active, Disabled and Retired Employees: A Pre-Retirement Spouse's Pension shall be payable under this subsection to a Participant's Eligible Spouse (if any) who is entitled under the Salaried Plan to the special pre-retirement spouse's pension for survivors of

active, disabled and retired employees. The amount of such Pension shall be determined in accordance with the provisions of Section 5.3.

(b) Vested Employees: A Pre-Retirement Spouse's Pension shall be payable under this subsection to a Participant's Eligible Spouse (if any) who is entitled under the Salaried Plan to the pre-retirement spouse's pension for survivors of vested terminated Employees. The amount of such Pension shall be determined in accordance with the provisions of Section 5.3. If pursuant to this Section 4.6(b) a Participant has Pre-Retirement Spouse's coverage in effect for his Eligible Spouse, any Pension calculated for the Participant under Section 5.2(b) shall be reduced for each year such coverage is in effect by the applicable percentage set forth below (based on the Participant's age at the time the coverage is in effect) with a pro rata reduction for any portion of a year. No reduction shall be made for coverage in effect within the 90-day period following a Participant's termination of employment.

Attained Age	Annual Charge
Up to 35	0%
35 – 39	.075%
40 – 44	.1%
45 – 49	.175%
50 – 54	.3%
55 – 59	.5%
60 – 64	.5%

4.7 Vesting. A Participant shall be fully vested in, and have a nonforfeitable right to, his Accrued Benefit at the time he becomes fully vested in his accrued benefit under the Salaried Plan.

4.8 Time of Payment. The distribution of a Participant's Pre-409A Pension shall commence as of the time specified in Section 6.1.

4.9 Cashout Distributions. Notwithstanding the availability or applicability of a different form of payment under Article VI, the following rules shall apply in the case of certain small benefit Annuity payments:

(a) Distribution of Participant's Pension: If at a Participant's Annuity Starting Date the Actuarial Equivalent lump sum value of the portion of the Participant's PEP Pension that is not subject to 409A is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Participant such lump sum value of the Participant's Pre-409A Pension. Notwithstanding the preceding sentence, for Annuity Starting Dates prior to December 1, 2012, a Participant's Pre-409A Pension shall be cashed out under this subsection if, at the Participant's Annuity Starting Date, the Actuarial Equivalent lump sum value of the Participant's Pre-409A Pension is equal to or less than \$10,000.

(b) Distribution of Pre-Retirement Spouse's Pension Benefit: If at the time payments under the Salaried Plan commence to an Eligible Spouse the Actuarial Equivalent lump sum value of the Pre-409A Pre-Retirement Spouse's Pension to be paid is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Eligible Spouse such lump sum value of the Pre-409A Pre-Retirement Spouse's Pension. Notwithstanding the preceding sentence, for Annuity Starting Dates prior to December 1, 2012, an Eligible Spouse shall be cashed out under this subsection if the Actuarial Equivalent lump sum value of the Eligible Spouse's Pre-409A Pre Retirement Spouse's Pension is equal to or less than \$10,000.

(c) Special Cashout of Vested Pensions: Notwithstanding subsection (a) above, the Plan Administrator shall have discretion under this subsection to cash out a Pre-409A Vested Pension in a single lump sum prior to the date that would apply under subsection (a).

(1) The Plan Administrator shall have discretion under this subsection to cash out in a single lump sum any Vested Pension that, as of December 1, 2012 - (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and distribute (as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on December 1, 2012.

(2) The Plan Administrator shall also have discretion under this subsection to cash out in a single lump sum any Vested Pension that, as of the first day of any month in 2013 or 2014 specified by the Plan Administrator pursuant to the exercise of its discretion - (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and distribute (as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on the first day of the month specified.

(3) Not later than November 30, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection (c) to select Vested Pensions for cashout on December 1, 2012, through the creation of a written list (in either hard copy or electronic form) of Participants with Vested Pensions who will be cashed out. In addition, not later than the day before the date specified pursuant to paragraph (2) above, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection to select Vested Pensions for cashout on the specified date, through the creation of a written list (in either hard copy or electronic form) of Participants with Vested Pensions who will be cashed out.

Any lump sum distributed under this Section 4.9 shall be in lieu of the Pension that otherwise would be distributable to the Participant or Eligible Spouse hereunder. To the extent necessary to preserve the grandfathered status of Pre-409A Pensions, the cashout provisions described in subsections (a) through (c) above are intended to operate in conformance with the rules for "limited cashout" features within the meaning of Treasury Regulation § 1.409A-3(j)(4)(v) and 1.409A-6(a)(4)(i)(E), and they shall be interpreted and applied consistently with this regulation. No Participant or Eligible Spouse shall be given a direct or indirect election with respect to whether the Participant's Vested Pension or the Pre Retirement Spouse's Pension will be cashed out under this section.

4.10 Coordination with Long Term Disability Plan. The terms of this section apply notwithstanding the preceding provisions of this Article. At any time prior to April 14, 1991, a Participant shall not be eligible to receive a Normal, Early, Vested or Disability Pension for any month or period of time for which he is eligible for, and receiving, benefits under a long term disability plan maintained by an Employer. However, a Participant's Eligible Spouse shall not be ineligible for a Pre-Retirement Spouse's Pension or benefits under a Qualified Joint and Survivor Annuity because the Participant was receiving benefits under a long term disability plan at the date of his death.

4.11 Reemployment of Certain Participants. In the case of a current or former Participant who is reemployed and is eligible to reparticipate in the Salaried Plan after his Annuity Starting Date, payment of his Pension will be suspended if payment of his Salaried Plan pension is suspended (or would have been if it were already in pay status). Thereafter, his Pension shall recommence at the time determined under Section 6.1 (even if the suspension of his Salaried Plan pension ceases earlier).

ARTICLE V – Amount of Retirement Pension

When a Pension becomes payable to or on behalf of a Participant under this Plan, the amount of such Pension shall be determined under Section 5.1, 5.2 or 5.3 (whichever is applicable), subject to any adjustments required under Sections 4.6(b), 5.4 and 5.5.

5.1 PEP Pension:

(a) Same Form as Salaried Plan: If a Participant's Pension will be paid in the same form and will commence as of the same time as his pension under the Salaried Plan, then his Pension hereunder shall be the difference between:

- (1) His Total Pension expressed in such form and payable as of such time, minus
- (2) His Salaried Plan Pension expressed in such form and payable as of such time.

(b) Different Form than Salaried Plan: If a Participant's Pension will be paid in a different form (whether in whole or in part) or will commence as of a different time than his pension under the Salaried Plan, his Pension shall be the product of:

- (1) The amount of the Participant's Total Pension expressed in the form and payable as of such time as applies to his Pension under this Plan, multiplied by
- (2) A fraction, the numerator of which is the value of his Total Pension reduced by the value of his Salaried Plan Pension, and the denominator of which is the value of his Total Pension (with value determined on a reasonable and consistent basis, in the discretion of the Plan Administrator, with respect to similarly situated employees).

(c) Definitions: The following definitions apply for purposes of this section.

(3) A Participant's "Total Pension" means the greater of:

(i) The amount of the Participant's pension determined under the terms of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.6(d) of Part C of the Salaried Plan; or (ii) The amount (if any) of the Participant's PEP Guarantee determined under Section 5.2.

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated with reference to the specific form and time of payment that is applicable. If the applicable form of payment is a lump sum, the Actuarial Equivalent factors in section (2) of the definition of Actuarial Equivalent in Article II shall apply for purposes of subparagraph (i) in lieu of those in the Salaried Plan.

(4) A Participant's "Salaried Plan Pension" means the amount of the Participant's pension determined under the terms of the Salaried Plan.

5.2 PEP Guarantee: A Participant who is eligible under subsection (a) below shall be entitled to a PEP Guarantee benefit determined under subsection (b) below. In the case of other Participants, the PEP Guarantee shall not apply.

(a) Eligibility: A Participant shall be covered by this section if the Participant has 1988 pensionable earnings from an Employer of at least \$75,000. For purposes of this section, "1988 pensionable earnings" means the Participant's remuneration for the 1988 calendar year that was recognized for benefits received under the Salaried Plan as in effect in

1988. "1988 pensionable earnings" does not include remuneration from an entity attributable to any period when that entity was not an Employer.

(b) PEP Guarantee Formula: The amount of a Participant's PEP Guarantee shall be determined under the applicable formula in paragraph (1), subject to the special rules in paragraph (2).

(1) Formulas: The amount of a Participant's Pension under this paragraph shall be determined in accordance with subparagraph (i) below. However, if the Participant was actively employed in a classification eligible for the Salaried Plan prior to July 1, 1975, the amount of his Pension under this paragraph shall be the greater of the amounts determined under subparagraphs (i) and (ii), provided that subparagraph (ii)(B) shall not apply in determining the amount of a Vested Pension.

(i) Formula A: The Pension amount under this subparagraph shall be:

(A) 3 percent of the Participant's Highest Average Monthly Earnings for the first 10 years of Credited Service, plus

(B) 1 percent of the Participant's Highest Average Monthly Earnings for each year of Credited Service in excess of 10 years, less

(C) 1-2/3 percent of the Participant's Primary Social Security Amount multiplied by years of Credited Service not in excess of 30 years.

In determining the amount of a Vested Pension under this Formula A, the Pension shall first be calculated on the basis of (I) the

Credited Service the Participant would have earned had he remained in the employ of the Employer until his Normal Retirement Age, and (II) his Highest Average Monthly Earnings and Primary Social Security Amount at his Severance from Service Date, and then shall be reduced by multiplying the resulting amount by a fraction, the numerator of which is the Participant's actual years of Credited Service on his Severance from Service Date and the denominator of which is the years of Credited Service he would have earned had he remained in the employ of an Employer until his Normal Retirement Age.

(ii) Formula B: The Pension amount under this subparagraph shall be the greater of (A) or (B) below:

(A) 1-1/2 percent of Highest Average Monthly Earnings times the number of years of Credited Service, less 50 percent of the Participant's Primary Social Security Amount, or

(B) 3 percent of Highest Average Monthly Earnings times the number of years of Credited Service up to 15 years, less 50 percent of the Participant's Primary Social Security Amount.

In determining the amount of a Disability Pension under Formula A or B above, the Pension shall be calculated on the basis of the Participant's Credited Service (determined in accordance with Section 3.3(d)(3) of Part C of the Salaried Plan), and his Highest Average Monthly Earnings and Primary Social Security Amount at the date of disability.

(2) Calculation: The amount of the PEP Guarantee shall be determined pursuant to paragraph (1) above, subject to the following special rules:

(i) Surviving Eligible Spouse's Annuity: Subject to subparagraph (iii) below and the last sentence of this subparagraph, if the Participant has an Eligible Spouse and has commenced receipt of an Annuity under this section, the Participant's Eligible Spouse shall be entitled to receive a survivor annuity equal to 50 percent of the Participant's Annuity under this section, with no corresponding reduction in such Annuity for the Participant. Annuity payments to a surviving Eligible Spouse shall begin on the first day of the month coincident with or following the Participant's death and shall end with the last monthly payment due prior to the Eligible Spouse's death. If the Eligible Spouse is more than 10 years younger than the Participant, the survivor benefit payable under this subparagraph shall be adjusted as provided below.

(A) For each full year more than 10 but less than 21 that the surviving Eligible Spouse is younger than the Participant, the survivor benefit payable to such spouse shall be reduced by 0.8 percent.

(B) For each full year more than 20 that the surviving Eligible Spouse is younger than the Participant, the survivor benefit payable to such spouse shall be reduced by an additional 0.4 percent.

(ii) Reductions: The following reductions shall apply in determining a Participant's PEP Guarantee.

(A) If the Participant will receive an Early Retirement Pension, the payment amount shall be reduced by 3/12ths of 1 percent

for each month by which the benefit commencement date precedes the date the Participant would attain his Normal Retirement Date.

(B) If the Participant is entitled to a Vested Pension, the payment amount shall be reduced to the Actuarial Equivalent of the amount payable at his Normal Retirement Date (if payment commences before such date), and the Section 4.6(b) reductions for any Pre-Retirement Spouse's coverage shall apply.

(C) This clause applies if the Participant will receive his Pension in a form that provides an Eligible Spouse benefit, continuing for the life of the surviving spouse, that is greater than that provided under subparagraph (i). In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of the Pension otherwise payable under the foregoing provisions of this section.

(D) This clause applies if the Participant will receive his Pension in a form that provides a survivor annuity for a beneficiary who is not his Eligible Spouse. In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of a Single Life Annuity for the Participant's life.

(E) This clause applies if the Participant will receive his Pension in an Annuity form that includes inflation protection described in Section 6.2(b). In this instance, the Participant's Pension under this

section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of the elected Annuity without such protection.

(iii) Lump Sum Conversion: The amount of the Retirement Pension determined under this section for a Participant whose Retirement Pension will be distributed in the form of a lump sum shall be the Actuarial Equivalent of the Participant's PEP Guarantee determined under this section, taking into account the value of any survivor benefit under subparagraph (i) above and any early retirement reductions under subparagraph (ii)(A) above.

5.3 Amount of Pre-Retirement Spouse's Pension: The monthly amount of the Pre-Retirement Spouse's Pension payable to a surviving Eligible Spouse under Section 4.6 shall be determined under subsection (a) below.

(a) Calculation: An Eligible Spouse's Pre-Retirement Spouse's Pension shall be the difference between:

- (1) The Eligible Spouse's Total Pre-Retirement Spouse's Pension, minus
- (2) The Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension.

(b) Definitions: The following definitions apply for purposes of this section.

- (1) An Eligible Spouse's "Total Pre-Retirement Spouse's Pension" means the greater of:
 - (i) The amount of the Eligible Spouse's pre-retirement spouse's pension determined under the terms of the Salaried Plan, but without

regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.6(d) of Part C of the Salaried Plan; or (ii) The amount (if any) of the Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension determined under subsection (c).

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated with reference to the specific time of payment applicable to the Eligible Spouse.

(c) PEP Guarantee Pre-Retirement Spouse's Pension: An Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension shall be determined in accordance with paragraph (1) or (2) below, whichever is applicable, with reference to the PEP Guarantee (if any) that would have been available to the Participant under Section 5.2.

(1) Normal Rule: The Pre-Retirement Spouse's Pension payable under this paragraph shall be equal to the amount that would be payable as a survivor annuity, under a Qualified Joint and Survivor Annuity, if the Participant had:

- (i) Separated from service on the date of death (or, if earlier, his actual Severance from Service Date);
- (ii) Commenced a Qualified Joint and Survivor Annuity on the same date payments of the Qualified Pre-Retirement Spouse's Pension are to commence; and (iii) Died on the day immediately following such commencement.

If payment of a Pre-Retirement Spouse's Pension under this paragraph commences prior to the date which would have been the Participant's Normal Retirement Date,

appropriate reductions for early commencement shall be applied to the Qualified Joint and Survivor Annuity upon which the Pre-Retirement Spouse's Pension is based.

(2) Special Rule for Active and Disabled Employees: Notwithstanding paragraph (1) above, the Pre-Retirement Spouse's Pension paid on behalf of a Participant described in Section 4.6(a) shall not be less than an amount equal to 25 percent of such Participant's PEP Guarantee determined under Section 5.2. For this purpose, Credited Service shall be determined as provided in Section 3.3(d)(2) of Part C of the Salaried Plan, and the deceased Participant's Highest Average Monthly Earnings, Primary Social Security Amount and Covered Compensation shall be determined as of his date of death. A Pre-Retirement Spouse's Pension under this paragraph is not reduced for early commencement.

5.4 Certain Adjustments: Pensions determined under the foregoing sections of this Article are subject to adjustment as provided in this section. For purposes of this section, "specified plan" shall mean the Salaried Plan or a nonqualified pension plan similar to this Plan. A nonqualified pension plan is similar to this Plan if it is sponsored by a member of the PBG Organization and if its benefits are not based on participant pay deferrals (this category of similar plans includes the PepsiCo Prior Plan).

(a) Adjustments for Rehired Participants: This subsection shall apply to a current or former Participant who is reemployed after his Annuity Starting Date and whose benefit under the Salaried Plan is recalculated based on an additional period of Credited Service. In the event of any such recalculation, the Participant's Pre-409A Pension shall also be recalculated hereunder. For this purpose, the PEP Guarantee under Section 5.2 is adjusted for in-service distributions and prior distributions in the same manner as benefits are adjusted

under the Salaried Plan, but by taking into account benefits under this Plan and any specified plans.

(b) Adjustment for Increased Pension Under Other Plans: If the benefit paid under a specified plan on behalf of a Participant is increased after PEP benefits on his behalf have been determined (whether the increase is by order of a court, by agreement of the plan administrator of the specified plan, or otherwise), the PEP benefit for the Participant shall be recalculated. If the recalculation identifies an overpayment hereunder, the Plan Administrator shall take such steps as it deems advisable to recover the overpayment. It is specifically intended that there shall be no duplication of payments under this Plan and any specified plans.

5.5 Excludable Employment: Effective for periods of employment on or after June 30, 1997, an executive classified as level 22 or above whose employment by an Employer is for a limited duration assignment shall not become entitled to a benefit or to any increase in benefits in connection with such employment.

ARTICLE VI – Distribution Options

The terms of this Article govern the distribution of benefits to a Participant who becomes entitled to payment of a Pension under the Plan.

6.1 Form and Timing of Distributions: This section shall govern the form and timing of distributions of Pre-409A Pensions that begin on or after March 1, 1992. Plan distributions that begin before that date shall be governed by Prior Plan as in effect at the time of the distribution. The provisions of this Section 6.1 are in all cases subject to the cashout rules set forth in Section 4.9.

(a) No Advance Election: This subsection shall apply to a Participant: (i) who does not have an Advance Election in effect as of the close of business on the day before his

Retirement Date, or (ii) who terminates employment prior to Retirement. Subject to the next sentence, a Participant described in this subsection shall be paid his Pre-409A Pension in the same form and at the same time as he is paid his Pension under the Salaried Plan. If a Participant's Salaried Plan Annuity Starting Date occurs while he is still an employee of the PBG Organization (because of the time of payment provisions in Code section 401(a)(9)), payment under the Plan shall not begin until the first of the month next following the Participant's Severance from Service Date. In this instance, the form of payment under this Plan shall remain that applicable under the Salaried Plan.

(b) Advance Election in Effect: This subsection shall apply to a Participant: (i) who has an Advance Election in effect as of the close of business on the day before his Retirement Date, and (ii) whose Retirement Date is after 1993. To be in effect, an Advance Election must meet the advance receipt and other requirements of Section 6.3(b).

(1) Lump Sum Election: If a Participant covered by this subsection has an Advance Election to receive a Single Lump Sum in effect as of the close of business on the day before his Retirement Date, the Participant's Retirement Pension under the Plan shall be paid as a Single Lump Sum as of the first of the month coincident with or next following his Retirement Date.

(2) Annuity Election: If a Participant covered by this subsection has an Advance Election to receive an Annuity in effect as of the close of business on the day before his Retirement Date, the Participant's Retirement Pension under the Plan shall be paid in an Annuity beginning on the first of the month coincident with or next following his Retirement Date. The following provisions of this paragraph govern the form of Annuity payable in the case of a Participant described in this paragraph.

(i) Salaried Plan Election: A Participant who has a qualifying Salaried Plan election shall receive his distribution in the same form of Annuity the Participant selected in such qualifying Salaried Plan election. For this purpose, a “qualifying Salaried Plan election” is a written election of a form of payment by the Participant that: (A) is currently in effect under the Salaried Plan as of the close of business on the day before the Participant’s Retirement Date, and (B) specifies an Annuity as the form of payment for all or part of the Participant’s Retirement Pension under the Salaried Plan. For purposes of the preceding sentence, a Participant who elects a combination lump sum and Annuity under the Salaried Plan is considered to have specified an Annuity for part of his Salaried Plan Pension.

(ii) PEP Election: A Participant who is not covered by subparagraph (i) and who has a PEP Election in effect as of the close of business on the day before his Retirement Date shall receive his distribution in the form of Annuity the Participant selects in such PEP Election.

(iii) No PEP Election: A Participant who is not covered by subparagraph (i) or (ii) above shall receive his distribution in the form of a Qualified Joint and Survivor Annuity if he is married, or in the form of a Single Life Annuity if he is not married. For purposes of this subparagraph (iii), a Participant shall be considered married if he is married on the day before his Retirement Date.

6.2 Available Forms of Payment: The forms of payment set forth in subsections (a) and (b) may be provided to any Participant who is entitled to a Retirement Pension. The forms

of payment for other Participants are set forth in subsection (c) below. The provisions of this section are effective for Annuity Starting Dates after 1989 and earlier distributions shall be governed by the Prior Plan as in effect at the time of distribution.

(a) Basic Forms of Payment: A Participant's Retirement Pension shall be distributed in one of the forms of payment listed in this subsection. The particular form of payment applicable to a Participant shall be determined in accordance with Section 6.1. Payments shall commence on the date specified in Section 6.1 and shall end on the date specified in this subsection.

(1) Single Life Annuity Option: A Participant may receive his Pension in the form of a Single Life Annuity, which provides monthly payments ending with the last payment due prior to his death.

(2) Survivor Options: A Participant may receive his Pension in accordance with one of the following survivor options:

(i) 100 percent Survivor Option: The Participant shall receive a reduced Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the same reduced amount shall continue after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(ii) 75 percent Survivor Option: The Participant shall receive a reduced Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 75 percent of such reduced Pension shall be continued after the Participant's death to his beneficiary for life,

beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(iii) 50 percent Survivor Option: The Participant shall receive a reduced Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 50 percent of such reduced Pension shall be continued after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death. A 50 percent survivor option under this paragraph shall be a Qualified Joint and Survivor Annuity if the Participant's beneficiary is his Eligible Spouse.

(iv) Ten Years Certain and Life Option: The Participant shall receive a reduced Pension which shall be payable monthly for his lifetime but for not less than 120 months. If the retired Participant dies before 120 payments have been made, the monthly Pension amount shall be paid for the remainder of the 120 month period to the Participant's primary beneficiary (or if the primary beneficiary has predeceased the Participant, the Participant's contingent beneficiary).

(3) Single Lump Sum Payment Option: A Participant may receive payment of his Pension in the form of a Single Lump Sum payment.

(4) Combination Lump Sum/Monthly Benefit Option: A Participant who does not have an Advance Election in effect may receive a portion of his Pension in

the form of a lump sum payment, and the remaining portion in the form of one of the monthly benefits described in paragraphs (1) and (2) above. The Pension is divided between the two forms of payment based on the whole number percentages designated by the Participant on a form provided for this purpose by the Plan Administrator. For the election to be effective, the sum of the two percentages designated by the Participant must equal 100 percent.

(i) The amount of the Pension paid in the form of a lump sum is determined by multiplying: (A) the amount that would be payable to the Participant as a Single Lump Sum payment if the Participant's entire benefit were payable in that form, by (B) the percentage that the Participant has designated for receipt in the form of a lump sum.

(ii) The amount of the Pension paid in the form of a monthly benefit is determined by multiplying: (A) the amount of the monthly benefit elected by the Participant, determined in accordance with paragraph (1) or (2) above (whichever applies), by (B) the percentage that the Participant has designated for receipt in the form of a monthly benefit.

(b) Inflation Protection: The following levels of inflation protection may be provided to any Participant who is entitled to a Retirement Pension (except to the extent such Pension is paid as a lump sum).

(1) 5 percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 5 percent. The amount of the increase shall be the difference between inflation in the prior year and 5 percent.

(2) 7 percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 7 percent. The amount of the increase shall be the difference between inflation in the prior year and 7 percent.

Benefits shall be subject to increase in accordance with this subsection each January 1, beginning with the second January 1 following the Participant's Annuity Starting Date. The amount of inflation in the prior year shall be determined based on inflation in the 12 month period ending on September 30 of such year, with inflation measured in the same manner as applies on January 1, 1989 for adjusting Social Security benefits for changes in the cost of living. Inflation protection that is in effect shall carry over to any survivor benefit payable on behalf of a Participant, and shall increase the otherwise applicable survivor benefit as provided above. Any election by a Participant to receive inflation protection shall be irrevocable by such Participant or his surviving beneficiary.

(c) Available Options for Vested Benefits: The forms of payment available for a Participant with a Vested Pension are a Qualified Joint and Survivor Annuity for married Participants and a Single Life Annuity for both married and unmarried Participants. The applicable form of payment shall be determined in accordance with Section 6.1(a).

6.3 Procedures for Elections: This section sets forth the procedures for making Advance Elections and PEP Elections.

(a) In General: To qualify as an Advance Election or PEP Election for purposes of Section 6.1, an election must be made in writing, on the form designated by the Plan Administrator, and must be signed by the Participant. These requirements also apply to

any revocations of such elections. Spousal consent is not required for any election (or revocation of election) under the Plan.

(b) Advance Election: To qualify as an Advance Election, an election must be made under this Plan on or after July 15, 1993 and meet the following requirements.

(1) Election: The Participant shall designate on the Advance Election form whether the Participant elects to take his Pension in the form of an Annuity or a Single Lump Sum.

(2) Receipt by Plan Administrator: The Advance Election must be received by the Plan Administrator before the start of the calendar year containing the Participant's Retirement Date, and at least 6 months before that Retirement Date. An election that meets the foregoing requirements shall remain effective until it is changed or revoked.

(3) Change or Revocation of Election: A Plan Participant may change an Advance Election by filing a new Election that meets the foregoing requirements. A Plan Participant may revoke an Advance Election only by filing a revocation that is received by the Plan Administrator before the start of the calendar year containing the Plan Participant's Retirement Date, and at least 6 months before that Retirement Date.

Any Advance Election by a Participant shall be void if the Participant is not entitled to a Retirement Pension.

(c) PEP Election: A PEP Election may only be made by a Participant who has an Advance Election to receive an Annuity in effect at the time his PEP Election is received by the Plan Administrator. In determining whether an Advance Election is in effect for this

purpose, the advance receipt requirement of subsection (b)(2) shall be considered met if it will be met by the Participant's proposed Retirement Date.

(1) Election: The Participant shall designate on the PEP Election form the Annuity form of benefit the Participant selects from those described in Section 6.2, including the Participant's choice of inflation protection, subject to the provisions of this Article VI. The forms of payment described in Section 6.2(a)(3) and (4) are not available pursuant to a PEP Election.

(2) Receipt by the Plan Administrator: The PEP Election must be received by the Plan Administrator no earlier than 90 days before the Participant's Retirement Date, and no later than the close of business on the day before the Participant's Retirement Date. The Participant shall furnish proof of the age of his beneficiary (including his Eligible Spouse if applicable), to the Plan Administrator by the day before the Participant's Retirement Date, for any form of payment which is subject to reduction in accordance with subsection 6.2(c) above.

A Participant may change his PEP Election by filing a new Election with the Plan Administrator that meets the foregoing requirements. The Participant's PEP Election shall become effective at the close of business on the day before the Participant's Retirement Date. Any PEP Election by a Participant shall be void if the Participant does not have an Advance Election in effect at such time.

(d) Elections Rules for Annuity Starting Dates: When amounts become payable to a Participant in accordance with Article IV, they shall be payable as of the Participant's Annuity Starting Date and the election procedures (in this section and Sections 6.1 and 6.5) shall apply to all of the Participant's unpaid accruals as of such Annuity Starting Date,

with the following exception. In the case of a Participant who is rehired after his initial Annuity Starting Date and who (i) is currently receiving an Annuity that remained in pay status upon rehire, or (ii) was previously paid a lump sum distribution (other than a cashout distribution described in Section 4.9(a)), the Participant's subsequent Annuity Starting Date (as a result of his termination of reemployment), and the election procedures at such subsequent Annuity Starting Date, shall apply only to the portion of his benefit that accrues after his rehire. Any prior accruals that remain to be paid as of the Participant's subsequent Annuity Starting Date shall continue to be payable in accordance with the elections made at his initial Annuity Starting Date.

For purposes of this section, an election shall be treated as received on a particular day if it is: (A) postmarked that day, or (B) actually received by the Plan Administrator on that day. Delivery under clause (B) must be made by the close of business, which time is to be determined by the Plan Administrator.

6.4 Special Rules for Survivor Options:

(a) Effect of Certain Deaths: If a Participant makes a PEP Election for a form of payment described in Section 6.2(a)(2) and the Participant or his beneficiary (beneficiaries in the case of Section 6.2(a)(2)(iv)) dies before the PEP Election becomes effective, the election shall be disregarded. If the Participant dies after such PEP Election becomes effective but before his Retirement Pension actually commences, the election shall be given effect and the amount payable to his surviving Eligible Spouse or other beneficiary shall commence on the first day of the month following his death (any back payments due the Participant shall be payable to his estate). In the case of a Participant who has elected the form of payment described in Section 6.2(a)(2)(iv), if such Participant dies: (i) after the PEP Election has become effective, (ii)

without a surviving primary or contingent beneficiary, and (iii) before receiving 120 payments under the form of payment, then the remaining payments due under such form of payment shall be paid to the Participant's estate. If payments have commenced under such form of payment to a Participant's primary or contingent beneficiary and such beneficiary dies before payments are completed, then the remaining payments due under such form of payment shall be paid to such beneficiary's estate.

(b) Nonspouse Beneficiaries: If a Participant's beneficiary is not his Eligible Spouse, he may not elect:

(1) The 100 percent survivor option described in Section 6.2(a)(2)(i) if his nonspouse beneficiary is more than 10 years younger than he is, or

(2) The 75 percent survivor option described in Section 6.2(a)(2)(ii) if his nonspouse beneficiary is more than 19 years younger than he is.

6.5 Designation of Beneficiary: A Participant who has elected to receive all or part of his pension in a form of payment that includes a survivor option shall designate a beneficiary who will be entitled to any amounts payable on his death. Such designation shall be made on a PEP Election Form or an approved election form filed under the Salaried Plan, whichever is applicable. In the case of the survivor option described in Section 6.2(a)(2)(iv), the Participant shall be entitled to name both a primary beneficiary and a contingent beneficiary. A Participant (whether active or former) shall have the right to change or revoke his beneficiary designation at any time prior to when his election is finally effective. The designation of any beneficiary, and any change or revocation thereof, shall be made in accordance with rules adopted by the Plan Administrator. A beneficiary designation shall not be effective unless and until filed with the Plan Administrator (or for periods before the Effective Date, the Plan

Administrator under the Prior Plan). If no beneficiary is properly designated, then a Participant's election of a survivor's option described in Section 6.2(a)(2) shall not be given effect.

APPENDIX

Foreword

This Appendix sets forth additional provisions applicable to individuals specified in the Articles of this Appendix. In any case where there is a conflict between the Appendix and the main text of the Plan, the Appendix shall govern.

ARTICLE A – 1993 Accruals

This Article A of the Appendix shall be effective on the date the Plan is adopted.

A.1 1993 Accruals: This section shall apply to any individual: (i) who was a Salaried Plan Participant and employed by the PBG Organization on December 31, 1993, (ii) whose Salaried Plan Pension was vested during 1993 (or would have become vested in 1994 if his Service after 1993 included the assumed period of continued service specified in (a)(1) below), and (iii) whose minimum 1993 Pension in subsection (a) below is not derived solely from that portion of the Plan described in (c) of Article X of the main portion of this Plan document. In determining the amount of the 1993 and 1994 Pension amounts for any such individual, the provisions set forth in subsections (a) and (b) below shall apply.

(a) Minimum 1993 Pension: Any individual who is covered by this section shall accrue a minimum 1993 Pension as of December 31, 1993. In determining the amount of such individual's minimum 1993 Pension, the following shall apply.

(1) An individual's Service and Credited Service as of the end of 1993 shall be assumed to equal the respective Service and Credited Service he would have if

his Service continued through December 31, 1994. Notwithstanding the preceding sentence, the assumed period of continued Service shall be less to the extent PepsiCo, Inc.'s human resource records on December 31, 1993 reflected a scheduled termination date in 1994 for such individual. In this case, the individual's assumed period of continued service shall be the portion of 1994 that ends with such scheduled termination date.

(2) An individual's Highest Average Monthly Earnings as of the end of 1993 shall be adjusted by the actuary's salary scale assumption which is used under the Salaried Plan, so that they equal the amount such scale projects for the individual as of the end of 1994. Notwithstanding the preceding sentence, the following special rules shall apply.

(i) A higher salary scale assumption shall be used for anyone whose projected 1994 earnings as reflected on the "Special PEP Salary Scale" of the PBG Benefits Department on December 31, 1993 were higher than would be assumed under the first sentence of this paragraph. In this case, the individual's 1993 earnings shall be adjusted using such higher salary scale.

(ii) In the case of an individual whose assumed period of service under paragraph (1) above is less than all of 1994, the salary adjustment under the preceding provisions of this paragraph shall be reduced to the amount that would apply if the individual had no earnings after his scheduled termination date.

(3) An individual's attained age as of the end of 1993 shall be assumed to be the age he would have at the end of the assumed period of continued service applicable under paragraph (1) above.

Any individual who is covered by this section, and who is not otherwise vested as of December 31, 1993, shall be vested as of such date in both his Pension (determined without regard to this subsection) and his minimum 1993 Pension. For purposes of this subsection, Code section 401(a)(17) shall be applied in 1993 by giving effect to the amendments to such Code section made by the Omnibus Budget Reconciliation Amendments of 1993.

