**Report of Independent Registered Public Accounting Firm**

To the Plan Administrator of the PepsiCo 401(k) Plan for Hourly Employees:

We have audited the accompanying statement of net assets available for benefits of The PepsiCo 401(k) Plan for Hourly Employees (the Plan) as of December 31, 2008 and 2007, and the related statement of changes in net assets available for benefits for the year ended December 31, 2008. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007 and the changes in net assets available for benefits for the year ended December 31, 2008 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2008 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2008 and 2007

### **Note 1 – Description of the Plan**

The following brief description of The PepsiCo 401(k) Plan for Hourly Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### ***General***

The Plan provides a program under which eligible hourly employees of PepsiCo, Inc. and certain of its affiliates (the Company) may accumulate funds on a pre-tax basis for long-term retirement savings. Full-time employees and part-time hourly and/or commission employees who are paid in U.S. dollars from a U.S. payroll are eligible to participate in the Plan after completing the service requirements. Full-time employees are eligible after their first day of service and part-time employees are eligible after completing 1,000 hours within a 12-month period. Certain employees who are part of a collective bargaining unit and certain other employees as defined in the Plan are not eligible to participate in the Plan. The Plan is a defined contribution plan with a cash or deferred arrangement and is intended to satisfy the qualification requirements under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended. The participant-directed accounts under the Plan are intended to meet the requirements of Section 404(c) of the Employee Retirement Income Security Act of 1974 (ERISA). In addition, the Plan is subject to the provisions of ERISA.

The Plan has an employee stock ownership plan (ESOP) component within its PepsiCo Common Stock Fund and PepsiCo ESOP Preferred Stock Fund. These funds are intended to qualify as stock bonus plans under Internal Revenue Code Section 401(a) and employee stock ownership plans under Internal Revenue Code Section 4975(e)(7) and ERISA Section 407(d)(6). Both the ESOP and the profit-sharing portions of the Plan are intended to constitute a single plan under Treasury Regulation Section 1.414(l)-l(b)(1).

The Company maintains sponsorship of the Plan and has established the PepsiCo Investment Committee to oversee the Plan's investment structure. Overall responsibility for administering the Plan rests with the PepsiCo Administration Committee. Fidelity Management Trust Company is the trustee for the Plan and Fidelity Institutional Retirement Services Company is the recordkeeper for the Plan.

#### ***Contributions***

Each year, participants are allowed to contribute up to 50% of their earnings, in whole percentage increments. Under the Internal Revenue Code, the maximum allowable pre-tax contribution for participants during 2008 was \$15,500. However, the Internal Revenue Code limits contributions by highly compensated participants. Participants may contribute to the Plan any portion of lump-sum distributions received from other qualified plans when the contributions qualify as a tax-free rollover.

Participants who are expected to reach or are over the age of 50 during the Plan year and are making the maximum contribution are eligible to make additional catch-up contributions. Under the Internal Revenue Code, the maximum allowable catch-up contribution was \$5,000 for 2008.

Participants may elect to have their contributions invested in one or more investment options. Participants may change their investment elections and transfer their investment amounts between funds on a daily basis, except for transfers from the Security Plus

## THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

### Notes to Financial Statements

December 31, 2008 and 2007

Fund to the Fidelity BrokerageLink account. Such transfers must be invested into another investment election for a 90-day waiting period. Initial transfers from other investment options to the Fidelity BrokerageLink account must be at least \$1,000. Contributions or transfers into the PepsiCo ESOP Preferred Stock Fund are not allowed.

The Company matches 50% of employee contributions up to 8% of eligible pay based on years of service. Prior to August 25, 2006, matching Company contributions were required to be invested in the PepsiCo Common Stock Fund. Effective August 25, 2006, participants were able to transfer up to 100% of any existing matching Company contributions into any other fund options. Effective January 1, 2008, the matching Company contribution is invested in accordance with the investment elections of the employee.

Effective January 1, 2007, the Plan implemented an automatic enrollment program for new hires. Under the program, employees hired on or after January 1, 2007 automatically make pre-tax contributions in the amount of 4% of earnings. Effective December 24, 2007, employees that are automatically enrolled have their contribution invested in a target date fund, based on their age. An employee may elect out of the program at any time, as well as make changes to (or maintain) the level of contribution and investment fund option.

#### ***Participant Accounts***

Each participant account is credited with participant contributions, as well as allocations of the matching Company contributions, fund earnings or losses, and expenses. Earnings or losses and expenses are allocated based on average daily balances. Certain participant investment accounts are also charged with short-term trading and/or monthly investment service fees, depending on fund elections.

#### ***Vesting***

Participants are immediately vested in their contributions and fund earnings or losses. Participants are fully vested in the Company's contributions and associated fund earnings or losses after three years of service. Accumulated forfeitures totaled \$2,027,372 in 2008 and \$1,228,262 in 2007; of these amounts, \$725,837 was forfeited during 2008 and \$474,200 during 2007. These amounts may be used to reduce future Company contributions or plan administrative expenses.

