## PepsiCo Reports Second-Quarter 2022 Results; Updates Full-Year Outlook

## Reported (GAAP) Second-Quarter and Year-to-Date 2022 Results

|  | Second-Quarter | Year-to-Date |
|--|----------------|--------------|
| Net revenue growth                     | 5.2%           | 7.0%         |
| Foreign exchange impact on net revenue | (3)%           | (2)%         |
| Earnings per share (EPS)               | \$1.03         | \$4.09       |
| EPS change                             | (39)%          | 39%          |
| Foreign exchange impact on EPS         | (2)%           | (2)%         |

## Organic/Core (non-GAAP)<sup>1</sup> Second-Quarter and Year-to-Date 2022 Results

|                                   | Second-Quarter | Year-to-Date |
|-----------------------------------|----------------|--------------|
| Organic revenue growth            | 13.0%          | 13.3%        |
| Core EPS                          | \$1.86         | \$3.15       |
| Core constant currency EPS change | 10%            | 9%           |

PURCHASE, N.Y. - July 12, 2022 - PepsiCo, Inc. (NASDAQ: PEP) today reported results for the second quarter 2022.

"We are pleased with our results for the second quarter as our business momentum continued despite ongoing macroeconomic and geopolitical volatility and higher levels of inflation across our markets," said Chairman and CEO Ramon Laguarta.

Laguarta continued, "Our results are indicative of our highly dedicated employees, the strength and resilience of our categories, agile supply chain and go-to-market systems and strong marketplace execution. Our performance also gives us confidence that our investments to become an even Faster, even Stronger, and even Better organization by winning with pep+ are working. Given our year-to-date performance, we now expect our full-year organic revenue to increase 10 percent (previously 8 percent) and we continue to expect core constant currency earnings per share to increase 8 percent."

<sup>&</sup>lt;sup>1</sup>Please refer to the Glossary for the definitions of non-GAAP financial measures, including "Organic Revenue Growth," "Core" and "Constant Currency," and to "Guidance and Outlook" for additional information regarding PepsiCo's full-year 2022 financial guidance. PepsiCo provides guidance on a non-GAAP basis as we cannot predict certain elements which are included in reported GAAP results, including the impact of foreign exchange and commodity mark-to-market net impacts. Please refer to PepsiCo's Quarterly Report on Form 10-Q for the 12 and 24 weeks ended June 11, 2022 (Q2 2022 Form 10-Q) filed with the SEC for additional information regarding PepsiCo's financial results.

| Total  | (34)                      | 41                               | 2                               | 10                                    |
| EPS  | (39)                      | 47                               | 2                               | 10                                    |

(a) Excludes the impact of acquisitions, divestitures and other structural changes. In certain instances, the impact of organic volume growth on net revenue growth differs from the unit volume change due to the impacts of product mix, nonconsolidated joint venture volume, and, for our franchise-owned beverage businesses, temporary timing differences between bottler case sales (BCS) and concentrate shipments and equivalents (CSE). We report net revenue from our franchise-owned beverage businesses based on CSE. The volume sold by our nonconsolidated joint ventures has no direct impact on our net revenue.

Note: Amounts may not sum due to rounding.

Organic revenue and core constant currency results are non-GAAP financial measures. Please refer to the reconciliation of GAAP and non-GAAP information in the attached exhibits and to the Glossary for definitions of "Organic Revenue Growth," "Core" and "Constant Currency."

(a) Excludes the impact of acquisitions, divestitures and other structural changes. In certain instances, the impact of organic volume growth on net revenue growth differs from the unit volume change due to the impacts of product mix, nonconsolidated joint venture volume, and, for our franchise-owned beverage businesses, temporary timing differences between BCS and CSE. We report net revenue from our franchise-owned beverage businesses based on CSE. The volume sold by our nonconsolidated joint ventures has no direct impact on our net revenue.

Note: Amounts may not sum due to rounding.

Organic revenue and core constant currency results are non-GAAP financial measures. Please refer to the reconciliation of GAAP and non-GAAP information in the attached exhibits and to the Glossary for definitions of "Organic," "Core" and "Constant Currency."

3

## **Guidance and Outlook**

The Company provides guidance on a non-GAAP basis as we cannot predict certain elements which are included in reported GAAP results, including the impact of foreign exchange translation and commodity mark-to-market net impacts.

The Company now expects to deliver 10 percent organic revenue growth (versus our previous guidance of 8 percent) for fiscal year 2022.