(b) Determination of Later Accruals: If a participant in the Salaried Plan accrues a minimum 1993 Pension under subsection (a) above, the amount of any Pre-409A Pension that accrues thereafter shall be only the amount by which the Pre-409A Pension that would otherwise accrue for years after 1993 exceeds his minimum 1993 Pension under subsection (a).

ARTICLE P98 – PepsiCo Special Early Retirement Benefit

P98.1 Scope: This Article supplements the main portion of the Plan document with respect to the rights and benefits of Covered Employees on and after the Effective Date.

P98.2 Definitions: This section provides definitions for the following words or phrases in boldface and underlined. Where they appear in this Article with initial capitals they shall have the meaning set forth below. Except as otherwise provided in this Article, all defined terms shall have the meaning given to them in Section 2.1 of the Plan.

(a) Article: This Article P98 of the Appendix to the Plan.

(b) Covered Employee: An Employee who does not meet the eligibility requirements for the Salaried Plan Early Retirement Benefit as of his Severance Date solely because he is a highly compensated employee within the meaning of Article S and Section S.3(a)(4) of the Appendix to the Legacy PBG Salaried Employees Retirement Plan in Part C of the Salaried Plan document.

(c) Effective Date: The date the provisions of this Article are effective, which shall be February 1, 1998.

(d) Salaried Plan Special Early Retirement Benefit: The special early retirement benefit for certain Company employees referred to in Section S.3(b) of the Appendix to the Legacy PBG Salaried Employees Retirement Plan in Part C of the Salaried Plan document.

(e) Severance Date: The involuntary termination of employment referred to in Section S.2(b)(1) of the Appendix to the Legacy PBG Salaried Employees Retirement Plan in Part C of the Salaried Plan document, that qualifies an eligible Employee for status as a Covered Employee.

P98.3 Amount and Form of Retirement Pension: In lieu of any benefits he would otherwise be entitled to under this Plan, a Covered Employee shall receive a single lump sum benefit as soon as administratively practical following his Severance Date. No other benefits under this Plan are payable to a Participant who is entitled to a benefit under this section. The amount of such lump sum shall be the excess of:

(a) The Actuarial Equivalent present value of the Covered Employee's Total Pension (as defined in Section 5.1(c)) determined as of his Severance Date, for this purpose treating the Covered Employee as eligible for the Salaried Plan Special Early Retirement Benefit, and treating the benefit as commencing on his Severance Date; over

(b) The Actuarial Equivalent present value of the Covered Employee's Salaried Plan Pension (as defined in Section 5.1(c)) determined as of his Severance Date, for this purpose determining the benefit without regard to this Appendix, and treating the benefit as commencing on his Normal Retirement Date.

For purposes of this calculation, amounts shall be determined as of the Participant's Severance Date, "Actuarial Equivalent" shall be based on the factors in effect on such date using the definition in section (2) of Actuarial Equivalent for lump sums conversions, and the Participant shall be treated as taking his Total Pension in the form of a Single Life Annuity. In the case of a Covered Employee who is eligible for a PEP Guarantee (as defined in Section 5.2), and for purposes of subsection (a) only, the reduction factors for early commencement of a PEP Guarantee under Section 5.2 of this Plan shall apply in lieu of those in the Salaried Plan Special Early Retirement Benefit formula if they provide a greater PEP benefit.

Article IPO – Transferred and Transition Individuals

IPO.1 *Scope*: This Article supplements the main portion of the Plan document with respect to the rights and benefits of Transferred and Transition Individuals following the spinoff of this Plan from the PepsiCo Prior Plan.

IPO.2 Definitions: This section provides definitions for the following words or phrases in boldface and underlined. Where they appear in this Article with initial capitals they shall have the meaning set forth below. Except as otherwise provided in this Article, all defined terms shall have the meaning given to them in Section 2.1 of the Plan.

(a) Agreement: The 1999 Employee Programs Agreement between PepsiCo, Inc. and The Pepsi Bottling Group, Inc.

- (b) Close of the Distribution Date: This term shall take the definition given it in the Agreement.
- (c) Transferred Individual: This term shall take the definition given it in the Agreement.
- (d) Transition Individual: This term shall take the definition given it in the Agreement.

IPO.3 Rights of Transferred and Transition Individuals: All Transferred Individuals who participated in the PepsiCo Prior Plan immediately prior to the Effective Date shall be Participants in this Plan as of the Effective Date. The spinoff of this Plan from the PepsiCo Prior Plan shall not result in a break in the Service or Credited Service of Transferred Individuals or Transition Individuals. Notwithstanding anything in the Plan to the contrary, and as provided in Section 2.04 of the Agreement, all service, all compensation, and all other benefit-affecting determinations for Transferred Individuals that, as of the Close of the Distribution Date, were recognized under the PepsiCo Prior Plan for periods immediately before such date, shall as of the Effective Date continue to receive full recognition, credit and validity and shall be taken into account under this Plan as if such items occurred under this Plan, except to the extent that duplication of benefits would result. Similarly, notwithstanding anything to the contrary in the Plan, the benefits of Transition Individuals shall be determined in accordance with section 8.02 of the Agreement.

ARTICLE PAC

Guiding Principles Regarding Benefit Plan Committee Appointments

PAC.1 Scope. This Article PAC supplements the PepsiCo Pension Equalization Plan document with respect to the appointment of the members of the PAC.

PAC.2 General Guidelines. To be a member of the PAC, an individual must:

- (a) Be an employee of the PepsiCo Organization at a Band 1 or above level,
- (b) Be able to give adequate time to committee duties, and
- (c) Have the character and temperament to act prudently and diligently in the exclusive interest of the Plan's participants and beneficiaries.

PAC.3 PAC Guidelines. In addition to satisfying the requirements set forth in Section PAC.2, the following guidelines will also apply to the PAC membership:

- (a) Each member of the PAC should have experience with benefit plan administration or other experience that can readily translate to a role concerning ERISA plan administration,
- (b) The membership of the PAC as a whole should have experience and expertise with respect to the administration of ERISA health and welfare and retirement plans, and
- (c) Each member of the PAC should be capable of prudently evaluating the reasonableness of expenses that are charged to the Plan.

PAC.4 Additional Information. The Chair of the PAC may seek information from Company personnel, including the Controller, CFO and CHRO, in connection with his identification of well qualified candidates for committee membership.

PAC.5 Role of the Guidelines. The foregoing guidelines in this Article PAC are intended to guide the Chair of the PAC in the selection of committee members; however, they neither diminish nor enlarge the legal standard applicable under ERISA.

Foreword

The PepsiCo Pension Equalization Plan ("PEP" or "Plan") has been established by PepsiCo for the benefit of salaried employees of the PepsiCo Organization who participate in the Salaried Plan. PEP provides benefits for eligible employees whose pension benefits under the Salaried Plan are limited by the provisions of the Internal Revenue Code of 1986, as amended. In addition, PEP provides benefits for certain eligible employees based on the pre-1989 Salaried Plan formula (see, for example, Part B thereof).

1989 Restatement. The Plan was amended and restated in its entirety in 1989.

409A Program Document 2005 Restatement. The Plan was last amended and restated in its entirety effective as of January 1, 2005. The 2005 restatement sets forth the terms of the Plan that are applicable to benefits that are subject to Section 409A, *i.e.*, generally, benefits that are earned or vested after December 31, 2004 or materially modified within the meaning of Treas. Reg. § 1.409A-6(a)(4) (the "409A Program").

Amendments to the 2005 Restatement. The 2005 restatement was amended to reflect the merger into this Plan of the PBG Pension Equalization Plan ("PBG PEP"), effective at the end of the day on December 31, 2011. The PBG PEP document that was in effect on April 1, 2009, as amended through January 1, 2011 (the "409A PBG PEP Document") is attached hereto as Appendix Article PBG 409A and shall continue to govern PBG PEP benefits that were subject to the 409A PBG PEP Document prior to the Plan merger, except for certain administrative provisions that are now governed by the main portion of the 409A PepsiCo PEP Document as is explained in Appendix Article PBG 409A. There has been no change to the time or form of payment of benefits that are subject to Internal Revenue Code Section 409A ("Section 409A")

under either the PepsiCo PEP or PBG PEP Documents as a result of the merger or the revisions to the 409A PepsiCo PEP Document and 409A PBG PEP Document.

2017, 2019, and 2021 Restatements. This restatement of the 409A Program Document is effective as of January 1, 2021. Before this restatement, the 409A Program Document was most recently restated effective as of January 1, 2019 and prior to that, effective as of January 1, 2017.

Interplay of this 409A Program and Pre-409A Program. All benefits under the Plan that are not subject to the 409A Program (i.e., generally, benefits that are earned or vested before January 1, 2005 and not materially modified thereafter within the meaning of Treas. Reg. § 1.409A-6(a)(4)) shall be governed by the Plan Document for the Pre-Section 409 Program (the “Pre-409A Program”). Together, this document and the document for the Pre-409A Program describe the terms of a single plan. However, amounts subject to the terms of this 409A Program and amounts subject to the terms of the Pre-409A Program shall be tracked separately at all times. The preservation of the terms of the Pre-409A Program, without material modification, and the separation between the 409A Program amounts and the Pre-409A Program amounts are intended to be sufficient to permit the pre-409A Program to remain exempt from Section 409A as grandfathered benefits.

Freeze of the Salaried Plan. In general, the Plan provides benefits that make up for benefits that would accrue under the Salaried Plan but for certain Code limitations on benefits and compensation that apply to the Salaried Plan. As a result, a Participant’s accrual of Plan benefits and a Participant’s growing into certain benefit enhancements (such as more favorable early commencement factors) are generally tied to the Participant’s accrual of benefits and growing into benefit enhancements under the Salaried Plan. For certain

Participants, there are special provisions in Section 5.2 (the “PEP Guarantee”) or the Appendix that provide a benefit accrual opportunity that goes beyond providing a make up for the application of Code limitations to the Salaried Plan. Regardless, however, the freeze on accruals under the Salaried Plan that is effective as of the end of the day on December 31, 2025 also freezes all accruals under this Plan effective as of that time. In addition, the Salaried Plan’s operational rules with respect to the ability to grow into benefit enhancements after December 31, 2025 govern the ability to grow into benefit enhancements after December 31, 2025 under this Plan.

ARTICLE II

Definitions and Construction

2.1 Definitions: This section provides definitions for certain words and phrases listed below. Where the following words and phrases, in boldface and underlined, appear in this Plan document (including the Foreword) with initial capitals they shall have the meaning set forth below, unless a different meaning is plainly required by the context.

Accrued Benefit: The Pension payable at Normal Retirement Date determined in accordance with Article V, based on the Participant's Highest Average Monthly Earnings and Credited Service at the date of determination.

Actuarial Equivalent: Except as otherwise specifically set forth in the Plan or any Appendix to the Plan with respect to a specific benefit determination, a benefit of equivalent value computed on the basis of the factors set forth below. The application of the following assumptions to the computation of benefits payable under the Plan shall be done in a uniform and consistent manner. In the event the Plan is amended to provide new rights, features or benefits, the following actuarial factors shall not apply to these new elements unless specifically adopted by the amendment.

(1) **Annuities and Inflation Protection**: To determine the amount of a Pension payable in the form of a Qualified Joint and Survivor Annuity or optional form of survivor annuity, as an annuity with inflation protection, or as a period certain and life annuity, the Plan Administrator shall select the factors that are to be used. Effective January 1, 2009, the factors selected by the Plan Administrator are set forth in Schedule 1, below (prior

factors appear in the Appendix). Thereafter, the Plan Administrator shall review such factors for forms of payment (including for annuities and lump sums) from time to time and shall amend such factors in its discretion. In general, a Participant shall have no right to have any of the actuarial factors specified for forms of payment under the Plan from time to time applied to his benefit (or any portion thereof), except to the extent that a particular factor is currently in effect at the time it is to be applied under the Plan. For the avoidance of doubt, it is expressly intended and binding upon Participants that any actuarial factors for forms of payment selected by the Plan Administrator from time-to-time may be applied retroactively to already accrued benefits, and without regard to the actuarial factors that may have applied previously for such purpose. However, in adjusting benefits under the Plan using those factors in Schedule 1 (below) that become effective for Annuity Starting Dates on or after January 1, 2019, the right to receive a benefit that is not less than would have applied under the prior basis for this adjustment shall apply to the same extent (and in the same manner) as applies under the Salaried Plan with respect to the 2019 Salaried Plan Factors. For this purpose, the phrase "2019 Salaried Plan Factors" refers to the new factors that appear in the Salaried Plan's definition of "Actuarial Equivalent" effective for annuity starting dates (as defined under the Salaried Plan) on or after January 1, 2019. Effective for Annuity Starting Dates on or after January 1, 2019, if a Participant elects a survivor, period certain annuity or other death benefit annuity with inflation protection, Schedule 1(b) shall apply to adjust the Single Life Annuity for the survivor benefit, period certain or other

death benefit, and Schedule 1(c) or (d) shall apply solely to adjust for the elected inflation protection (for this purpose and as applies generally when determining an Actuarial Equivalent, the adjustment resulting from applying these factors from separate Schedules shall be determined using an actuarial computation method that is reasonable and applied consistently to similarly situated participants).

SCHEDULE 1

<u>Date</u>	<u>Mortality Table Factors</u>	<u>Interest Rate Factor</u>
Annuity Starting Dates from 1/1/2009 until 12/31/2018	GAR 94	5%
Annuity Starting Dates on or After 1/1/2019 Except for Inflation Protection	The 2019 mortality table*	5%
Annuity Starting Dates on or After 1/1/2019 for 5% Inflation Protection	The 2019 mortality table*	4.2%
Annuity Starting Dates on or After 1/1/2019 for 7% Inflation Protection	The 2019 mortality table*	4.6%

*As this term is defined in the Salaried Plan's definition of "Actuarial Equivalent"

(2) **Lump Sums**: To determine the lump sum value of a Pension, a Pre-Retirement Spouse's Pension under Section 4.6, or a Pre-Retirement Domestic Partner's Pension under Section 4.12, the lump sum equivalent factors currently applicable to lump sum distributions under the Salaried Plan shall apply (disregarding transition factors). These factors are subject to change in accordance with paragraph (1) above.

(3) **Other Cases**: To determine the adjustment to be made in the Pension payable to or on behalf of a Participant in other cases, the factors are those applicable for such purpose under the Salaried Plan. In this respect, the 2019 Salaried Plan Factors shall be effective hereunder for Annuity Starting Dates (as defined under this Plan) on or after January 1, 2019. These factors are subject to change in accordance with paragraph (1) above.

Annuity: A Pension payable as a series of monthly payments for at least the life of the Participant.

Annuity Starting Date: The Annuity Starting Date shall be the first day of the first period for which an amount is payable under this Plan as an annuity or in any other form. A Participant who: (1) is reemployed after his initial Annuity Starting Date, and (2) is entitled to benefits hereunder after his reemployment, shall have a subsequent Annuity Starting Date for such benefits only to the extent provided in Section 6.3(b).

Cashout Limit: The annual dollar limit on elective deferrals under Code section 402(g)(1)(B), as in effect from time to time.

Code: The Internal Revenue Code of 1986, as amended from time to time. All references herein to particular Code Sections shall also refer to any successor provisions and shall include all related regulations, interpretations and other guidance.

Company: PepsiCo, Inc., a corporation organized and existing under the laws of the State of North Carolina or its successor or successors.

Covered Compensation: "Covered Compensation" as that term is defined in Part B of the Salaried Plan.

Credited Service: The period of a Participant's employment, calculated in accordance with Section 3.3, which is counted for purposes of determining the amount of benefits payable to, or on behalf of, the Participant.

Disability Retirement Pension: The Retirement Pension available to a Participant under Section 4.5.

Early 409A Retirement Pension: The 409A Retirement Pension available to a Participant under Section 4.2.

Elapsed Time Service: The period of time beginning with a Participant's first date of employment with the PepsiCo Organization and ending with the Participant's Final Separation from Service, irrespective of any breaks in service between those two dates. By way of illustration, if a Participant began employment with the PepsiCo Organization on January 1, 2000, left the employment of the PepsiCo Organization from January 1, 2001 until December 31, 2004, and was then reemployed by the PepsiCo Organization on January 1, 2005 until he had a Final Separation from Service on December 31, 2008, the Participant would have eight years of Elapsed Time Service as of his Final Separation from Service.

Eligible Domestic Partner. The definition in this Section 2.1 is effective for applicable dates on and after January 1, 2019, and applies solely to a Participant who is actively employed by, or on an Authorized Leave of Absence from, a member of the PepsiCo Organization on or after January 1, 2019. For other dates or Participants, see Appendix Article H.

(1) **Definition.** For applicable dates on or after January 1, 2019, "Eligible Domestic Partner" means an individual who is of the same sex or opposite sex as the Participant and who satisfies paragraph (a), (b) or (c), subject to the additional rules set forth in paragraph (e).

(a) **Civil Union.** If on the applicable date the Participant has entered into a civil union that is valid on the applicable date in the state in which it was entered into, the Participant's Eligible Domestic

Partner (if any) is the individual with whom the Participant has entered into such a civil union.

(b) Enrollment in Health Benefits. If the Participant does not have an Eligible Domestic Partner pursuant to paragraph (a) above, the Participant's Eligible Domestic Partner (if any) is the individual who, on the applicable date, is enrolled in any of the Company's health benefit options as the Participant's domestic partner.

(c) Other Acceptable Evidence of Partnership. If on the applicable date a Participant does not have an Eligible Domestic Partner under paragraph (a) or (b) above, such Participant's Eligible Domestic Partner (if any) is the individual who satisfies such criteria of domestic partnership as the Plan Administrator has specified in writing.

(d) No Eligible Domestic Partner Except as Described Above. If on the applicable date a Participant does not have an Eligible Domestic Partner under paragraph (a), (b), or (c) above, such Participant is not eligible to have an Eligible Domestic Partner.

(e) Additional Rules. The term "Eligible Domestic Partner" does not apply to a Participant's Eligible Spouse. A Participant is not permitted to have more than one Eligible Domestic Partner at any point in time, and a Participant who has an Eligible Spouse is not permitted to have an Eligible Domestic Partner.

(2) **Terms Used in this Definition.** For purposes of the definition of “Eligible Domestic Partner” in this Section 2.1, the following definitions apply: “applicable date” means the earlier of the Participant’s Annuity Starting Date and date of death, and “state” means any domestic or foreign jurisdiction having the legal authority to sanction civil unions.

Eligible Spouse: The spouse of a Participant to whom the Participant is considered lawfully married for purposes of Federal tax law on the earlier of the Participant’s Annuity Starting Date or the date of the Participant’s death and who, solely for periods before September 16, 2013, is of the opposite sex.

Employee: An individual who qualifies as an “Employee” as that term is defined in Part B of the Salaried Plan.

Employer: An entity that qualifies as an “Employer” as that term is defined in Part B of the Salaried Plan.

ERISA: Public Law No. 93-406, the Employee Retirement Income Security Act of 1974, including any amendments thereto, any similar subsequent federal laws, and any rules and regulations from time to time in effect under any of such laws.

FICA Amount: The Participant’s share of the Federal Insurance Contributions Act (FICA) tax imposed on the 409A Pension and Pre-409A Pension of the Participant under Code Sections 3101, 3121(a) and 3121(v)(2).

409A Program: The program described in this document. The term “409A Program” is used to identify the portion of the Plan that is subject to Section 409A.

Guiding Principles Regarding Benefit Plan Committee Appointments: The guiding principles as set forth in Common Appendix Article PAC to be applied by the Chair of the PAC when selecting the members of the PAC.

Highest Average Monthly Earnings: “Highest Average Monthly Earnings” as that term is defined in the Part B of the Salaried Plan, but without regard to the limitation imposed by section 401(a)(17) of the Code (as such limitation is interpreted and applied under the Salaried Plan). Notwithstanding the foregoing, to the extent that a Participant receives, during a leave of absence, earnings that would be counted as Highest Average Monthly Earnings if they were received during a period of active service, but that will be received after the Participant’s Separation from Service, the Plan Administrator may provide for determining the Participant’s 409A Pension at Separation from Service by projecting the benefit the Participant would have if all such earnings were taken into account under the Plan.

Key Employee:

The individuals identified in accordance with the following paragraphs.

(1) In General. Any Participant who at any time during the applicable year is:

(i) An officer of any member of the PepsiCo Organization having annual compensation greater than \$130,000 (as adjusted for the applicable year under Code Section 416(i)(1));

(ii) A 5-percent owner of any member of the PepsiCo Organization; or

(iii) A 1-percent owner of any member of the PepsiCo Organization having annual compensation of more than \$150,000.

For purposes of subparagraph (i) above, no more than 50 employees identified in the order of their annual compensation shall be treated as officers. For purposes of this Section, annual compensation means compensation as defined in Treas. Reg. §1.415(c)-2(a), without regard to Treas. Reg. §§1.415(c)-2(d), 1.415(c)-2(e), and 1.415(c)-2(g). The Plan Administrator shall determine who is a Key Employee in accordance with Code Section 416(i) (provided, that Code Section 416(i)(5) shall not apply in making such determination), and provided further that the applicable year shall be determined in accordance with Section 409A and that any modification of the foregoing definition that applies under Section 409A shall be taken into account.

(2) Applicable Year. Effective from and after December 31, 2007, the Plan Administrator shall identify Key Employees as of the last day of each calendar year, based on compensation for such year, and such designation shall be effective for purposes of this Plan for the twelve-month period commencing on April 1st of the next following calendar year (e.g., the Key Employee identification by the Plan Administrator as of December 31, 2008 shall be effective for the period from April 1, 2009 to March 31, 2010).

(3) Rule of Administrative Convenience. Effective beginning with the December 31, 2017 identification date, in addition to the foregoing, the Plan Administrator shall treat all other employees classified as Leadership Group 6 and above on the applicable identification date prescribed in paragraph

(2) as Key Employees effective for the twelve-month period commencing on April 1st of the next following calendar year (however, from the April 1, 2008 effective date through February 25, 2010, Band IV and above applied in lieu of Leadership Group 6 and above); provided that if this would result in counting more than 200 individuals as Key Employees as of any such determination date, then the number treated as Key Employees will be reduced to 200 by eliminating from consideration those employees otherwise added by this paragraph (3) in order by their base compensation, from the lowest to the highest.

(4) Identification of Key Employees Between February 26, 2010 and March 31, 2010.

For the period between February 26, 2010 and March 31, 2010, Key Employees shall be identified by combining the lists of Key Employees of all members of the PepsiCo Organization as in effect immediately prior to February 26, 2010. The foregoing method of identifying Key Employees is intended to comply with Treas. Reg. § 1.409A-1(i)(6)(i), which authorizes the use of an alternative method of identifying specified employees that complies with Treas. Reg. §§ 1.409A-1(i)(5) and -1(i)(8) and Section VII.C.4.d of the Preamble to the Final Regulations under Section 409A of the Code, which permits “service recipients to simply combine the pre-transaction separate lists of specified employees where it is determined that such treatment would be administratively less burdensome.”

(5) Identification of Key Employees from April 1, 2010 to March 31, 2018.

Notwithstanding the foregoing, for the 12-month periods

beginning on the April 1, 2010 effective date through March 31, 2018, Key Employees shall be identified as follows:

(i) For the period that begins on April 1, 2010, and ends on March 31, 2011, an employee shall be a Key Employee (subject to subparagraph (iii) below) if he was classified as at least a Band IV or its equivalent on December 31, 2009. For this purpose, an employee shall be considered to be at least a Band IV or its equivalent as of a date if the employee is classified as one of the following types of employees in the PepsiCo Organization on that date: (i) a Band IV employee or above in a PepsiCo Business, (ii) a Level E7 employee or above in a PBG Business, or (iii) a Salary Grade 19 employee or above at a PAS Business.

(ii) For the twelve-month period that begins on April 1, 2011, and for each twelve-month period that begins on April 1 in subsequent years through March 31, 2017, an employee shall be a Key Employee (subject to subparagraph (iii) below) if the employee was an employee of the PepsiCo Organization who was classified as Band IV or above on the December 31 that immediately precedes such April 1.

(iii) For the period covered by this paragraph (5) notwithstanding the rule of administrative convenience in paragraph (3) above, an employee shall be a Key Employee for the 12-month period that begins on any April 1, if as of the preceding December 31 the employee would be a specified employee, within the meaning of Treasury Regulation 1.409A-1(i), or any successor, by applying as of such

December 31 the default rules that apply under such regulation for determining the minimum number of a service recipient's specified employees. If the preceding sentence and the methods for identifying Key Employees set forth in subparagraph (i) or (ii) above, taken together, would result in more than 200 individuals being counted as Key Employees as of any December 31 determination date, then the number of individuals treated as Key Employees pursuant to subparagraph (i) or (ii), who are not described in the first sentence of this subparagraph (iii), shall be reduced to 200 by eliminating from consideration those employees otherwise added by such subparagraph in order of their base compensation, from the lowest base compensation to the highest.

(iv) For purposes of this paragraph (5), "PAS Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PAS business; "PBG Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PBG business; and "PepsiCo Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PepsiCo business.

The method for identifying Key Employees set forth in this definition is intended as an alternative method of identifying Key Employees under Treas. Reg. § 1.409A-1(i)(5), and is adopted herein and shall be interpreted and applied consistently with the rules applicable to such alternative arrangements.

Late 409A Retirement Pension: The 409A Retirement Pension available to a Participant under Section 4.4.

Late Retirement Date: The Late Retirement Date shall be the first day of the month coincident with or immediately following a Participant's actual Retirement Date occurring after his Normal Retirement Age.

Normal 409A Retirement Pension: The Retirement Pension available to a Participant under Section 4.1.

Normal Retirement Age: The Normal Retirement Age under the Plan is age 65 or, if later, the age at which a Participant first has 5 Years of Elapsed Time Service.

Normal Retirement Date: A Participant's Normal Retirement Date shall be the first day of the month coincident with or immediately following a Participant's Normal Retirement Age.

Participant: An Employee participating in the Plan in accordance with the provisions of Section 3.1.

Pension: One or more payments that are payable by the Plan to a person who is entitled to receive benefits under the Plan. The term "409A Pension" shall be used to refer to the portion of a Pension that is derived from the 409A Program. The term "Pre-409A Pension" shall be used to refer to the portion of a Pension that is derived from the Pre-409A Program.

PepsiCo Administration Committee or PAC: The committee that has the responsibility for the administration and operation of the Plan, as set forth in the Plan, as well as any other duties set forth therein. As of any time, the Chair of the PAC shall

be the person who is then the Company's Senior Vice President, Total Rewards, but if such position is vacant or eliminated, the Chair shall be the person who is acting to fulfill the majority of the duties of the position (or plurality of the duties, if no one is fulfilling a majority), as such duties existed immediately prior to the vacancy or the position elimination. The Chair shall appoint the other members of the PAC, applying the principles set forth in the Guiding Principles Regarding Benefit Plan Committee Appointments and acting promptly from time to time to ensure that there are four other members of the PAC, each of whom shall have experience and expertise relevant to the responsibilities of the PAC. At least two times each year, the PAC shall prepare a written report of its significant activities that shall be available to any U.S.-based executive of the Company who is at least a senior vice president.

PepsiCo Organization: The controlled group of organizations of which the Company is a part, as defined by Code section 414 and regulations issued thereunder. An entity shall be considered a member of the PepsiCo Organization only during the period it is one of the group of organizations described in the preceding sentence.

Plan: The PepsiCo Pension Equalization Plan, the Plan set forth herein and in the Pre-409A Program document(s), as the Plan may be amended from time to time (subject to the limitations on amendment that are applicable hereunder and under the Pre-409A Program). The Plan is also sometimes referred to as PEP, or as the PepsiCo Pension Benefit Equalization Plan.

Plan Administrator: The PAC, or its delegate or delegates. The Plan Administrator shall have authority to administer the Plan as provided in Article VII.

Plan Year: The 12-month period commencing on January 1 and ending on December 31.

Pre-409A Program: The portion of the Plan that governs deferrals that are not subject to Section 409A. The terms of the Pre-409A Program are set forth in a separate document (or separate set of documents).

Pre-Retirement Domestic Partner's Pension: The Pension available to an Eligible Domestic Partner under the Plan. The term "Pre-Retirement Domestic Partner's 409A Pension" shall be used to refer to the Pension available to an Eligible Domestic Partner under Section 4.12 of this document.

Pre-Retirement Spouse's Pension: The Pension available to an Eligible Spouse under the Plan. The term "Pre-Retirement Spouse's 409A Pension" shall be used to refer to the Pension available to an Eligible Spouse under Section 4.6 of this document.

Primary Social Security Amount: In determining Pension amounts, Primary Social Security Amount shall mean:

(1) For purposes of determining the amount of a Retirement, Vested, Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension, the Primary Social Security Amount shall be the estimated monthly amount that may be payable to a Participant commencing at age 65 as an old-age insurance benefit under the provisions of Title II of the Social Security Act, as amended. Such estimates of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the following assumptions:

(i) That the Participant's social security wages in any year prior to Retirement or Separation from Service are equal to the Taxable Wage Base in such year, and

(ii) That he will not receive any social security wages after Retirement or Separation from Service.

However, in computing a Vested Pension under Formula A of Section 5.2, the estimate of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the assumption that he continued to receive social security wages until age 65 at the same rate as the Taxable Wage Base in effect at his Separation from Service. For purposes of this subsection, "social security wages" shall mean wages within the meaning of the Social Security Act.

(2) For purposes of determining the amount of a Disability Pension, the Primary Social Security Amount shall be (except as provided in the next sentence) the initial monthly amount actually received by the disabled Participant as a disability insurance benefit under the provisions of Title II of the Social Security Act, as amended and in effect at the time of the Participant's Retirement due to disability. Notwithstanding the preceding sentence, for any period that a Participant receives a Disability Pension before receiving a disability insurance benefit under the provisions of Title II of the Social Security Act, then the Participant's Primary Social Security Amount for such period shall be determined pursuant to paragraph (1) above.

(3) For purposes of paragraphs (1) and (2), the Primary Social Security Amount shall exclude amounts that may be available because of the spouse or any dependent of the Participant or any amounts payable on account of the Participant's death. Estimates of Primary Social Security Amounts shall be made on the basis of the Social Security Act as in effect at the Participant's Separation from Service, without regard to any increases in the social security wage base or benefit levels provided by such Act which take effect thereafter.

Prohibited Misconduct: Any of the following activities engaged in, directly or indirectly, by a Participant shall constitute Prohibited Misconduct:

(1) The Participant accepting any employment, assignment, position or responsibility, or acquiring any ownership interest, which involves the Participant's "Participation" (as defined below) in a business entity that markets, sells, distributes or produces "Covered Products" (as defined below), unless such business entity makes retail sales or consumes Covered Products without in any way competing with the PepsiCo Organization.

(2) The Participant, directly or indirectly (including through someone else acting on the Participant's recommendation, suggestion, identification or advice), soliciting any PepsiCo Organization employee to leave the PepsiCo Organization's employment or to accept any position with any other entity.

(3) The Participant using or disclosing to anyone any confidential information regarding the PepsiCo Organization other than as necessary in his or her position with the PepsiCo Organization. Such

confidential information shall include all non-public information the Participant acquired as a result of his or her positions with the PepsiCo Organization. Examples of such confidential information include non-public information about the PepsiCo Organization's customers, suppliers, distributors and potential acquisition targets; its business operations and structure; its product lines, formulas and pricing; its processes, machines and inventions; its research and know-how; its financial data; and its plans and strategies.

(4) The Participant engaging in any acts that are considered to be contrary to the PepsiCo Organization's best interests, including violating the Company's Code of Conduct, engaging in unlawful trading in the securities of the Company or of any other company based on information gained as a result of his or her employment with the PepsiCo Organization, or engaging in any other activity which constitutes gross misconduct.

(5) The Participant engaging in any activity that constitutes fraud.

Notwithstanding the foregoing and for the avoidance of doubt, nothing in this Plan shall prohibit the Participant from communicating with government authorities concerning any possible legal violations without notice to the Company, participating in government investigations, and/or receiving any applicable award for providing information to government authorities. The Company nonetheless asserts and does not waive its attorney-client privilege over any information appropriately protected by the privilege. Further, pursuant to the Defend Trade Secrets Act, an individual shall not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of

a trade secret that (A) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. An individual who files a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order. For purposes of this subsection, "Participation" shall be construed broadly to include: (i) serving as a director, officer, employee, consultant or contractor with respect to such a business entity; (ii) providing input, advice, guidance or suggestions to such a business entity; or (iii) providing a recommendation or testimonial on behalf of such a business entity or one or more products it produces. For purposes of this subsection, "Covered Products" shall mean any product that falls into one or more of the following categories, so long as the PepsiCo Organization is producing, marketing, selling or licensing such product anywhere in the world – beverages, including without limitation carbonated soft drinks, tea, water, juice drinks, sports drinks, coffee drinks and value-added dairy drinks; juices and juice products; snacks, including salty snacks, sweet snacks meat snacks, granola and cereal bars, and cookies; hot cereals; pancake mixes; value-added rice products; pancake syrups; value-added pasta products; ready-to-eat cereals; dry pasta products; or any product or service that the Participant had reason to know was under

development by the PepsiCo Organization during the Participant's employment with the PepsiCo Organization.