#### ***Participant Loans***

Participants who have \$2,000 or more in the Plan may borrow from the total of their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to certain offsets for prior loans) or 50 percent of their vested balance. Participants are allowed to have two loans outstanding and only one of these loans can be related to the purchase of a principal residence. Further, certain employees who had three loans outstanding from The Quaker 401(k) Plan for Hourly Employees (a predecessor plan) are allowed to maintain the third loan until it is paid off. Loan terms range from one to five years for personal loans and up to 15 years for loans related to the purchase of a primary residence (up to 25 years for loans issued prior to 1999). The loans are secured by the balance in the participant's account and bear a fixed rate of interest at the prime lending rate plus one percent. Loan repayments are made directly through payroll deductions and are applied to interest and then to principal according to a payment schedule. In addition, a one-time loan origination fee of \$35 and a \$3.75 quarterly maintenance fee is charged. The Company pays the maintenance fee for outstanding loans for participants from The Quaker 401(k) Plan for Hourly Employees. There were 15,398 loans

## THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

### Notes to Financial Statements

December 31, 2008 and 2007

outstanding at December 31, 2008 with interest rates ranging from 5.0%-10.5% and with maturities through 2024. There were 14,271 loans outstanding at December 31, 2007 with interest rates ranging from 5.0%-10.5% and with maturities through 2022.

### ***Distributions***

Participants may elect to receive a distribution upon hardship, termination, retirement, disability or after the age of 59 <sup>1</sup>/<sub>2</sub>. Hardship distributions are allowed for purchasing a primary residence, financing the higher education of the participant, the participant's spouse or dependent, paying unreimbursed medical bills or alleviating other financial hardships. Upon termination or retirement, participants may elect to start receiving benefits or rollover their account balances into other qualified plans. If a participant dies, the total account balance will be paid to the designated beneficiary or to his or her estate. Under certain circumstances, participants may also elect to take in-service distributions of any after-tax contributions, rollover contributions and vested matching contributions.

If only a portion of the account is distributed, the remaining balance will continue to be adjusted for any contributions and fund earnings and losses as of each valuation date. Participants can elect to receive distributions in a lump sum or annual installments for a period no longer than the participant's life expectancy. However, distributions of \$5,000 or less must be made in a lump sum. If the account balance is greater than \$1,000 and less than or equal to \$5,000, and if a distribution election is not made within the required timeframe, that account will be rolled over into a Fidelity Rollover IRA and invested in the Fidelity Cash Reserves fund. If a distribution election is not made for an account balance of \$1,000 or less, the account will be distributed automatically.

### ***Termination***

Although it has not expressed any intent to do so, the Company may terminate the Plan in accordance with ERISA and the Internal Revenue Code. In the event that the Plan is terminated, the PepsiCo Administration Committee can direct that all accounts be distributed to the participant or continued in trust for his or her benefit.

## **Note 2 – Summary of Significant Accounting Policies**

### ***Basis of Presentation***

The financial statements are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, additions to net assets, deductions from net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

**THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES**

Notes to Financial Statements

December 31, 2008 and 2007

Fully benefit-responsive investment contracts are included in the financial statements at fair value as reported to the Plan by Alliance Bernstein, the investment manager, and are then adjusted to contract value in determining net assets available for benefits. Refer to Note 3 for disclosures about contract value and Note 4 for disclosures about fair value.

Tabular dollars are in thousands. Certain reclassifications were made to prior years' amounts to conform to the 2008 presentation.

***Investment Valuation and Income Recognition***

The Plan retains an interest in the PepsiCo Long Term Savings Program Master Trust (PepsiCo Master Trust) which holds investments in various funds and fully benefit-responsive investment contract. These investments are valued at fair value. Refer to Note 4 for disclosures about fair value measurements.

Purchases and sales of securities are recognized on the transaction date. Interest income is recorded as earned and dividend income is recorded as of the record date.

***Payment of Benefits***

The Plan accounts for participant distributions when paid. For purposes of reporting on Form 5500, "Annual Return/Report of Employee Benefit Plan", distributions are recorded in the period such amounts are authorized to be paid to participants. Such treatment may result in a difference between the Plan's Form 5500 and the accompanying financial statements. For the years ended December 31, 2008 and 2007, there were no such differences.

**Note 3 – Plan Interest in Master Trust**

The Plan's investments are combined with the investments of the PepsiCo 401(k) Plan for Salaried Employees in the PepsiCo Master Trust to maximize administrative efficiencies. Each participating savings plan has an interest in the PepsiCo Master Trust. Investment income, investment management fees and other direct expenses relating to the PepsiCo Master Trust are allocated to the individual savings plans based upon the average daily balances. A separate account is maintained reflecting the equitable share of each plan's participation in each investment fund within the PepsiCo Master Trust. The Plan's interest in the PepsiCo Master Trust was 32% at December 31, 2008 and 31% at December 31, 2007.

## THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

### Notes to Financial Statements

December 31, 2008 and 2007

Fully benefit-responsive investment contracts included within the Security Plus Fund are issued by two investment grade financial institutions and serve to preserve the value of the Fund's investments by mitigating the fluctuations in the market value of the associated bond portfolio. These investment contracts are fully benefit-responsive in that they provide that the trust participants may make withdrawals at contract value for benefit-responsive requirements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of these contracts was \$492,469,842 as of December 31, 2008 and \$439,100,140 as of December 31, 2007.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield was 6.2% for 2008 and 5.4% for 2007. The average crediting interest rates were 4.5% for 2008 and 5.1% for 2007. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as layoffs or early retirement incentives, may limit the ability of participants to access their investments at contract value. The likelihood of such events limiting the ability of the Plan to transact at contract value is not probable. The contract issuers may terminate the investment contracts only in the unlikely event of a default by the Plan.

Refer to Note 4 for disclosures about fair value measurements.

#### **Note 4 – Fair Value Measurements**

On January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant judgment. The three levels are defined as follows:

- Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.
- Level 2: Observable inputs other than those included in Level 1. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.
- Level 3: Unobservable inputs reflecting assumptions about the inputs used in pricing the asset or liability.

	<u>\$ 24,191</u>	<u>\$ 108</u>	<u>\$ (8,806)</u>	<u>\$ 1,395</u>	<u>\$ 16,888</u>
Other investments	\$ 523	\$ (21)	\$ (163)	\$ 90	\$ 429
Total	<u>\$ 24,714</u>	<u>\$ 87</u>	<u>\$ (8,969)</u>	<u>\$ 1,485</u>	<u>\$ 17,317</u>
Participant loans	\$ 57,592	\$ —	\$ —	\$ 4,213	\$ 61,805

## Note 5 – Net Transfer to Other Plan

Certain participants transferred assets out of the Plan to another Company-sponsored qualified plan as follows:

	Year ended December 31, 2008
Net assets transferred to The PepsiCo 401(k) Plan for Salaried Employees	\$4,846

## Note 6 – Administrative Expenses

The Company pays most of the usual and reasonable expenses of the Plan and the Plan administrator. Any expenses not borne by the Company are paid by the trustee out of the PepsiCo Master Trust. Expenses related to short-term trading fees, monthly investment service fees and loan fees are charged to participants' investment balances and are reflected in the net asset value of their accounts.

**THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES**

Notes to Financial Statements

December 31, 2008 and 2007

**Note 7 – Risks and Uncertainties**

The Plan provides for investment options in various funds which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic changes, political unrest, regulatory changes and foreign currency risk. The Plan's exposure to a concentration of credit risk is dependent upon funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements. During 2008, broad domestic and international indices declined. During this period, the decline in the Plan's fair value of investments was consistent with these indices. Approximately 37% and 42% of the Plan's net assets were invested in the common and preferred stock of the Company at December 31, 2008 and 2007, respectively. The underlying value of the Company's stock is impacted by the performance of the Company, the market's evaluation of such performance and other factors.

**Note 8 – Tax Status**

During 2008, the Company identified potential administrative errors which it voluntarily submitted to the IRS for review. As of the date hereof, the Company has not received a response from the IRS with respect to the information submitted or with respect to any non-compliance by the Plan.

The Plan's latest favorable determination letter, received from the IRS, is dated February 14, 2005. Although the Plan has been amended since receiving the determination letter, the PepsiCo Administration Committee believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

**Note 9 – Related Party Transactions**

Certain Plan investments in the PepsiCo Master Trust are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the trustee. Additionally, the PepsiCo Master Trust holds investments in shares of the Company's common stock in the PepsiCo Common Stock Fund and the Company's preferred stock in the PepsiCo ESOP Preferred Stock Fund. The value of the PepsiCo Master Trust investments in the Company's common stock was \$859,040,010 and \$1,196,151,743 at December 31, 2008 and 2007, respectively. The value of the PepsiCo Master Trust investments in the Company's preferred stock was \$72,367,565 and \$108,306,837 at December 31, 2008 and 2007, respectively. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

**THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES**

## Notes to Financial Statements

December 31, 2008 and 2007

**Note 10 – Reconciliation of Financial Statements to Form 5500**

The following are reconciliations of amounts reported in the financial statements to amounts reported on Form 5500 as of December 31, 2008 and 2007, and for the year ended December 31, 2008:

	December 31, 2008	December 31, 2007
Net assets available for benefits per the financial statements	\$ 952,217	\$1,176,888
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(11,987)	(2,051)
