Report of Independent Registered Public Accounting Firm

To the Plan Administrator of The PepsiCo 401(k) Plan for Hourly Employees:

We have audited the accompanying statement of net assets available for benefits of The PepsiCo 401(k) Plan for Hourly Employees (the Plan) as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the year ended December 31, 2007. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006 and the changes in net assets available for benefits for the year ended December 31, 2007 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

Note 1 – Description of the Plan

The following brief description of The PepsiCo 401(k) Plan for Hourly Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan provides a program under which eligible hourly employees of PepsiCo, Inc. (the Company) may accumulate funds on a pre-tax basis for long-term retirement savings. Full-time employees and part-time hourly and/or commission employees working in the Frito-Lay, Quaker and Tropicana U.S. divisions of PepsiCo, Inc. are eligible to participate in the Plan after completing the service requirements. Full-time employees are eligible after their first day of service and part-time employees are eligible after completing 1,000 hours within a 12-month period. Certain employees who are part of a collective bargaining unit and certain other employees as defined in the Plan are not eligible to participate in the Plan. The Plan is a defined contribution plan with a cash or deferred arrangement and is intended to satisfy the qualification requirements under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended. The participant-directed accounts under the Plan are intended to meet the requirements of Section 404(c) of the Internal Revenue Code of 1986, as amended. In addition, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has an employee stock ownership plan (ESOP) component within its PepsiCo Common Stock Fund and PepsiCo ESOP Preferred Stock Fund. These funds are intended to qualify as stock bonus plans under Internal Revenue Code Section 401(a) and employee stock ownership plans under Internal Revenue Code Section 4975(e)(7) and ERISA Section 407(d)(6). Both the ESOP and the profit-sharing portions of the Plan are intended to constitute a single plan under Treasury Regulation Section 1.414(l)-l(b)(1).

The Company maintains sponsorship of the Plan and has established the PepsiCo Investment Committee to oversee the Plan's investment structure. Overall responsibility for administering the Plan rests with the PepsiCo Administration Committee. Fidelity Management Trust Company is the trustee for the Plan and Fidelity Institutional Retirement Services Company is the recordkeeper for the Plan.

Contributions

Each year, participants are allowed to contribute up to 50% of their earnings, in whole percentage increments. Under the Internal Revenue Code, the maximum allowable pre-tax contribution for participants during 2007 was \$15,500. However, the Internal Revenue Code limits contributions by highly compensated participants. Participants may contribute to the Plan any portion of lump-sum distributions received from other qualified plans when the contributions qualify as a tax-free rollover.

Participants who are expected to reach or are over the age of 50 during the Plan year and are making the maximum contribution are eligible to make additional catch-up contributions. Under the Internal Revenue Code, the maximum allowable catch-up contribution was \$5,000 for 2007.

Participants may elect to have their contributions invested in one or more investment options.

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

Participants may change their investment elections and transfer their investment amounts between funds on a daily basis, except for transfers from the Security Plus Fund to the Fidelity BrokerageLink account. Such transfers must be invested into another investment election for a 90-day waiting period. Initial transfers from other investment options to the Fidelity BrokerageLink account must be at least \$1,000. Contributions or transfers into the PepsiCo ESOP Preferred Stock Fund are not allowed.

The Company matches 50% of employee contributions up to 8% of eligible pay based on years of service. Prior to August 25, 2006, matching Company contributions were required to be invested in the PepsiCo Common Stock Fund. Effective August 25, 2006, participants were able to transfer up to 100% of any existing matching Company contributions into any other fund options. Effective January 31, 2008, the matching Company contribution is invested in accordance with the investment elections of the employee.

Effective January 1, 2007, the Plan implemented an automatic election program for new hires. Under the program, employees hired on or after January 1, 2007 automatically make pre-tax contributions in the amount of 4% of earnings into the Security Plus Fund. Effective December 24, 2007, employees that are automatically enrolled have their contribution invested in a target date fund, based on the participant's age. An employee may elect out of the program at any time, as well as make changes to (or maintain) the level of contribution and investment fund option.

Participant Accounts

Each participant account is credited with participant contributions, as well as allocations of the matching Company contributions, fund earnings or losses, and expenses. Earnings or losses and expenses are allocated based on average daily balances. Certain participant investment accounts are also charged with short-term trading and/or monthly investment service fees, depending on fund elections.