Qualified Joint and Survivor Annuity: An Annuity which is payable to the Participant for life with 50 percent of the amount of such Annuity payable after the Participant's death to his surviving Eligible Spouse or Eligible Domestic Partner for life. If the Eligible Spouse or Eligible Domestic Partner (as applicable) predeceases the Participant, no survivor benefit under a Qualified Joint and Survivor Annuity shall be payable to any person. The amount of a Participant's monthly payment under a Qualified Joint and Survivor Annuity shall be reduced to the extent provided in Sections 5.1 and 5.2, as applicable.

Retirement: Separation from Service for reasons other than death after a Participant has fulfilled the requirements for either a Normal, Early, Late, or Disability Retirement Pension under Article IV.

Retirement Date: The date immediately following the Participant's Retirement.

Retirement Pension: The Pension payable to a Participant upon Retirement under the Plan. The term "409A Retirement Pension" shall be used to refer to the portion of a Retirement Pension that is derived from the 409A Program. The term "Pre-409A Retirement Pension" shall be used to refer to the portion of a Retirement Pension that is derived from the Pre-409A Program.

Salaried Plan: The program of pension benefits set forth in Part B of the PSERP Component of both the PepsiCo Employees Retirement Plan A ("PERP-A") the PepsiCo Employees Retirement Plan I ("PERP-I"), and the PepsiCo Employees Retirement

Plan H ("PERP-H"), as it may be amended from time to time, and as it was set forth prior to January 1, 2017 in predecessor plans to PERP-A and PERP-I.

Section 409A: Section 409A of the Code.

Separation from Service: A Participant's separation from service with the PepsiCo Organization, within the meaning of Section 409A(a)(2)(A)(i). The term may also be used as a verb (*i.e.*, "Separates from Service") with no change in meaning. Notwithstanding the preceding sentence, a Participant's transfer to an entity owned 20% or more by the Company will not constitute a Separation of Service to the extent permitted by Section 409A. A Participant's "Final Separation from Service" is the date of his Separation from Service that most recently precedes his Annuity Starting Date; provided, however, that to the extent a Participant is reemployed after an Annuity Starting Date, he will have a new Final Separation from Service with respect to any benefits to which he becomes entitled as a result of his reemployment. The following principles shall generally apply in determining when a Separation from Service occurs:

(1) A Participant separates from service with the Company if the Employee dies, retires, or otherwise has a termination of employment with the Company. Whether a termination of employment has occurred is determined based on whether the facts and circumstance indicate that the Company and the Employee reasonably anticipated that no further services would be performed after a certain date or that the level of bona fide services the Employee would perform after such date (as an employee or independent contractor) would permanently decrease to no more than 20 percent of the average level of bona fide services performed over the immediately preceding

36-month period (or the full period in which the Employee provided services to the Company if the Employee has been providing services for less than 36 months).

(2) An Employee will not be deemed to have experienced a Separation from Service if such Employee is on military leave, sick leave, or other bona fide leave of absence, to the extent such leave does not exceed a period of six months or, if longer, such longer period of time during which a right to re-employment is protected by either statute or contract. If the period of leave exceeds six months and the individual does not retain a right to re-employment under an applicable statute or by contract, the employment relationship is deemed to terminate on the first date immediately following such six-month period. Notwithstanding the foregoing, where a leave of absence is due to any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than six months, where such impairment causes the Employee to be unable to perform the duties of his or her position of employment or any substantially similar position of employment, a 29-month period of absence may be substituted for such six-month period.

(3) If an Employee provides services both as an employee and as a member of the Board of Directors of the Company, the services provided as a Director are generally not taken into account in determining whether the Employee has Separated from Service as an Employee for purposes of the Plan, in accordance with final regulations under Section 409A.

Service: The period of a Participant's employment calculated in accordance with Section 3.2 for purposes of determining his entitlement to benefits under the Plan.

Single Life Annuity: A level monthly Annuity payable to a Participant for his life only, with no survivor benefits to his Eligible Spouse or any other person.

Single Lump Sum: The distribution of a Participant's total 409A Pension in the form of a single payment, which payment shall be the Actuarial Equivalent of the Participant's 409A Pension as of the Participant's Normal Retirement Date (or Late Retirement Date, if applicable), but not less than the Actuarial Equivalent of the Participant's 409A Pension as of the Participant's Early Retirement Date, in the case of a Participant who is entitled to an immediate Early 409A Retirement Pension.

Social Security Act: The Social Security Act of the United States, as amended, an enactment providing governmental benefits in connection with events such as old age, death and disability. Any reference herein to the Social Security Act (or any of the benefits provided thereunder) shall be taken as a reference to any comparable governmental program of another country, as determined by the Plan Administrator, but only to the extent the Plan Administrator judges the computation of those benefits to be administratively feasible.

Taxable Wage Base: The contribution and benefit base (as determined under section 230 of the Social Security Act) in effect for the Plan Year.

Vested Pension: The Pension available to a Participant under Section 4.3. The term "409A Vested Pension" shall be used to refer to the portion of a Vested Pension that is derived from the 409A Program. The term "Pre-409A Vested Pension"

shall be used to refer to the portion of a Vested Pension that is derived from the Pre-409A Program.

2.2 Construction: The terms of the Plan shall be construed in accordance with this section.

(a) Gender and Number: The masculine gender, where appearing in the Plan, shall be deemed to include the feminine gender, and the singular may include the plural, unless the context clearly indicates to the contrary.

(b) Compounds of the Word "Here": The words "hereof", "hereunder" and other similar compounds of the word "here" shall mean and refer to the entire Plan, not to any particular provision or section.

(c) Examples: Whenever an example is provided or the text uses the term "including" followed by a specific item or items, or there is a passage having a similar effect, such passages of the Plan shall be construed as if the phrase "without limitation" followed such example or term (or otherwise applied to such passage in a manner that avoids limits on its breadth of application).

(d) Subdivisions of the Plan Document: This Plan document is divided and subdivided using the following progression: articles, sections, subsections, paragraphs, subparagraphs, clauses, and sub-clauses. Articles are designated by capital roman numerals. Sections are designated by Arabic numerals containing a decimal point. Subsections are designated by lower-case letters in parentheses. Paragraphs are designated by Arabic numerals in parentheses. Subparagraphs are designated by lower-case roman numerals in parentheses. Clauses are designated by upper-case letters in parentheses. Sub-clauses are designated by upper-case roman numerals in

parentheses. Any reference in a section to a subsection (with no accompanying section reference) shall be read as a reference to the subsection with the specified designation contained in that same section. A similar rule shall apply with respect to paragraph references within a subsection and subparagraph references within a paragraph.

ARTICLE III

Participation and Service

3.1 Participation: An Employee shall be a Participant in the Plan during the period:

(a) When he would be currently entitled to receive a Pension under the Plan if his employment terminated at such time, or

(b) When he would be so entitled but for the vesting requirement of Section 4.7.

It is expressly contemplated that an Employee, who is entitled to receive a Pension under the Plan as of a particular time, may subsequently cease to be entitled to receive a Pension under the Plan.

3.2 Service: A Participant's entitlement to a Pension or, in the event the Participant dies before commencing a benefit hereunder, either a Pre-Retirement Spouse's Pension for his Eligible Spouse or a Pre-Retirement Domestic Partner's Pension for his Eligible Domestic Partner, shall be determined under Article IV based upon his period of Service. A Participant's period of Service shall be determined under Article III of Part B of the Salaried Plan, except as provided in (a) below.

(a) Inpats. Any Salaried Plan provision which results in disregarding for certain purposes the pre-transfer Service of certain inpats who transfer to the United States, shall not apply to this Plan before January 1, 2015, unless such earlier application avoids duplication of benefits.

(b) Leaves of Absence. If a Participant's period of Service (as so determined) would extend beyond the Participant's Separation from Service date because of a leave of absence, the Plan Administrator may provide for determining the Participant's 409A Pension at Separation from Service by projecting the benefit the Participant would have if all such Service were taken into account under the Plan.

3.3 Credited Service: Subject to the next two sentences, the amount of a Participant's Pension, Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension shall be based upon the Participant's period of Credited Service, as determined under Article III of Part B of the Salaried Plan.

(a) Inpats. Any provision in Section 3.5 of Part B of the Salaried Plan which resulted in disregarding the pre-transfer Credited Service of certain inpats who transferred to the United States shall not apply under this Plan in the case of such inpats who transfer to the United States before October 1, 2014, unless such earlier application avoids duplication of benefits under the Salaried Plan.

(b) Leaves of Absence. If a Participant's period of Credited Service (as so determined) would extend beyond the Participant's Separation from Service date because of a leave of absence, the Plan Administrator may provide for determining the Participant's 409A Pension at Separation from Service by projecting the benefit the Participant would have if all such Service were taken into account under the Plan.

ARTICLE IV

Requirements for Benefits

A Participant shall be eligible to receive a Pension and a surviving Eligible Spouse or surviving Eligible Domestic Partner, as applicable, shall be eligible for certain survivor benefits as provided in this Article. The amount of any such Pension or survivor benefit shall be determined in accordance with Article V.

4.1 Normal 409A Retirement Pension: A Participant shall be eligible for a Normal 409A Retirement Pension if he Separates from Service after attaining Normal Retirement Age.

4.2 Early 409A Retirement Pension: A Participant shall be eligible for an Early 409A Retirement Pension if he Separates from Service prior to attaining Normal Retirement Age but after attaining at least age 55 and completing 10 or more years of Elapsed Time Service.

4.3 409A Vested Pension: A Participant who is vested under Section 4.7 shall be eligible to receive a 409A Vested Pension if he Separates from Service before he is eligible for a Normal 409A Retirement Pension or an Early 409A Retirement Pension. A Participant who terminates employment prior to satisfying the vesting requirement in Section 4.7 shall not be eligible to receive a Pension under this Plan.

4.4 Late 409A Retirement Pension: A Participant who continues without a Separation from Service after his Normal Retirement Age shall not receive a Pension until his Late Retirement Date. Thereafter, a Participant shall be eligible for a Late Retirement Pension determined in accordance with Section 4.4 of Part B of the Salaried Plan (but without regard to

any requirement for notice of suspension under ERISA section 203(a)(3)(B) or any adjustment as under Section 5.7(d) of Part B of the Salaried Plan).

4.5 409A Disability Pension: A Participant shall be eligible for a 409A Disability Pension if he meets the requirements for a Disability Pension under Part B of the Salaried Plan. A Participant's 409A Disability Pension, if any, shall generally be comprised of two parts. The first part shall represent the benefits with respect to a disabled Participant's Credited Service through the day of the Participant's Separation from Service (*i.e.*, the Participant's "Pre-Separation Accruals"). In the event the disabled Participant continues to receive Credited Service related to the disability after such Separation from Service, the Participant's 409A Disability Pension shall have a second part, which shall represent all benefits accrued with respect to Credited Service from the date immediately following the Participant's Separation from Service until the earliest of the Participant's (i) attainment of age 65, (ii) benefit commencement date under Part B of the Salaried Plan or (iii) recovery from the disability (*i.e.*, the Participant's "Post-LTD Accruals").

4.6 Pre-Retirement Spouse's 409A Pension: A Pre-Retirement Spouse's 409A Pension is payable under this section only in the event the Participant dies prior to his Annuity Starting Date. Any Pre-Retirement Spouse's 409A Pension payable on behalf of a Participant shall commence as of the first day of the month following the later of (i) the Participant's death and, (ii) the date the Participant attains or would have attained age 55. Subject to Section 4.9, any Pre-Retirement Spouse's 409A Pension shall continue monthly for the life of the Eligible Spouse.

(a) Active, Disabled and Retired Employees: A Pre-Retirement Spouse's 409A Pension shall be payable under this subsection to a Participant's Eligible

Spouse (if any) who is entitled under Part B of the Salaried Plan to the pre-retirement spouse's pension for survivors of active, disabled and retired employees. The amount (if any) of such Pension shall be determined in accordance with the provisions of Section 5.3 (with the 409A Pension, if any, determined after application of Section 5.6).

(b) Vested Employees: A Pre-Retirement Spouse's 409A Pension shall be payable under this subsection to a Participant's Eligible Spouse (if any) who is entitled under Part B the Salaried Plan to the pre-retirement spouse's pension for survivors of vested terminated Employees. The amount (if any) of such Pension shall be determined in accordance with the provisions of Section 5.3 (with the 409A Pension, if any, determined after application of Section 5.6). If pursuant to this Section 4.6(b) a Participant has Pre-Retirement Spouse's coverage in effect for his Eligible Spouse, any Pension calculated for the Participant under Section 5.2(b) shall be reduced for each year such coverage is in effect by the applicable percentage set forth below (based on the Participant's age at the time the coverage is in effect) with a pro rata reduction for any portion of a year. No reduction shall be made for coverage in effect within the 90-day period following a Participant's termination of employment.

<u>Attained Age</u>	<u>Annual Charge</u>
Up to 35	.0%
35 – 39	.075%
40 – 44	.1%
45 – 49	.175%
50 – 54	.3%
55 – 59	.5%
60 – 64	.5%

4.7 Vesting: Subject to Section 8.7 (Section 457A), a Participant shall be fully vested in, and have a nonforfeitable right to, his Accrued Benefit at the time he becomes fully vested in his accrued benefit under Part B of the Salaried Plan.

4.8 Time of Payment: The distribution of a Participant's 409A Pension shall commence as of the time specified in Section 6.1, subject to Section 6.6. Any increase in a Participant's 409A Pension or Pre-409A Pension for interest due to a delay in payment, by application of Section 3.1(e) of Part A of the Salaried Plan (delay in payment) when calculating either portion of the Participant's Pension, shall accrue entirely under the 409A Program and be paid (subject to the last sentence of this Section) at the same time and in the same form that the Participant's 409A Pension is paid. Accordingly, if a Participant is entitled to an interest adjustment for a delay in payment of his Pre-409A Pension, such interest adjustment shall be limited to that which may be paid as part of the Participant's 409A Pension, consistent with 409A's payment rules and the limitation in the next sentence. Notwithstanding any provision of the Salaried Plan to the contrary, including such Section 3.1(e) of Part A, a Participant shall not receive interest for any delay in payment of his 409A Pension or Pre-409A Pension to the extent the delay is caused by the Participant or interest is prohibited by the terms of an Internal Revenue Service correction program regarding compliance with Code section 409A.

4.9 Cashout Distributions: Notwithstanding the availability or applicability of a different form of payment under Article VI, the following rules shall apply in the case of certain small benefit Annuity payments:

(a) Distribution of Participant's 409A Pension: If at a Participant's Annuity Starting Date the Actuarial Equivalent lump sum value of the Participant's 409A Pension is equal to or less than the Cashout Limit, the Plan Administrator shall distribute

to the Participant such lump sum value of the Participant's 409A Pension. Notwithstanding the preceding sentence, for Annuity Starting Dates prior to December 1, 2012, a Participant shall be cashed out under this subsection if, at the Participant's Annuity Starting Date, the Actuarial Equivalent lump sum value of the Participant's PEP Pension is equal to or less than \$15,000.

(b) Distribution of Pre-Retirement Spouse's 409A Pension: If at the time payments are to commence to an Eligible Spouse under Section 4.6, the Actuarial Equivalent lump sum value of the PEP Pre-Retirement Spouse's 409A Pension to be paid is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Eligible Spouse such lump sum value of the PEP Pre-Retirement Spouse's Pension that is subject to Section 409A. Notwithstanding the preceding sentence, for Annuity Starting Dates prior to December 1, 2012, an Eligible Spouse shall be cashed out under this subsection if the Actuarial Equivalent lump sum value of the Eligible Spouse's PEP Pre-Retirement Spouse's Pension is equal to or less than \$15,000.

(c) Special Cashout of 409A Vested Pensions: Notwithstanding subsection (a) above, the Plan Administrator shall have discretion under this subsection to cash out a 409A Vested Pension in a single lump sum prior to the date that would apply under subsection (a).

(1) The Plan Administrator shall have discretion under this subsection to cash out in a single lump sum any 409A Vested Pension that, as of December 1, 2012 – (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and distribute

(as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on December 1, 2012.

(2) The Plan Administrator shall also have discretion under this subsection to cash out in a single lump sum any 409A Vested Pension that, as of the first day of any month in 2013 or a later year specified by the Plan Administrator pursuant to the exercise of its discretion – (i) has not otherwise had its Annuity Starting Date occur, (ii) has an Actuarial Equivalent lump sum value that is equal to or less than the Cashout Limit as of such date, and (iii) is practicable to calculate and distribute (as determined pursuant to the exercise of the Plan Administrator's discretion), with such cashout being made on the first day of the month specified.

Not later than November 30, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection to select Vested Pensions for cashout on December 1, 2012, through the creation of a written list (in either hard copy or electronic form) of Participants with 409A Vested Pensions who will be cashed out. In addition, not later than the day before the date specified pursuant to paragraph (2) above, the Plan Administrator shall memorialize in writing the exercise of its discretion under this subsection to select Vested Pensions for cashout on the specified date, through the creation of a written list (in either hard copy or electronic form) of Participants with 409A Vested Pensions who will be cashed out.

(d) Distribution of Pre-Retirement Domestic Partner's 409A Pension. If at the time payments are to commence to an Eligible Domestic Partner under Section 4.12, the Actuarial Equivalent lump sum value of the Pre-Retirement Domestic Partner's

409A Pension to be paid is equal to or less than the Cashout Limit, the Plan Administrator shall distribute to the Eligible Domestic Partner such Actuarial Equivalent lump sum value of the Pre-Retirement Domestic Partner's Pension that is subject to Section 409A.

(e) Exceptions to the Availability of Cashout. Effective January 1, 2018, a cashout shall not be available with respect to a Participant who is eligible for either a "PEP Kicker" or a "Qualified Kicker" under a "Severance Program". For purposes of this Section 4.9, the quoted terms in the prior sentence shall have the meanings that they are assigned in Appendix Article E.

Any lump sum distributed under this section shall be in lieu of the Pension that otherwise would be distributable to the Participant, Eligible Spouse or Eligible Domestic Partner hereunder. The cashout provisions described in subsections (a) through (d) above are intended to be "limited cashout" features within the meaning of Treasury Regulation § 1.409A-3(j)(4)(v), and they shall be interpreted and applied consistently with this regulation. Accordingly, in determining if an applicable dollar limit is satisfied, a Participant's entire benefit under this Plan that is subject to Section 409A and all benefits subject to Section 409A under all other nonaccount balance plans (within the meaning of Treasury Regulation § 1.409A-1(c)(2)(i)(C)) shall be taken into account (the "accountable benefit"), and a Participant's entire accountable benefit must be cashed out as of the time in question as a condition to any payout under this Section. In addition, a cashout under this Section shall not cause an accountable benefit to be paid out before completing any applicable six-month delay (see, e.g., Section 6.6). No Participant, Eligible Spouse or Eligible Domestic Partner shall be given a direct or indirect election with respect to whether the Participant's Vested Pension, Pre-Retirement Spouse's

409A Pension or Pre-Retirement Eligible Domestic Partner's 409A Pension will be cashed out under this section.

4.10 Reemployment of Certain Participants: In the case of a current or former Participant who is receiving his Pension as an Annuity under Section 6.1(b), and who is reemployed and is eligible to re-participate in Part B of the Salaried Plan after his Annuity Starting Date, payment of his 409A Pension will continue to be paid in the same form as it was paid prior to his reemployment. Any additional 409A Pension that is earned by the Participant shall be paid based on the Separation from Service that follows the Participant's re-employment.

4.11 Forfeiture of Benefits: Effective beginning with benefits accrued after December 31, 2008 ("Post-2008 Accruals"), and notwithstanding any other provision of this Plan to the contrary, if the Plan Administrator determines that a Participant has engaged in Prohibited Misconduct at any time prior to the second anniversary of his or her Separation from Service, the Participant shall forfeit all Post-2008 Accruals (whether paid previously, being paid currently or payable in the future), and his or her 409A Pension shall be adjusted to reflect such forfeiture and previously paid Post-2008 Accruals shall be recovered.

4.12 Pre-Retirement Domestic Partner's 409A Pension: A Pre-Retirement Domestic Partner's 409A Pension is payable under this section only in the event the Participant dies prior to his Annuity Starting Date under either the 409A Program or the Pre-409A Program. Any Pre-Retirement Domestic Partner's 409A Pension payable on behalf of a Participant shall commence on the first day of the month following the later of (i) the Participant's death and, (ii) the date the Participant attains or would have attained age 55. Subject to Section 4.9, any Pre-

Retirement Domestic Partner's 409A Pension shall continue monthly for the life of the Eligible Domestic Partner.

(a) Active, Disabled and Retired Employees: A Pre-Retirement Domestic Partner's 409A Pension shall be payable under this subsection to a Participant's Eligible Domestic Partner (if any) who is entitled under Part B of the Salaried Plan to the pre-retirement domestic partner's pension for survivors of active, disabled and retired employees. The amount (if any) of such Pension shall be determined in accordance with the provisions of Section 5.8 (with the 409A Pension, if any, determined after application of Section 5.6).

(b) Vested Employees: A Pre-Retirement Domestic Partner's 409A Pension shall be payable under this subsection to a Participant's Eligible Domestic Partner (if any) who is entitled under Part B of the Salaried Plan to the pre-retirement domestic partner's pension for survivors of vested terminated Employees. The amount (if any) of such Pension shall be determined in accordance with the provisions of Section 5.8 (with the 409A Pension, if any, determined after application of Section 5.6). If, pursuant to this Section 4.12(b), a Participant has Pre-Retirement Domestic Partner's Pension coverage in effect for his Eligible Domestic Partner, any Pension calculated for the Participant under Section 5.2(b) shall be reduced for each year such coverage is in effect by the applicable percentage set forth below (based on the Participant's age at the time the coverage is in effect) with a pro rata reduction for any portion of a year. No reduction shall be made for coverage in effect within the 180-day period following a Participant's termination of employment.

Attained Age	Annual Charge
Up to 35	.0%
35-39	.075%
40-44	.1%
45-49	.175%

60-64	.5%

ARTICLE V

Amount of Retirement Pension

When a 409A Pension becomes payable to or on behalf of a Participant under this Plan, the amount of such 409A Pension shall be determined under Section 5.1 or 5.3 (whichever is applicable), subject to any adjustments required under Sections 4.6(b) and 5.4 and subject to the freeze of the Plan described in Article I.

5.1 Participant's 409A Pension: Subject to Section 8.7 (Section 457A), a Participant's 409A Pension shall be determined as follows –

(a) Calculating the 409A Pension: A Participant's 409A Pension shall be calculated as follows (on the basis specified in subsection (b) below and using the definitions appearing in subsection (c) below):

- (1) His Total Pension, reduced by.
- (2) His Salaried Plan Pension, and then further reduced by (but not below zero)
- (3) His Pre-409A Pension.

(b) Basis for Determining: The 409A Pension amount in subsection (a) above shall be determined on a basis that (i) takes into account applicable reductions for early or late commencement as of the Annuity Starting Date of the 409A Pension, (ii) reflects, if applicable and customary, the relative value of forms of payment, and (iii) otherwise adjusts the reductions in (a)(2) and (3) above to their Actuarial Equivalent, in each such respect as appropriate and customary under the circumstances and in accordance with rules authorized by the Plan Administrator, including to take account the time and form of any prior payments and to eliminate all duplication of benefits as

determined by the Plan Administrator, and (iii) effective for Annuity Starting Dates after December 31, 2018, allows a Participant's 409A Pension to provide a makeup (as appropriate under the circumstances under rules authorized by the Plan Administrator) for the application of early commencement reduction factors to the Participant's Pre-409A Pension that apply a greater early commencement reduction to such Pre-409A Pension than would apply under the 2019 Salaried Plan Factors (including with respect to any portion of the Participant's Pre-409A Pension that is derived from the PEP Guarantee).

(c) Definitions: The following definitions apply for purposes of this section.

(1) A Participant's "Total Pension" means the greater of:

(i) The amount of the Participant's pension determined under the terms of Part B of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of Part B of the Salaried Plan (relating to benefits that are deferred beyond the Participant's Normal Retirement Date); or

(ii) The amount (if any) of the Participant's PEP Guarantee determined under Section 5.2.

As necessary to ensure the Participant's receipt of a "greater of" benefit, the foregoing comparison shall be made by reflecting, as applicable, the relative value of forms of payment.

(2) A Participant's "Salaried Plan Pension" means the amount of the Participant's pension determined under the terms of Part B of the Salaried Plan.

(3) A Participant's "Pre-409A Pension" means the amount of the Participant's pension determined under Section 5.6.

5.2 PEP Guarantee: A Participant who is eligible under subsection (a) below shall be entitled to a PEP Guarantee benefit determined under subsection (b) below. In the case of other Participants, the PEP Guarantee shall not apply.

(a) Eligibility: A Participant shall be covered by this section if the Participant has 1988 pensionable earnings from an Employer of at least \$75,000. For purposes of this section, "1988 pensionable earnings" means the Participant's remuneration for the 1988 calendar year, within the meaning of the Salaried Plan as in effect in 1988. "1988 pensionable earnings" does not include remuneration from an entity attributable to any period when that entity was not an Employer.

(b) PEP Guarantee Formula: The amount of a Participant's PEP Guarantee shall be determined under the applicable formula in paragraph (1), subject to the special rules in paragraph (2).

(1) Formulas: The amount of a Participant's Pension under this paragraph shall be determined in accordance with subparagraph (i) below. However, if the Participant was actively employed by the PepsiCo Organization in a classification eligible for the Salaried Plan prior to July 1, 1975, the amount of his Pension under this paragraph shall be the greater of the amounts

determined under subparagraphs (i) and (ii), provided that subparagraph (ii)(B) shall not apply in determining the amount of a Vested Pension.

(i) Formula A: The Pension amount under this subparagraph shall be:

(A) 3 percent of the Participant's Highest Average Monthly Earnings for the first 10 years of Credited Service, plus

(B) 1 percent of the Participant's Highest Average Monthly Earnings for each year of Credited Service in excess of 10 years, less

(C) 1-2/3 percent of the Participant's Primary Social Security Amount multiplied by years of Credited Service not in excess of 30 years.

In determining the amount of a Vested Pension under this Formula A, the Pension shall first be calculated on the basis of (I) the Credited Service the Participant would have earned had he remained in the employ of the Employer until his Normal Retirement Age, and (II) his Highest Average Monthly Earnings and Primary Social Security Amount at his Separation from Service, and then shall be reduced by multiplying the resulting amount by a fraction, the numerator of which is the Participant's actual years of Credited Service on his Separation from Service and the denominator of which is the years of Credited Service he would have

earned had he remained in the employ of an Employer until his Normal Retirement Age.

(ii) Formula B: The Pension amount under this subparagraph shall be the greater of (A) or (B) below:

(A) 1-1/2 percent of Highest Average Monthly Earnings times the number of years of Credited Service, less 50 percent of the Participant's Primary Social Security Amount, or

(B) 3 percent of Highest Average Monthly Earnings times the number of years of Credited Service up to 15 years, less 50 percent of the Participant's Primary Social Security Amount.

In determining the amount of a Disability Pension under Formula A or B above, the Pension shall be calculated on the basis of the Participant's Credited Service (determined in accordance with Section 3.3(c)(3) of Part B of the Salaried Plan), and his Highest Average Monthly Earnings and Primary Social Security Amount at the date of disability.

(2) Calculation: The amount of the PEP Guarantee shall be determined pursuant to paragraph (1) above, subject to the following special rules:

(i) Surviving Eligible Spouse's or Eligible Domestic Partner's Annuity: Subject to subparagraph (iii) below and the last sentence of this subparagraph, if the Participant has an Eligible Spouse or Eligible Domestic Partner, the Participant's Eligible Spouse or Eligible

Domestic Partner shall be entitled to receive a survivor annuity equal to 50 percent of the Participant's Annuity under this section, with no corresponding reduction in such Annuity for the Participant. Annuity payments to a surviving Eligible Spouse or Eligible Domestic Partner shall begin on the first day of the month coincident with or following the Participant's death and shall end with the last monthly payment due prior to the Eligible Spouse's or Eligible Domestic Partner's death. If the Eligible Spouse or Eligible Domestic Partner is more than 10 years younger than the Participant, the survivor benefit payable under this subparagraph shall be adjusted as provided below.

(A) For each full year more than 10 but less than 21 that the surviving Eligible Spouse or Eligible Domestic Partner is younger than the Participant, the survivor benefit payable to such Eligible Spouse or Eligible Domestic Partner shall be reduced by 0.8 percent.

(B) For each full year more than 20 that the surviving Eligible Spouse or Eligible Domestic Partner is younger than the Participant, the survivor benefit payable to such Eligible Spouse or Eligible Domestic Partner shall be reduced by an additional 0.4 percent.

(ii) Reductions: The following reductions shall apply in determining a Participant's PEP Guarantee.

(A) If the Participant will receive an Early Retirement Pension, the payment amount shall be reduced by 3/12ths of 1 percent for each month by which the benefit commencement date precedes the date the Participant would attain his Normal Retirement Date.

(B) If the Participant is entitled to a Vested Pension, the payment amount shall be reduced to the actuarial equivalent of the amount payable at his Normal Retirement Date (if payment commences before such date), and the Section 4.6(b) reductions for any Pre Retirement Spouse's coverage and Section 4.12(b) reductions for any Pre-Retirement Domestic Partner's coverage shall apply.

(C) This clause applies if the Participant will receive his Pension in a form that provides an Eligible Spouse or Eligible Domestic Partner benefit, continuing for the life of the surviving Eligible Spouse or surviving Eligible Domestic Partner, that is greater than that provided under subparagraph (i). In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the actuarial equivalent of the Pension otherwise payable under the foregoing provisions of this section.

(D) This clause applies if the Participant will receive his Pension in a form that provides a survivor annuity for a

beneficiary who is not his Eligible Spouse or Eligible Domestic Partner. In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the actuarial equivalent of a Single Life Annuity for the Participant's life.

(E) This clause applies if the Participant will receive his Pension in an Annuity form that includes inflation protection described in Section 6.2(b). In this instance, the Participant's Pension under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the actuarial equivalent of the elected Annuity without such protection.

(iii) Lump Sum Conversion: The amount of the Retirement Pension determined under this section for a Participant whose Retirement Pension will be distributed in the form of a lump sum shall be the actuarial equivalent of the Participant's PEP Guarantee determined under this section, taking into account the value of any survivor benefit under subparagraph (i) above and any early retirement reductions under subparagraph (ii)(A) above.

For purposes of this paragraph (2), actuarial equivalence shall be determined taking into account the PEP Guarantee's purpose to preserve substantially the value of a benefit under the pre-1989 terms of the Plan and the 409A Plan's design that offers alternative annuities that are considered actuarial equivalent

for purposes of Section 409A (taking into account, without limitation, the special rule for subsidized joint and survivor annuities in Treasury Regulation § 1.409A-3(b)(ii)(C)).

5.3 Amount of Pre-Retirement Spouse's 409A Pension: The monthly amount of the Pre-Retirement Spouse's 409A Pension payable to a surviving Eligible Spouse under Section 4.6 shall be determined under subsection (a) below.

(a) Calculation: An Eligible Spouse's Pre-Retirement Spouse's 409A Pension shall be equal to:

(1) The Eligible Spouse's Total Pre-Retirement Spouse's Pension, reduced by

(2) The Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension, and then

further reduced by (but not below zero)

(3) The Eligible Spouse's Pre-Retirement Spouse's Pension derived from the Pre-409A

Program.

(b) Basis for Determining: The Pre-Retirement Spouse's 409A Pension amount in subsection (a) above shall be determined on a basis (i) that takes into account applicable reductions for early or late commencement, and (ii) otherwise adjusts the reductions in (a)(2) and (3) above to their Actuarial Equivalent as appropriate under the circumstances and pursuant to rules of the Plan Administrator, including to take account the time and form of any prior payments.

(c) Definitions: The following definitions apply for purposes of this section.

(1) An Eligible Spouse's "Total Pre-Retirement Spouse's Pension" means the greater of:

(i) The amount of the Eligible Spouse's pre-retirement spouse's pension determined under the terms of Part B of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of Part B of the Salaried Plan; or

(ii) The amount (if any) of the Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension determined under subsection (c).

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated as if payable as of what would be the Normal Retirement Date of the Participant related to the Eligible Spouse. The greater benefit determined under the prior sentence shall then be reduced/increased for commencement before/after, as applicable, such Normal Retirement Date.

(2) An "Eligible Spouse's Salaried Plan Pre-Retirement Spouse's Pension" means the amount of the Eligible Spouse's Pre-Retirement Spouse's Pension determined under the terms of the Salaried Plan.

(3) An "Eligible Spouse's Pre-Retirement Spouse's Pension derived from the Pre-409A Program" means the amount of the Eligible Spouse's Pre-Retirement Spouse's Pension determined under the terms of the Pre-409A Program.

(d) PEP Guarantee Pre-Retirement Spouse's Pension: An Eligible Spouse's PEP Guarantee Pre-Retirement Spouse's Pension shall be determined in accordance with paragraph (1) or (2) below, whichever is applicable, with reference to the PEP Guarantee (if any) that would have been available to the Participant under

Section 5.2.

(1) Normal Rule: The Pre-Retirement Spouse's Pension payable under this paragraph shall be equal to the amount that would be payable as a survivor annuity, under a Qualified Joint and Survivor Annuity, if the Participant had:

(i) Separated from Service on the date of death (or, if earlier, his actual Separation from Service);

(ii) Commenced a Qualified Joint and Survivor Annuity on the same date payments of the Qualified Pre-Retirement Spouse's Pension are to commence; and

(iii) Died on the day immediately following such commencement.