Consistent with its previous guidance for 2022, the Company continues to expect:

- An 8 percent increase in core constant currency EPS;
- A core annual effective tax rate of 20 percent; and
- Total cash returns to shareholders of approximately \$7.7 billion, comprised of dividends of \$6.2 billion and share repurchases of \$1.5 billion.

In addition, the Company continues to expect a 2-percentage-point foreign exchange translation headwind to impact reported net revenue and core EPS growth based on current market consensus rates.

This assumption and the guidance above imply 2022 core EPS of \$6.63, a 6 percent increase compared to 2021 core EPS of \$6.26.

## Prepared Management Remarks and Live Question and Answer Webcast

At approximately 6:30 a.m. (Eastern time) on July 12, 2022, the Company will post prepared management remarks (in pdf format) of its second quarter 2022 results and business update, including its outlook for 2022, at <u>www.pepsico.com/investors</u>. At 8:15 a.m. (Eastern time) on July 12, 2022, the Company will host a live question and answer session with investors and financial analysts. Further details will be accessible on the Company's website at <u>www.pepsico.com/investors</u>.

(a) The increase in selling, general and administrative expenses for the 12 and 24 weeks ended June 11, 2022, as compared to the 12 and 24 weeks ended June 12, 2021, primarily reflects higher selling and distribution costs.

(b) In the 24 weeks ended June 11, 2022, we sold our Tropicana, Naked and other select juice brands to PAI Partners for approximately \$3.5 billion in cash and a 39% noncontrolling interest in a newly formed joint venture operating across North America and Europe (Juice Transaction).

(c) In the 12 and 24 weeks ended June 11, 2022, we recorded pre-tax impairment charges of \$1.4 billion and \$1.6 billion, respectively, primarily related to the decrease in fair value of our indefinite-lived intangibles as a result of the Russia-Ukraine conflict.

#### **Non-GAAP Measures**

In discussing financial results and guidance, the Company refers to the following measures which are not in accordance with U.S. Generally Accepted Accounting Principles (GAAP): organic revenue growth, core results and core constant currency results. We use these non-GAAP financial measures internally to make operating and strategic decisions, including the preparation of our annual operating plan, evaluation of our overall business performance and as a factor in determining compensation for certain employees. We believe presenting non-GAAP financial measures provides additional information to facilitate comparison of our historical operating results and trends in our underlying operating results and provides additional transparency on how we evaluate our business. We also believe presenting these measures allows investors to view our performance using the same measures that we use in evaluating our financial and business performance and trends.

We consider quantitative and qualitative factors in assessing whether to adjust for the impact of items that may be significant or that could affect an understanding of our ongoing financial and business performance or trends. Examples of items for which we may make adjustments include: amounts related to mark-to-market gains or losses (non-cash); charges related to restructuring plans; charges associated with mergers, acquisitions, divestitures and other structural changes; gains associated with divestitures; asset impairment charges (non-cash); pension and retiree medical-related amounts (including all settlement and curtailment gains and losses); charges or adjustments related to the enactment of new laws, rules or regulations, such as tax law changes; amounts related to the resolution of tax positions; tax benefits related to reorganizations of our operations; debt redemptions, cash tender or exchange offers; and remeasurements of net monetary assets. Prior to the fourth quarter of 2021, certain immaterial pension and retiree medical-related settlement and curtailment gains and losses were not considered items affecting comparability. Pension and retiree medical-related service cost, interest cost, expected return on plan assets, and other net periodic pension costs will continue to be reflected in our core results. See below for a description of adjustments to our GAAP financial measures included herein.

Non-GAAP information should be considered as supplemental in nature and is not meant to be considered in isolation or as a substitute for the related financial information prepared in accordance with GAAP. In addition, our non-GAAP financial measures may not be the same as or comparable to similar non-GAAP measures presented by other companies.

#### **Glossary**

We use the following definitions when referring to our non-GAAP financial measures, which may not be the same as or comparable to similar measures presented by other companies:

Beverage volume: Volume shipped to retailers and independent distributors from both PepsiCo and our independent bottlers.

Bottler case sales (BCS): Measure of physical beverage volume shipped to retailers and independent distributors from both PepsiCo and our independent bottlers.

Concentrate shipments and equivalents (CSE): Measure of our physical beverage volume shipments to independent bottlers.

Constant currency: Financial results assuming constant foreign currency exchange rates used for translation based on the rates in effect for the comparable prior-year period. In order to compute our constant currency results, we multiply or divide, as appropriate, our current-year U.S. dollar results by the current-year average foreign exchange rates and then multiply or divide, as appropriate, those amounts by the prior-year average foreign exchange rates.