Vesting

Participants are immediately vested in their contributions and fund earnings or losses. Participants are fully vested in the Company's contributions after three years of service. Forfeited non-vested accounts totaled \$474,200 in 2007 and \$414,522 in 2006. These amounts may be used to reduce future Company contributions or plan administrative expenses.

Participant Loans

Participants who have \$2,000 or more in the Plan may borrow from the total of their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to certain offsets for prior loans) or 50 percent of their vested balance. Participants are allowed to have two loans outstanding and only one of these loans can be related to the purchase of a principal residence. Further, certain employees who had three loans outstanding from The Quaker 401(k) Plan for Hourly Employees (a predecessor plan) are allowed to maintain the third loan until it is paid off. Loan terms range from one to five years for personal loans and up to 15 years for loans related to the purchase of a primary residence (up to 25 years for loans issued prior to 1999). The loans are secured by the balance in the participant's account and bear a fixed rate of interest at the prime lending rate plus one percent. Loan repayments are made directly through payroll deductions and are applied to interest and then to principal according to a payment schedule. In addition, a one-time loan origination fee of \$35 and a \$3.75 quarterly maintenance fee is

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

charged. The Company pays the maintenance fee for outstanding loans for participants from The Quaker 401(k) Plan for Hourly Employees. There were 14,271 loans outstanding at December 31, 2007 with interest rates ranging from 5.0%-10.5% and with maturities through 2022. There were 13,227 loans outstanding at December 31, 2006 with interest rates ranging from 5.0%-10.5% and with maturities through 2021.

Distributions

Participants may elect to receive a distribution upon hardship, termination, retirement, disability or after the age of 59 ¹/₂. Hardship distributions are allowed for purchasing a primary residence, financing the higher education of the participant, the participant's spouse or dependent, paying unreimbursed medical bills or alleviating other financial hardships. Upon termination or retirement, participants may elect to start receiving benefits or rollover their account balances into other qualified plans. If a participant dies, the total account balance will be paid to the designated beneficiary or to his or her estate.

If only a portion of the account is distributed, the remaining balance will continue to be adjusted for any contributions and fund earnings and losses as of each valuation date. Participants can elect to receive distributions in a lump sum or annual installments for a period no longer than the participant's life expectancy. However, distributions of \$5,000 or less must be made in a lump sum. If the account balance is greater than \$1,000 and less than or equal to \$5,000, and if a distribution election is not made within the required timeframe, that account will be rolled over into a Fidelity Rollover IRA and invested in the Fidelity Cash Reserves fund. If a distribution election is not made for an account balance of \$1,000 or less, the account will be distributed automatically.

Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan in accordance with ERISA and the Internal Revenue Code. In the event that the Plan is terminated, the PepsiCo Administration Committee can direct that all accounts be distributed to the participant or continued in trust for his or her benefit.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared under the accrual basis of accounting. The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, additions to net assets, deductions from net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Fully benefit-responsive investment contracts are included in the financial statements at fair value as reported to the Plan by Alliance Bernstein, the investment manager, and are then adjusted to contract value in determining net assets available for benefits.

Tabular dollars are in thousands.

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

Investment Valuation and Income Recognition

The Plan retains an interest in the PepsiCo Long Term Savings Program Master Trust (PepsiCo Master Trust) which holds investments in various funds.

With the exception of cash and cash equivalents, loan funds, and the ESOP Preferred Stock Fund, the Plan's investments are valued based on quoted market prices. Participant loans are valued at cost, which approximates fair value. The preferred stock fund is recorded at fair value, as determined by an independent third-party valuation specialist. Fully benefit-responsive investment contracts, included within the Security Plus Fund, represent a combination of a fixed income bond portfolio and separate wrapper contracts issued by third parties and are stated at fair value. Money market funds in the Security Plus Fund and cash and cash equivalents are recorded at cost, which approximates fair value. Earnings from the Security Plus Fund are reinvested in the Fund and are reflected in interest and dividends.

Purchases and sales of securities are recognized on the transaction date. Interest income is recorded as earned and dividend income is recorded as of the record date.

In September 2006, the Financial Accounting Standards Board (FASB) issued SFAS 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective as of the beginning of the 2008 plan year. Management is currently evaluating the impact of adopting SFAS 157 and does not expect the adoption to have a material impact on the Plan's financial statements.

Payment of Benefits

The Plan accounts for participant distributions when paid. For purposes of reporting on Form 5500, "Annual Return/Report of Employee Benefit Plan," distributions are recorded in the period such amounts are authorized to be paid to participants. Such treatment may result in a difference between the Plan's Form 5500 and the accompanying financial statements. For the years ended December 31, 2007 and 2006, there were no such differences.