(2) Special Rule for Active and Disabled Employees: Notwithstanding paragraph (1) above, the Pre-Retirement Spouse's Pension paid on behalf of a Participant described in Section 4.6(a) shall not be less than an amount equal to 25 percent of such Participant's PEP Guarantee determined under Section 5.2. For this purpose, Credited Service shall be determined as provided in Section 3.3(c)(2) of Part B the Salaried Plan, and the deceased Participant's Highest Average Monthly Earnings, Primary Social Security Amount

and Covered Compensation shall be determined as of his date of death. A Pre-Retirement Spouse's Pension under this paragraph is not reduced for early commencement.

Principles similar to those applicable under – (i) Section 5.1(b), and (ii) the last sentence of Section 5.2(b)(2) shall apply in determining the Pre-Retirement Spouse's 409A Pension under this section.

5.4 Certain Adjustments: Pensions determined under the foregoing sections of this Article are subject to adjustment as provided in this section. For purposes of this section, "specified plan" shall mean the Salaried Plan or a nonqualified pension plan similar to this Plan. A nonqualified pension plan is similar to this Plan if it is sponsored by a member of the PepsiCo Organization and if its benefits are not based on participant pay deferrals.

(a) Adjustments for Rehired Participants: This subsection shall apply to a current or former Participant who is reemployed after his Annuity Starting Date and whose benefit under the Salaried Plan is recalculated based on an additional period of Credited Service. In the event of any such recalculation, the Participant's PEP Pension shall also be recalculated hereunder to the maximum extent permissible under Section 409A. For this purpose and to the maximum extent permissible under Section 409A, the PEP Guarantee under Section 5.2 is adjusted for in-service distributions and prior distributions in the same manner as benefits are adjusted under the Salaried Plan, but by taking into account benefits under this Plan and any specified plans.

(b) Adjustment for Increased Pension Under Other Plans: If the benefit paid under a specified plan on behalf of a Participant is increased after PEP benefits on his behalf have been determined (whether the increase is by order of a

court, by agreement of the plan administrator of the specified plan, or otherwise), then the PEP benefit for the Participant shall be recalculated to the maximum extent permissible under Section 409A. If the recalculation identifies an overpayment hereunder, the Plan Administrator shall take such steps as it deems advisable to recover the overpayment. It is specifically intended that there shall be no duplication of payments under this Plan and any specified plans to the maximum extent permissible under Section 409A.

(c) No Benefit Offsets That Would Violate Section 409A. Effective as of January 1, 2009, if a Participant has earned a benefit under a plan maintained by a member of the PepsiCo Organization that is a “qualifying plan” for purposes of the “Non-Duplication” rule in Section 3.8 of Part A of the Salaried Plan and the “Transfers and Non-Duplication” rule in Section 3.5 of Part B of the Salaried Plan, such Transfers and Non-Duplication rules shall apply when calculating the Participant’s Total Pension under Section 5.1(c)(1) above only to the extent the application of such rule to the Participant’s 409A Pension will not result in a change in the time or form of payment of such pension that is prohibited by Section 409A. For purposes of the limit on offsets in the preceding sentence, it is the Company’s intent to undertake to make special arrangements with respect to the payment of the benefit under the qualifying plan that are legally permissible under the qualifying plan and compliant with Section 409A, in order to avoid such a change in time or form of payment to the maximum extent possible; to the extent that Section 409A compliant special arrangements are timely put into effect in a particular situation, the limit on offsets in the prior sentence will not apply.

5.5 Excludable Employment: An executive who has signed a written agreement with the Company pursuant to which the individual either (i) waives eligibility under the Plan (even if the individual otherwise meets the definition of Employee under the Plan), or (ii) agrees not to participate in the Plan, shall not thereafter become entitled to a benefit or to any increase in benefits in connection with such employment (whichever applies). Written agreements may be entered into either before or after the executive becomes eligible for or begins participation in the Plan, and such written agreement may take any form that is deemed effective by the Company. This Section 5.5 shall apply with respect to agreements that are entered into on or after January 1, 2009.

5.6 Pre-409A Pension: A Participant's Pre-409A Pension is the portion of the Participant's Pension that is grandfathered under Treasury Regulation § 1.409A-6(a)(3)(i) and (iv). Principles similar to those applicable under – (i) Section 5.1(b), and (ii) the last sentence of Section 5.2(b)(2) shall apply in determining the Pre-409A Pension under this section.

5.7 Offsets: Notwithstanding any other provision of the Plan, the Company may reduce the amount of any payment or benefit that is or would be payable to or on behalf of a Participant by the amount of any obligation of the Participant to the Company that is or becomes due and payable, provided that (1) the obligation of the Participant to the Company was incurred during the employment relationship, (2) the reduction during any Plan Year may not exceed the amount allowed under Code Section 409A and (3) the reduction is made at the same time and in the same amount as the obligation otherwise would have been due and collectable from the Participant. In addition, in the event a Participant has earned a 409A Benefit (a "Prior 409A Benefit") that was paid before, or will become payable either before or under different payment terms than, an additional 409A Benefit for the Participant, the

calculation of the Participant's additional 409A Benefit shall include an offset for the Prior 409A Benefit. This offset shall be determined as of the Annuity Starting Date of the additional 409A Benefit on a basis that (i) takes into account applicable reductions for early or late commencement as of the Annuity Starting Date of the additional 409A Pension, (ii) reflects, if applicable and customary, the relative value of forms of payment, and (iii) otherwise adjusts the offset to its Actuarial Equivalent, in each such respect as appropriate and customary under the circumstances and in accordance with rules authorized by the Plan Administrator. Therefore, by way of example, but not by way of limitation, when pursuant to Section 4.5 a Participant is entitled to Post-Disability Accruals after having become entitled to Pre-Separation Accruals, such an offset of the Pre-Separation Accruals will apply in determining the Post-Disability Accruals.

5.8 Amount of Pre-Retirement Domestic Partner's Pension: The monthly amount of the Pre-Retirement Domestic Partner's 409A Pension payable to a surviving Eligible Domestic Partner under Section 4.12 shall be determined under subsection (a) below.

(a) Calculation: An Eligible Domestic Partner's Pre-Retirement Domestic Partner's 409A Pension shall be equal to:

- (1) The Eligible Domestic Partner's Total Pre-Retirement Domestic Partner's Pension, reduced by
- (2) The Eligible Domestic Partner's Salaried Plan Pre-Retirement Domestic Partner's Pension, and then further reduced by (but not below zero)
- (3) The Eligible Domestic Partner's Pre-Retirement Domestic Partner's Pension derived from the Pre-409A Program.

(b) Basis for Determining: The Pre-Retirement Domestic Partner's 409A Pension amount in subsection (a) above shall be determined on a basis (i) that takes into account applicable reductions for early or late commencement, and (ii) otherwise adjusts the reductions in (a)(2) and (3) above to their Actuarial Equivalent as appropriate under the circumstances and pursuant to rules of the Plan Administrator, including to take account the time and form of any prior payments.

(c) Definitions: The following definitions apply for purposes of this section:

(1) An Eligible Domestic Partner's "Total Pre-Retirement Domestic Partner's Pension" means the greater of:

(i) The amount of the Eligible Domestic Partner's pre-retirement domestic partner's pension determined under the terms of the Salaried Plan, but without regard to: (A) the limitations imposed by sections 401(a)(17) and 415 of the Code (as such limitations are interpreted and applied under the Salaried Plan), and (B) the actuarial adjustment under Section 5.7(d) of Part B of the Salaried Plan, or

(ii) The amount (if any) of the Eligible Domestic Partner's PEP Guarantee Pre-Retirement Domestic Partner's 409A Pension determined under subsection (c).

In making this comparison, the benefits in subparagraphs (i) and (ii) above shall be calculated as if payable as of what would be the Normal Retirement Date of the Participant related to the Eligible Domestic Partner. The greater benefit

determined under the prior sentence shall then be reduced/increased for commencement before/after, as applicable, such Normal Retirement Date.

(2) An "Eligible Domestic Partner's Salaried Plan Pre-Retirement Domestic Partner's Pension" means the amount of the Eligible Domestic Partner's Pre-Retirement Domestic Partner's Pension determined under the terms of the Salaried Plan.

(3) An "Eligible Domestic Partner's Pre-Retirement Domestic Partner's Pension derived from the Pre-409A Program" means the amount of the Eligible Domestic Partner's Pre-Retirement Domestic Partner's Pension determined under the terms of the Pre-409A Program

(d) PEP Guarantee Pre-Retirement Domestic Partner's Pension: An Eligible Domestic Partner's PEP Guarantee Pre-Retirement Domestic Partner's 409A Pension shall be determined in accordance with paragraph (1) or (2) below, whichever is applicable, with reference to the PEP Guarantee (if any) that would have been available to the Participant under Section 5.2.

(1) Normal Rule: The Pre-Retirement Domestic Partner's 409A Pension payable under this paragraph shall be equal to the amount that would be payable as a survivor annuity, under a Qualified Joint and Survivor Annuity, if the Participant had:

(i) Separated from Service on the date of death (or, if earlier, his actual Separation from Service);

(ii) Commenced a Qualified Joint and Survivor Annuity on the same date payments of the Qualified Pre Retirement Domestic Partner's Pension are to commence; and

(iii) Died on the day immediately following such commencement.

(2) Special Rule for Active and Disabled Employees: Notwithstanding paragraph (1) above, the Pre-Retirement Domestic Partner's 409A Pension paid on behalf of a Participant described in Section 4.6(a) shall not be less than an amount equal to 25 percent of such Participant's PEP Guarantee determined under Section 5.2. For this purpose, Credited Service shall be determined as provided in Section 3.3(c)(2) of the Salaried Plan, and the deceased Participant's Highest Average Monthly Earnings, Primary Social Security Amount and Covered Compensation shall be determined as of his date of death. A Pre-Retirement Domestic Partner's 409A Pension under this paragraph is not reduced for early commencement.

Principles similar to those applicable under (i) Section 5.1(b), and (ii) the last sentence of Section 5.2(b)(2) shall apply in determining the Pre-Retirement Domestic Partner's 409A Pension under this section.

ARTICLE VI

Distribution of Benefits

The terms of this Article govern (i) the distribution of benefits to a Participant who becomes entitled to a 409A Pension, and (ii) the continuation of benefits (if any) to such Participant's beneficiary following the Participant's death. A Pre-Retirement Spouse's Pension or Pre-Retirement Domestic Partner's Pension derived from the 409A Program shall be payable as an Annuity for the life of the Eligible Spouse or Eligible Domestic Partner, as applicable, in all cases, subject to Section 4.9 (cashout distributions). The distribution of a Pre-409A Pension is governed by the terms of the Pre-409A Program.

6.1 Form and Timing of Distributions: Benefits under the 409A Program shall be distributed as follows:

(a) 409A Retirement Pension: The following rules govern the distribution of a Participant's 409A Retirement Pension:

(1) Generally: A Participant's 409A Retirement Pension shall be distributed as a Single Lump Sum on the first day of the month that is coincident with or next follows the Participant's Retirement Date, subject to paragraph (2) and Section 6.6 (delay for Key Employees).

(2) Prior Payment Election: Notwithstanding paragraph (1), a Participant who is entitled to a 409A Retirement Pension and who made an election (i) up to and including December 31, 2007, and (ii) at least six months prior to and in a calendar year prior to the Participant's Annuity Starting Date shall receive his benefit in accordance with such payment election. A payment election allowed a Participant to choose either (i) to receive a distribution of his

benefit in an Annuity form, (ii) to commence distribution of his benefit at a time other than as provided in paragraph 6.1(a)(1), or both (i) and (ii). A payment election made by a Participant who is only eligible to receive a Vested Pension on his Separation from Service shall be disregarded. Subject to Section 4.9 (cashouts), a Participant who has validly elected to receive an Annuity shall receive his benefit as a Qualified Joint and Survivor Annuity if he is married or as a Single Life Annuity if he is unmarried, unless he elects one of the optional forms of payment described in Section 6.2 in accordance with the election procedures in Section 6.3(a). A Participant shall be considered married if he is married on his Annuity Starting Date (with such Annuity Starting Date determined taking into account any election applicable under this subsection). To the extent a Participant's benefit commences later than it would under paragraph 6.1(a)(1) as a result of an election under this paragraph 6.1(a)(2), the Participant's benefit will be increased for earnings at the interest rate used to compute the Actuarial Equivalent lump sum value through the date the check for payment is prepared, which interest shall be paid at the time elected by the Participant under this paragraph 6.1(a)(2).

(b) 409A Vested Pension: Subject to Section 4.9, Section 6.6 and subsection (c) below, a Participant's 409A Vested Pension shall be distributed in accordance with paragraph (1) or (2) below, unless, in the case of a Participant who is married (as determined under the standards in paragraph 6.1(a)(2), above) or has an Eligible Domestic Partner on his Annuity Starting Date, he elects one of the optional

forms of payment distributions in Section 6.2 in accordance with the election procedures in Section 6.3(a):

(1) Separation Prior to Age 55: In the case of a Participant who Separates from Service with at least five years of Service prior to attaining age 55, the Participant's 409A Vested Pension shall be distributed as an Annuity commencing on the first of the month that is coincident with or immediately follows the date he attains age 55, which shall be the Annuity Starting Date of his 409A Vested Pension. A distribution under this subsection shall be in the form of a Qualified Joint and Survivor Annuity if the Participant is married or as a Single Life Annuity if he is not married; provided that an unmarried Participant who has an Eligible Domestic Partner may elect a 50% Survivor Annuity or 75% Survivor Annuity with his Eligible Domestic Partner as his beneficiary as provided in Section 6.2. A Participant shall be considered married or to have an Eligible Domestic Partner for purposes of this paragraph if he is married or has an Eligible Domestic Partner on the Annuity Starting Date of his 409A Vested Pension.

(2) Separation at Ages 55 Through 64: In the case of a Participant who Separates from Service with at least five years but less than ten years of Service and on or after attaining age 55 but prior to attaining age 65, the Participant's 409A Vested Pension shall be distributed as an Annuity (as provided in paragraph (1) above) commencing on the first of the month that follows his Separation from Service.

(c) Disability Pension: The portion of a Participant's 409A Disability Pension representing Pre-Separation Accruals shall be paid on the first day of the month following the later of (i) the Participant's attainment of age 55 and (ii) the Participant's Separation from Service. The available forms of payment for the portion of a Participant's 409A Disability Pension representing Pre-Separation Accruals (as defined in Section 4.5) shall be those forms available to a Participant who is entitled to a Vested Pension or a Retirement Pension, as set forth in Section 6.2, below (including, to the extent applicable, the different forms available to a married Participant / Participant with a domestic partner versus a single Participant). The portion of a Participant's 409A Disability Pension representing Post-LTD Accruals shall be paid on the first day of the month following the Participant's attainment of age 65 in a lump sum.

6.2 Available Forms of Payment: This section sets forth the payment options available to a Participant who is entitled to a Retirement Pension under paragraph 6.1(a)(2) above or a Vested Pension under subsection 6.1(b) above.

(a) Basic Forms: A Participant who is entitled to a Retirement Pension may choose one of the following optional forms of payment by making a valid election in accordance with the election procedures in Section 6.3(a). A Participant who is entitled to a Vested Pension and who is married on his Annuity Starting Date may choose one of the optional forms of payment available under paragraph (1), (2)(ii) or (2)(iii) below with his Eligible Spouse as his beneficiary (and no other optional form of payment available under this subsection (a) shall be permitted to such a Participant). A Participant who is entitled to a Vested Pension, who is not married and who has an Eligible Domestic Partner on his Annuity Starting Date may choose one of the optional

forms available under paragraph (2)(ii) or (2)(iii) below with his Eligible Domestic Partner as his beneficiary (and no other optional forms of payment available under this subsection shall be permitted to such a Participant). A Participant who is entitled to a Vested Pension and who is not married and does not have an Eligible Domestic Partner on his Annuity Starting Date shall receive a Single Life Annuity. Each optional annuity is the actuarial equivalent of the Single Life Annuity:

(1) Single Life Annuity Option: A Participant may receive his 409A Pension in the form of a Single Life Annuity, which provides monthly payments ending with the last payment due prior to his death.

(2) Survivor Options: A Participant may receive his 409A Pension in accordance with one of the following survivor options:

(i) 100 Percent Survivor Option: The Participant shall receive a reduced 409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the same reduced amount shall continue after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(ii) 75 Percent Survivor Option: The Participant shall receive a reduced 409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 75 percent of such reduced 409A Pension shall be continued after the Participant's death to his beneficiary for life, beginning on the first day of

the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death.

(iii) 50 Percent Survivor Option: The Participant shall receive a reduced 409A Pension payable for life, ending with the last monthly payment due prior to his death. Payments in the amount of 50 percent of such reduced 409A Pension shall be continued after the Participant's death to his beneficiary for life, beginning on the first day of the month coincident with or following the Participant's death and ending with the last monthly payment due prior to the beneficiary's death. A 50 percent survivor option under this paragraph shall be a Qualified Joint and Survivor Annuity if the Participant's beneficiary is his Eligible Spouse.

(iv) Ten Years Certain and Life Option: The Participant shall receive a reduced 409A Pension which shall be payable monthly for his lifetime but for not less than 120 months. If the retired Participant dies before 120 payments have been made, the monthly 409A Pension amount shall be paid for the remainder of the 120 month period to the Participant's primary beneficiary (or if the primary beneficiary has predeceased the Participant, the Participant's contingent beneficiary).

(b) Inflation Protection: The following levels of inflation protection may be provided to any Participant who elects to receive all or a part of his 409A Retirement Pension as an Annuity:

(1) 5 Percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 5 percent. The amount of the increase shall be the difference between inflation in the prior year and 5 percent.

(2) 7 Percent Inflation Protection: A Participant's monthly benefit shall be initially reduced, but thereafter shall be increased if inflation in the prior year exceeds 7 percent. The amount of the increase shall be the difference between inflation in the prior year and 7 percent.

Benefits shall be subject to increase in accordance with this subsection each January 1, beginning with the second January 1 following the Participant's Annuity Starting Date. The amount of inflation in the prior year shall be determined based on inflation in the 12-month period ending on September 30 of such year, with inflation measured in the same manner as applies on the Effective Date for adjusting Social Security benefits for changes in the cost of living. Inflation protection that is in effect shall carry over to any survivor benefit payable on behalf of a Participant, and shall increase the otherwise applicable survivor benefit as provided above. Any election by a Participant to receive inflation protection shall be irrevocable by such Participant or his surviving beneficiary.

6.3 Procedures for Elections: This section sets forth the procedures for making Annuity Starting Date elections (*i.e.*, elections under Section 6.2). Subsection (a) sets forth the procedures for making a valid election of an optional form of payment under Section 6.2 and subsection (b) includes special rules for Participants with multiple Annuity Starting Dates. An election under this Article VI shall be treated as received on a particular day if it is: (i) postmarked that day, or (ii) actually received by the Plan Administrator on that day.

Receipt under (ii) must occur by the close of business on the date in question, which time is to be determined by the Plan Administrator. Spousal consent is not required for an election to be valid.

(a) Election of an Optional Form of Payment: To be valid, an election of an optional form of Annuity under Section 6.2, for (i) a Participant's 409A Retirement Pension (if a proper election was made under paragraph 6.1(a)(2)) or (ii) a Participant's 409A Vested Terminated Pension, must be in writing, signed by the Participant, and received by the Plan Administrator at least one day prior to the Annuity Starting Date that applies to the Participant's Pension in accordance with Section 6.1. In addition, an election under this subsection must specify one of the optional forms of payment available under Section 6.2 and a beneficiary, if applicable, in accordance with Section 6.5 below. To the extent permitted by the Plan Administrator, an election made through electronic media shall be considered to satisfy the requirement for a written election, and an electronic affirmation of such an election shall be considered to satisfy the requirement for a signed election.

(b) Multiple Annuity Starting Dates: When amounts become payable to a Participant in accordance with Article IV, they shall be payable as of the Participant's Annuity Starting Date and the election procedures (in this section and Sections 6.1 and 6.5) shall apply to all of the Participant's unpaid accruals as of such Annuity Starting Date, with the following exception. In the case of a Participant who is rehired after his initial Annuity Starting Date and who (i) is currently receiving an Annuity that remained in pay status upon rehire, or (ii) was previously paid a lump sum distribution (other than a cashout distribution described in Section 4.9(a)), the

Participant's subsequent Annuity Starting Date (as a result of his subsequent Separation from Service), and the election procedures at such subsequent Annuity Starting Date, shall apply only to the portion of his benefit that accrues after his rehire. Any prior accruals that remain to be paid as of the Participant's subsequent Annuity Starting Date shall continue to be payable in accordance with the elections made at his initial Annuity Starting Date.

(c) Determination of Marital Status. Effective January 1, 2014, in any case in which the form of payment of a Participant's 409A Pension is determined by his marital status on his Annuity Starting Date, the Plan Administrator shall assume the Participant is unmarried on his Annuity Starting Date unless the Participant provides notice to the Plan prior to his Annuity Starting Date, which is deemed sufficient and satisfactory by the Plan Administrator, that he is married. The Participant shall give such notification to the Plan Administrator when he makes the election described in subsection (a) above or in accordance with such other procedures that are established by the Plan Administrator for this purpose (if any). Notwithstanding the two prior sentences, the Plan Administrator may adopt rules that provide for a different outcome than specified above.

6.4 Special Rules for Survivor Options: The following special rules shall apply for the survivor options available under Section 6.2.

(a) Effect of Certain Deaths: If a Participant makes an election under Section 6.3(a) to receive his 409A Retirement Pension in the form of an optional Annuity that includes a benefit for a surviving beneficiary under Section 6.2 and the Participant or his beneficiary (beneficiaries in the case of the optional form of payment in Section

6.2(a)(2)(iv)) dies prior to the Annuity Starting Date of such Annuity, the election shall be disregarded. If the Participant dies after this Annuity Starting Date but before his 409A Retirement Pension actually commences, the election shall be given effect and the amount payable to his surviving Eligible Spouse, Eligible Domestic Partner or other beneficiary (as applicable) shall commence on the first day of the month following his death (any back payments due the Participant shall be payable to his estate). In the case of a Participant who has elected the form of payment described in Section 6.2(a)(2)(iv), if such Participant: (i) dies after his Annuity Starting Date, (ii) without a surviving primary or contingent beneficiary, and (iii) before receiving 120 payments under the form of payment, then the remaining payments due under such form of payment shall be paid to the Participant's estate. If payments have commenced under such form of payment to a Participant's primary or contingent beneficiary and such beneficiary dies before payments are completed, then the remaining payments due under such form of payment shall be paid to such beneficiary's estate.

(b) Beneficiary Who Is Not an Eligible Spouse or Eligible Domestic Partner: If a Participant's beneficiary is not his Eligible Spouse or Eligible Domestic Partner, he may not elect:

- (1) The 100 percent survivor option described in Section 6.2(a)(2)(i) if his beneficiary is more than 10 years younger than he is, or
- (2) The 75 percent survivor option described in Section 6.2(a)(2)(ii) if his beneficiary is more than 19 years younger than he is.

6.5 Designation of Beneficiary: A Participant who has elected under Section 6.2 to receive all or part of his Retirement Pension in a form of payment that includes a survivor

option shall designate a beneficiary who will be entitled to any amounts payable on his death. Such designation shall be made on the election form used to choose such optional form of payment or an approved election form filed under the Salaried Plan, whichever is applicable. In the case of the survivor option described in Section 6.2(a)(2)(iv), the Participant shall be entitled to name both a primary beneficiary and a contingent beneficiary. A Participant (whether active or former) shall have the right to change or revoke his beneficiary designation at any time prior to his Annuity Starting Date. The designation of any beneficiary, and any change or revocation thereof, shall be made in accordance with rules adopted by the Plan Administrator. A beneficiary designation shall not be effective unless and until filed with the Plan Administrator. If no beneficiary is properly designated and a Participant's elects a survivor's option described in Section 6.2(a)(2), the Participant's beneficiary shall be his Eligible Spouse or Eligible Domestic Partner, as applicable. A Participant entitled to a Vested Pension does not have the right or ability to name a beneficiary; if the Participant is permitted under Section 6.2 to elect an optional form of payment, then his beneficiary shall be his Eligible Spouse or Eligible Domestic Partner, as applicable, on his Annuity Starting Date.

6.6 Required Delay for Key Employees: Notwithstanding Section 6.1 above, if a Participant is classified as a Key Employee upon his Separation from Service (or at such other time for determining Key Employee status as may apply under Section 409A), then distributions to the Participant shall commence as follows:

(a) Distribution of a Retirement Pension: In the case of a Key Employee Participant who is entitled to a 409A Retirement Pension, distributions shall commence on the earliest first of the month that is at least six months after the date the Participant Separates from Service (or, if earlier, the Participant's death).
For periods

before 2009, commencement of distributions, however, shall not be delayed under the preceding sentence if the Participant's 409A Retirement Pension commences at the same time as his pension under the Salaried Plan in accordance with Section 6.1(b)(3)(i).

(b) Distribution of a Vested Pension. In the case of a Participant who is entitled to a 409A Vested Pension, distributions shall commence as provided in Section 6.1(b), or if later, on the earliest first of the month that is at least six months after the Participant's Separation from Service (or, if earlier, the Participant's death). For periods before 2009, commencement of distributions, however, shall not be delayed under the preceding sentence if the Participant's 409A Vested Pension commences at the same time as his pension under the Salaried Plan in accordance with Section 6.1(b)(3)(i).

(c) Interest Paid for Delay. Any payments to the Participant that are delayed in accordance with the provisions of this Section 6.6 shall be increased for earnings at the interest rate used to compute the Actuarial Equivalent lump sum value through the date the check for payment is prepared, with such delayed payment and accumulated interest paid as a lump sum payment to the Participant on the date payment occurs in accordance with subsection (a) or (b) above, whichever is applicable. If a Participant's beneficiary or estate is paid under subsection (a) or (b) above as a result of his death, then any payments that would have been made to the Participant and that were delayed in accordance with the provisions of this Section 6.6 shall be paid as otherwise provided in the Plan, with interest at the rate specified in the preceding sentence through the date the check for payment is prepared.

6.7 Payment of FICA and Related Income Taxes: As provided in subsections (a) through (c) below, a portion of a Participant's 409A Pension shall be paid as a single lump sum and remitted directly to the Internal Revenue Service ("IRS") in satisfaction of the Participant's FICA Amount and the related withholding of income tax at source on wages (imposed under Code Section 3401 or the corresponding withholding provisions of the applicable state, local or foreign tax laws as a result of the payment of the FICA Amount) and the additional withholding of income tax at source on wages that is attributable to the pyramiding of wages and taxes.

(a) Timing of Payment: As of the date that the Participant's FICA Amount and related income tax withholding are due to be deposited with the IRS, a lump sum payment equal to the Participant's FICA Amount and any related income tax withholding shall be paid from the Participant's 409A Pension and remitted to the IRS (or other applicable tax authority) in satisfaction of such FICA Amount and income tax withholding related to such FICA Amount. The classification of a Participant as a Key Employee (as defined in Section 2.1) shall have no effect on the timing of the lump sum payment under this subsection (a).

(b) Reduction of 409A Pension. To reflect the payment of a Participant's FICA Amount and any related income tax liability, the Participant's 409A Pension shall be reduced, effective as of the date for payment of the lump sum in accordance with subsection (a) above, with such reduction being the Actuarial Equivalent of the lump sum payment used to satisfy the Participant's FICA Amount and related income tax withholding. It is expressly contemplated that this reduction may

occur effective as of a date that is after the date payment of a Participant's 409A Pension commences.

(A) No Effect on Commencement of 409A Pension. The Participant's 409A Pension shall commence in accordance with the terms of this Plan. The lump sum payment to satisfy the Participant's FICA Amount and related income tax withholding shall not affect the time of payment of the Participant's actuarially reduced 409A Pension, including not affecting any required delay in payment to a Participant who is classified as a Key Employee.

ARTICLE VII

Administration

7.1 Authority to Administer Plan: The Plan shall be administered by the Plan Administrator, which shall have the authority to interpret the Plan and issue such regulations as it deems appropriate. The Plan Administrator shall maintain Plan records and make benefit calculations, and may rely upon information furnished it by the Participant in writing, including the Participant's current mailing address, age and marital status. The Plan Administrator's interpretations, determinations, regulations and calculations shall be final and binding on all persons and parties concerned. Neither the Company nor the Plan Administrator shall be a fiduciary of the Plan, and any restrictions that might apply to a party in interest under section 406 of ERISA shall not apply under the Plan, including with respect to the Company or the Plan Administrator.

7.2 Facility of Payment: Whenever, in the Plan Administrator's opinion, a person entitled to receive any payment of a benefit or installment thereof hereunder is under a legal disability or is incapacitated in any way so as to be unable to manage his financial affairs, the Plan Administrator may make payments to such person or to the legal representative of such person for his benefit, or the Plan Administrator may apply the payment for the benefit of such person in such manner as it considers advisable. Any payment of a benefit or installment thereof in accordance with the provisions of this section shall be a complete discharge of any liability for the making of such payment under the provisions of the Plan.

7.3 Claims Procedure: The Plan Administrator shall have the exclusive discretionary authority to construe and to interpret the Plan, to decide all questions of eligibility for benefits and to determine the amount of such benefits, and its decisions on such matters

are final and conclusive. As a result, benefits under this Plan will be paid only if the Plan Administrator decides in its discretion that the person claiming such benefits is entitled to them. This discretionary authority is intended to be absolute, and in any case where the extent of this discretion is in question, the Plan Administrator is to be accorded the maximum discretion possible. Any exercise of this discretionary authority shall be reviewed by a court, arbitrator or other tribunal under the arbitrary and capricious standard (i.e., the abuse of discretion standard). If, pursuant to this discretionary authority, an assertion of any right to a benefit by or on behalf of a Participant or beneficiary (a "claimant") is wholly or partially denied, the Plan Administrator, or a party designated by the Plan Administrator, will provide such claimant within the 90-day period following the receipt of the claim by the Plan Administrator, a comprehensible written notice setting forth:

- (a) The specific reason or reasons for such denial;
- (b) Specific reference to pertinent Plan provisions on which the denial is based;
- (c) A description of any additional material or information necessary for the claimant to submit to perfect the claim and an explanation of why such material or information is necessary; and
- (d) A description of the Plan's claim review procedure (including the time limits applicable to such process and a statement of the claimant's right to bring a civil action under ERISA following a further denial on review).

If the Plan Administrator determines that special circumstances require an extension of time for processing the claim it may extend the response period from 90 to 180 days. If this occurs, the Plan Administrator will notify the claimant before the end of the initial 90-day period, indicating

the special circumstances requiring the extension and the date by which the Plan Committee expects to make the final decision. The claim review procedure is available upon written request by the claimant to the Plan Administrator, or the designated party, within 60 days after receipt by the claimant of written notice of the denial of the claim. Upon review, the Plan Administrator shall provide the claimant a full and fair review of the claim, including the opportunity to submit to the Plan Administrator comments, document, records and other information relevant to the claim and the Plan Administrator's review shall take into account such comments, documents, records and information regardless of whether it was submitted or considered at the initial determination. The decision on review will be made within 60 days after receipt of the request for review, unless circumstances warrant an extension of time not to exceed an additional 60 days. If this occurs, notice of the extension will be furnished to the claimant before the end of the initial 60-day period, indicating the special circumstances requiring the extension and the date by which the Plan Administrator expects to make the final decision. The final decision shall be in writing and drafted in a manner calculated to be understood by the claimant; include specific reasons for the decision with references to the specific Plan provisions on which the decision is based; and provide that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to his or her claim for benefits.

Any claim under the Plan that is reviewed by a court, arbitrator or any other tribunal shall be reviewed solely on the basis of the record before the Plan Administrator at the time it made its determination. In addition, any such review shall be conditioned on the claimant's having fully exhausted all rights under this section as is more fully explained in Section 7.5. Any notice or other notification that is required to be sent to a claimant under this

section may be sent pursuant to any method approved under Department of Labor Regulation Section 2520.104b-1 or other applicable guidance.

7.4 Effect of Specific References: Specific references in the Plan to the Plan Administrator's discretion shall create no inference that the Plan Administrator's discretion in any other respect, or in connection with any other provision, is less complete or broad.

7.5 Claimant Must Exhaust the Plan's Claims Procedures Before Filing in Court: Before filing any Claim (including a suit or other action) in court or in another tribunal, a Claimant must first fully exhaust all of the Claimant's rights under the claims procedures of Section 7.3.

(a) Upon review by any court or other tribunal, the exhaustion requirement of this Section 7.5 is intended to be interpreted to require exhaustion in as many circumstances as possible (and any steps necessary to clarify or effect this intent may be taken).

(b) In any action or consideration of a Claim in court or in another tribunal following exhaustion of the Plan's claims procedure as described in this Section 7.5, the subsequent action or consideration shall be limited, to the maximum extent permissible, to the record that was before Plan Administrator in the claims procedure.