Core: Core results are non-GAAP financial measures which exclude certain items from our historical results. For further information regarding these excluded items, refer to "Items Affecting Comparability" in "Item 2 – Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Q2 2022 Form 10-Q and in "Item 7 – Management's Discussion and Analysis of Financial Condition and Results of Operations" in our annual report on Form 10-K for the fiscal year ended December 25, 2021. For the periods presented, core results exclude the following items:

#### Mark-to-market net impact

Mark-to-market net gains and losses on commodity derivatives in corporate unallocated expenses. These gains and losses are subsequently reflected in division results when the divisions recognize the cost of the underlying commodity in operating profit.

#### Restructuring and impairment charges

Expenses related to the multi-year productivity plan publicly announced in 2019, which was expanded and extended through the end of 2026 to take advantage of additional opportunities within the initiatives of the plan.

#### Acquisition and divestiture-related charges

Acquisition and divestiture-related charges primarily include merger and integration charges and costs associated with divestitures. Merger and integration charges include changes in fair value of contingent consideration, liabilities to support socioeconomic programs in South Africa, employee-related costs, contract termination costs and other integration costs. Divestiture-related charges reflect transaction expenses, including consulting, advisory and other professional fees.

#### Gain associated with the Juice Transaction

We recognized a gain associated with the Juice Transaction in our PepsiCo Beverages North America and Europe divisions.

#### Russia-Ukraine conflict charges

In connection with the deadly conflict in Ukraine, we recognized charges related to indefinite-lived intangible assets and property, plant and equipment impairment, allowance for expected credit losses, inventory write-downs and other costs.

#### Brand Portfolio Impairment Charges

We recognized intangible assets and property, plant and equipment impairment and other charges as a result of management's decision to reposition or discontinue the sale/distribution of certain brands.

#### Pension and retiree medical-related impact

Pension and retiree medical-related impact includes settlement charges related to lump sum distributions exceeding the total of annual service and interest cost, partially offset by curtailment gains resulting from the Juice Transaction.

#### Charge related to cash tender offers

As a result of the cash tender offers for some of our long-term debt, we recorded a charge primarily representing the tender price paid over the carrying value of the tendered notes and loss on treasury rate locks used to mitigate the interest rate risk on the cash tender offers.

#### Tax expense related to the TCJ Act

Tax expense related to the TCJ Act reflects adjustments to the mandatory transition tax liability under the TCJ Act.

Effective net pricing: Reflects the year-over-year impact of discrete pricing actions, sales incentive activities and mix resulting from selling varying products in different package sizes and in different countries.

Organic revenue growth: A measure that adjusts for the impacts of foreign exchange translation, acquisitions, divestitures and other structural changes, and where applicable, the impact of an additional week of results every five or six years (53rd reporting week), including in our fourth quarter 2022 financial results. We believe organic revenue growth provides useful information in evaluating the results of our business because it excludes items that we believe are not indicative of ongoing performance or that we believe impact comparability with the prior year.

#### 2022 guidance

Our 2022 organic revenue growth guidance excludes the impact of acquisitions, divestitures and other structural changes, the impact of the 53rd reporting week and foreign exchange translation. Our 2022 core effective tax rate guidance and 2022 core constant currency EPS growth guidance exclude the mark-to-market net impact included in corporate unallocated expenses, restructuring and impairment charges, and other items noted above. Our 2022 core constant currency EPS growth guidance also excludes the impact of foreign exchange translation. We are unable to reconcile our full year projected 2022 reported net revenue growth because we are unable to predict the 2022 impact of foreign exchange due to the unpredictability of future changes in foreign exchange rates and because we are unable to predict the occurrence or impact of any acquisitions, divestitures or other structural changes. We are also not able to reconcile our full year projected 2022 reported effective tax rate and our full year projected 2022 core constant currency EPS growth to our full year projected 2022 core constant currency EPS growth to our full year projected 2022 reported 2022 core constant currency EPS growth to our full year projected 2022 reported effective tax rate to our full year projected 2022 reported effective tax rate and our full year projected 2022 core constant currency EPS growth to our full year projected 2022 reported EPS growth because we are unable to predict the 2022 impact of foreign exchange or the mark-to-market net impact on commodity derivatives due to the unpredictability of future changes rates and commodity prices. Therefore, we are unable to provide a reconciliation of these measures.