Note 3 – Plan Interest in Master Trust

The Plan's investments are combined with other PepsiCo sponsored 401(k) savings plans' investments in the PepsiCo Master Trust to maximize administrative efficiencies. Each participating savings plan has an interest in the PepsiCo Master Trust. Investment income, investment management fees and other direct expenses relating to the PepsiCo Master Trust are allocated to the individual savings plans based upon the average daily balances. A separate account is maintained reflecting the equitable share of each plan's participation in each investment fund within the PepsiCo Master Trust. The Plan's interest in the PepsiCo Master Trust was 31% at December 31, 2007 and 30% at December 31, 2006.

Interest and dividends	<u>123,286</u>	
Net investment income	<u>\$ 404,363</u>	

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

Fully benefit-responsive investment contracts, included within the Security Plus Fund, are issued by two highly rated financial institutions and serve to preserve the value of the Fund's investments by mitigating the fluctuations in the market value of the bonds. These investments are fully benefit-responsive in that they provide that the trust participants may make withdrawals at contract value for benefit-responsive requirements. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of these contracts was \$439,100,140 as of December 31, 2007 and \$414,170,151 as of December 31, 2006.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield was 5.4% for 2007 and 5.5% for 2006. The average crediting interest rates were 5.1% for 2007 and 2006. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as layoffs or early retirement incentives, may limit the ability of participants to access their investments at contract value. The likelihood of such events is not probable. The contract issuers may terminate the investment contracts only in the unlikely event of a default by the Plan.

Note 4 – Net Transfer to Other Plan

Certain participants transferred assets out of the Plan to another Company-sponsored qualified plan as follows:

	Year ended December 31, 2007
Net assets transferred to The PepsiCo 401(k) Plan for Salaried Employees	\$ 3,893

Note 5 – Administrative Expenses

The Company pays most of the usual and reasonable expenses of the Plan and the Plan administrator. Any expenses not borne by the Company are paid by the trustee out of the PepsiCo Master Trust. Expenses related to short-term trading fees, monthly investment service fees and loan fees are charged to participants' investment balances.

Note 6 – Risks and Uncertainties

The Plan provides for investment options in various funds which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic changes, political unrest, regulatory changes and foreign currency risk. The Plan's exposure to a concentration of credit risk is dependent upon funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements. At December 31, 2007 and 2006, approximately 42% of the Plan's net assets were invested in the common and preferred stock of the Company. The underlying value of the Company's stock is impacted by the performance of the Company, the market's evaluation of such performance and other factors.

THE PEPSICO 401(k) PLAN FOR HOURLY EMPLOYEES

Notes to Financial Statements

December 31, 2007 and 2006

Note 7 – Tax Status

The Plan's latest favorable determination letter, received from the IRS, is dated February 14, 2005. Although the Plan has been amended since receiving the determination letter, the PepsiCo Administration Committee believes the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 8 – Related Party Transactions

Certain Plan investments in the PepsiCo Master Trust are shares of mutual funds managed by an affiliate of Fidelity Management Trust Company, the trustee. Additionally, the PepsiCo Master Trust holds investments in shares of the Company's common stock in the PepsiCo Common Stock Fund and the Company's preferred stock in the PepsiCo ESOP Preferred Stock Fund. The value of the PepsiCo Master Trust investments in the Company's common stock was \$1,196,151,743 and \$1,041,258,528 at December 31, 2007 and 2006, respectively. The value of the PepsiCo Master Trust investments in the Company's preferred stock was \$108,306,837 and \$100,166,891 at December 31, 2007 and 2006, respectively. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following are reconciliations of amounts reported in the financial statements to amounts reported on Form 5500 as of December 31, 2007 and 2006, and for the year ended December 31, 2007:

	December 31, 2007	December 31, 2006
Net assets available for benefits per the financial statements	\$1,176,888	\$1,004,497
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(2,051)	(1,993)
Net assets available for benefits per Form 5500	<u>\$1,174,837</u>	<u>\$1,002,504</u>
Net increase in net assets before transfer to other plan per the financial statements	\$ 176,284	
Adjustment from contract value to fair value for fully benefit-responsive investment contracts:		
Current year	(2,051)	
Prior year	1,993	
Net income per Form 5500	<u>\$ 176,226</u>