(c) The exhaustion requirement of this Section 7.5 shall apply: (i) regardless of whether other Disputes that are not Claims (including those that a court might consider at the same time) are of greater significance or relevance, (ii) to any rights the Plan Administrator may choose to provide in connection with novel Disputes or in particular situations, (iii) regardless of whether the rights are actual or potential and (iv) even if the Plan Administrator has not previously defined or established specific

claims procedures that directly apply to the submission and consideration of such Claim (in which case the Plan Administrator (upon notice of the Claim) shall either promptly establish such claims procedures or shall apply (or act by analogy to) the claims procedures of Section 7.5 that apply to claims for benefits).

(d) The Plan Administrator may make special arrangements to consider a Claim on a class basis or to address unusual conflicts concerns, and such minimum arrangements in these respects shall be made as are necessary to maximize the extent to which exhaustion is required.

(e) For purposes of this Section 7.5, the following definitions apply.

(i) A "Dispute" is any claim, dispute, issue, action or other matter.

(ii) A "Claim" is any Dispute that implicates in whole or in part any one or more of the following –

(A) The interpretation of the Plan

(B) The interpretation of any term or condition of the Plan

(C) The interpretation of the Plan (or any of its terms or conditions) in light of applicable law;

(D) Whether the Plan or any term or condition under the Plan has been validly adopted or put into effect;

(E) The administration of the Plan;

(F) Whether the Plan, in whole or in part, has violated any terms, conditions or requirements of ERISA or other

applicable law or regulation, regardless of whether such terms, conditions or requirements are, in whole or in part, incorporated into the terms, conditions or requirements of the Plan;

(G) A request for Plan benefits or an attempt to recover Plan benefits;

(H) An assertion that any entity or individual has breached any fiduciary duty; or

(I) Any Claim that: (i) is deemed similar to any of the foregoing by the Plan Administrator, or (ii) relates to the Plan in any way.

(iii) A “Claimant” is any Employee, former Employee, Participant, former Participant, Beneficiary (or the spouse, former spouse, domestic partner, estate, heir or representative of any of the foregoing individuals), or any other individual, person, entity with a relationship to any of the foregoing individuals or the Plan, as well as any group of one or more of the foregoing, who has a Claim.

7.6 Limitations on Actions: Effective for claims and actions filed on or after January 1, 2011, any claim filed under Article VII and any action filed in state or federal court by or on behalf of a former or current Employee, Participant, beneficiary or any other individual, person or entity (collectively, a “Petitioner”) for the alleged wrongful denial of Plan benefits or for the alleged interference with or violation of ERISA-protected rights must be brought within two years of the date the Petitioner’s cause of action first accrues. For purposes of this subsection, a cause of action with respect to a Petitioner’s benefits under the Plan shall be

deemed to accrue not later than the earliest of (i) when the Petitioner has received the calculation of the benefits that are the subject of the claim or legal action (ii) the date identified to the Petitioner by the Plan Administrator on which payments shall commence, or (iii) when the Petitioner has actual or constructive knowledge of the facts that are the basis of his claim. For purposes of this subsection, a cause of action with respect to the alleged interference with ERISA-protected rights shall be deemed to accrue when the claimant has actual or constructive knowledge of the acts that are alleged to interfere with ERISA-protected rights. Failure to bring any such claim or cause of action within this two-year time frame shall preclude a Petitioner, or any representative of the Petitioner, from filing the claim or cause of action. Correspondence or other communications following the mandatory appeals process described in Section 7.3 shall have no effect on this two-year time frame.

7.7 Restriction on Venue: Any claim or action filed in court or any other tribunal in connection with the Plan by or on behalf of a Petitioner (as defined in Section 7.6 above) shall only be brought or filed in the United States District Court for the Southern District of New York, effective for claims or actions filed on or after January 1, 2011.

ARTICLE VIII

Miscellaneous

8.1 Nonguarantee of Employment: Nothing contained in this Plan shall be construed as a contract of employment between an Employer and any Employee, or as a right of any Employee to be continued in the employment of an Employer, or as a limitation of the right of an Employer to discharge any of its Employees, with or without cause.

8.2 Nonalienation of Benefits: Benefits payable under the Plan or the right to receive future benefits under the Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy of any kind, either voluntary or involuntary, and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or otherwise dispose of any right to benefits payable hereunder, including any assignment or alienation in connection with a divorce, separation, child support or similar arrangement, shall be null and void and not binding on the Company. The Company shall not in any manner be liable for, or subject to, the debts, contracts, liabilities, engagements or torts of any person entitled to benefits hereunder.

8.3 Unfunded Plan: The Company's obligations under the Plan shall not be funded, but shall constitute liabilities by the Company payable when due out of the Company's general funds. To the extent the Participant or any other person acquires a right to receive benefits under this Plan, such right shall be no greater than the rights of any unsecured general creditor of the Company.

8.4 Action by the Company: Any action by the Company under this Plan may be made by the Board of Directors of the Company or by the Compensation Committee of the

Board of Directors, with a report of any actions taken by it to the Board of Directors. In addition, such action may be made by any other person or persons duly authorized by resolution of said Board to take such action.

8.5 Indemnification: Unless the Board of Directors of the Company shall determine otherwise, the Company shall indemnify, to the full extent permitted by law, any employee acting in good faith within the scope of his employment in carrying out the administration of the Plan.

8.6 Compliance with Section 409A:

(a) General: It is the intention of the Company that the Plan shall be construed in accordance with the applicable requirements of Section 409A. Further, in the event that the Plan shall be deemed not to comply with Section 409A, then neither the Company, the Board of Directors, the Plan Administrator nor its or their designees or agents shall be liable to any Participant or other person for actions, decisions or determinations made in good faith.

(b) Non-duplication of benefits: In the interest of clarity, and to determine benefits in compliance with the requirements of Section 409A, provisions have been included in this 409A Document describing the calculation of benefits under certain specific circumstances, for example, provisions relating to the inclusion of salary continuation during certain window severance programs in the calculation of Highest Average Monthly Earnings, as specified in Appendix B. Notwithstanding this or any similar provision, no duplication of benefits may at any time occur under the Plan. Therefore, to the extent that a specific provision of the Plan provides for recognizing a benefit determining element (such as pensionable earnings or service) and this same

element is or could be recognized in some other way under the Plan, the specific provision of the Plan shall govern and there shall be absolutely no duplicate recognition of such element under any other provision of the Plan, or pursuant to the Plan's integration with the Salaried Plan. This provision shall govern over any contrary provision of the Plan that might be interpreted to support duplication of benefits.

8.7 Section 457A: To avoid the application of Code section 457A ("Section 457A") to a Participant's Pension, the following shall apply to a Participant who transfers to a work location outside of the United States to provide services to a member of the PepsiCo Organization that is neither a United States corporation nor a pass-through entity that is wholly owned by a United States corporation ("Covered Transfer"):

(a) The Participant shall automatically vest in his or her Pension as of the last business day before the Covered Transfer;

(b) From and after the Covered Transfer, any benefit accruals or other increases or enhancements to the Participant's Pension relating to –

(1) Service, or

(2) The attainment of a specified age while in the employment of the PepsiCo

Organization ("age attainment"),

(collectively, "Benefit Enhancement") will not be credited to the Participant until the last day of the Plan Year in which the Participant renders the Service or has the age attainment that results in such Benefit Enhancement, and then only to the extent permissible under subsection (c) below at that time; and

(c) The Participant shall have no legal right to (and the Participant shall not receive) any Benefit Enhancement that relates to Service or age attainment

from and after the Covered Transfer to the extent such Benefit Enhancement would constitute compensation that is includable in income under Section 457A.

Notwithstanding the foregoing, subsection (a) above shall not apply to a Participant who has a Covered Transfer if, prior to the Covered Transfer, the Company provides a written communication (either to the Participant individually, to a group of similar Participants, to Participants generally, or in any other way that causes the communication to apply to the Participant – *i.e.*, an “applicable communication”) that these subsections do not apply to the Covered Transfer in question. Subsection (b) shall cease to apply as of the earlier of – (i) the date the Participant returns to service for a member of the PepsiCo Organization that is a United States corporation or a pass-through entity that is wholly owned by a United States corporation, or (ii) the effective date for such cessation that is stated in an applicable communication.

8.8 Authorized Transfers: If a Participant transfers to an entity that is not part of the PepsiCo Organization, the liability for any benefits accrued while the Participant was employed by the PepsiCo Organization shall remain with the Company.

ARTICLE IX

Amendment and Termination

This Article governs the Company's right to amend and or terminate the Plan. The Company's amendment and termination powers under this Article shall be subject, in all cases, to the restrictions on amendment and termination in Section 409A and shall be exercised in accordance with such restrictions to ensure continued compliance with Section 409A.

9.1 Continuation of the Plan: While the Company and the Employers intend to continue the Plan indefinitely, they assume no contractual obligation as to its continuance. In accordance with Section 8.4, the Company hereby reserves the right, in its sole discretion, to amend, terminate, or partially terminate the Plan at any time provided, however, that no such amendment or termination shall adversely affect the amount of benefit to which a Participant or his beneficiary is entitled under Article IV on the date of such amendment or termination, unless the Participant becomes entitled to an amount equal to such benefit under another plan or practice adopted by the Company (except as necessary to comply with Section 409A). Specific forms of payment are not protected under the preceding sentence.

9.2 Amendments: The Company may, in its sole discretion, make any amendment or amendments to this Plan from time to time, with or without retroactive effect, including any amendment necessary to ensure continued compliance with Section 409A. An Employer (other than the Company) shall not have the right to amend the Plan.

9.3 Termination: The Company may terminate the Plan, either as to its participation or as to the participation of one or more Employers. If the Plan is terminated with respect to fewer than all of the Employers, the Plan shall continue in effect for the benefit of

the Employees of the remaining Employers. Upon termination, the distribution of Participants' 409A Pensions shall be subject to restrictions applicable under Section 409A.

9.4 Change in Control: The Company intends to have the maximum discretionary authority to terminate the Plan and make distributions in connection with a Change in Control (defined as provided in Section 409A), and the maximum flexibility with respect to how and to what extent to carry this out following a Change in Control as is permissible under Section 409A. The previous sentence contains the exclusive terms under which a distribution shall be made in connection with any Change in Control in the case of benefits that are derived from this 409A Program.

ARTICLE X

ERISA Plan Structure

This Plan document in conjunction with the plan document(s) for the Pre-409A Program encompasses three separate plans within the meaning of ERISA, as are set forth in subsections (a), (b) and (c). This division into separate plans became effective as of July 1, 1996; previously the plans set forth in subsections (b) and (c) were a single plan within the meaning of ERISA.

(a) Excess Benefit Plan: An excess benefit plan within the meaning of section 3(36) of ERISA, maintained solely for the purpose of providing benefits for Salaried Plan participants in excess of the limitations on benefits imposed by section 415 of the Code.

(b) Excess Compensation Top Hat Plan: A plan maintained by the Company primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees within the meaning of sections 201(2) and 401(a)(1) of ERISA. The plan provides benefits for Salaried Plan participants in excess of the limitations imposed by section 401(a)(17) of the Code on benefits under the Salaried Plan (after taking into account any benefits under the Excess Benefit Plan). For ERISA reporting purposes, this portion of PEP may be referred to as the PepsiCo Pension Equalization Plan I.

(c) Preservation Top Hat Plan: A plan maintained by the Company primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees within the meaning of sections 201(2) and 401(a)(1) of ERISA. The plan provides preserves benefits for those Salaried Plan

participants described in section 5.2(a) hereof, by preserving for them the pre-1989 level of benefit accrual that was in effect before the Salaried Plan's amendment effective January 1, 1989 (after taking into account any benefits under the Excess Benefit Plan and Excess Compensation Top Hat Plan). For ERISA reporting purposes, this portion of PEP shall be referred to as the PepsiCo Pension Equalization Plan II.

Benefits under this Plan shall be allocated first to the Excess Benefit Plan, to the extent of benefits paid for the purpose indicated in (a) above; then any remaining benefits shall be allocated to the Excess Compensation Top Hat Plan, to the extent of benefits paid for the purpose indicated in (b) above; then any remaining benefits shall be allocated to the Preservation Top Hat Plan. These three plans are severable for any and all purposes as directed by the Company.

In addition to the above, to the extent that lump sum termination benefits are paid under this Plan in connection with a severed employee's Special Early Retirement (as defined in Appendix Article D) under a temporary severance program sponsored by the Company, this portion of the Plan shall be a component of the Company's unfunded severance plan that includes the temporary program of severance benefits in question. As a component of a severance plan, the lump sum termination benefits are welfare benefits, and this portion is part of a "welfare benefit plan" under ERISA section 3(1). This severance plan component shall exist solely (i) for the duration of the temporary severance program in question, and (ii) for the purpose of paying severance benefits. As a portion of an ERISA welfare plan, any such temporary severance benefits hereunder shall not be subject to the reporting requirements for top hat plans under ERISA or any of the ERISA requirements for pension plans.

ARTICLE XI

Applicable Law

All questions pertaining to the construction, validity and effect of the Plan shall be determined in accordance with the provisions of ERISA. In the event ERISA is not applicable or does not preempt state law, the laws of the state of New York shall govern.

If any provision of this Plan is, or is hereafter declared to be, void, voidable, invalid or otherwise unlawful, the remainder of the Plan shall not be affected thereby.

APPENDIX

The following Appendix articles modify particular terms of the Plan. Except as specifically modified in the Appendix, the foregoing main provisions of the Plan shall fully apply in determining the rights and benefits of Participants and beneficiaries (and of any other individual claiming a benefit through or under the foregoing). In the event of a conflict between the Appendix and the foregoing main provision of the Plan, the Appendix shall govern.

APPENDIX ARTICLE A -

Transition Provisions

A.1 Scope.

This Article A provides the transition rules for the Plan that were effective at some time during the period beginning January 1, 2005 and ending December 31, 2008 (the "Transition Period"). The time period during which each provision in this Article A was effective is set forth below.

A.2 Transition Rules for Article II (Definitions).

(a) Actuarial Equivalent. In addition to the provisions provided in Article II for determining actuarial equivalence under the Plan, for the duration of the Transition Period, to determine the amount of a Pension payable in the form of a Qualified Joint and Survivor Annuity or optional form of survivor annuity, as an annuity with inflation protection, or as a Single Life Annuity, the Plan Administrator used the actuarial factors under the Salaried Plan.

(b) Key Employee. In addition to the provisions provided in Article II for identifying Key Employees, the following operating rules were in effect for the indicated time periods –

(1) Operating Rules for 2005. To ensure that the Company did not fail to identify any Key Employees, in the case of Separation from Service distributions during the 2005 Plan Year, the Company treated as Key Employees all Participants (and former Participants) classified (or grandfathered) for any portion of the 2005 Plan Year as Band IV and above.

(2) Operating Rules for 2006 and 2007. To ensure that the Company did not fail to identify any Key Employees, in the case of Separation from Service distributions during the 2006 Plan Year and 2007 Plan Year, the Company treated as Key Employees for such applicable Plan Year of their Separation from Service those individuals who met the provisions of (3) or (4) below (or both).

(3) The Company shall treat as Key Employees all Participants (and former Participants) who are classified (or grandfathered) as Band IV and above for any portion of the Plan Year prior to the Plan Year of their Separation from Service; and

(4) The Company shall treat as a Key Employee any Participant who would be a Key Employee as of his or her Separation from Service date based on the standards in this paragraph (4). For purposes of this paragraph (4), the Company shall determine Key Employees based on compensation (as defined in Code Section 415(c)(3)) that is taken into account as follows:

(A) If the determination is in connection with a Separation from Service in the first calendar quarter of a Plan Year, the determination shall be made using compensation earned in the calendar year that is two years prior to the current calendar year (e.g., for a determination made in the first quarter of 2006, compensation earned in the 2004 calendar year shall be used); and

(B) If the determination is in connection with a Separation from Service in the second, third or fourth calendar quarter of a Plan Year, the determination shall be made using the compensation earned in

the prior calendar year (e.g., for a determination made in the second quarter of 2006, compensation earned in the 2005 calendar year shall be used).

A.3 Transition Rules for Article VI (Distributions):

409A Pensions that would have been paid out during the Transition Period under the provisions set forth in the main body of the Plan (but for the application of permissible transition rules under Section 409A) shall be paid out on March 1, 2009.

A.4 Transition Rules for Article VII (Administration):

Effective during the Transition Period, the language of Section 8.6(a) shall be replaced in its entirety with the following language:

“8.6(a) Compliance with Section 409A:

At all times during each Plan Year, this Plan shall be operated (i) in accordance with the requirements of Section 409A, and (ii) to preserve the status of deferrals under the Pre-409A Program as being exempt from Section 409A, i.e., to preserve the grandfathered status of the Pre-409A Program. Any action that may be taken (and, to the extent possible, any action actually taken) by the Plan Administrator or the Company shall not be taken (or shall be void and without effect), if such action violates the requirements of Section 409A or if such action would adversely affect the grandfather of the Pre-409A Program. If the failure to take an action under the Plan would violate Section 409A, then to the extent it is possible thereby to avoid a violation of Section 409A, the rights and effects under the Plan shall be altered to avoid such violation. A corresponding rule shall apply with respect to a failure to take an action that would adversely affect the grandfather of the Pre-409A Program. Any provision in this Plan

document that is determined to violate the requirements of Section 409A or to adversely affect the grandfather of the Pre-409A Program shall be void and without effect. In addition, any provision that is required to appear in this Plan document to satisfy the requirements of Section 409A, but that is not expressly set forth, shall be deemed to be set forth herein, and the Plan shall be administered in all respects as if such provision were expressly set forth. A corresponding rule shall apply with respect to a provision that is required to preserve the grandfather of the Pre-409A Program. In all cases, the provisions of this Section shall apply notwithstanding any contrary provision of the Plan that is not contained in this Section.”

A.5 Transition Rules for Severance Benefits.

Effective during the Transition Period, the following provisions shall apply according to their specified terms.

(a) Definitions:

(1) Where the following words and phrases, in boldface and underlined, appear in this Section A.5 with initial capitals they shall have the meaning set forth below, unless a different meaning is plainly required by the context. Any terms used in this Article A of the Appendix with initial capitals and not defined herein shall have the same meaning as in the main Plan, unless a different meaning is plainly required by the context.

(2) “**Special Early Retirement**” shall mean the Participant’s attainment of at least age 50 but less than age 55 with 10 years of Elapsed Time Service as of the date of his Retirement, provided, however, that with respect to the 2008 Severance at Section A.5(d), for purposes of determining whether a

Participant has met the age and service requirements, a Participant's age and years of Elapsed Time Service are rounded up to the nearest whole year.

(b) **2005 Severance:**

(1) Non-Retirement Eligible Employees: With respect to any Participant who terminated in 2005 as a result of a severance window program and who was not eligible for Retirement as of the date of his Separation from Service, the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document, provided, however, that the Participant's 409A Pension will be paid at the same time as his Salaried Plan benefit. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(2) Non-Retirement Eligible Employees with Payments in 2007: With respect to any Participant who terminated in 2005 as a result of a severance window program, who was not eligible for Retirement as of the date of his Separation from Service, and whose 409A Pension Payment would otherwise be paid during 2007, the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document, provided, however, that the Participant's 409A Pension will be paid at the later of (i) January 1, 2007 or (ii) when the Participant attained age 55. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(3) Retirement Eligible Employees: With respect to any Participant who terminated in 2005 as a result of a severance window program and who

fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document as of February 5, 2006, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's Separation from Service in a lump sum.

(4) Retirement Eligible Employees (With Credit): With respect to any Participant who terminated in 2005 as a result of a severance window program and who fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document as of his Separation from Service as a result of being provided additional Credited Service time by the Company, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's Separation from Service in a lump sum.

(5) Special Early Retirement Eligible: With respect to any Participant who terminated in 2005 as a result of a severance window program and who fulfilled the requirements to be eligible for Special Early Retirement as of his Separation from Service, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's Separation from Service in a lump sum.

(c) 2007 Severance:

(1) Non-Retirement Eligible Employees: With respect to any Participant who terminated in 2007 as a result of a severance window program and who was not eligible for Retirement as of the date of his Separation from Service, the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be

those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(2) Retirement Eligible Employees: With respect to any Participant who terminated in 2007 as a result of a severance window program and who fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document as of his Separation from Service, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's Separation from Service in a lump sum; provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, his 409A Pension shall be paid according to such election.

(3) Employee Who Become Retirement Eligible:

(i) 409A Pension: With respect to any Participant who terminated in 2007 as a result of a severance window program and who fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document between his Separation from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid on the first day of the month following the later of (i) Participant's attainment of age 55 and (ii) his Separation from Service; the 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(ii) PEP Kicker: Any amount paid to a Participant otherwise described under this paragraph (3) as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service shall be paid as a single lump sum, provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, the amounts described in this subparagraph (ii) shall be paid according to such election. All amounts to be paid shall be paid on the first day of the month following the later of (i) the Participant's attainment of age 55 or (ii) the Participant's Separation from Service.

(4) Special Retirement Eligible Employees:

(i) 409A Pension: With respect to any Participant who terminated in 2007 as a result of a severance window program and who fulfilled the requirements to be eligible for Special Early Retirement as of his Separation from Service, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's attainment of age 55 as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(ii) PEP Kicker: Any amount paid to a Participant otherwise described under this paragraph (4) as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service shall be paid as a single lump sum, provided, however, that if a

Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, the amounts described in this subparagraph (ii) shall be paid according to such election. All amounts to be paid shall be paid on the first day of the month following the Participant's attainment of age 55.

(5) Employees Who Become Special Retirement Eligible:

(i) 409A Pension: With respect to any Participant who terminated in 2007 as a result of a severance window program and who fulfilled the requirements to be eligible for Special Early Retirement during the period between his Separation from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid on the first day of the month following the Participant's attainment of age 55 as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(ii) PEP Kicker: Any amount paid to a Participant otherwise described under this paragraph (5) as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service shall be paid as a single lump sum, provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, the amounts described in this subparagraph (ii) shall be paid according to such election. All amounts to be paid shall be paid

on the first day of the month following the Participant's attainment of age 55.

(d) 2008 Severance:

(1) Non-Retirement Eligible Employees: With respect to any Participant who terminated in 2008 as a result of a severance window program and who was not eligible for Retirement as of the date of his Separation from Service, the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(2) Retirement Eligible Employees: With respect to any Participant who terminated in 2008 as a result of a severance window program and who fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document as of his Separation from Service, the Participant's 409A Pension shall be paid on the first day of the month following the Participant's Separation from Service in a lump sum; provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, his 409A Pension shall be paid according to such election.

(3) Employee Who Become Retirement Eligible:

(i) 409A Pension: With respect to any Participant who terminated in 2008 as a result of a severance window program and who fulfilled the requirements for either a Normal or Early Retirement Pension under Article IV of the Plan document between his Separation

from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid on the first day of the month following the later of (i) Participant's attainment of age 55 and (ii) his Separation from Service; the 409A Pension shall be paid as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(ii) PEP Kicker: Any amount paid to a Participant otherwise described under this paragraph (3) as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service shall be paid as a single lump sum, provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, the amounts described in this subparagraph (ii) shall be paid according to such election. All amounts to be paid shall be paid on the first day of the month following the later of (i) Participant's attainment of age 55 or (ii) the Participant's Separation from Service.

(4) Employees Who Are or Become Special Retirement Eligible:

(i) 409A Pension: With respect to any Participant who terminated in 2008 as a result of a severance window program and who fulfilled the requirements to be eligible for Special Early Retirement as of his Separation from Service or during the period between his Separation from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid on the first day of the month

following the Participant's attainment of age 55 as a Vested Pension under Section 6.1(b) of the Plan document. The available forms of payment shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan document.

(ii) PEP Kicker: Any amount paid to a Participant otherwise described under this paragraph (4) as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service shall be paid as a single lump sum, provided, however, that if a Participant made a valid Prior Payment Election under Section 6.1(a)(2) of the Plan document, the amounts described in this subparagraph (ii) shall be paid according to such election. All amounts to be paid shall be paid on the first day of the month following the Participant's attainment of age 55.

(e) Delay for Key Employees: To the extent that a Participant is a Key Employee (as defined in Section A.2(b), above) with respect to any payment provided under this Section A.5, and to the extent that payment of his 409A Pension is on account of his Separation from Service, his 409A Pension shall be subject to the delay in payment provided under Section 6.6 of the main Plan document.

(f) Compliance with 19(c): All payments that are to be made under this Section A.5 were scheduled to be made during the calendar year in which the Participant terminated employment, with payments to be made as provided herein. All elections made by the Company with respect to such payments were made in compliance with Notice 2005-1 and other provisions of Code Section 409A.

A.6 Certain Participants

The following transition rules shall apply only with respect to the following described Participants:

(a) A Participant's PEP Credited Service shall be deemed to be five years if the Participant terminates employment in 2005 while classified as Band VI (or equivalent), and his employment with an Employer was for a limited duration assignment of less than five years. A Participant shall be deemed to be vested for purposes of this Plan if the Participant terminates employment in 2005 while classified as Band VI (or equivalent), and his employment with an Employer was for a limited duration assignment of less than five years.

(b) In the case of a Participant who on October 9, 2007 selects an Annuity Starting Date of November 1, 2007 for the Participant's Pension under the Salaried Plan which is payable in a single lump sum (after taking into account the special rule in Section 6.3(a)(2), if necessary), the portion of the Participant's benefit under the Plan that is not subject to Section 409A of the Code shall be paid in a single lump sum six months after the Participant's Annuity Starting Date under the Salaried Plan.

(c) In the case of a Participant who on September 3, 2004 selects a fixed date of payment of February 1, 2005 for the Participant's Pension under the Plan, the following provisions shall apply:

(1) Such fixed date shall be the commencement date for the Participant's benefit under the Plan, and

(2) The calculation of the Participant's benefit under the Plan shall be made taking into account service to be performed during any period for which

the Participant is to provide consulting services to the Company, even if such services are to be performed after the payment date specified in paragraph (1).

A.7 Transition Rules for Article VI (409A Disability Pension Pre-Separation Accruals):

(a) Distribution: The portion of a Participant's 409A Disability Pension representing Pre-Separation Accruals that would have been paid out during the Transition Period under the provisions set forth in the main body of the Plan (but for the application of permissible transition rules under Section 409A) shall commence on March 1, 2009. The available forms of payment of a Participant's 409A Disability Pension representing Pre-Separation Accruals shall be those forms available to a Participant who is entitled to a Vested Pension, as set forth in Section 6.2 of the Plan (including the different forms available to a married versus an unmarried Participant).

(b) Additional Benefit: If a Participant who is paid the Pre-Separation Accruals of his 409A Disability Pension under the provisions of subsection A.7(a) of this Appendix Article A dies prior to his expected mortality date (based on the mortality table specified by Schedule 1 of Section 2.1(b) (Actuarial Equivalent) of the Plan document as of January 1, 2009), his beneficiary shall be paid the lump sum actuarial equivalent of the annuity payments that would have been made from the date of the Participant's death until his expected mortality date (had the Participant not died). The payment to the beneficiary shall be made within 30 days following the Participant's death. Notwithstanding anything else in Section 6.5 of the Plan, a Participant subject to this subsection shall be permitted to name a beneficiary (in a form and manner acceptable to the Plan Administrator) for purposes of receiving the additional benefit described in this subsection. If the Participant fails to name a beneficiary for this

purpose, his beneficiary shall be the beneficiary selected under Section 6.5 of the Plan, or if none, then his Eligible Spouse or Eligible Domestic Partner (as applicable). If the Participant does not have an Eligible Spouse or Eligible Domestic Partner as of the date of his death, then his beneficiary shall be his estate.

APPENDIX ARTICLE B -

Computation of Earnings and Service During Certain Severance Windows

B.1 Definitions:

Where the following words and phrases, in boldface and underlined, appear in this Appendix B with initial capitals they shall have the meaning set forth below, unless a different meaning is plainly required by the context. Any terms used in this Article B of the Appendix with initial capitals and not defined herein shall have the same meaning as in the main Plan, unless a different meaning is plainly required by the context.

(a) “**Severance Program**” shall mean a program providing certain severance benefits that are paid while the program’s participants are on a severance leave of absence that is determined by the Plan Administrator to qualify for recognition as Service under Section B.3 and Credited Service under Section B.4 of Article B.

(b) “**Eligible Bonus**” shall mean an annual incentive payment that is payable to the Participant under the Severance Program and that is identified under the terms of the Severance Program as eligible for inclusion in determining the Participant’s Highest Average Monthly Earnings.

B.2 Inclusion of Salary and Eligible Bonus:

The Plan Administrator may specify that, pursuant to a Participant's participation in a severance window program provided by the Company, if a Participant receives a severance benefit pursuant to a Severance Program, all salary continuation and any Eligible Bonus earned or to be earned during the first 12 months of a leave of absence period provided to the Participant under such Severance Program will be counted toward the Participant's Highest Average Monthly Earnings, even if such salary or other earnings are to be received after a

Participant's Separation from Service. In particular, if payment of a Participant's 409A Pension is to be made at Separation from Service and prior to the Participant's receipt of all of the salary continuation or Eligible Bonus that is payable to the Participant from the Severance Program, the Participant's Highest Average Monthly Earnings shall be determined by taking into account the full salary continuation and eligible bonus that is projected to be payable to the Participant during the first 12 months of a period of leave of absence that is granted to the Participant under the Severance Program.

B.3 Inclusion of Credited Service:

The Plan Administrator may specify that, pursuant to a Participant's participation in a severance window program provided by the Company, if a Participant receives a severance benefit under a Severance Program, all Credited Service earned or to be earned during the first 12 months of the period of severance will be counted toward the Participant's Credited Service for purposes of determining the Participant's Pension and a Pre-Retirement Spouse's Pension or Pre-Retirement Eligible Domestic Partner's Pension, even if the period of time counted as Credited Service under the Severance Program occurs after a Participant's Separation from Service.

B.4 Inclusion of Service:

The Plan Administrator may specify that, pursuant to a Participant's participation in a severance window program provided by the Company, if a Participant receives a severance benefit under a Severance Program, all Service earned or to be earned during the first 12 months of the period of severance will be counted toward the Participant's Service for purposes of determining the Participant's Pension and a Pre-Retirement Spouse's Pension or Pre-

Retirement Eligible Domestic Partner's Pension, even if the period of time counted as Service under the Severance Program occurs after a Participant's Separation from Service.

B.5 Reduction to Reflect Early Payment:

If the Participant receives either (1) additional Credited Service or (2) additional earnings that are included in Highest Average Monthly Earnings under Sections B.2 or B.3 of this Article B, as a result of a severance benefit provided under a Severance Program and such additional Credited Service or earnings are included in the calculation of the Participant's Pension prior to the time that the Credited Service is actually performed by the Participant, or the earnings are actually paid to the Participant, the Pension paid to the Participant shall be adjusted actuarially to reflect the receipt of the portion of the Pension attributable to such Credited Service or earnings received on account of the Severance Program prior to the time such Credited Service is performed or such earnings are actually paid to the Participant. For purposes of determining the adjustment to be made, the Plan shall use the rate provided under the Salaried Plan for early payment of benefits.

APPENDIX ARTICLE C

International and PIRP Transfer Participants

C.1 Scope:

This Article provides special rules for calculating the benefit of an individual who is either an “International Transfer Participant” under Section C.2 below or a “PIRP Transfer Participant” under Section C.4 below. The benefit of an International Transfer Participant shall be determined under Section C.3 below, subject to Section C.6 below. The benefit of a PIRP Transfer Participant shall be determined under Section C.5 below. Once a benefit is determined for an International Transfer Participant or a PIRP Transfer Participant under this Article, such benefit shall be subject to the Plan’s normal conditions and shall be paid in accordance with the Plan’s normal terms. All benefits paid under this Article are subject to Code section 409A, including any accrued prior to January 1, 2005. The provisions of this Article relating to International Transfer Participants are effective April 1, 2007. The provisions of this Article relating to PIRP Transfer Participants are effective January 1, 2016 (but they may take into account years that precede January 1, 2016).

C.2 International Transfer Participants:

An “International Transfer Participant” is a Participant who is:

(a) General Rule: An individual who, following a transfer to an April 2007 Foreign Subsidiary (as defined in paragraph (5) of the Employer definition in Section 2.1 of Part B of the Salaried Plan, as in effect on January 1, 2014)), would qualify as an Employee within the meaning of paragraph (2)(vi) of the Employee definition in Section 2.1 of Part B of the Salaried Plan, as in effect on January 1, 2014 (U.S. citizen or resident alien on qualifying temporary international assignment) but for the fact that his

assignment with the April 2007 Foreign Subsidiary is in a position of employment that is classified as Band 4 (or its equivalent) or higher; or

(b) Special Rule for Certain Permanent Assignments to Mexico: Notwithstanding subsection (a) above, an International Transfer Participant also includes an individual who was transferred to an April 2007 Foreign Subsidiary based in Mexico, and who would qualify as an Employee within the meaning of paragraph (2)(vi) of the Employee definition in Section 2.1 of Part B of the Salaried Plan, as in effect on January 1, 2014 (U.S. citizen or resident alien on qualifying temporary international assignment) but for the fact that:

(1) His assignment with the April 2007 Foreign Subsidiary is in a position that is classified as Band 4 (or its equivalent) or higher;

(2) Mexico is his home country on the records of the Expat Centre for Excellence group or its successor (in accordance with such paragraph (2)(vi)); and

(3) The duration of his assignment with the April 2007 Foreign Subsidiary in Mexico is not limited to 5 years or less.