 (a) Acquisitions and divestitures primarily reflect the Juice Transaction in PepsiCo Beverages North America and Europe, and the alignment of the reporting calendars for the Pioneer Food Group Ltd. acquisition in Africa, Middle East and South Asia and the Hangzhou Haomusi Food Co., Ltd. acquisition in the Asia Pacific, Australia and New Zealand and China Region.
 (b) A financial measure that is not in accordance with GAAP. See pages A-6 through A-7 for further discussion.

(c) Excludes the impact of acquisitions, divestitures and other structural changes. In certain instances, the impact of organic volume growth on net revenue growth differs from the unit volume change disclosed in the Summary Second-Quarter 2022 Performance and Summary Year-to-Date 2022 Performance tables on pages 2 and 3, respectively, due to the impacts of product mix, nonconsolidated joint venture volume, and, for our franchise-owned beverage businesses, temporary timing differences between BCS and CSE. We report net revenue from our franchise-owned beverage businesses based on CSE. The volume sold by our nonconsolidated joint ventures has no direct impact on our net revenue.

Note - Amounts may not sum due to rounding.

(a) A financial measure that is not in accordance with GAAP. See A-6 through A-7 for further discussion.
(b) Provision for income taxes is the expected tax charge/benefit on the underlying item based on the tax laws and income tax rates applicable to the underlying item in its corresponding tax jurisdiction.

(c) The impact of items affecting comparability on our effective tax rate represents the difference in the effective tax rate resulting from a higher or lower tax rate applicable to the items affecting comparability.

Note - Certain amounts may not sum due to rounding.

(a) A financial measure that is not in accordance with GAAP. See pages A-6 through A-7 for further discussion.

Note - Certain amounts may not sum due to rounding.

#### **Cautionary Statement**

Statements in this communication that are "forward-looking statements," including our 2022 guidance and outlook, are based on currently available information, operating plans and projections about future events and trends. Terminology such as "aim," "anticipate," "believe," "drive," "estimate," "expect," "expressed confidence," "forecast," "future," "goal," "guidance," "intend," "may," "objective," "outlook," "plan," "position," "potential," "project," "seek," "should," "strategy," "target," "will" or similar statements or variations of such words and other similar expressions are intended to identify forward looking statements, although not all forward looking statements contain such terms. Forward-looking statements inherently involve risks and uncertainties that could cause actual results to differ materially from those predicted in such forward looking statements. Such risks and uncertainties include, but are not limited to: the risks associated with the deadly conflict in Ukraine; the impact of COVID-19; future demand for PepsiCo's products; damage to PepsiCo's reputation or brand image; product recalls or other issues or concerns with respect to product quality and safety; PepsiCo's ability to compete effectively; PepsiCo's ability to attract, develop and maintain a highly skilled and diverse workforce; water scarcity; changes in the retail landscape or in sales to any key customer; disruption of PepsiCo's manufacturing operations or supply chain, including increased commodity, packaging, transportation, labor and other input costs; political or social conditions in the markets where PepsiCo's products are made, manufactured, distributed or sold; PepsiCo's ability to grow its business in developing and emerging markets; changes in economic conditions in the countries in which PepsiCo operates; future cyber incidents and other disruptions to our information systems; failure to successfully complete or manage strategic transactions; PepsiCo's reliance on third-party service providers and enterprise-wide systems; climate change or measures to address climate change; strikes or work stoppages; failure to realize benefits from PepsiCo's productivity initiatives; deterioration in estimates and underlying assumptions regarding future performance that can result in an impairment charge; fluctuations or other changes in exchange rates; any downgrade or potential downgrade of PepsiCo's credit ratings; imposition or proposed imposition of new or increased taxes aimed at PepsiCo's products; imposition of limitations on the marketing or sale of PepsiCo's products; changes in laws and regulations related to the use or disposal of plastics or other packaging materials; failure to comply with personal data protection and privacy laws; increase in income tax rates, changes in income tax laws or disagreements with tax authorities; failure to adequately protect PepsiCo's intellectual property rights or infringement on intellectual property rights of others; failure to comply with applicable laws and regulations; and potential liabilities and costs from litigation, claims, legal or regulatory proceedings, inquiries or investigations.

For additional information on these and other factors that could cause PepsiCo's actual results to materially differ from those set forth herein, please see PepsiCo's filings with the Securities and Exchange Commission, including its most recent annual report on Form 10-K and subsequent reports on Forms 10-Q and 8-K. Investors are cautioned not to place undue reliance on any such forward-looking statements, which speak only as of the date they are made. We undertake no obligation to update any forward looking statement, whether as a result of new information, future events or otherwise.
