Redemption for Tax Reasons:	The Company may redeem all, but not less than all, of the notes in the event of certain changes in the tax laws of the United States (or any taxing authority in the United States). This redemption would be at a redemption price equal to 100% of the principal amount, together with accrued and unpaid interest on the notes to, but not including, the date fixed for redemption.	

Redemption Provisions:

Prior to April 6, 2024, the greater of (i) 100% of the principal amount of the notes being redeemed and (ii) the sum of the present values of the Remaining Scheduled Payments of principal and interest thereon (exclusive of interest accrued to the date of redemption), assuming for such purpose that the 2024 Notes matured on April 6, 2024, discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate plus 15 basis points, plus, in each case, accrued and unpaid interest to the date of redemption.

On or after April 6, 2024 (one month prior to the maturity date), at a redemption price equal to 100% of the principal amount of the notes being redeemed, plus accrued and unpaid interest to the date of redemption.

Prior to February 6, 2028, the greater of (i) 100% of the principal amount of the notes being redeemed and (ii) the sum of the present values of the Remaining Scheduled Payments of principal and interest thereon (exclusive of interest accrued to the date of redemption), assuming for such purpose that the 2028 Notes matured on February 6, 2028, discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate plus 20 basis points, plus, in each case, accrued and unpaid interest to the date of redemption.

On or after February 6, 2028 (three months prior to the maturity date), at a redemption price equal to 100% of the principal amount of the notes being redeemed, plus accrued and unpaid interest to the date of redemption.

“Par Call Date” means, with respect to the 2024 Notes, April 6, 2024, the date that is one month prior to the maturity date of such 2024 Notes and, with respect to the 2028 Notes, February 6, 2028, the date that is three months prior to the maturity date of such 2028 Notes.

“Comparable Government Bond Rate” means, with respect to any redemption date, the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third Business Day prior to the date fixed for redemption, would be equal to the gross redemption yield on such Business Day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such Business Day as determined by an independent investment bank selected by the Company.

“Comparable Government Bond” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by the Company, a German government bond whose maturity is closest to the maturity of the notes to be redeemed, assuming for such purpose that the notes matured on the applicable Par Call Date, or if such independent investment bank in its discretion considers that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by the Company, determine to be appropriate for determining the Comparable Government Bond Rate.

“Remaining Scheduled Payments” means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption, assuming for such purpose that such note matured on the applicable Par Call Date; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next succeeding

scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

“Business Day” means any day, other than a Saturday or Sunday, (1) which is not a day on which banking institutions in the City of New York or the City of London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, operates.