An individual described in subsection (a) or (b) above may still qualify as an International Transfer Participant if his transfer to an April 2007 Foreign Subsidiary occurred prior to April 1, 2007 (the effective date of this Article), provided he satisfied the terms of subsection (a) or (b) above on the date of his transfer.

C.3 Benefit Formula for International Transfer Participants:

Except as provided in this Section C.3, an International Transfer Participant's benefit under the Plan shall be determined using a calculation methodology that is substantially similar to that which applies under Section 5.1 of the Plan.

(a) Total Pension for International Transfer Participant: Notwithstanding the preceding sentence, an International Transfer Participant's "Total Pension" (as defined in Section 5.1(c)(1) of the Plan) shall be calculated as if he continued to receive Credited Service and Earnings under the Salaried Plan while working for the April 2007 Foreign Subsidiary to which he transferred following his employment with an Employer based in the United States, without regard to the actual date on which he ceased receiving Credited Service and Earnings under the Salaried Plan. However, the Total Pension of an International Transfer Participant whose transfer to an April 2007 Foreign Subsidiary occurred prior to 1992 shall not take into account Credited Service and Earnings for employment with the April 2007 Foreign Subsidiary prior to 1992.

(b) Calculation of International Transfer Participant's Benefit: The International Transfer Participant's benefit under the Plan shall be calculated by reducing his Total Pension as determined under subsection (a) above (expressed as a lump sum as of his benefit commencement date under the Plan) by the following amounts:

(1) The amount of his actual benefit under the Salaried Plan (expressed as a lump sum amount on his benefit commencement date), and

(2) Any amounts paid to him from a "qualifying plan" as that term is defined under Section 3.5(c)(4) of Part B of the Salaried Plan (Transfers and Non-Duplication) with respect to his assignment with the April 2007 Foreign Subsidiary (with such amounts expressed as a lump sum on his benefit commencement date under this Plan).

C.4 Definitions Related to PIRP Transfer Participants:

The following definitions apply for purposes of Sections C.1, C.4 and C.5 of this Article.

(a) "Accrued Benefit" is the benefit payable to a PIRP Transfer Participant, under PIRP-DB or this Plan, in the form of a single-life annuity and payable on the first of the month that is coincident with or next following the PIRP Transfer Participant's 65th birthday.

(b) "PIRP-DB" is the portion of the PepsiCo International Retirement Program that provides a program of defined benefits.

(c) "PIRP-DB Employer" is the Company or an affiliate of the Company that is an "Employer" under the terms of PIRP-DB.

(d) "PIRP-DB Pensionable Service" is service that qualifies as "Pensionable Service" under the terms of PIRP-DB.

(e) "PIRP-DB Salary" is compensation that qualifies as "Salary" under the terms of PIRP-DB.

(f) A "PIRP Transfer Participant" is an individual who is described in paragraph (1) or (2) below.

(1) Incoming PIRP Transfer Participant: An individual – (i) who is employed during a year (including a year preceding 2016) by a PIRP-DB Employer in a position that is eligible to accrue benefits under PIRP-DB (or would be eligible if Section 9.14 of PIRP-DB did not apply), (ii) who is then transferred by the Company during the year from such position to a position that is eligible to accrue benefits under the Salaried Plan, (iii) whose PIRP-DB accrual for the Year of Transfer is blocked by Section 9.14 of PIRP-DB, (iv) who would otherwise be entitled to a PIRP-DB benefit enhancement for the Year of Transfer that relates

to PIRP-DB Salary or PIRP-DB-Pensionable Service for the year of the transfer, and (v) whose PIRP-DB benefit was not already paid out by December 1, 2016 (but disregarding any such paid-out PIRP-DB benefit for this purpose that the PIRP-DB Vice President determines should be treated under this clause as if it had not been paid out).

(2) Outgoing PIRP Transfer Participant: An individual – (i) who is employed during a year (including a year preceding 2016) by an Employer in a position that is eligible to accrue benefits under the Salaried Plan, (ii) who is then transferred by the Company during the year from such position to a position that is eligible to accrue benefits under PIRP-DB (or would be eligible if Section 9.14 of PIRP-DB did not apply), (iii) whose PIRP-DB accrual for the Year of Transfer is blocked by Section 9.14 of PIRP-DB, (iv) who would otherwise be entitled to a PIRP-DB benefit enhancement for the Year of Transfer that relates to PIRP-DB Salary or PIRP-DB Pensionable Service for the year of the transfer, and (v) whose PIRP-DB benefit was not already paid out by December 1, 2016 (but disregarding any such paid-out PIRP-DB benefit for this purpose that the PIRP-DB Vice President determines should be treated under this clause as if it had not been paid out).

(g) The “PIRP-DB Vice President” is the Company executive who has the role of the “Vice President” under the terms of PIRP-DB.

(h) A “U.S. Person” is an individual who is classified as a “U.S. Person” under the terms of PIRP-DB.

- (i) "Year of Transfer" is the year in which a transfer described in subsection (f) above occurs.

C.5 Benefit Formula for PIRP Transfer Participants:

Except as provided in this Section C.5, a PIRP Transfer Participant's benefit under the Plan shall be determined using a calculation methodology that is substantially similar to that which applies under Section 5.1 of the Plan.

(a) Total Pension for PIRP Transfer Participant: Notwithstanding the preceding sentence, a PIRP Transfer Participant's "Total Pension" (as defined in Section 5.1(c)(1) of the Plan) shall be calculated as provided in paragraphs (1) and (2) below.

(1) First, a PIRP Transfer Participant's Total Pension shall be calculated as if he were an eligible employee under the Salaried Plan for the entire Year of Transfer, and as if he received Credited Service and Earnings under the Salaried Plan for the Year of Transfer equal to – (i) his actual Credited Service and Earnings under the Salaried Plan for the Year of Transfer, increased by (ii) any other compensation and service for the Year of Transfer that would have been recognized as PIRP-DB Salary and PIRP DB Pensionable Service, if Section 9.14 of PIRP-DB did not apply for the Year of Transfer.

(2) If (during a year a PIRP Transfer Participant is otherwise accruing benefits under this Plan) the PIRP Transfer Participant would be credited with PIRP-DB Salary that cannot be recognized under PIRP as a result of Section 9.14 of PIRP-DB, and if this PIRP-DB Salary would be considered for accrual purposes under PIRP-DB in connection with PIRP-DB Pensionable Service that is not recognized under this Plan, the increase in the PIRP Transfer Participant's

Accrued Benefit under PIRP that is related to this PIRP-DB Pensionable Service and that is blocked by Section 9.14 of PIRP-DB shall be added to the PIRP Transfer Participant's Accrued Benefit under this Plan. In the case of a PIRP Transfer Participant who has a Separation from Service on or after January 1, 2017, this increase in the PIRP Transfers Participant's Accrued Benefit under this Plan shall result in an appropriate increase, determined in the Company's discretion, in the Total Pension determined under paragraph (1) above. Notwithstanding the foregoing, in determining Credited Service and Earnings under this subsection (a), no compensation or service shall be taken into account more than once, and a PIRP Transfer Participant's Total Pension shall be determined in a way that avoids any duplication of benefits that will be provided to or on behalf of the PIRP Transfer Participant under PIRP-DB (after applying Section 9.14 of PIRP-DB) or another plan maintained or contributed to by the Company or an affiliate, but without applying any offset that would violate Code Section 409A.

(b) Calculation of PIRP Transfer Participant's Benefit: The PIRP Transfer Participant's benefit under the Plan shall be calculated by reducing his Total Pension as determined under subsection (a) above by the reductions that are normally applicable under Article V. In addition, in the case of a PIRP Transfer Participant who has a Separation from Service on or after January 1, 2017, if (during a year a PIRP Transfer Participant is otherwise accruing benefits under this Plan) the value of the PIRP Transfer Participant's benefit under PIRP-DB would increase (if Section 9.14 of PIRP-DB did not apply) as a result of the PIRP Transfer Participant becoming eligible for early retirement

under PIRP-DB, then the projected increase in value of the PIRP-DB benefit at the PIRP Transfer Participant's retirement under PIRP-DB, which will be blocked by Section 9.14 of PIRP, shall result in an appropriate increase, determined in the Company's discretion, in the Participant's benefit under this Plan that is payable at the time and in the form applicable under this Plan. The appropriate increase shall be determined net of any expected increase in the value of the benefit under this Plan related to becoming eligible for Early Retirement under this Plan. In addition, a PIRP Transfer Participant's appropriate increase shall be determined in a way that avoids any duplication of benefits that will be provided to or on behalf of the PIRP Transfer Participant under PIRP-DB (after applying Section 9.14 of PIRP-DB) or another plan maintained or contributed to by the Company or an affiliate, but without applying any offset that would violate Code Section 409A.

C.6 Alternative Arrangements Permitted:

Notwithstanding any provision of this Article or the Plan to the contrary, the Company and a Participant who would qualify as an International Transfer Participant under Section C.2 above may agree in writing to disregard the provisions of this Article in favor of another mutually agreed upon benefit arrangement under the Plan that complies with Code Section 409A, in which case this Article shall not apply.

APPENDIX ARTICLE D

Band 4 or Higher Rehired Yum Participants

D.1 Scope:

Effective May 1, 2009, this Article provides special rules for calculating the benefit of a transferred Participant whose transfer would be an Eligible Transfer under Section TRI.2(e) of the Part B of the Salaried Plan but for the fact that such individual is reemployed by the Company on or after May 1, 2009, into a position that is classified as Band 4 (or its equivalent) or higher. For purposes of determining such Participant's Total Pension within the meaning of Section 5.1(c)(1), but not for purposes of determining such Participant's Salaried Plan Pension within the meaning of Section 5.1(c)(2), such Participant's position on reemployment will be deemed to be classified as below Band 4 (or its equivalent), so that the Participant's transfer is eligible to be treated as an Eligible Transfer (subject to the other conditions thereof) and the Participant is eligible for the imputed service provisions of Section TRI.4(b) and (c). Such Participant's benefit otherwise shall be subject to the Plan's usual conditions and shall be paid in accordance with the Plan's usual terms. All benefits paid under this Article are subject to Code section 409A.

APPENDIX ARTICLE E -

Time and Form of Payment for Benefits Paid During Severance Windows

E.1 Scope.

This Article E sets forth the time and form of payment provisions that apply to benefits under the Plan that are paid to a Covered Participant (as defined in Section E.2 below). This Article is effective for Participants who are terminated in a Severance Program or under circumstances that qualify them for an Individual Severance Agreement (each as defined in Section E.2 below) on or after January 1, 2009 (or in the case of Participants covered by Appendix Article PBG, on or after January 1, 2012). Nothing in this Article E shall make any of the additional benefits that are made available under the Plan in any Severance Program or pursuant to any Individual Severance Agreement a permanent feature of the Plan.

E.2 Definitions:

Where the following words and phrases appear in this Appendix E with initial capitals, they shall have the meaning set forth below unless a different meaning is plainly required by the context. Any terms used in this Article E of the Appendix with initial capitals and not defined herein shall have the same meaning as in the main Plan, unless a different meaning is plainly required by the context.

(a) “Applicable Summary Plan Description” means the summary plan description that sets forth the terms and conditions of a particular Severance Program.

(b) “Covered Participant” means a Participant whose employment with the Company is terminated and who is eligible for Special Early Retirement either (i) under a Severance Program and pursuant to the terms of the Applicable Summary Plan Description, or (ii) pursuant to the terms of an Individual Severance Agreement.

(c) “Individual Severance Agreement” means an agreement between the Company and a Covered Participant that – (i) sets forth the terms and conditions of the Covered Participant’s termination of employment and (ii) expressly provides that the termination qualifies the Covered Participant for Special Early Retirement under PEP.

(d) “Kicker” means the Special Early Retirement benefit that is provided to a Covered Participant pursuant to the terms of an Applicable Summary Plan Description or an Individual Severance Agreement and that is equal to the following: (i) the Participant’s benefit under the Salaried Plan and this Plan as of his Termination Date, determined based on the benefit formulas and early retirement reduction factors for Early Retirement Pensions under each plan, minus (ii) the Participant’s Vested Pension under the Salaried Plan and this Plan as of the Termination Date, determined based on the benefit formulas and reduction factors for Vested Pensions under each plan. The Kicker shall be divided into the following components:

(1) The “PEP Kicker,” which is the portion of the Kicker paid under the Plan as a replacement for benefits that the Participant could have earned under the Plan but for his Separation from Service (either in a Severance Program or pursuant to the terms of an Individual Severance Agreement) prior to attaining Normal or Early Retirement under the Plan; and

(2) The “Qualified Kicker,” which is the portion of the Kicker paid under the Plan as a replacement for benefits that the Participant could have earned under the Salaried Plan but for his termination of employment (either in a Severance Program or pursuant to the terms of an Individual Severance

Agreement) prior to attaining Normal or Early Retirement under the Salaried Plan.

In determining the early retirement reduction factors for ages before 55, the monthly rate of reduction applicable between age 56 and age 55 shall apply unless (i) in the case of a Participant who is eligible for Special Early Retirement under a Severance Program, a different factor is used in the Salaried Plan for employees covered by the same Severance Program in which case such other factor shall be used, and (ii) in the case of a Participant who is eligible for Special Early Retirement pursuant to the terms of an Individual Severance Agreement, a different factor is called for therein, in which case such other factor shall be used.

(e) “Severance Program” has the same meaning that applies to that term under Appendix Section ERW.2(f) of Part B of the Salaried Plan (legacy PepsiCo Appendix).

(f) “Special Early Retirement” means a retirement from the Company that either – (i) satisfies all of the conditions for receiving special early retirement benefits that are set forth in an Applicable Summary Plan Description, or (ii) is expressly recognized as qualifying for special early retirement benefits pursuant to the terms of an Individual Severance Agreement.

(g) “Termination Date” means the later of – (i) the Covered Participant's Separation from Service, or (ii) date as of which the Covered Participant's severance leave of absence (if any) is projected to terminate under the terms of the Applicable Summary Plan Description or the Individual Severance Agreement, as applicable. If clause (ii) of the preceding sentence applies, then a Participant's Termination Date shall

be determined as of the date of the Participant's Separation from Service using the formulas for calculating the severance leave of absence, as such formulas are in effect under the Applicable Summary Plan Description or the Individual Severance Agreement when the legally binding right to special early retirement benefits arises in connection with the Severance Program or pursuant to the Individual Severance Agreement. A Participant's Termination Date, once set in accordance with the prior two sentences, shall not change based on any circumstances or events that follow the date of the Participant's Separation from Service.

E.3 Time and Form of Payment for 409A Pension:

A Covered Participant's 409A Pension (calculated without regard to the Kicker for purposes of this Section

E.3) shall be paid as follows:

(a) Non-Retirement Eligible Participants: If a Covered Participant is not eligible for Retirement as of his Separation from Service, the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) according to the form of payment provisions applicable to Vested Pensions under Section 6.2.

(b) Retirement Eligible Participants:

(1) If the Covered Participant is eligible for a Normal, Early or Late Retirement Pension under Article IV as of his Separation from Service, the Participant's 409A Pension shall be paid as a Retirement Pension under Section 6.1(a)(1); provided, however, that if the Participant made a valid prior payment election under Section 6.1(a)(2), his 409A Pension shall be paid as a Retirement Pension in accordance with such election.

(2) If the Covered Participant becomes eligible for a Normal or Early Retirement Pension after his Separation from Service, including during the period between his Separation from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) according to the form of payment provisions applicable to Vested Pensions under Section 6.2.

(c) Special Early Retirement Eligible Participants: If a Covered Participant is eligible for Special Early Retirement as of his Separation from Service or becomes so eligible during the period between his Separation from Service and the last day of his paid leave of absence (if any), the Participant's 409A Pension shall be paid as a Vested Pension under Section 6.1(b) according to the form of payment provisions applicable to Vested Pensions under Section 6.2.

E.4 Time and Form of Payment of Kicker Benefits:

A Covered Participant's PEP Kicker and Qualified Kicker shall be paid as follows:

(a) PEP Kicker: A Participant's PEP Kicker shall be paid as a single lump sum on the first day of the month following the later of (i) the Participant's 55th birthday, or (ii) the Participant's Separation from Service; provided, however, that if the Participant made a valid Prior Payment Election under Section 6.1(a)(2), the Participant's PEP Kicker shall be paid according to such election (even in cases where the Participant's 409A Pension is paid according to Section E.3(b)(2) above). In the event the Participant dies after meeting the requirements for a PEP Kicker but before it is paid, the PEP Kicker shall be paid to his Surviving Spouse or surviving Eligible Domestic Partner in a single lump

sum 60 days following his death, and if there is no Surviving Spouse or surviving Eligible Domestic Partner, then to the Participant's estate.

(b) Qualified Kicker: A Participant's Qualified Kicker shall be paid based on his Separation from Service as a single lump sum on the first day of the month coincident or next following his Termination Date; provided, however, that if the Applicable Summary Plan Description or Individual Severance Agreement that creates the Participant's legally binding right to the Qualified Kicker expressly provides for a different time and/or form of payment, the provisions of this subsection (b) shall not apply, and the Participant's Qualified Kicker shall be paid as provided in the Applicable Summary Plan Description or Individual Severance Agreement, as applicable. In the event the Participant dies after meeting the requirements for a Qualified Kicker but before it is paid, the Qualified Kicker shall be paid to his Surviving Spouse or surviving Eligible Domestic Partner in a single lump sum 60 days following his death, and if there is no Surviving Spouse or surviving Eligible Domestic Partner, then to the Participant's estate.

E.5 Delay for Key Employees:

Notwithstanding any provision of this Appendix E to the contrary, if a Participant is determined to be a Key Employee, any payment under this Article E that is made on account of his Separation from Service shall be subject to the required delay in payment for Key Employees under Section 6.6, except to the extent that the payment qualifies for an exemption from the application of Section 409A.

APPENDIX ARTICLE F -

U.K. Supplementary Appendix Participants with U.S. Service

F.1 Scope:

This Article applies to “Covered U.K. Employees” as defined in Section F.2 below. The benefit of a Covered U.K. Employee shall be determined as provided in Section F.3 below. Once a benefit is determined for a Covered U.K. Employee under this Article, it shall be paid in accordance with the Plan’s normal terms regarding the time and form of payment. All benefits payable under this Article are subject to Code section 409A. This Article has been restated effective January 1, 2016 (the original version of this Article was effective January 1, 2011, and it applied, in accordance with its prior terms, to periods of service before January 1, 2016).

F.2 “Covered U.K. Employee” Defined:

A “Covered U.K. Employee” is a participant in the PepsiCo U.K. Pension Plan (“U.K. Participant”) who – (i) becomes subject to United States income taxes, *e.g.*, by transferring to a position with the Company in the United States or otherwise (hereinafter referenced as “Engages in U.S. Service”), (ii) continues to accrue benefits under the PepsiCo U.K. Pension Plan after he Engages in U.S. Service, (iii) would have also accrued a benefit under the U.K. Supplementary Pension Appendix for such period following when he Engages in U.S. Service (except for the unavailability of accruals under such Appendix for the period a U.K. Participant Engages in U.S. Service), (iv) subsequently either – (A) is localized in the United States as an employee of the PepsiCo Organization, or (B) terminates employment with the PepsiCo Organization (provided this occurs before the date the U.K. Participant commences an assignment with the PepsiCo Organization that is located outside the United States, as defined

in the Code), and (v) only after fully satisfying all of the preceding clauses, is then designated by the Company (in its completely unfettered discretion) as a Covered U.K. Employee and thereby granted a legally binding right to a benefit under this Article F at the time of the designation. The period that a U.K. Participant Engages in U.S. Service shall begin on the first day that he becomes subject to United States income taxes (his "U.S. Commencement Date"), and it shall end on the date he is no longer subject to U.S. income taxes or, if earlier, the date his Plan benefits under this Article F commence (his "U.S. Cessation Date").

F.3 Benefit for Covered U.K. Employees:

A Covered U.K. Employee's benefit under the Plan shall be determined by calculating, as of his Modified U.S. Cessation Date, his "Total U.K. Supplementary Benefit" and then subtracting from this amount his "Frozen U.K. Supplementary Benefit." For this purpose, a Covered U.K. Employee's—

(a) "Modified U.S. Cessation Date" is the earliest of the following – (i) the date he is no longer subject to U.S. income taxes, (ii) the date he first satisfies clause (iv) of Section F.2, (iii) the date he commences an assignment with the PepsiCo Organization that is located outside the United States (as defined in the Code), or (iv) the date his Plan benefits under this Article F commence.

(b) "Total U.K. Supplementary Benefit" is equal to the total benefit that he would have under the terms of the U.K. Supplementary Pension Appendix, calculated based on all service and compensation with the Company through his Modified U.S. Cessation Date that is counted in the calculation of his benefit under the PepsiCo U.K. Pension Plan (or that would be counted but for a limitation applicable to the plan under

U.K. law), and with such total benefit expressed in the form of a single lump sum that is payable as of the date his benefits under this Article F commence, and

(c) "Frozen U.K. Supplementary Benefit" is equal to the total benefit that he had under the terms of the U.K. Supplementary Pension Appendix as of immediately before his U.S. Commencement Date, and with such total benefit expressed in the form of a single lump sum that is payable as of the date his benefits under this Article F commence.

The calculation provided for in the preceding sentence shall be made in accordance with the operating rules set forth in Section F.4 below.

F.4 Operating Rules:

The following operating rules apply to the calculation in Section F.3. above.

(a) In general, accruals under the PepsiCo U.K. Pension Plan for the period after a Covered U.K. Employee's U.S. Cessation Date shall not reduce the benefit under this Article F determined under Section F.3. Notwithstanding the prior sentence and anything in Section F.3 to the contrary, to the extent a Covered U.K. Employee's accruals under the PepsiCo U.K. Pension Plan for the period after a Covered U.K. Employee's U.S. Cessation Date have more than fully offset the Covered U.K. Employee's accruals under the U.K. Supplementary Pension Appendix (and the excess would have been offset against the benefit under this Article F had such benefit accrued under the U.K. Supplementary Appendix), then any such excess as of the date benefits under this Article F commence (expressed as a lump sum as of such date) shall be offset against the benefits under this Article F to the extent such offset would not violate Code Section 409A.

(b) In determining the value of a lump sum under this Article F, the actuarial assumptions that are used shall be actuarial assumptions that comply with Section 417(e) of the Code and, specifically, are the Code Section 417(e) assumptions that would be used under the Salaried Plan to pay a retirement lump sum as of the date applicable that the lump sum in question is to be determined under this Article F.

(c) A Covered U.K. Employee's Frozen U.K. Supplementary Benefit shall be determined on the basis of assuming that the Covered U.K. employee voluntarily terminated employment and any other service relationship with the PepsiCo Organization as of immediately before his U.S. Commencement Date.

(d) This subsection applies if the terms of the PepsiCo U.K. Pension Plan or the U.K. Supplementary Pension Appendix are amended during a year in a way that would change the results under the Section F.3 calculation, and such amendment otherwise applies earlier than the immediately following year. In this case, to the extent that doing is necessary to comply with Code Section 409A, the calculation in Section F.3 shall be made by delaying the application of the amendment so that it is prospectively effective starting with the immediately following year.

(e) In the event a Covered U.K. Employee (i) has earned a benefit under this Article F, (ii) has reached his U.S. Cessation Date, and (iii) then again Engages in U.S. Service and meets all of the requirements to be a Covered U.K. Employee when he again Engages in U.S. Service, the foregoing terms shall be applied again to determine if he earns a benefit for the new period that he Engages in U.S. Service, except that any resulting benefit from this new period shall be reduced by the lump sum value of any

prior benefit under this Article F (as necessary to completely avoid any duplication of benefits).

(f) In the event a Covered U.K. Employee (i) has earned a benefit under this Article F, (ii) has reached his U.S. Cessation Date, and (iii) then is employed by the PepsiCo Organization in a classification that would be eligible for an accrual under the provisions of the Plan other than this Article F (the "Other Provisions"), then the Other Provisions shall be applied to determine if he earns a benefit under the Other Provisions for the new period of service, except that any resulting benefit from this new period of service shall be reduced by the lump sum value of any prior benefit under this Article F (as necessary to completely avoid any duplication of benefits).

F.5 No Other Benefits:

A Covered U.K. Employee shall not be entitled to any other benefits under this Plan or the Salaried Plan while he is a Covered U.K. Employee (or while he would be a Covered U.K. Employee if clauses (iv) and (v) of Section F.2. were not included in the definition of Covered U.K. Employee). In addition, prior to the time that an individual has satisfied all of the requirements to be considered a Covered U.K. Employee, the individual has no legally binding right to a benefit under this Article F. Accordingly, for the avoidance of doubt, at any point before such time, the Company may take action that prevents the individual from becoming entitled to a benefit under this Article F (e.g., by deciding that it will not designate the individual as a Covered U.K. Employee, in an unfettered exercise of the Company's discretion), regardless of the services performed or other actions taken by the individual through this point in time, and regardless of any other factor.

APPENDIX ARTICLE G -

Delay Election For Certain Pre-2018 Terminees

G.1 Scope:

This Article provides an opportunity for certain Participants, who Separated from Service before January 1, 2018 and who are eligible to receive a 409A Vested Pension, to make a one-time election to delay the distribution of their 409A Vested Pension as permitted by Code section 409A(a)(4)(C). This opportunity is referred to in this Appendix G as a Delay Election. This Article is effective as of January 1, 2018.

G.2 Eligibility for Making a Delay Election.

To be eligible to make a Delay Election, a Participant must:

- (a) Have Separated from Service before January 1, 2018,
- (b) Be eligible for a 409A Vested Pension for which the scheduled payment date under the regular terms of the Plan, as determined by the Plan Administrator, (the "Scheduled Payment Date") is at least 12 months after the date the Participant will make the election, and
- (c) Be selected and notified by the Company, in its sole discretion, for the opportunity to make a Delay Election.

G.3 Requirements for Making a Delay Election

To be effective, a request for a Delay Election must:

- (a) Become fully effective and irrevocable at least 12 months in advance of the Scheduled Payment Date that was previously in effect, and
- (b) Specify a new scheduled date for payment commencement that is at least 5 years later than the Participant's Scheduled Payment Date (but that is not later

than the first of the month coincident with or immediately following the Participant's 65th birthday) (the "New Scheduled Payment Date").

G.4 No Change in Form

A Participant is not permitted to use a Delay Election to change the form of payment of his or her distribution, except that:

(a) The Participant's marital status as of the New Scheduled Payment Date shall determine the form of annuity payable under the Delay Election (with such marital status determined as of the New Scheduled Payment Date in accordance with Section 6.3(c) ("Determination of Marital Status")), and

(b) Any reduction for early commencement (as applicable under Section 5.1(b) ("Basis for Determining")) of the benefit, which is subject to the Delay Election, shall be determined with reference to the New Scheduled Payment Date.

G.5 Cashout Provisions Not Superseded.

A benefit to which an effective Delay Election applies remains subject to the cashout distribution provisions in Section 4.9.

APPENDIX ARTICLE H –

Definitions of Eligible Domestic Partner Applicable Prior to January 1, 2019

H.1 Scope.

This Article H provides the definition of Eligible Domestic Partner for periods prior to January 1, 2019.

H.2 Definition of Eligible Domestic Partner.

Paragraphs a, b, c and d are effective for the dates indicated in the paragraph. Paragraph e sets forth general rules. Paragraph f sets forth defined terms.

- a) January 1, 2016 through December 31, 2018 Provisions For applicable dates from January 1, 2016 through December 31, 2018, “Eligible Domestic Partner” status is not recognized under the Plan, in light of the Supreme Court’s 2015 decision that the Constitution guarantees the right to same-sex marriage.
 - 1. Limited Exception for 2016 Plan Year. Notwithstanding the foregoing, and solely for applicable dates in 2016, in the case of a Participant who (i) has a relationship with an individual on December 31, 2015 that is recognized as an eligible domestic partner or civil union relationship under paragraph (2) below and (ii) on any date during the 2015 Plan Year, is either an Employee who is actively employed or on an Authorized Leave of Absence from the PepsiCo Organization or a Participant, Eligible Domestic Partner means the individual with whom the Participant has entered into such an arrangement that was valid on the applicable date.
- b) June 26, 2013 through December 31, 2015 Provisions.

1. Civil Unions. If on the applicable date the Participant resides in a state that does not permit same-sex marriage and the Participant has entered into a same-sex civil union that is valid on the applicable date in the state in which it was entered into, the Participant's Eligible Domestic Partner (if any) is the individual with whom the Participant has entered into such a same-sex civil union. If a Participant resides in a state that does not permit same-sex marriage but does permit same-sex civil unions, the Participant is not eligible to have an Eligible Domestic Partner unless the Participant is in a valid same-sex civil union.
 2. State of Residence Allows Neither Civil Unions Nor Marriage. If the Participant does not have an Eligible Domestic Partner (and is not eligible to have one) pursuant to subsection (a) above, the Participant's Eligible Domestic Partner (if any) is the individual with whom the Participant has executed a legally binding same-sex domestic partner agreement that meets the requirements set forth in writing by the Company with respect to eligibility for domestic partner benefits that is in effect on the applicable date. If such Participant has not entered into such an agreement, the Participant is not eligible to have an "Eligible Domestic Partner."
- c) January 1, 2013 through June 25, 2013 Provisions. For applicable dates from January 1, 2013 through June 25, 2013, Eligible Domestic Partner means an individual described in paragraph (3) above, and also includes the following: If on the applicable date the Participant has entered into a same-sex marriage that is

valid on the applicable date in the state in which it was entered into, the Participant's Eligible Domestic Partner (if any) is the Participant's spouse pursuant to such same-sex marriage. If the Participant resides in a state that permits same-sex marriage, the Participant is not eligible to have an Eligible Domestic Partner unless either (a) the Participant is in a valid same-sex marriage or (b) such state did not start to permit same-sex marriages until less than 12 months before the applicable date.

- d) Pre-2013 Provisions. For applicable dates before January 1, 2013, "Eligible Domestic Partner" status was not available in the Plan.
- e) Additional Rules. This paragraph (5) applies to the definition of Eligible Domestic Partner for the applicable dates covered by this H notwithstanding any provisions in paragraphs (1), (2),(3) or (4) to the contrary. The term "Eligible Domestic Partner does not apply to an individual who is of the opposite sex of the Participant. A Participant who lives in a state that permits same-sex marriage is not permitted to have an Eligible Domestic Partner. In the case of applicable dates prior to January 1, 2016, if the Participant's state started to permit same-sex marriage or same-sex civil unions less than 12 months before the applicable date, the Participant is treated as residing in a state that does not permit same-sex marriage or same-sex civil unions, as the case may be, for purposes of this definition of Eligible Domestic Partner.
- f) Defined Terms. For purposes of the definition of "Eligible Domestic Partner" in this Article H, the following definitions apply: "applicable date" means the earlier of the Participant's Annuity Starting Date and date of death, and "state" means any

domestic or foreign jurisdiction having the legal authority to sanction marriages or civil unions.

APPENDIX ARTICLE I –

409A PEP Makeup for Certain Pre-409A Benefits

I.1 Scope:

To ensure there will be no “material modification” of the Pre-409A Program, this Article provides a makeup benefit under the 409A Program that applies to certain participants in the Pre-409A Program (“Pre-409A Participants”) in lieu of updating the Pre-409A Program’s actuarial factors for early commencement of Vested Pensions to be consistent with the “2019 Salaried Program Factors” (as that term is defined in the definition of Actuarial Equivalent). In the case of participants in the Pre-409A Program who are also Participants in the 409A Program (without regard to this Article), this makeup relating to the early commencement reduction of Vested Pensions payable as annuities is provided under the main text of the Plan. However, this makeup is provided under this Article in the case of affected Pre-409A Participants who are otherwise not entitled to a benefit under the 409A Program.

I.2 Eligibility Under This Article:

To be eligible under this Article, an individual must be a Pre-409A Participant:

- (a) Who is paid a Pre-409A Pension that is (i) a “Vested Pension” under the Pre-409A Program, and (ii) paid in the form of an annuity commencing as of a date prior to the Pre-409A Participant’s Normal Retirement Date but as of on or after January 1, 2019;
- (b) Whose Pre-409A Pension annuity under subsection (a) above is reduced for early commencement under the terms of the Pre-409A Program by more

than it would be if the early commencement reduction were calculated using the 2019 Salaried Plan Factors; and

(c) Who otherwise would not have a 409A Pension that is payable effective as of January 1, 2019 or later because, except as provided in this Article, the only PEP Pension to which the individual is entitled is a Pre-409A Pension, or because his otherwise applicable 409A Pension commenced payment as of prior to January 1, 2019.

An individual who satisfies all of the foregoing eligibility requirements shall be referred to as an “Eligible Person” for purposes of this Article.

I.3 Benefit Amount Under This Article:

The benefit amount for an Eligible Person under this Article shall be the single lump sum that is the Actuarial Equivalent of the difference between:

(a) The Single Life Annuity that would be payable to the Eligible Person under the Pre-409A Program as of the Eligible Person’s Annuity Starting Date under the Pre-409A Program if the 2019 Salaried Program Factors for early commencement applied in calculating such Single Life Annuity (including with respect to any portion of the Participant’s Pre-409A Pension that is derived from the PEP Guarantee), and

(b) The Single Life Annuity that is actually applicable to the Eligible Person under the Pre-409A Program as of the Eligible Person’s Annuity Starting Date under the Pre-409A Program, because of the early commencement factors that

are actually applicable in calculating such Single Life Annuity (including with respect to any portion of the Participant's Pre-409A Pension that is derived from the PEP Guarantee).

Such Actuarial Equivalent lump sum shall be calculated as of the applicable commencement date specified in Section I.4 below; however, if the applicable commencement date is the Section I.4(b) date (*i.e.* December 1, 2019) and the Eligible Person's actual Annuity Starting Date under the Pre-409A Program precedes December 1, 2019, then the Actuarial Equivalent lump sum shall be determined as of such actual Annuity Starting Date and then brought forward with Actuarial Equivalent interest to December 1, 2019. For purposes of subsection (a) above, the 2019 Salaried Program Factors shall be solely the new factors applicable under the Salaried Program as of January 1, 2019 (and no alternative calculation using the factors in effect before January 1, 2019 shall apply).

I.4 Time of Payment Under This Article:

The lump sum benefit calculated under this Appendix shall be payable as of the Eligible Person's applicable commencement date, which is the latest of the following:

- (a) The first of the month following the Eligible Person's Separation from Service,
- (b) December 1, 2019, or

(c) The first of the month following the Eligible Person's attainment of age 55 (except that this subsection (c) shall not apply to the extent that the Eligible Person's benefit is derived from Article PBG of this Appendix).

In the event that the Eligible Person's applicable commencement date is the date in subsection (a) above, then the date of actual payment of the benefit shall be delayed to the extent provided by Section 6.6(a) of the main text of the Plan, and in the case of such a delay, the benefit determined as of such applicable commencement date shall be increased by interest for the period of delay as provided in Section 6.6(c) of the main text of the Plan.

I.5 Non-Duplication of Benefits:

The foregoing Sections of this Article are intended to provide a make-up benefit under the 409A Program for applying an early commencement reduction under the Pre-409A Program using factors that predate the 2019 Salaried Plan Factors, with respect to a Pre-409A Pension that is paid in the form of an annuity and that has an Annuity Starting Date of January 1, 2019 or later. However, no duplication of benefits may occur at any time under the Plan. Therefore, to the extent an Eligible Person has received or will receive a 409A Pension that, without regard to this Article, effectively provides some or all of such makeup (e.g., because the Eligible Person's 409A Pension was reduced for early commencement using Early Retirement reduction factors), or to the extent that the Plan Administrator concludes that providing the makeup under this Article would otherwise result in a duplication of benefits, the makeup benefit under this Article shall be reduced (but not below zero) as the Plan Administrator deems

appropriate to eliminate all duplication of benefits. This provision shall govern over any contrary provision of this Article or the Plan that might be interpreted to support a duplication of benefits.

APPENDIX ARTICLE PBG

Effective as of the end of the day on December 31, 2011, the PBG PEP is hereby merged with and into the PepsiCo PEP, with the PepsiCo PEP as the surviving plan after the merger. The following Appendix Article PBG governs PBG PEP benefits that were subject to the 409A PBG PEP Document prior to the merger, except as follows: (i) Articles VII (Administration), VIII (Miscellaneous), IX (Amendment and Termination), X (ERISA Plan Structure) and XI (Applicable Law) of the main section of this document shall govern PBG PEP benefits that were subject to the 409A PBG PEP Document, and (ii) effective for Annuity Starting Dates on or after January 1, 2019, if a Participant elects a survivor, period certain annuity or other death benefit annuity (or an annuity with other optional features), the adjustment of the Single Life Annuity to Actuarial Equivalent optional annuity shall be determined under the provisions of the main section of this document. There shall be no change to the time or form of payment of benefits that are subject to Code section 409A under either the PepsiCo PEP or PBG PEP Document as a result of the plan merger or the revisions made to the 409A PBG PEP Document when it was incorporated into this Appendix.

ARTICLE I TO APPENDIX ARTICLE PBG - History and Purpose

1.1 History of Plan. The Pepsi Bottling Group, Inc. ("PBG") established the PBG Pension Equalization Plan ("PEP" or "Plan") effective April 6, 1999 for the benefit of salaried employees of the PBG Organization who participate in the PBG Salaried Employees Retirement Plan ("Salaried Plan"). The Plan was initially established as a successor plan to the PepsiCo Pension Equalization Plan, due to PBG's April 6, 1999 initial public offering, and the Plan included historical PepsiCo provisions which are relevant for eligibility and benefit determinations under the Plan. The Plan provides benefits for eligible employees whose pension benefits under the

Salaried Plan are limited by the provisions of the Internal Revenue Code of 1986, as amended. In addition, the Plan provides benefits for certain eligible employees based on the pre-1989 Salaried Plan formula. Effective April 1, 2009, the Plan also provides benefits for employees whose eligible pay under the Salaried Plan is reduced due to the employees' elective deferrals under the PBG Executive Income Deferral Program and for certain executives who would be "Grandfathered Participants" under the Salaried Plan but for their classification as salary band E3-E8 or MP (or its equivalent, for periods on and after the Effective Time). The Plan is intended as a nonqualified unfunded deferred compensation plan for federal income tax purposes. For purposes of the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan is structured as two plans. The portion of the Plan that provides benefits based on limitations imposed by Section 415 of the Internal Revenue Code (the "Code") is intended to be an "excess benefit plan" as described in Section 4(b)(5) of ERISA. The remainder of the Plan is intended to be a plan described in Sections 201(2), 301(a)(3) and 401(a)(1) of ERISA providing benefits to a select group of management or highly-compensated employees.

The Plan has been amended from time to time, most recently in the form of an amendment and complete restatement effective as of April 1, 2009 ("2009 Restatement"). PBG further amended the Plan as a result of the merger of PBG with and into Pepsi-Cola Metropolitan Bottling Company, Inc., a wholly-owned subsidiary of PepsiCo, Inc. (the "Company"), pursuant to the Agreement and Plan of Merger dated as of August 3, 2009 among PBG, the Company and Pepsi-Cola Metropolitan Company, Inc., and to facilitate the Company's assumption of PBG's role as the Plan's sponsor.

1.2 Effect of Amendment and Restatement. The Plan as in effect on October 3, 2004 is referred to herein as the Prior Plan.

Except as otherwise explicitly provided in Section 6.1(b)(3) of this Plan, a Participant's benefit (including death benefits), determined under the terms of the Plan as in effect on October 3, 2004 as if the Participant had terminated employment on December 31, 2004, without regard to any compensation paid or services rendered after 2004, or any other events affecting the amount of or the entitlement to benefits (other than the Participant's survival or the Participant's election under the terms of the Plan with respect to the time or form of benefit) (the "Grandfathered Benefit") shall be paid at the time and in the form provided by the terms of the Plan as in effect on October 3, 2004. The benefit of a Participant accrued under this Plan based on all compensation and services taken into account by the Prior Plan and this Plan, less the Participant's Grandfathered Benefit, shall be paid in the times and in the form as provided in this Plan. Except as otherwise explicitly provided in this Plan, this Plan superseded the Prior Plan effective January 1, 2009, with respect to amounts accrued and vested after 2004 by Participants who had not commenced receiving benefits as of January 1, 2009. The Plan was administered in accordance with a good faith interpretation of Section 409A of the Internal Revenue Code and IRS regulations and guidance thereunder from January 1, 2005 through December 31, 2008. Amounts accrued under this Plan after 2004 shall be treated as payable under a separate Plan for purposes of Section 409A of the Internal Revenue Code.

ARTICLE II TO APPENDIX ARTICLE PBG - Definitions and Construction

2.1 **Definitions.** The following words and phrases, when used in this Plan, shall have the meaning set forth below unless the context clearly indicates otherwise. Unless otherwise expressly qualified by the terms or the context of this Plan, the terms used in this Plan shall have the same meaning as those terms in the Salaried Plan.

(a) **Actuarial Equivalent**. Except as otherwise specifically set forth in the Plan or any Appendix to the Plan with respect to a specific benefit determination, a benefit of equivalent value computed on the basis of the factors applicable for such purposes under the Salaried Plan.

(b) **Annuity**. A Pension payable as a series of monthly payments for at least the life of the Participant.

(c) **Code**. The Internal Revenue Code of 1986, as amended from time to time.

(d) **Company**. PepsiCo, Inc., a corporation organized and existing under the laws of the State of North Carolina or its successor or successors. For periods prior to the Effective Time, "Company" means The Pepsi Bottling Group, Inc."

(e) **Compensation Limitation**. Benefits not payable under the Salaried Plan because of the limitations on the maximum amount of compensation which may be considered in determining the annual benefit of the Salaried Plan Participant under Section 401(a)(17) of the Code.

(f) **Effective Date**. The date upon which this Plan was effective, which is April 6, 1999 (except as otherwise provided herein).

(g) **Effective Time**. February 26, 2010. .

(h) **EID**. The PBG Executive Income Deferral Program, as amended from time to time.

(i) [Reserved]

(j) **Employee**. An individual who qualifies as an "Employee" as that term is defined in the Salaried Plan.

(k) **Employer**. An entity that qualifies as an “Employer” as that term is defined in the Salaried Plan.

(l) **ERISA**. Public Law No. 93-406, the Employee Retirement Income Security Act of 1974, as amended from time to time.

(m) **Participant**. An Employee participating in the Plan in accordance with the provisions of Section 3.1.

(n) **PepsiCo/PBG Organization**. The controlled group of organizations of which the Company is a part, as defined by Section 414 of the Code and the regulations issued thereunder. An entity shall be considered a member of the PepsiCo/PBG Organization only during the period it is one of the group of organizations described in the preceding sentence. The application of this definition for periods prior to the Effective Time shall take into account the different definition of “Company” that applies before the Effective Time.

(o) **PEP Pension**. One or more payments that are payable to a person who is entitled to receive benefits under the Plan. The term “Grandfather Benefit” shall be used to refer to the portion of a PEP Pension that is payable in accordance with the Plan as in effect October 3, 2004 and is not subject to Section 409A.

(p) **PepsiCo Prior Plan**. The PepsiCo Pension Equalization Plan.

(q) **Plan**. Effective January 1, 2012, Appendix Article PBG to the PepsiCo Pension Equalization Plan, as set forth herein, and as amended from time to time. Prior to January 1, 2012, the PBG Pension Equalization Plan, as amended from time to time. In these documents, the Plan is also sometimes referred to as PEP. For periods before April 6, 1999, references to the Plan refer to the PepsiCo Prior Plan.

(r) **Plan Administrator**. The PepsiCo Administration Committee (PAC), which shall have authority to administer the Plan as provided in Article VII of the main portion of the document.

(s) **Plan Year**. The 12-month period ending on each December 31st.

(t) **Primary Social Security Amount**. In determining Pension amounts, Primary Social Security Amount shall mean:

(1) For purposes of determining the amount of a Retirement, Vested, Pre-Retirement Spouse's Pension, or Pre-Retirement Domestic Partner's Pension, the Primary Social Security Amount shall be the estimated monthly amount that may be payable to a Participant commencing at age 65 as an old-age insurance benefit under the provisions of Title II of the Social Security Act, as amended. Such estimates of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the following assumptions:

(i) That the Participant's social security wages in any year prior to Retirement or severance are equal to the Taxable Wage Base in such year, and

(ii) That he will not receive any social security wages after Retirement or severance.

However, in computing a Vested Pension under Section 4.2, the estimate of the old-age insurance benefit to which a Participant would be entitled at age 65 shall be based upon the assumption that he continued to receive social security wages until age 65 at the same rate as the Taxable Wage Base in effect at the earlier of his severance from employment or the date such participant

ceased to accrue benefits under both the Salaried Plan and this Plan. For purposes of this subsection, “social security wages” shall mean wages within the meaning of the Social Security Act.

(2) For purposes of paragraph (1), the Primary Social Security Amount shall exclude amounts that may be available because of the spouse or any dependent of the Participant or any amounts payable on account of the Participant’s death. Estimates of Primary Social Security Amounts shall be made on the basis of the Social Security Act as in effect at the Participant’s Severance from Service Date, without regard to any increases in the social security wage base or benefit levels provided by such Act which take effect thereafter.

(u) **Salaried Plan**. The PepsiCo Salaried Employees Retirement Plan; as it may be amended from time to time; provided that a Participant’s benefit under this Plan shall be determined solely by reference to Part C of the Salaried Plan.

(v) **Salaried Plan Participant**. An Employee who is a participant in the Salaried Plan.

(w) **Section 409A**. Section 409A of the Code and the applicable regulations and other guidance issued thereunder.

(x) **Section 415 Limitation**. Benefits not payable under the Salaried Plan because of the limitations imposed on the annual benefit of a Salaried Plan Participant by Section 415 of the Code.

(y) **Separation from Service**. A Participant’s separation from service as defined in Section 409A.

(z) **Single Lump Sum**. The distribution of a Participant's total PEP Pension in excess of the Participant's Grandfathered Benefit in the form of a single payment.

(aa) **Specified Employee**. The individuals identified in accordance with principles set forth below.

(1) **General**. Any Participant who at any time during the applicable year is:

(i) An officer of any member of the PBG Organization having annual compensation greater than \$130,000 (as adjusted under Section 416(i)(1) of the Code);

(ii) A 5-percent owner of any member of the PBG Organization; or

(iii) A 1-percent owner of any member of the PBG Organization having annual compensation of more than \$150,000.

For purposes of (i) above, no more than 50 employees identified in the order of their annual compensation shall be treated as officers. For purposes of this section, annual compensation means compensation as defined in Treas. Reg. § 1.415(c)-2(a), without regard to Treasury Reg. §§ 1.415(c)-2(d), 1.415(c)-2(e), and 1.415(c)-2(g). The Plan Administrator shall determine who is a Specified Employee in accordance with Section 416(i) of the Code and the applicable regulations and other guidance of general applicability issued thereunder or in connection therewith, and provided further that the applicable year shall be determined in accordance with Section 409A and that any modification of the foregoing definition that applies under Section 409A shall be taken into account.

(2) Applicable Year. Except as otherwise required by Section 409A, the Plan Administrator shall determine Specified Employees as of the last day of each calendar year, based on compensation for such year, and such designation shall be effective for purposes of this Plan for the twelve month period commencing on April 1st of the next following calendar year.

(3) Rule of Administrative Convenience. In addition to the foregoing, the Plan Administrator shall treat all other Employees classified as E5 and above on the applicable determination date prescribed in subsection (2) (i.e., the last day of each calendar year) as a Specified Employee for purposes of the Plan for the twelve-month period commencing of the applicable April 1st date. However, if there are at least 200 Specified Employees without regard to this provision, then it shall not apply. If there are less than 200 Specified Employees without regard to this provision, but full application of this provision would cause there to be more than 200 Specified Employees, then (to the extent necessary to avoid exceeding 200 Specified Employees) those Employees classified as E5 and above who have the lowest base salaries on such applicable determination date shall not be Specified Employees.

(4) Identification of Specified Employees Between February 26, 2010 and March 31, 2010. Notwithstanding the foregoing, for the period between February 26, 2010 and March 31, 2010, Specified Employees shall be identified by combining the lists of Specified Employees of all Employers as in effect immediately prior to the Effective Time. The foregoing method of identifying Specified Employees is intended to comply with Treas. Reg. § 1.409A-1(i)(6)(i),

which authorizes the use of an alternative method of identifying Specified Employees that complies with Treas. Reg. §§ 1.409A-1(i)(5) and -1(i)(8) and Section VII.C.4.d of the Preamble to the Final Regulations under Section 409A of the Code, which permits “service recipients to simply combine the pre-transaction separate lists of specified employees where it is determined that such treatment would be administratively less burdensome.”

(5) Identification of Specified Employees on and After April 1, 2010. Notwithstanding the foregoing, for the periods on after April 1, 2010, Key Employees shall be identified as follows:

(i) For the period that begins on April 1, 2010, and ends on March 31, 2011, an employee shall be a Specified Employee (subject to subparagraph (iii) below) if he was classified as at least a Band IV or its equivalent on December 31, 2009. For this purpose, an employee shall be considered to be at least a Band IV or its equivalent as of a date if the employee is classified as one of the following types of employees in the PepsiCo Organization on that date: (i) a Band IV employee or above in a PepsiCo Business, (ii) a Level E7 employee or above in a PBG Business, or (iii) a Salary Grade 19 employee or above at a PAS Business.

(ii) For the twelve-month period that begins on April 1, 2011, and for each twelve-month period that begins on April 1 in subsequent years, an employee shall be a Specified Employee (subject to subparagraph (iii) below) if the employee was an employee of the PepsiCo Organization who was classified as Band IV or above on the December 31 that immediately precedes such April 1.

(iii) Notwithstanding the rule of administrative convenience in paragraph (3) above, an employee shall be a Specified Employee for the 12-month period that begins on any April 1, if as of the preceding December 31 the employee would be a specified employee, within the meaning of Treasury Regulation 1.409A-1(i), or any successor, by applying as of such December 31 the default rules that apply under such regulation for determining the minimum number of a service recipient's specified employees. If the preceding sentence and the methods for identifying Specified Employees set forth in subparagraph (i) or (ii) above, taken together, would result in more than 200 individuals being counted as Specified Employees as of any December 31 determination date, then the number of individuals treated as Specified Employees pursuant to subparagraph (i) or (ii), who are not described in the first sentence of this subparagraph (iii), shall be reduced to 200 by eliminating from consideration those employees otherwise added by such subparagraph in order of their base compensation, from the lowest base compensation to the highest.

(iv) For purposes of this paragraph (5), "PAS Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PAS business; "PBG Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PBG business; and "PepsiCo Business" means each employer, division of an employer or other organizational subdivision of an employer that the Company classifies as part of the PepsiCo business.

The method for identifying Specified Employees set forth in this definition is intended as an alternative method of identifying Specified Employees under Treas. Reg. § 1.409A-1(i)(5),

and is adopted herein and shall be interpreted and applied consistently with the rules applicable to such alternative arrangements.

(bb) **Vested Pension**. The PEP Pension available to a Participant who has a vested PEP Pension and is not eligible for a Retirement Pension.

2.2 **Construction**. The terms of the Plan shall be construed in accordance with this section.

(a) **Gender and Number**. The masculine gender, where appearing in the Plan, shall be deemed to include the feminine gender, and the singular may include the plural, unless the context clearly indicates to the contrary.

(b) **Compounds of the Word "Here"**. The words "hereof", "hereunder" and other similar compounds of the word "here" shall mean and refer to the entire Plan, not to any particular provision or section.

ARTICLE III TO APPENDIX ARTICLE PBG - Participation

3.1 Each Salaried Plan Participant whose benefit under the Salaried Plan is curtailed by the Compensation Limitation or the Section 415 Limitation, or both, and each other Salaried Plan Participant (i) who is a Grandfathered Employee as defined in Section 3.7 of the Salaried Plan and who made elective deferrals to the EID on or after April 1, 2009 and before January 1, 2011 (inclusively); (ii) who would have been considered a Grandfathered Participant as defined in Section 3.7 of the Salaried Plan during the period April 1, 2009 through December 31, 2010 if the Participant had not been classified by the Employer as salary band E3-E8 or MP on March 31, 2009; or (iii) whose 1988 pensionable "earnings" under the Salaried Plan, as described in Section 4.2(a), were \$75,000 or more, shall participate in this Plan.

ARTICLE IV TO APPENDIX ARTICLE PBG - Amount of Retirement Pension

4.1 **PEP Pension.** Subject to Sections 4.5 and 8.7, a Participant's PEP Pension shall equal the amount determined under (a) or (b) of this Section 4.1, whichever is applicable. Such amount shall be determined as of the date of the Participant's Separation from Service.

(a) **Same Form as Salaried Plan.** If a Participant's PEP Pension will be paid in the same form and will commence as of the same time as his pension under the Salaried Plan, then his monthly PEP Pension shall be equal to the excess of:

(1) The greater of:

(i) the monthly pension benefit which would have been payable to such Participant under the Salaried Plan without regard to (I) the Compensation Limitation; (II) the Section 415 Limitation; (III) the exclusion from Earnings of amounts deferred at the election of the Participant under the EID on or after April 1, 2009 and before January 1, 2011; and (IV) the April 1, 2009 through December 31, 2010 exclusion from the Salaried Plan definition of a Grandfathered Participant of a Participant who, as of March 31, 2009, was classified as salary band E3-E8 or MP and had attained age 50 and completed five years of Service or whose sum of his age and years of Service was at least 65; and

(ii) if applicable, the amount determined in accordance with Section 4.2, expressed in such form and payable as of such time; over

(2) The amount of the monthly pension benefit that is in fact payable to such Salaried Plan Participant under the Salaried Plan, expressed in such form and payable as of such time.

The amount of the monthly pension benefit so determined, less the portion of such benefit that is the Participant's Grandfathered Benefit, shall be payable as provided in Section 6.2.

(b) **Different Form than Salaried Plan.** If a Participant's PEP Pension will be paid in a different form (whether in whole or in part) or will commence as of a different time than his pension benefit under the Salaried Plan, his PEP Pension shall be the product of:

(1) The greater of:

(i) the monthly pension benefit which would have been payable to such Participant under the Salaried Plan without regard to (I) the Compensation Limitation; (II) the Section 415 Limitation; (III) the exclusion from Earnings of amounts deferred at the election of the Participant under the EID on or after April 1, 2009 and before January 1, 2011; and (IV) the March 31, 2009 through December 31, 2010 exclusion from the Salaried Plan definition of a Grandfathered Participant of a Participant who, as of such date, was classified as salary band E3-E8 or MP and had attained age 50 and completed five years of Service or whose sum of his age and years of Service was at least 65; and

(ii) if applicable, the amount determined in accordance with Section 4.2, expressed in the form and payable as of such time as applies to his PEP Pension under this Plan, multiplied by

(2) A fraction, the numerator of which is the value of the amount determined in Section 4.1(b) (1), reduced by the value of his pension under the

Salaried Plan, and the denominator of which is the value of the amount determined in Section 4.1(b)(1) (with value determined on a reasonable and consistent basis, in the discretion of the Plan Administrator, with respect to similarly situated employees).

The amount of the monthly pension benefit so determined, less the portion of such benefit that is the Participant's Grandfathered Benefit, shall be payable as provided in Section 6.2.

Notwithstanding the above, in the event any portion of the accrued benefit of a Participant under this Plan or the Salaried Plan is awarded to an alternate payee pursuant to a qualified domestic relations order, as such terms are defined in Section 414(p) of the Code, the Participant's total PEP Pension shall be adjusted, as the Plan Administrator shall determine, so that the combined benefit payable to the Participant and the alternate payee from this Plan and the Salaried Plan is the amount determined pursuant to subsections 4.1(a) and (b) above, as applicable.

4.2 PEP Guarantee. Subject to Section 8.7, a Participant who is eligible under subsection (a) below shall be entitled to a PEP Guarantee benefit determined under subsection (b) below, if any.

(a) **Eligibility.** A Participant shall be covered by this section if the Participant has 1988 pensionable earnings from an Employer of at least \$75,000. For purposes of this section, "1988 pensionable earnings" means the Participant's remuneration for the 1988 calendar year that was recognized for benefit accrual received under the Salaried Plan as in effect in 1988. "1988 pensionable earnings" does not include remuneration from an entity attributable to any period when that entity was not an Employer.

(b) **PEP Guarantee Formula.** The amount of a Participant's PEP Guarantee shall be determined under paragraph (1), subject to the special rules in paragraph (2).

(1) Formula. The amount of a Participant's PEP Guarantee under this paragraph shall be determined as follows:

- (i) Three percent of the Participant's Highest Average Monthly Earnings for the first 10 years of Credited Service, plus
- (ii) One percent of the Participant's Highest Average Monthly Earnings for each year of Credited Service in excess of 10 years, less
- (iii) One and two-thirds percent of the Participant's Primary Social Security Amount multiplied by years of Credited Service not in excess of 30 years.

In determining the amount of a Vested Pension, the PEP Guarantee shall first be calculated on the basis of (I) the Credited Service the Participant would have earned had he continued to accrue Credited Service until his Normal Retirement Age, and (II) his Highest Average Monthly Earnings and Primary Social Security Amount at the earlier of his Severance from Service Date or the date such Participant ceased to accrue additional benefits under both the Salaried Plan and this Plan, and then shall be reduced by multiplying the resulting amount by a fraction, the numerator of which is the Participant's actual years of Credited Service on the earlier of his Severance from Service Date or the date such Participant ceased to accrue additional benefits under both the Salaried Plan and this Plan and the denominator of which is the years of Credited Service

he would have earned had he continued to accrue Credited Service until his Normal Retirement Age.

(2) Calculation. The amount of the PEP Guarantee shall be determined pursuant to paragraph (1) above, subject to the following special rules:

(i) Surviving Eligible Spouse's or Eligible Domestic Partner's Annuity: Subject to subparagraph (iii) below and the last sentence of this subparagraph, if the Participant has an Eligible Spouse or Eligible Domestic Partner and has commenced receipt of an Annuity under this section, the Participant's Eligible Spouse or Eligible Domestic Partner shall be entitled to receive a survivor annuity equal to 50 percent of the Participant's Annuity under this section, with no corresponding reduction in such Annuity for the Participant. Annuity payments to a surviving Eligible Spouse or Eligible Domestic Partner shall begin on the first day of the month coincident with or following the Participant's death and shall end with the last monthly payment due prior to the Eligible Spouse's or Eligible Domestic Partner's death. If the Eligible Spouse or Eligible Domestic Partner is more than 10 years younger than the Participant, the survivor benefit payable under this subparagraph shall be adjusted as provided below.

(A) For each full year more than 10 but less than 21 that the surviving Eligible Spouse or Eligible Domestic Partner is younger than the Participant, the survivor benefit payable to such

Eligible Spouse or Eligible Domestic Partner shall be reduced by 0.8 percent.

(B) For each full year more than 20 that the surviving Eligible Spouse or Eligible Domestic Partner is younger than the Participant, the survivor benefit payable to such Eligible Spouse or Eligible Domestic Partner shall be reduced by an additional 0.4 percent.

This subparagraph applies only to a Participant who retires on or after his Early Retirement Date.

(ii) Reductions. The following reductions shall apply in determining a Participant's PEP Guarantee.

(A) If the Participant will receive an Early Retirement Pension, the payment amount shall be reduced by $\frac{3}{12}$ ^{ths} of 1 percent for each month by which the benefit commencement date precedes the date the Participant would attain his Normal Retirement Date.

(B) If the Participant is entitled to a Vested Pension, the payment amount shall be reduced to the Actuarial Equivalent of the amount payable at his Normal Retirement Date (if payment commences before such date), and the reductions set forth in the Salaried Plan for any Pre-Retirement Spouse's coverage or Pre-Retirement Domestic Partner's coverage shall apply.

(C) This clause applies if the Participant will receive his PEP Guarantee in a form that provides an Eligible Spouse or Eligible Domestic Partner benefit, continuing for the life of the surviving spouse or surviving domestic partner, that is greater than that provided under subparagraph (i). In this instance, the Participant's PEP Guarantee under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of the PEP Guarantee otherwise payable under the foregoing provisions of this section.

(D) This clause applies if the Participant will receive his PEP Guarantee in a form that provides a survivor annuity for a beneficiary who is not his Eligible Spouse or Eligible Domestic Partner. In this instance, the Participant's PEP Guarantee under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of a Single Life Annuity for the Participant's life.

(E) This clause applies if the Participant will receive his PEP Guarantee in an Annuity form that includes inflation protection described in the Salaried Plan. In this instance, the Participant's PEP Guarantee under this section shall be reduced so that the total value of the benefit payable on the Participant's behalf is the Actuarial Equivalent of the elected Annuity without such protection.

(iii) Lump Sum Conversion. The amount of the PEP Guarantee determined under this section for a Participant whose Retirement Pension will

be distributed in the form of a lump sum shall be the Actuarial Equivalent of the Participant's PEP Guarantee determined under this section, taking into account the value of any survivor benefit under subparagraph (i) above and any early retirement reductions under subparagraph (ii)(A) above.

(iv) April 1, 2009 Salaried Plan Changes.

(A) The amount of the PEP Guarantee determined under this section for a Participant who, as of March 31, 2009, was classified as salary band E3-E8 or MP and who had attained age 50 and completed five years of Service or (inclusively) whose sum of his age and years of Service was at least 65 shall be determined as if such Participant were a Grandfathered Participant in the Salaried Plan on April 1, 2009 (so that Earnings and Credited Service were not frozen as of March 31, 2009 for the period April 1, 2009 through December 31, 2010).

(B) Highest Average Monthly Earnings shall be determined without regard to the exclusion from Earnings under the Salaried Plan of amounts deferred at the election of the Participant under the EID on or after April 1, 2009 and before January 1, 2011.

4.3 ***Certain Adjustments.*** Pensions determined under the foregoing sections of this Article are subject to adjustment as provided in this section. For purposes of this section, "specified plan" shall mean the Salaried Plan or a nonqualified pension plan similar to this Plan. A nonqualified pension plan is similar to this Plan if it is sponsored by a member of the PBG Organization and if its benefits are not based on participant pay deferrals (this category of similar plans includes the PepsiCo Prior Plan).

(a) **Adjustments for Rehired Participants**. This subsection shall apply to a current or former Participant who is reemployed after his Annuity Starting Date and (i) whose benefit under the Salaried Plan is recalculated based on an additional period of Credited Service, or (ii) whose benefit under the Salaried Plan would have been recalculated, based on an additional period of Credited Service if the Participant would have been considered a Grandfathered Participant as defined in Section 3.7 of the Salaried Plan if the Participant was not classified by the Employer as salary band E3-E8 or MP. In such event, the Participant's PEP Pension shall be recalculated hereunder. For this purpose, the PEP Guarantee under Section 4.2 is adjusted for in-service distributions and prior distributions in the same manner as benefits are adjusted under the Salaried Plan, but by taking into account benefits under this Plan and any specified plans.

(b) **Adjustment for Increased Pension Under Other Plans**. If the benefit paid under a specified plan on behalf of a Participant is increased after PEP benefits on his behalf have been determined (whether the increase is by order of a court, by agreement of the plan administrator of the specified plan, or otherwise), the PEP benefit for the Participant shall be recalculated. If the recalculation identifies an overpayment hereunder, the Plan Administrator shall take such steps as it deems advisable to recover the overpayment. It is specifically intended that there shall be no duplication of payments under this Plan and any specified plans.

(c) **No Benefit Offsets That Would Violate Section 409A**. If a Participant has earned a benefit under a plan maintained by a member of the PepsiCo/PBG Organization that is a "qualifying plan" for purposes of the "Non-Duplication" rule in Section 3.8 of Part A of the Salaried Plan and the "Transfers and Non-Duplication" rule in

Section 3.6 of Part C of the Salaried Plan, such Transfers and Non-Duplication rules shall apply when calculating the amount determined under Section 4.1(a)(1) or 4.1(b)(1) above (as applicable) only to the extent the application of such rule will not result in a change in the time or form of payment of such pension that is prohibited by Section 409A. For purposes of the limit on offsets in the preceding sentence, it is the Company's intent to undertake to make special arrangements with respect to the payment of the benefit under the qualifying plan that are legally permissible under the qualifying plan, and compliant with Section 409A, in order to avoid such a change in time or form of payment to the maximum extent possible; to the extent that Section 409A compliant special arrangements are timely put into effect in a particular situation, the limit on offsets in the prior sentence will not apply.

4.4 Reemployment of Certain Participants. In the case of a current or former Participant who is reemployed and is eligible to reparticipate in the Salaried Plan after his Annuity Starting Date, payment of his non-Grandfathered PEP Pension will not be suspended. If such Participant accrues an additional PEP Pension for service after such reemployment, his PEP Pension on his subsequent Separation from Service shall be reduced by the present value of PEP benefits previously distributed to such Participant, as determined by the Plan Administrator.

4.5 Vesting; Misconduct. Subject to Section 8.7, a Participant shall be fully vested in his Accrued Benefit at the time he becomes fully vested in his accrued benefit under the Salaried Plan. Notwithstanding the preceding, or any other provision of the Plan to the contrary, a Participant shall forfeit his or her entire PEP Pension if the Plan Administrator determines that such Participant has engaged in "Misconduct" as defined below, determined

without regard to whether the Misconduct occurred before or after the Participant's Severance from Service. The Plan Administrator may, in its sole discretion, require the Participant to pay to the Employer any PEP Pension paid to the Participant within the twelve month period immediately preceding a date on which the Participant has engaged in such Misconduct, as determined by the Plan Administrator.

"Misconduct" means any of the following, as determined by the Plan Administrator in good faith: (i) violation of any agreement between the Company or Employer and the Participant, including but not limited to a violation relating to the disclosure of confidential information or trade secrets, the solicitation of employees, customers, suppliers, licensors or contractors, or the performance of competitive services, (ii) violation of any duty to the Company or Employer, including but not limited to violation of the Company's Code of Conduct; (iii) making, or causing or attempting to cause any other person to make, any statement (whether written, oral or electronic), or conveying any information about the Company or Employer which is disparaging or which in any way reflects negatively upon the Company or Employer unless required by law or pursuant to a Company or Employer policy; (iv) improperly disclosing or otherwise misusing any confidential information regarding the Company or Employer; (v) unlawful trading in the securities of the Company or of another company based on information garnered as a result of that Participant's employment or other relationship with the Company; (vi) engaging in any act which is considered to be contrary to the best interests of the Company or Employer, including but not limited to recruiting or soliciting employees of the Employer; or (vii) commission of a felony or other serious crime or engaging in any activity which constitutes gross misconduct. Notwithstanding the foregoing and for the avoidance of doubt, nothing in this Plan shall prohibit the Participant from communicating with government

authorities concerning any possible legal violations. The Company nonetheless asserts and does not waive its attorney-client privilege over any information appropriately protected by the privilege.

ARTICLE V TO APPENDIX ARTICLE PBG - Death Benefits

5.1 ***Death Benefits.*** Each Participant entitled to a PEP Pension under this Plan who dies before his Annuity Starting Date shall be entitled to a death benefit equal in amount to the additional death benefit to which the Participant would have been entitled under the Salaried Plan if the PEP Pension as determined under Article IV was payable under the Salaried Plan instead of this Plan. The death benefit with respect to a Participant's PEP Pension in excess of the Grandfathered Benefit shall become payable on the Participant's date of death in a Single Lump Sum payment.

Payment of any death benefit of a Participant who dies before his Annuity Starting Date under the Plan shall be made to the persons and in the proportions to which any death benefit under the Salaried Plan is or would be paid (including to a Participant's Eligible Domestic Partner to whom pre-retirement death benefits are payable under the Salaried Plan, if any, with respect to deaths occurring on or after January 1, 2013).

ARTICLE VI TO APPENDIX ARTICLE PBG - Distributions

The terms of this Article govern the distribution of benefits to a Participant who becomes entitled to payment of a PEP Pension under the Plan.

6.1 ***Form and Timing of Distributions.*** Subject to Section 6.5, this Section shall govern the form and timing of PEP Pensions.

(a) **Time and Form of Payment of Grandfathered Benefit.** The Grandfathered Benefit of a Participant shall be paid in the form and at the time or times provided by the terms of the Plan as in effect on October 3, 2004.

(b) **Time and Form of Payment of Non-Grandfathered Benefit.** Except as provided below, the PEP Pension payable to a Participant in excess of the Grandfathered Benefit shall become payable in a Single Lump Sum on the Separation from Service of the Participant.

(1) **Certain Vested Pensions.** A Participant (i) who incurred a Separation from Service during the period January 1, 2005 through December 31, 2008 (other than a Participant described in (3) below); and (ii) whose Annuity Starting Date has not occurred as of January 1, 2009, shall receive his PEP Pension in excess of his Grandfathered Benefit in a Single Lump Sum which shall become payable on January 1, 2009.

(2) **Annuity Election.** A Participant who (i) attained age 50 on or before January 1, 2009, (ii) on or before December 31, 2008 irrevocably elected to receive a Single Life Annuity, a 50%, 75% or 100% Joint and Survivor Annuity, or a 10 Year Certain and Life Annuity; and (iii) incurs a Termination of Employment on or after July 1, 2009 after either attainment of age 55 and the tenth anniversary of the Participant's initial employment date or attainment of age 65 and the fifth anniversary of the Participant's initial employment date, shall receive his PEP Pension in excess of his Grandfathered Benefit in the form elected commencing on the first day of the month coincident with or next following his Separation from Service. If such Participant Separates from Service

prior to July 1, 2009 or prior to attainment of age 55 and the tenth anniversary of the Participant's employment date, or prior to attainment of age 65 and the fifth anniversary of the Participant's employment, the Participant's PEP Pension in excess of his Grandfathered Pension shall be payable in a Single Lump Sum on the Participant's Separation from Service.

(3) 2008 Reorganization. The entire PEP Pension of a Participant who (i) was involuntarily Separated from Service on or after November 1, 2008 and on or before December 19, 2008; (ii) at the time of Separation from Service had attained age 50 and had not attained age 55, and had 10 or more years of Service; and (iii) is eligible for special retirement benefits as described in the letter agreement executed and not revoked by the Participant, shall become payable in a Single Lump Sum on the last day of the Participant's "Transition Period" as defined in the letter agreement.

(4) Specified Employees. If a Participant is classified as a Specified Employee at the time of the Participant's Separation from Service (or at such other time for determining Specified Employee status as may apply under Section 409A), then no amount shall be payable pursuant to this Section 6.1(b) until at least six (6) months after such a Separation from Service. Any payment otherwise due in such six month period shall be suspended and become payable at the end of such six month period, with interest at the applicable interest rates used for computing a Single Lump Sum payment on the date of Separation from Service.

(5) Actual Date of Payment. An amount payable on a date specified in this Article VI or in Article V shall be paid as soon as administratively feasible after such date; but no later than the later of (a) the end of the calendar year in which the specified date occurs; or (b) the 15th day of the third calendar month following such specified date and the Participant (or Beneficiary) is not permitted to designate the taxable year of the payment. The payment date may be postponed further if calculation of the amount of the payment is not administratively practicable due to events beyond the control of the Participant (or Beneficiary), and the payment is made in the first calendar year in which the calculation of the amount of the payment is administratively practicable.

6.2 *Special Rules for Survivor Options.*

(a) Effect of Certain Deaths. If a Participant makes an Annuity election described in Section 6.1(b)(2) and the Participant dies before his Separation from Service, the election shall be disregarded. Such a Participant may change his coannuitant of a Joint and Survivor Annuity at any time prior to his Separation from Service, and may change his beneficiary of a Ten Years Certain and Life Annuity at any time. If the Participant dies after such election becomes effective but before his non-Grandfathered PEP Pension actually commences, the election shall be given effect and the amount payable to his surviving Eligible Spouse, surviving Eligible Domestic Partner or other beneficiary shall commence on the first day of the month following his death (any back payments due the Participant shall be payable to his estate). In the case of a Participant who elected a 10 Year Certain and Life Annuity, if such Participant

dies: (i) after benefits have commenced; (ii) without a surviving primary or contingent beneficiary, and (iii) before receiving 120 payments under the form of payment, then the remaining payments due under such form of payment shall be paid to the Participant's estate. If payments have commenced under such form of payment to a Participant's primary or contingent beneficiary and such beneficiary dies before payments are completed, then the remaining payments due under such form of payment shall be paid to such beneficiary's estate.

(b) **Beneficiary Other Than Eligible Spouse or Eligible Domestic Partner**. If a Participant's beneficiary is not his Eligible Spouse or Eligible Domestic Partner, he may not elect:

(1) The 100 percent survivor option described in Section 6.1(b)(2) with a beneficiary more than 10 years younger than he is, or

(2) The 75 percent survivor option described in Section 6.1(b)(2) with a beneficiary more than 19 years younger than he is.

6.3 Designation of Beneficiary. A Participant who has elected to receive all or part of his pension in a form of payment that includes a survivor option shall designate a beneficiary who will be entitled to any amounts payable on his death. Such designation shall be made on a PEP Election Form. A Participant shall have the right to change or revoke his beneficiary designation at any time prior to when his election is finally effective. The designation of any beneficiary, and any change or revocation thereof, shall be made in accordance with rules adopted by the Plan Administrator. A beneficiary designation shall not be effective unless and until filed with the Plan Administrator

6.4 **Determination of Single Lump Sum Amounts.** Except as otherwise provided below, a Single Lump Sum payable under Article V or Section 6.1 shall be determined in the same manner as the single lump sum payment option prescribed in Section 6.1(b)(3) of the Salaried Plan.

(a) **Vested Pensions.** If on the date of Separation from Service of a Participant such Participant is not entitled to retire with an immediate pension under the Salaried Plan, the Single Lump Sum payable to the Participant under Section 6.1 shall be determined in the same manner as the single lump sum payment option prescribed in Section 6.1(b)(3) of the Salaried Plan but substituting (for Plan Years beginning before 2012) the applicable segment rates for the blended 30 year Treasury and segment rates that would otherwise be applicable.

(b) **2008 Reorganization.** Notwithstanding subsection (a) above, the Single Lump Sum payment for a Participant whose employment was involuntarily terminated as a result of the 2008 Reorganization on or after November 1, 2008 and on or before December 19, 2008 shall be determined based on the applicable interest rates and mortality used by the Salaried Plan for optional lump sum distributions in December 2008, provided that in no event shall such Single Lump Sum payment be less than the Single Lump Sum determined based on the applicable interest rates and mortality used by the Salaried Plan for lump sum distributions for the month in which the Single Lump Sum is distributed to the Participant.

6.5 **Section 162(m) Postponement.** Notwithstanding any other provision of this Plan to the contrary, no PEP Pension shall be paid to any Participant prior to the earliest date on which the Company's federal income tax deduction for such payment is not precluded by

Section 162(m) of the Code. In the event any payment is delayed solely as a result of the preceding restriction, such payment shall be made as soon as administratively feasible following the first date as of which Section 162(m) of the Code no longer precludes the deduction by the Company of such payment. Amounts deferred because of the Section 162(m) deduction limitation shall be increased by simple interest for the period of delay at the annual rate of six percent (6%).

APPENDIX TO ARTICLE PBG

Foreword

This Appendix sets forth additional provisions applicable to individuals specified in the Articles of this Appendix. In any case where there is a conflict between the Appendix and the main text of the Plan, the Appendix shall govern.

Article A (Article IPO) – Transferred and Transition Individuals

IPO.1 ***Scope***. This Article supplements the main portion of the Plan document with respect to the rights and benefits of Transferred and Transition Individuals following the spinoff of this Plan from the PepsiCo Prior Plan.

IPO.2 ***Definitions***. This section provides definitions for the following words or phrases in boldface and underlined. Where they appear in this Article with initial capitals they shall have the meaning set forth below. Except as otherwise provided in this Article, all defined terms shall have the meaning given to them in Section 2.1 of the Plan.

(a) **Agreement**. The 1999 Employee Programs Agreement between PepsiCo, Inc. and The Pepsi Bottling Group, Inc.

- (b) **Close of the Distribution Date**. This term shall take the definition given it in the Agreement.
- (c) **Transferred Individual**. This term shall take the definition given it in the Agreement.
- (d) **Transition Individual**. This term shall take the definition given it in the Agreement.

IPO.3 *Rights of Transferred and Transition Individuals*. All Transferred Individuals who participated in the PepsiCo Prior Plan immediately prior to the Effective Date shall be Participants in this Plan as of the Effective Date. The spinoff of this Plan from the PepsiCo Prior Plan shall not result in a break in the Service or Credited Service of Transferred Individuals or Transition Individuals. Notwithstanding anything in the Plan to the contrary, and as provided in Section 2.04 of the Agreement, all service, all compensation, and all other benefit-affecting determinations for Transferred Individuals that, as of the Close of the Distribution Date, were recognized under the PepsiCo Prior Plan for periods immediately before such date, shall as of the Effective Date continue to receive full recognition, credit and validity and shall be taken into account under this Plan as if such items occurred under this Plan, except to the extent that duplication of benefits would result. Similarly, notwithstanding anything to the contrary in the Plan, the benefits of Transition Individuals shall be determined in accordance with section 8.02 of the Agreement.

Article B – Special Cases

B.1 This Article B of the Appendix supplements the main portion of the Plan document and is effective as of January 28, 2002.

B.2 This Article shall apply to certain highly compensated management individuals who were (i) hired as a Band IV on or about January 28, 2002 and (ii) designated by the Senior Vice President of Human Resources as eligible to receive a supplemental retirement benefit (the "Participant").

B.3 Notwithstanding Article IV of the Plan, the amount of the total PEP Pension under this Plan shall be equal to the excess of (1) the monthly pension benefit which would have been payable to such individual under the Salaried Plan without regard to the Compensation Limitation and the Section 415 Limitation, determined as if such individual's employment commencement date with the Company were September 10, 1990; (2) the sum of (i) the amount of the monthly pension benefit that is in fact payable under the Salaried Plan; and (ii) the monthly amount of such individual's deferred, vested benefit under any qualified or nonqualified defined benefit pension plan maintained by PepsiCo., Inc. or any affiliate of PepsiCo., Inc., Tricon or YUM!, as determined by the administrator using reasonable assumptions to adjust for different commencement dates so that the total benefit of such individual does not exceed the amount described in (1) above.

B.4 In the event of the death of such individual while employed by the Company, the individual's beneficiary shall be entitled to a death benefit as provided in Article V, determined based on the formula for the total benefit described above, and reduced by the survivor benefits payable by the Salaried Plan and the other plans described above. The net amount so determined shall be payable in a Single Lump Sum as prescribed in Article V.

B.5 The Plan Administrator shall, in its sole discretion, adjust any benefit determined pursuant to this Article B to the extent necessary or appropriate to ensure that such individual's benefit in the aggregate does not exceed the Company's intent to ensure overall pension

benefits equal to the benefits that would be applicable if such individual had been continuously employed by the Company for the period commencing September 10, 1990 to the date of Separation from Service.

Article C – Transfers From/To PepsiCo, Inc.

The provisions of this Article C shall only apply to transfers that occur before February 26, 2010 and shall not apply to any transfer to PepsiCo, Inc. or from PepsiCo, Inc. that occurs on or after such date.

C.1 This Article supplements and overrides the main portion of the Plan with respect to Participants who (i) transfer from the Company to PepsiCo, Inc.; and (ii) transfer from PepsiCo, Inc. to the Company.

C.2 Notwithstanding Article IV of the Plan, the PEP Pension of a Participant who (i) transfers from the Company to PepsiCo, Inc. or (ii) transfers to PepsiCo, Inc. from the Company shall be determined as set forth below.

C.3 Transfers to PepsiCo, Inc. The PEP Pension of a Participant who transfers to PepsiCo, Inc. shall be determined as of the date of such transfer in the manner described in Article IV, including the Salaried Plan offset regardless of whether such benefit under the Salaried Plan is transferred to a qualified plan of PepsiCo, Inc. On such Participant's Separation from Service, the PEP Pension so determined shall become payable in accordance with Article VI.

C.4 Transfers from PepsiCo, Inc. The PEP Pension of a Participant who transfers from PepsiCo, Inc. shall be determined as of the date of the Participant's Separation from Service in the manner described in Article IV and shall be reduced by any benefit accrued by the Participant under any qualified or nonqualified plan maintained by PepsiCo, Inc. that is based

on credited service included in the determination of the Participant's benefit under this Plan so that the total benefit from all plans does not exceed the benefit the Participant would have received had the Participant been solely employed by the Company. Notwithstanding the preceding, effective for transfers on or after January 1, 2005, in no event shall such benefit be less than the benefit the Participant would have received based solely on the Participant's employment by the Company. The Plan Administrator shall make such adjustments as the Plan Administrator deems appropriate to effectuate the intent of this Section C.4.

APPENDIX ARTICLE PAC

Guiding Principles Regarding Benefit Plan Committee Appointments

PAC.1 Scope. This Article PAC supplements the PepsiCo Pension Equalization Plan document with respect to the appointment of the members of the PAC.

PAC.2 General Guidelines. To be a member of the PAC, an individual must:

- (a) Be an employee of the PepsiCo Organization at a Leadership Group 1 or above level,
- (b) Be able to give adequate time to committee duties, and
- (c) Have the character and temperament to act prudently and diligently in the exclusive interest of the Plan's participants and beneficiaries.

PAC.3 PAC Guidelines. In addition to satisfying the requirements set forth in Section PAC.2, the following guidelines will also apply to the PAC membership:

- (a) Each member of the PAC should have experience with benefit plan administration or other experience that can readily translate to a role concerning ERISA plan administration,
- (b) The membership of the PAC as a whole should have experience and expertise with respect to the administration of ERISA health and welfare and retirement plans, and
- (c) Each member of the PAC should be capable of prudently evaluating the reasonableness of expenses that are charged to the Plan.

PAC.4 Additional Information. The Chair of the PAC may seek information from Company personnel, including the Controller, CFO and CHRO, in connection with his identification of well qualified candidates for committee membership.

PAC.5 Role of the Guidelines. The foregoing guidelines in this Article PAC are intended to guide the Chair of the PAC in the selection of committee members; however, they neither diminish nor enlarge the legal standard applicable under ERISA.

PEPSICO, INC.
EXECUTIVE INCENTIVE COMPENSATION PLAN
(as amended and restated effective February 4, 2021)

PEPSICO, INC.
EXECUTIVE INCENTIVE COMPENSATION PLAN
(as amended and restated effective February 4, 2021)

1. Purpose.

The principal purposes of this PepsiCo, Inc. Executive Incentive Compensation Plan are to assist the Company in attracting, motivating and retaining participating eligible executives who have significant responsibility for the growth and long-term success of the Company by providing incentive awards that ensure a strong pay-for-performance linkage for such executives.

2. Definitions.

(a) "*Award*" means an amount calculated and awarded to a Participant pursuant to the Plan.

(b) "*Board of Directors*" means the Board of Directors of PepsiCo.

(c) "*Code*" means the Internal Revenue Code of 1986, as amended from time to time.

(d) "*Committee*" has the meaning set forth in Section 3(a).

(e) "*Company*" means PepsiCo and its subsidiaries and divisions.

(f) "*Exchange Act*" means the Securities Exchange Act of 1934, as amended from time to time.

(g) "*Eligible Executive*" means an employee of the Company who is considered an executive officer of PepsiCo within the meaning of Section 16 of the Exchange Act, and the rules and regulations promulgated thereunder, and executives of the Company who are selected by the Committee as key executives that are eligible for participation in the Plan.

(h) "*Fiscal Year*" means a fiscal year of the Company.

(i) "*Key Employee*" has the meaning ascribed to it from time to time in the PepsiCo Executive Income Deferral Program.

(j) "*Misconduct*" means (i) breaching any contract with or violating any obligation to the Company, including the Company's Code of Conduct, Insider Trading Policy or any other written policies of the Company, (ii) unlawfully trading in the securities of PepsiCo or of any other company based on information gained as a result of employment with the Company, (iii) committing acts involving gross misconduct in the performance of employment duties, dishonesty, fraud, illegality or moral turpitude or that cause or contribute to the need for an accounting adjustment to PepsiCo's financial results or (iv) in the judgement of the Committee, engaging in conduct that may be detrimental to or reflect unfavorably upon the Company or its brands, services, or products; provided, however that nothing in this section is intended to bar the Participant from engaging in Protected Activity. For these purposes "Protected Activity" means that, nothing in this Plan or in any other confidentiality provision to which the Participant may be subject as a result of the Participant's employment with the Company shall: (1) limit the Participant's rights to make truthful statements or disclosures about any facts and circumstances related to any claim or allegation of unlawful discrimination by the Company; (2) bar the Participant from giving testimony pursuant to a compulsory legal process or as otherwise required by law; or (3) prohibit Participant from, without notice to the Company, filing a complaint or charge with government agencies (including, without limitation, the Equal Employment Opportunity Commission), communicating with

government agencies, providing information to government agencies, participating in government agency investigations, or testifying in government agency proceedings concerning any possible legal violations or from receiving a monetary award for information provided to a government agency. The Company nevertheless asserts and does not waive its attorney-client privilege over any information appropriately protected by the privilege.

(k) "*Participant*" means an Eligible Executive participating in the Plan for a Performance Period as provided in Section 4(b).

(l) "*PepsiCo*" means PepsiCo, Inc., a North Carolina corporation and its successors and assigns.

(m) "*Performance Goals*" has the meaning set forth in Section 5(b).

(n) "*Performance Measures*" has the meaning set forth in Section 5(c).

(o) "*Performance Period*" means a Fiscal Year or other period of time (which may be longer or shorter than a Fiscal Year) set by the Committee during which the achievement of the Performance Goals is to be measured.

(p) "*Plan*" means this PepsiCo, Inc. Executive Incentive Compensation Plan, as amended and restated herein, and as it may be amended from time to time.

(q) "*Section 409A*" means Section 409A of the Code and the applicable regulations and other guidance of general applicability that are issued thereunder.

(r) "*Separation from Service*" means separation from service as defined in Section 409A; provided that for purposes of determining whether a Separation from Service has occurred, the Plan has determined, based upon legitimate business criteria, to use the twenty percent (20%) test described in Treas. Reg. §1.409A-1(h)(3). In the event a Participant also provides services other than as an employee for the Company and its affiliates, as determined under the prior sentence, such other services shall not be taken into account in determining when a Separation from Service occurs to the extent permitted under Treas. Reg. § 1.409A-1(h)(5).

3. Administration of the Plan.

(a) *Committee*. The Plan shall be administered by the Compensation Committee of the Board of Directors (the "Committee").

(b) *Administration*. The Committee shall have all the powers vested in it by the terms of this Plan, such powers to include the authority (within the limitations described herein) to select the persons to be granted Awards under the Plan, to determine the time when Awards will be granted, to determine whether objectives and conditions for earning Awards have been met, to determine whether Awards will be paid at the end of the Performance Period or deferred, consistent with Section 409A, and to determine the final payment amount of any Award. The Committee shall have full power and authority to administer and interpret the Plan and to adopt such rules, regulations, agreements, guidelines and instruments for the administration of the Plan and for the conduct of its business as the Committee deems necessary or advisable. The Committee's interpretations of the Plan, and all actions taken and determinations made by the Committee pursuant to the powers vested in it hereunder, shall be conclusive and binding for all purposes and on all parties, including the Company, its shareholders, its employees and any person receiving an Award under the Plan, as well as their respective successors in interest. There is no obligation of uniformity of treatment of Participants under the Plan. No member of the Committee shall be liable for any action taken or determination made in good faith with respect to the Plan or any Award.

(c) *Guidelines*. The Committee may adopt from time to time written policies or rules as it deems necessary or desirable for the Committee's implementation and administration of the Plan.

(d) *Delegation of Administrative Authority*. The Committee may delegate its responsibilities for administering the Plan to employees of the Company as it deems necessary or appropriate for the proper administration of the Plan.

4. Eligibility and Participation.

(a) *Eligibility*. All Eligible Executives are eligible to participate in the Plan for any Performance Period.

(b) *Participation*. For each Performance Period, the Committee shall select the Eligible Executives who shall participate in this Plan.

5. Awards.

(a) *Establishment of Basis for Awards*. In connection with the grant of each Award, the Committee shall (i) establish the Performance Goal(s) and the Performance Period applicable to such Award, (ii) establish the formula for determining the amounts payable based on achievement of the applicable Performance Goal(s), (iii) determine the consequences for the Award of the Participant's termination of employment for various reasons or the Participant's demotion or promotion during the Performance Period and (iv) establish such other terms and conditions for the Award as the Committee deems appropriate.

(b) *Performance Goals*. The "Performance Goals" means the performance goals established by the Committee for each Performance Period. The Performance Goals may, without limitation, be based upon the performance of the Company as a whole, a Participant, or a subsidiary, division, department, region, function or business unit of the Company, using one or more of the Performance Measures selected by the Committee. The Performance Goals may, without limitation, be absolute or may be relative to a peer group or index. Separate Performance Goals may be established by the Committee for the Company or subsidiary or division, department, region, function or business unit thereof or an individual thereof, and different Performance Measures may be given different weights.

(c) *Performance Measures*. The "Performance Measures" are one or more of the following criteria, or such other criteria as the Committee deems appropriate, on which Performance Goals may be based: stock price, market share, sales revenue, cash flow, sales volume, earnings per share, return on equity, return on assets, return on sales, return on invested capital, economic value added, net earnings, total shareholder return, gross margin, costs, productivity, brand contribution, product quality, portfolio transformation, productivity improvement, corporate value measures (such as compliance, safety, personnel matters as well as environmental, social and governance (ESG) criteria), or goals related to corporate initiatives, such as acquisitions, dispositions or customer satisfaction.

(d) *Adjustments*. The Committee may adjust the Performance Goals or the manner in which performance will be measured against the Performance Goals based upon the occurrence of a qualifying criteria selected by the Committee that occurs during the Performance Period. Without limitation, such criteria may include: acquisition-related charges; litigation, claim judgments, settlements or tax settlements; the effects of changes in tax law, changes in accounting principles or other such laws or provisions affecting reported results; accruals for reorganization and restructuring programs; gains or losses from discontinued operations; consolidated operating results attributable to acquisitions; and any unusual or infrequently occurring items as described in Accounting Standard Codification 220-20 "Unusual or Infrequently Occurring Items", and/or in management's discussion and analysis of financial condition and results of operations appearing in the annual report to shareholders for the applicable year.

(e) *Certification of Awards.* After the end of the Performance Period and prior to payment of any Award, the Committee shall certify the degree to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded. Subject to Section 5(f), the Award for each Participant shall be determined by applying the applicable formula for the Performance Period based upon the level of achievement of the Performance Goals certified by the Committee.

(f) *Committee Discretion.* Notwithstanding anything to the contrary in the Plan, the Committee may, in its sole discretion, adjust (including to reduce or eliminate), any Award payable to any Participant for any reason, including without limitation to reflect individual or business performance and/or unanticipated or subjective factors.

(g) *Maximum Awards.* No Participant may receive an aggregate Award of more than \$9 million under the Plan for any Performance Period (or in the case of a Performance Period other than a Fiscal Year, an amount that bears the same ratio to \$9 million as the length of the Performance Period bears to a Fiscal Year).

(h) *Timing of Payment.* Awards will be payable by the Company to Participants as soon as administratively practicable following the determination and certification of the Committee for the Performance Period pursuant to Section 5(e) above. In the case of any Participant subject to U.S. federal income tax, the Company shall distribute amounts payable to Participants in the calendar year following the year in which the Performance Period ends and no later than March 15th of that year.

(i) *Form of Payment.* Awards will be paid in cash or cash equivalents. The Committee may determine that all or a portion of an Award shall be paid in stock, restricted stock, stock options or other stock-based or stock denominated units which shall be issued pursuant to the PepsiCo, Inc. Long-Term Incentive Plan or a successor equity compensation plan in existence at the time of grant.

(j) *Deferral of Payment of Awards.* Notwithstanding Section 5(h), the Committee may defer the payout or vesting of any Award and/or provide to Participants the opportunity to elect to defer the payment of any Award under the PepsiCo Executive Income Deferral Program or any other PepsiCo approved deferred compensation plan or arrangement. With respect to any Award (or portion thereof), including any Award under the Company's Premium Bonus Program, that constitutes deferred compensation subject to Section 409A and is not otherwise exempt from Section 409A, such Award (or portion thereof) shall not be paid earlier than the date that is six months after the Participant's Separation from Service if the payment is based on the Participant's Separation from Service (other than as a result of death) and the Participant is classified as a Key Employee at the time of his or her Separation from Service.

(k) *Certain Participants not Eligible.* To be eligible for payment of any Award, the Participant must (i) be employed by the Company on the last day of the Performance Period unless the Committee specifies otherwise, (ii) have performed the Participant's duties to the satisfaction of the Committee, and (iii) have not engaged in any acts that are considered by the Committee to constitute Misconduct. If the Committee determines following the date an Award is paid that the Participant, prior to the date of payment of such Award, engaged in any acts that are considered by the Committee to constitute Misconduct, the Participant shall be obligated, upon demand, to return the gross amount of such Award to the Company.

6. Miscellaneous Provisions.

(a) *Effect on Benefit Plans.* Awards shall not be considered eligible pay under other plans, benefit arrangements or fringe benefit arrangements of the Company unless otherwise provided under the terms of such other plans.

(b) *Restriction on Transfer.* Awards (or interests therein) or amounts payable with respect to a Participant under the Plan are not subject to transfer, assignment or alienation, whether voluntary or involuntary.

(c) *Withholding Taxes.* PepsiCo or any subsidiary or division thereof, as appropriate, shall have the right to deduct from all payments hereunder any federal, state, local or foreign taxes or social contributions required by law to be withheld with respect to such Awards. The Participant shall be solely responsible for the satisfaction of any federal, state, local or foreign taxes on payments under the Plan.

(d) *No Rights to Awards.* Except as set forth herein, no Company employee or other person shall have any claim or right to be granted an award under the Plan. Neither the Plan nor any action taken hereunder shall be construed as giving any employee any right to be retained in the employ of PepsiCo or any of its subsidiaries, divisions or affiliates or to interfere with the ability of the Company to terminate any such employee's employment relationship at any time. At no time before the actual payment of an Award shall any Participant or other person accrue any vested interest or right whatsoever under the Plan, and the Company has no obligation to treat Participants identically under the Plan.

(e) *Costs and Expenses.* The cost and expenses of administering the Plan shall be borne by the Company and shall not be charged to any Award or to any Participant receiving an Award.

(f) *No Funding of Plan.* The Plan shall be unfunded, and the Awards shall be paid solely from the general assets of the Company. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Award under the Plan. To the extent that any person acquires a right to receive payments under the Plan, the right is no greater than the right of any other unsecured general creditor.

(g) *Offset for Monies Owed.* Any payments made under the Plan will be offset for any monies that are owed to the Company to the extent permitted by applicable law, including Section 409A if such payment is subject to Section 409A.

(h) *Other Incentive Plans.* Nothing contained in the Plan shall prohibit the Company from granting other performance awards to employees of the Company (including Participants) under such other incentive arrangements, and in such form and manner, as it deems desirable.

(i) *Successors.* All obligations of PepsiCo under the Plan shall be binding on any successor to PepsiCo whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise of all or substantially all of the business or assets of PepsiCo.

(j) *Section 409A.* To the extent that any Award under the Plan is subject to Section 409A, the terms and administration of such Award shall comply with the provisions of Section 409A, and, to the extent necessary to achieve compliance, shall be modified at the discretion of the Committee. The Company makes no representation that any Award is exempt from or complies with Section 409A and makes no undertaking to preclude Section 409A from applying to Awards. The Company will have no liability to any Participant or to any other party if an Award that is intended to be exempt from or compliant with Section 409A is not so exempt or compliant or for any action taken by the Committee with respect thereto.

(k) *Severability.* If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, and the remainder of the Plan or Award shall remain in full force and effect.

(l) *Governing Law.* The Plan and all rights and awards hereunder shall be construed in accordance with and governed by the laws of the United States and/or the State of New York. Any claim or action filed in court or any other tribunal in connection with the Plan shall only be brought or filed in the federal or state courts located in the State of New York, County of New York.

7. Effective Date, Amendments and Termination.

(a) *Effective Date.* The Plan, as amended and restated by the Committee on February 4, 2021, shall be effective for Awards granted on or after such date.

(b) *Amendments.* The Committee may at any time terminate or from time to time amend the Plan in whole or in part, but no such action shall adversely affect any rights or obligations with respect to any Awards theretofore made under the Plan.

(c) *Termination.* The Plan shall continue in effect until terminated by the Committee.

Consent of Independent Registered Public Accounting Firm

To the Board of Directors
PepsiCo, Inc.:

We consent to the incorporation by reference in the registration statements and Forms listed below of PepsiCo, Inc. and subsidiaries (PepsiCo, Inc.) of our report dated February 10, 2021, with respect to the Consolidated Balance Sheet of PepsiCo, Inc. as of December 26, 2020 and December 28, 2019, and the related Consolidated Statements of Income, Comprehensive Income, Cash Flows, and Equity for each of the fiscal years in the three-year period ended December 26, 2020, and the related notes (collectively, the consolidated financial statements), and the effectiveness of internal control over financial reporting as of December 26, 2020, which report appears in the December 26, 2020 annual report on Form 10-K of PepsiCo, Inc.

Our report dated February 10, 2021, on the effectiveness of internal control over financial reporting as of December 26, 2020, contains an explanatory paragraph that states the scope of management's assessment of the effectiveness of internal control over financial reporting excluded Pioneer Food Group Ltd. and its subsidiaries (Pioneer Foods) and Hangzhou Haomusi Food Co., Ltd. and its subsidiaries (Be & Cheery), both of which PepsiCo, Inc. acquired in 2020. Pioneer Foods' total assets and net revenue represented approximately 2.2% and 1.4%, respectively, of the consolidated total assets and net revenue of PepsiCo, Inc. as of and for the year ended December 26, 2020. Be & Cheery's total assets and net revenue represented approximately 1.1% and 0.4%, respectively, of the consolidated total assets and net revenue of PepsiCo, Inc. as of and for the year ended December 26, 2020. Our audit of internal control over financial reporting of PepsiCo, Inc. also excluded an evaluation of the internal control over financial reporting of Pioneer Foods and Be & Cheery.

Each of the undersigned hereby grants to each such attorney-in-fact full power and authority to do and perform any and every act and thing whatsoever requisite, necessary, or proper to be done in the exercise of any of the rights and powers herein granted, as fully to all intents and purposes as the undersigned might or could do if personally present, with full power of substitution or revocation, hereby ratifying and confirming all that such attorney-in-fact, or such attorney-in-fact's substitute or substitutes, shall lawfully do or cause to be done by virtue of this Power of Attorney and the rights and powers herein granted.

This Power of Attorney may be executed in counterparts and all such duly executed counterparts shall together constitute the same instrument. This Power of Attorney shall not revoke any powers of attorney previously executed by the undersigned. This Power of Attorney shall not be revoked by any subsequent power of attorney that the undersigned may execute, unless such subsequent power of attorney specifically provides that it revokes this Power of Attorney by referring to the date of the undersigned's execution of this Power of Attorney. This Power of Attorney, unless earlier revoked by the undersigned in the manner set forth above, will be valid as to each attorney-in-fact until such time as such attorney-in-fact ceases to be an employee of PepsiCo.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, each of the undersigned has executed this instrument on the date indicated opposite its, his or her name.

CERTIFICATION

I, **Ramon L. Laguarta**, certify that:

1. I have reviewed this annual report on Form 10-K of PepsiCo, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
